Explanatory memorandum to accompany the annual accounts.

Receipt side.—In the annual account a sum of Rs. 3,678-5-11 has been shown as "interest" on the arrear of Road Cess, but the progressive total of the monthly return for September 1883 shows Rs. 3,473-5-9 only against that head, that is less by Rs. 205-1-2. The collection of interest Rs. 205-0-2 for February 1883 was erroneously shown in the monthly return for that month against the head of "Miscellaneous" as before. This has now been transferred to its proper head.

2. The sum of Rs. 1,853-6-4 being contribution out of collection from Government Estates was shown under the head of "Miscellaneous" in the monthly account for March 1883 as usual, but in the annual account this sum has been shown under the head "Grant from Government" agreeably to the instructions conveyed in the Accountant-General's, Bengal, audit notes Nos. 088L—F, dated 16th June 1883, and 0148L—F, dated 17th September 1883.

3. *Expenditure side.*—The expenditure as shown in the annual account under the head of "Original" and "Repairs" is Rs. 51,970-5-9 and Rs. 91,500-9-10, while the expenditure in the monthly account against those heads amounts to Rs. 52,062-3-6 and Rs. 91,408-12-1 respectively, that is the expenditure of "original work" has been decreased by Rs. 91-13-9 and that of "repairs" increased by the same amount. The reason of this difference is that out of the materials collected and manufactured for original work, and the cost of which formerly charged to that head, materials worth Rs. 91-13-9 have subsequently been transferred to the head of "repairs" for repairing bridges, culverts, bungalows, &c.

4. According to previous instructions on the subject the sum of Rs. 1,558 being contributions on account of the Divisional Superintendent of Works and his Establishment was shown under "Establishment Public Works" in the monthly accounts for March 1883. In the annual account the total charges on that account for the year have been shown under distinct heading "Establishment of Divisional Superintendent of Works," vide Accountant-General's Circular No. 7, dated 6th July 1883.

5. In the monthly account for June 1883 there appears to have been a discrepancy of annas ten in the progressive total of heading "advance—suspense account." This discrepancy has been reconciled in the annual account. The progressive total should be Rs. 26,323-2 instead of Rs. 26,323-12.

6. The figures of the quarterly returns for the 1st, 2nd and 3rd quarters have been compared with those of the monthly accounts of this office and their sums total found to be correct. But it is not understood how the figures under the sub-heads of "Miscellaneous" in the 3rd Quarterly Returns have been arrived at. The total amount under the general head "miscellaneous" agrees, and it is only in the distribution of the total amount under the sub-heads that the quarterly return does not tally with the accounts submitted by this office. The Accountant-General will have to be asked on what principle the distribution has been made.

7. Under orders of Accountant-General, Bengal, Circular No. 7, dated 6th July 1883 the charges on account of the Divisional Superintendent of works ought to have been, entered in a separate heading, but in the Quarterly Return they have been shown under the head of "Establishment Public Works."

Abstract of a report by the Vice-Chairman of the District Road Cess Committee, Hooghly, on the Committee's operations for the cess year 1882-83.

There has been an increase in the total length of roads under the District Road Cess Committee during the past cess year 1882-83, as shown below:—

		1881-82.		1882-83.	
		M.	FT.	M.	FT.
Metalled roads	...	70	87	74	87
Unmetalled roads	...	357	61	365	61

All repairs to roads as estimated in the Budget estimate were undertaken and duly completed within the cess year, with the exception of the Dhaniakhali road, and the road from Howrah to Jogutbullupore, which were completed on the third week of October, and the first week of November 1883. Owing to the failure of the contractor in charge of the Jogutbullupore road to supply materials in time, the delay was inevitable. The scarcity of rain during the latter part of the autumn of 1883, interfered with the early completion of the Dhaniakhali road. There is always heavy traffic on these two roads, and the completion of their metalling has been very great convenience to the public.

The road from Bydebatty to Bhola, being part of the road to Tarkessur, was kept in tolerable repair all throughout the year. But the want of funds and the heavy traffic carried on this road made it impossible to keep it in that state of repairs which the public expected.

The estimate for the iron girder bridge over the Mohiary khall was sanctioned in 1881-82, but no steps were taken for its construction in that year. It was only during the past year that it was undertaken, completed, and opened to traffic.

The estimate for the bridge over the Ari khall was sanctioned in April 1883, and its construction was taken in hand in the June following. Though the heavy rains of July temporarily retarded its progress, it was completed within the cess year with exception of the rails which have been since put up.

The general condition of the bridges in the district is fair, but that of the roads, both metalled and unmetalled, on which there was much cart traffic, is not at all satisfactory.

The state of the roads under Class II was much improved in the Pandua, Hooghly, and Howrah sub-divisions. The roads in the Jehanabad sub-division are yet in a very backward condition. They have been neglected since the transfer of that sub-division from Burdwan to this district. Last year estimates were framed for bringing two of the roads into a proper state of repair, and sanctioned by the Chairman, but for want of funds nothing could be done, and the roads are now in the same state as they were before.

The village roads were repaired by the local sub-committees, zemindars, and village head-men, whose work was generally satisfactory. In many instances the grants from the Committee were supplemented by local contributions. But no steps were taken to supervise the work on the village roads by any responsible agency. Measures have been taken to remove this irregularity from the present year.

The experiment of planting fruit trees has to some extent been successful. Rs. 1,041 were spent in planting fruit-trees on the Pandua to Culna, Utterpara to Kallipore, Old Benares road and Mohanad to Bhastara roads. Altogether 1,000 mangoes, mahogany, teak, and other grafts were planted during the year. The mahogany and teak plants were obtained from the Botanical garden.

The subordinate establishments of the different departments of the Road Cess gave satisfaction in the discharge of their respective duties.

The working of the Branch Committees shows that most of the members took a fair share of interest in their work.

Memorandum by the Chairman on the Annual Administration Report of the Hooghly and Howrah District Road Fund for the cess year 1882-83.

I wish to add some remarks to this report which the Vice-Chairman has prepared under section 78 of the Cess Act. As I did not join the district until the 13th November, I have not been able to see all the roads in the district, but I have seen all those in the Sudder sub-division and some of those of each class in the Jehanabad and Serampore Sub-divisions. I propose to divide my remarks into four headings.

- | | |
|---------------------|----------------------------|
| (a) Metalled road | } On the Committee's list. |
| (b) Unmetalled road | |
| (c) Village roads. | |
| (d) Tree planting. | |

(a.) The metalled roads which I have seen are not in good order. They are all metalled with brick (with the exception of the Baidyabati to Bhola road), and the traffic on them is very heavy, consisting chiefly of country carts laden with bricks and produce to and from the East Indian Railway and river Hooghly.

The conditions are such as render it almost impossible to keep these roads in good order. They are repaired once a year or less often, and are then left to take care of themselves until the next periodical repairs are done. There is no such thing as maintenance or constant petty repairs or the principle that a stitch in time saves nine. For two years the Committee has had a windfall in the shape of a large increase of collections an account of the arrears of Lakraj assessments, and this has enabled it to spend a considerable extra sum on the repairs of these roads. But when the arrear collections have been gathered in it will have to fall back on its normal yearly income of only Rs. 47,000. It is impossible with this income to keep all the roads of the district in good order, and the mileage of metalled roads tends to increase yearly without any corresponding increase of income. It becomes therefore a serious question what is to be done in the future. The Jahanabad sub-division is in crying want of communications, but cannot make its voice so well heard as those parts of the Sudder and Serampore sub-divisions which adjoin the railway. In my opinion, the only chance of avoiding a complete breakdown lies in the application of constant petty repairs to metalled roads, as opposed to heavy and costly annual biennial or triennial repairs coupled with subsequent neglect. If the former plan be adopted more active and constant supervision will be necessary on the part of the district Engineer.

(b.) *Unmetalled roads.*—There is not much to be said about these. When once they have been bridged it is not possible to do much good except in the way of surface repair. To throw up earth every year to be blown away as dust is mere waste of money. When the road gets thoroughly worn into ruts a new coating of earth should be given from end to end, one or more roads being taken up in this way year by year as funds are available. The state of the unmetalled roads which I have seen is generally very fair, but depends entirely on the nature of the soil and the extent and nature of the traffic. No unmetalled road in the world will stand the wear and tear of constant streams of carts with narrow tyres to their wheels. Except in the rains, the roads generally afford all reasonable facilities for wheeled traffic.

(c.) The matter of village roads is one to which I have devoted much attention in the sudder sub-division while the sub-divisional officers have zealously taken it up in their sub-division. I found during my tour that many villagers had applied for, and had previously obtained, grants for the repair of the village paths and streets inside the village boundary though they did not lead to any open line of communication. I refused all such applications, the want being of general communications with the outside world. It was extremely difficult to ascertain how the grants made in previous years had been expended, and the absence of any such record increased the difficulty of deciding the petitions for village roads. To obviate such inconvenience in future, and to secure the permanent record of money spent and work done in village roads, I opened two registers (the form of which are attached to this memorandum) the use of which will, I think, amply repay the slight trouble involved in keeping them up. I made no grant without making a personal and local enquiry, and the sub-divisional officers have observed the same rule. The Overseers are ordered to make periodical inspections and progress reports, and the parties who undertake the work give a stamped bond to spend the money properly and give full accounts of their expenditure; with the above precautions, money is very well and usefully spent on small village roads, but without them I consider that it is merely wasted.

(d.) On the subject of tree planting, I have to observe that the present principle of at once planting out seeds or very small seedlings on the roads is a wrong one. A large percentage of seedlings dies, as it is impossible to water and tend them properly, or to supervise the malees employed to look after them. Not only this, but each one requires separate protection for some eight or ten years; whereas if young plants were raised in nursery gardens, and put out when two or three feet high, one fence and one malee would do for all for at least half the time of their growth. I have introduced this change and established the principle in future working.

Generally speaking, I may say that the district is very fairly well off for communications with the exception of the Jehanabad sub-division, where difficulties of flood are severely felt. But there looms in the distance the difficulty of ever increasing wants and demands, and a stationary income to meet them. Much could be done by the District Engineer by good management and constant inspection and supervision, to remedy this, but it is nevertheless a serious matter for the future.

BIMOLA CHURN BHATTACHARY,

For Chairman.

No. 46, dated Chinsurah, the 10th March 1884.

From—JOHN BRAMES, Esq., Commissioner of the Burdwan Division,
To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour herewith to submit in original, for publication in the *Calcutta Gazette*, the annual reports and accounts of receipts and expenditure of the Road Cess Funds, of the several districts of this division as noted in the margin, for the Cess year 1882-83.

Chairman, Road Cess Committee, Burdwan's No. 21 of 28th November 1883.
Chairman, Road Cess Committee, Burdwan's No. 81 of 19th January 1884.
Chairman, Road Cess Committee, Midnapore's No. 245 of 24th January 1884.
Chairman, Road Cess Committee, Beerbhoom's No. 59 of 6th February 1884.
Chairman, Road Cess Committee, Hooghly's No. 30 of 27th February 1884.

2. The total receipts in this division during the year amounted to Rs. 8,88,969-8 inclusive of Rs. 1,55,308-14-6 the balance in hand on the 1st October 1882, and of Rs. 1,01,586-8-1 under the head of advances and deposits. The net disbursements of the year amounted to Rs. 6,73,583-5-5 exclusive of advances and refunds of deposits amounting to Rs. 1,01,623-6.

The balance remaining in hand on the 30th September 1883 is Rs. 1,18,762-2-7 including the deficit balance Rs. 1,160-9-7 in the Bancoorah district.

3. The very irregular system of allowing works of repair estimates sanctioned in any one year to run over the succeeding year or years which was in vogue in almost all the districts of this division, has been put a stop to by the careful supervision and control of the Divisional Superintendent of Works; and I am glad to note that almost all the repair works of every district, sanctioned for the past cess year, have been completed within the year.

4. Attention was paid by every District Committee towards the improvement of arboriculture. New trees have been planted on the sides of many principal roads of nearly every district, and those planted in previous years, have in most cases, been carefully preserved and maintained.

5. Attention has been paid by most of the Road Cess Committees to the improvements of village roads, though some irregularities still occur. The present Chairman of the District Road Cess Committee, Hooghly, has devoted his special attention to this important branch, as well as to the plantation of trees on road-sides. The method proposed to be adopted by him for the execution of works under the former of these two heads, appears very systematic, and is calculated to yield satisfactory results in the latter.

DISTRICT ROAD FUND.

NOTIFICATION No. 215.

The 20th May 1884.

THE following annual accounts and abstracts of the reports of the Road Cess Committees of the districts of Hazareebagh, Lohardugga, Manbhoom and Singbhoom for the cess year 1882-83, together with the remarks thereon of the Commissioner of Chota Nagpore are published for general information.

G. F. E. S. NEILL, Major, M.S.C.,

Under-Secy. to the Govt. of Bengal, P. W. D.

Abstract of a report by the Chairman of the District Road Cess Committee, Hazaribagh, on the Committee's operations for the cess year 1882-83.

THE road cess was levied at the maximum rate in the district. The demand of cess on lands and mines during the year amounted to Rs. 44,170 against Rs. 34,658 in the previous year. The total amount recoverable in the year, including the arrears of last year, was Rs. 45,605, of which Rs. 44,378 were collected, leaving an outstanding balance of Rs. 1,227 at the close of the year.

There were five meetings held by the District Road Committee and six by the Giridi Branch Committee during the year, at all of which a full quorum was obtained, and the attendance of the members was fair.

The construction of culverts on the Hazaribagh and Chattra road, and the Giridi and Kharukdiha road, was taken up in the year 1881-82, but no satisfactory progress was then made in the work. During the year under report all the culverts on the Giridi and Kharukdiha road were completed, and about three-fourths of the sanctioned number of culverts on the Hazaribagh and Chattra road were constructed. One inspection bungalow at Manjhidi on the Gola and Gobindpore road has been built during the year. A pucca well 45 feet deep has also been made at Ramghur.

The existing metalled and fair-weather roads have been repaired and maintained in proper order, and they are passable for carts.

Rupees 11,500 were allotted for village roads during the year. Of this sum, Rs. 9,458 were expended, viz. Rs. 3,864 in the head-quarters sub-division, and Rs. 5,994 in the Giridi sub-division. The works in the former were executed under the supervision of the District Engineer, and those in the latter under the supervision of the Branch Committee.

No new trees have been planted during the year: 14,147 trees planted out along district roads have been maintained, and a few trees kept up in the compound of each inspection bungalow.

The several establishments under the Road Committee have, on the whole, worked well.

GIRINDRA NATH MITTER,
Vice-Chairman.

Abstract of a report by the Chairman of the District Road Cess Committee, Lohardugga, on the Committee's operations for the cess year 1882-83.

THE cess was levied at the maximum rate in the district. There was no difficulty in collecting it at head-quarters, but the same difficulty as in previous years was felt in the realization of cesses in the Palamow sub-division. This, however, will be removed in the ensuing year, as the re-valuation of the district has been completed. The road cess is by no means unpopular in the district, as the people now understand that the money is spent for their benefit.

There were eleven meetings held during the year by the District Road Committee, of which nine were special and two ordinary. One special meeting was adjourned for want of a quorum. The attendance of both the official and non-official members of the Committee was very unsatisfactory, as out of six official and six non-official, three official and two non-official did not attend six consecutive meetings, and were consequently struck off the list under section 115 of Act IX (B.C.) of 1880. The average attendance was four, against six of the previous years.

One permanent masonry bridge of one span of 30 feet was commenced and built up to springing level during the year, and four brick masonry culverts were commenced and completed. A portion of the Hinu diversion line has been finished with earthwork, turfing and temporary bridges. In addition to these, some expenditure was incurred in making surveys on the Kuru and Lateyhar, Lateybar and Daitongunge, Ranchi and Serai and Gurwah and Majhwan roads.

The greater portion of the amount expended on village roads was used for making hill roads passable: about eight village roads were maintained and two newly opened.

The work of tree-planting has been extended over six miles of roads. The total length planted out up to the end of the year is 65 miles. The trees planted in previous years are thriving well.

The different establishments under the Committee have done their work satisfactorily.

Abstract of a report by the Chairman of the District Road Cess Committee, Manbhoom, on the Committee's operations for the cess year 1882-83.

The working of the Cess Act was, on the whole, satisfactory. The total demand on account of cesses for the year was Rs. 31,887, and the outstanding arrears of the previous year amounted to Rs. 265, making an aggregate demand of Rs. 31,652. The whole of this amount, with the exception of Rs. 1,755, was realized during the year, together with Rs. 2,532 on account of future quarters. The total collection, therefore, exceeded the demand by Rs. 777.

A meeting of the District Road Committee was convened regularly every month, and there was no meeting without a quorum being formed. Of the 18 members (6 official and 12 non-official), none failed to attend any meeting during the year, and the average attendance at each meeting was 7.

There is no Branch Committee in the district. The maintenance of village and other communications in the Gobindpore sub-division was carried out under the management of the Sub-Divisional Officer. Village roads in the sudder sub-division have been repaired and improved by construction of rough stone and wooden culverts in several places.

The works done during the year were chiefly restricted to the maintenance of all the finished roads in the district, excepting a few small culverts on the Roghoonathpore-Hazari-bagh road, and one at the boundary of the Roghoonathpore-Ranigunge road, and a couple of wells in the compounds of the Nodirah and Thoolin Cart Serais, which were constructed. Portions of the Purulia-Chybassa and Purulia-Bankoorah roads were greatly improved by gravelling in muddy places and turfing side slopes of the roads. The road from Roghoonathpore towards Ranigunge was also improved, it being realigned and made of full breadth in several old portions, chiefly between Saltora and the boundary. The old famine road from Damdah on the Chybassa road towards Koilapal *viz* Barrabazar and from Roghoonathpore towards Hazaribagh were also taken up and generally repaired to make them fit for traffic.

There have been no changes in the working establishment during the year.

C. H. GARNETT,

Chairman, District Road Committee, Singbloom.

CHYENASSA,

The 6th January 1884.

No. 263D.R., dated Chota Nagpore, the 24th March 1884.

From—J. F. K. HEWITT, Esq., Commissioner of Chota Nagpore,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to submit herewith the reports and accounts received from the several District Road Committees in this division on the operations of the District Road Funds during the cess year ending with 30th September 1883.

2. The dates on which the several reports and accounts have been received in this office are as follow :—

Hazaribagh	3rd January 1884.
Lohardugga	29th February „
Manbhoom	17th January „
Singbhoom	9th January „

3. The Cess Act, IX (B.C.) of 1880, was in full force in the three cess districts of this division,—Hazaribagh, Lohardugga and Manbhoom. In Singbhoom a sum of Rs. 10,000 was assigned by Government as grant-in-aid—*vide* their letter No. 404T.F. of 6th June 1883. No contribution from the Dalbhoom estate was credited to the District Road Fund, as was the case in the year before last, as the estate passed out of the management of the Court of Wards during the year under report.

4. From the commencement of the current cess year the Cess Act has been introduced in pergunnah Dalbhoom only in the district of Singbhoom, and the valuation of the pergunnah is in progress.

5. In Hazaribagh, Lohardugga and Manbhoom the road cess was levied at maximum rates.

6. The subjoined statement shows the number of members constituting the Road Cess Committees in each district, and their attendance at the meetings of the Committees during the year under report.

DISTRICT.	Number of members forming Committee.		Number required to form a quorum.	Number of meetings held.	Number at which there was no quorum.	Average attendance of meetings.	Number of members who did not attend any meeting.	NUMBER OF MEMBERS WHO ATTENDED ONLY—											
								One.	Two.	Three.	Four.	Five.	Six.	Seven.	Eight.	Nine.	Ten.	Eleven.

Hazaribagh	7	17	6	5	...	7	0	4	1	3	2	...	1	2	2	29/10
Lohardugga	6	6	4	11	1	4	2	1	2	1	5	1	2	3	3	1	3	1	30/10
Palamow B. C.	11	9	4	6	2	35	7	1	2	2	3	1	...	1	4	40/0
Manbhoom	6	12	6	12	...	7	...	1	1	1	4	38/8
Singbhoom	3	12	5	1	...	12	3	3	9	69/

7. In Hazaribagh there were five meetings of the Committee, all of which were presided over by the Chairman, and in all a full quorum was obtained, and the attendance of the members was fair. The other particulars regarding the meetings are shown in the above statement. There is only one Branch Committee at Giridih, the sub-divisional head-quarters, in which six meetings were held during the year under report, and the attendance of the members is reported to have been satisfactory.

8. In the Lohardugga district there were eleven meetings of the District Road Committee, of which nine were special and two ordinary. One special meeting was adjourned for want of a quorum. The average attendance was four against six of the previous year. The attendance of the official and non-official members of the Committee was very unsatisfactory, for out of six official and six non-official, three official and two non-official members did not attend six consecutive meetings, and their names were consequently struck off the list under section 115 of Act IX (B.C.) of 1880. As the time came for recasting the Road Cess Committee, new members have been appointed under Bengal Government order No. 98, dated 30th November 1883. All who attended showed great interest in the proceedings. Regarding Palamow Branch Road Committee, the Assistant Commissioner has said nothing.

9. In Manbhoom a meeting was convened regularly every month, and there was no meeting without a quorum. The average attendance in this district was seven. There is no Branch Road Committee in the Govindpore sub-division. The Sub-Divisional Officer was in charge of the roads in his sub-division during the year under report.

10. In the Singbhoom district there was only one meeting held during the year under review. It was attended by three official and nine non-official members.

11. The table below shows in a convenient form the arrear and current demands as well as percentage of collections on current demands, of the three cess-paying districts of this division :—

DISTRICTS.	DEMAND.		COLLECTION.		Total demands.	Total collection.	Percentage of collection on current demand.
	Arrear.	Current.	Arrear.	Current.			
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	
Hazaribagh ...	1,436	44,170	1,433	42,939	45,606	44,372	97.3
Lohardugga ...	908	46,044	908	44,808	46,952	45,716	97.2
Manbhoom ...	247	26,615	238	24,760	26,762	25,007	93.2
Total ...	2,591	1,16,728	2,579	1,11,516	1,19,319	1,15,095	96.6

12. The total current and arrear collections of the past year amounted to 98.6 per cent. of the current demand, against 105 per cent. in the previous year. The falling off is mainly attributable to the exclusion from the past year figures of all sums collected as advances for future years and interests on arrears. In Hazaribagh and Lohardugga the collections exceeded 95 per cent. of the current demand, while in Manbhoom they equalled it very nearly.

13. The following statement shows the percentage of the total cost of all establishments, including contingencies, on the total of the actual receipts of the District Road Funds in the cess districts of this division :—

DISTRICTS.	ACTUAL RECEIPTS OF THE YEAR.				Total cost of establishment, including contingencies.	Percentage cost of establishment on total demand.
	Cess on lands.	Cess on mines.	Miscellaneous receipts.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.	
Hazaribagh ...	42,567	1,818	5,445	49,830	10,343	20.74
Lohardugga ...	45,714	13	6,586	52,313	13,628	26.05
Manbhoom ...	24,918	1,488	3,082	30,088	7,511	24.96

14. The percentage of the cost of establishment on the total demand was highest in Lohardugga, being above the maximum or 25, which was exceeded owing to the employment of an extra establishment for the revaluation of the district. In Manbhoom it very nearly approached the maximum rate, while it was the lowest in Hazaribagh, falling below the maximum by nearly 4.25.

15. The following statement shows the total funds at the disposal of the several Road Committees, including balances of previous year, together with the percentage of the cost of different establishments :—

DISTRICTS.	Total income of the year.	Total cost of establishment.	Percentage of cost on income.	Total revenue under Cess Act.	Cost of establishment and contingencies of office of collection.	Percentage.	Expenditure on works.	Percentage cost of works on total income.	Cost of establishment on works.	Percentage cost of establishment on expenditure on works.
	Rs.	Rs.		Rs.	Rs.		Rs.		Rs.	
Hazaribagh ...	61,022	10,343	20.2	44,415	1,896	4.2	31,511	67.6	7,092	20.3
Lohardugga ...	61,200	13,628	21.2	45,753	6,940	15.1	32,618	60.8	5,861	17.9
Manbhoom ...	45,018	7,511	14.4	20,521	1,291	4.8	28,403	63.0	4,717	16.6
Singbhoom ...	17,764	1,919	10.8	7,032	39.6	1,750	24.8

16. It will be seen from the above statement that in the districts of Lohardugga and Singbhoom the amount spent on works is proportionately less than in the other two districts during the year under report. In Hazaribagh and Manbhoom the proportion of the expenditure on works to the total available income was above 50 per cent. of the latter, while in Lohardugga and Singbhoom the proportion was only about 50 and 39 per cent. respectively. The comparatively high percentage of cost of establishment in the office of collection in Lohardugga was due to the cost of revaluation establishment, while in Hazaribagh and Manbhoom this percentage was nearly equal. The ratio of the cost of the working establishment to the outlay on works was highest in the non-cess district Singbhoom and lowest in Manbhoom. In Hazaribagh the ratio was comparatively higher than in the other two cess districts owing chiefly to the entertainment of extra Sub-Overseers during the year under report.

17. *Original Works.*—In Hazaribagh the construction of culverts on the Hazaribagh and Chatra road and the Giridih and Kharakdiha road was taken up in the year, 1881. 82, but no satisfactory progress was then made in the work during the year under review. All the culverts on the Giridih and Kharakdiha road were completed, and about three-fourths of the sanctioned number of culverts on the Hazaribagh and Chatra road were constructed.

One inspection bungalow at Manjhidi on the Gola and Govindpore road was built during the year. A pucca well 45 feet deep has also been constructed at Ramghur. The provision in the budget estimate under this head was Rs. 12,919, exclusive of Rs. 4,000 provided for village roads. Of the former, Rs. 10,869 have been spent on the above-mentioned works.

18. In Lohardugga one permanent masonry bridge of one span of 30 feet was commenced and built up to springing level, and four brick masonry culverts were commenced and completed. A portion of the Hinu diversion line has been finished, with earthwork turfing and temporary bridges. In the budget estimate the sum of Rs. 11,100 has been provided for under this head, out of which only Rs. 4,037-1-4 have been spent on the roads named in the margin.* In addition to the above, some expenditure was incurred in making surveys

on the Kuru and Lateyhar, Lateyhar and Daltongunge, Ranchi and Tarai, and Gurwah and Majhigowan roads. A sum of Rs. 4,554 has been transferred from this head to that of repairs.

19. In Manbhoom the construction of one culvert of 6 feet span in the Raghunathpore and Rancegunge road, and a small culvert on the Raghunathpore and Hazareebagh road, was taken up in hand. The only works completed under this head consisted of two wells in the compound of the Nodiarah and Tholin cart serais. The amount budgeted for these works was Rs. 2,200, of which only Rs. 1,734 were spent during the year of report.

20. In the district of Singhbhum altogether 22 small culverts were built on the Midnapore, Baudgaon, and Burrakur roads respectively. The amount provided for in the budget estimate under this head was Rs. 2,834, of which nearly the whole was spent during the year under review.

21. *Repairs.*—In Hazaribagh the existing metalled and fair-weather roads have been repaired and maintained in proper order, and the Deputy Commissioner reports that they are passable for carts. Under this head there was in the sanctioned budget estimate a provision for expenditure during the year of Rs. 26,986, of which Rs. 23,643, or about 87·5 per cent., was expended during the period under report.

22. In Lohardugga 450 miles of roads have been thoroughly repaired. The work consisted of filling, cutting, levelling, dressing, sloping banks of streams, turfing slopes, cutting side drains and repairing and renewing temporary bridges from 3 to 25 feet spans and fencing over 50 miles of roads. A sum of Rs. 25,104 was first allotted under this head in the budget for 1882-83, but a sum of Rs. 4,554 was subsequently transferred from original works to this head, as stated in paragraph 18 of this report. By adding thereto the unexpended budget balance of previous years paid during 1882-83, a total of Rs. 31,999-7 is obtained, out of which Rs. 28,540 odd annas was spent during the year under review, and the balance of Rs. 3,458-9 will be paid during 1883-84 in addition to the sums provided in the current year's budget. The Deputy Commissioner says it is a matter of regret that nothing definite is yet known as to what line the Cuttaek-Benares Railway or the Gya extension will take, as until this is known the Committee is uncertain what roads will ultimately become the most important.

23. In Manbhoom the works were chiefly restricted to the maintenance of all the finished roads in the district. Portions of the Purulia-Chyebassa and Purulia-Bankoora roads were greatly improved by gravelling in muddy places and turfing side slopes of the roads. The road from Raghunathpore towards Rancegunge was also improved, it being realigned and made of full breadth in several old portions, chiefly between Saltora and the boundary of the district. Certain old famine roads were also taken up and generally repaired to make them fit for traffic. A sum of Rs. 26,025 was provided for in the budget estimate, out of which Rs. 23,532 was spent on the above work during the year under report.

24. In Singhbhum substantial repairs have been executed to a total length of 36 out of 71 miles of the Midnapore road and surface repairs to the remainder. The Burrakur road has been repaired according to requirements along its entire length, and some realigned portion standing over since last year has been completed. The Deputy Commissioner reports that the approaches to the new culverts in this portion of the road remains incomplete for want of funds. Thorough repairs have also been done to portions of the roads noted in the margin, and petty repairs to the remainder. Seven wooden culverts on roads Nos. 2 and 3 have also been repaired. The staging bungalow at Baudgaon on road No. 1 has likewise been thoroughly repaired.

25. The following statement shows the amount estimated and spent on village roads:—

		Estimated amount for expenditure on village roads.	Actual expenditure on village roads.	Total amount spent on all works.
		Rs.	Rs.	Rs.
Hazaribagh	...	11,500	9,858	34,511
Lohardugga	...	4,500	3,983	32,618
Manbhoom	...	4,000	2,497	28,403
Singhbhum	...	637	837	7,082

26. Of the total expenditure in Hazaribagh, Rs. 3,864 were spent in the head quarters and Rs. 5,994 in the Giridih sub-division in both original and repair works. The village roads in the former are reported to be fit for wheeled traffic. In the latter their condition has been improved.

27. In the Lohardugga district the greater portion of the amount expended under this head was used for making hill roads passable. About eight village roads were maintained and two newly opened.

28. The greater portion of the total expenditure in Manbhoom under this head, was incurred in the sudder sub-division in the maintenance of 56 miles of village roads. In the Govindpore sub-division the road to Toondi, an important line, was taken up for repairs, and some worse parts were made passable by sloping approaches to ravines and construction of cheap stone culverts. Two new village roads were also started—one from Govindpore to Nagarkerri, and the other from Rajgunge on the Grand Trunk road towards Nowaghur *via* Katras. The Deputy Commissioner states that the latter will eventually prove a very important one when it is extended to Telmoochi on the Damooda, so as to join with the old Ranchi road and the road towards Puruha *via* Chass.

29. In Singbhoom 29 miles of village roads in three different lines were thoroughly repaired and 13 culverts thereon repaired. Petty repairs according to requirements were also done to eight other roads, including repairs to wooden culverts and construction of two kutcha rubble stone masonry.

30. *Plantation.*—No new trees were planted along roadsides during the year in the district of Hazaribagh, as the Committee had not money to spare for the purpose. Fourteen thousand one hundred and forty-seven trees previously planted along the roads have been maintained.

31. In Lohardugga the work of tree-planting has been extended over six miles of roads. The total length planted over up to the end of the year is 65 miles. The trees planted in previous years are thriving.

32. In the district of Manbhoom nursery plantations have been made in the compound of police road posts, and trees planted along the sides of some of the roads, and a young tree nursery has been started at Purulia. A great deal, however, still remains to be done, and as trees take time to grow, no great results will in any case be visible for some years to come.

33. In Singbhoom 2,244 mango and jack fruit seedlings were planted and enclosed during the past year on the Burrakur, Midnapore, Bandgaon, and Jyntgurrh roads.

Provided that the number of persons holding salaried offices under the Government, and appointed as Municipal Commissioners, shall not bear a larger proportion than one-fourth to the total number of Commissioners elected and appointed under the provisions of this Part:

Provided also, that in cases where the whole number of Commissioners is not evenly divisible by three or by four, the one-third or one-fourth shall be ascertained by taking the number next below the whole number, which is evenly divisible by three or by four, as the number to be divided.

15. For the purposes of the aforesaid election of Commissioners, the Local Government, with respect to each Municipality, shall lay down such rules, not inconsistent with the provisions of this Act, as it shall think fit, in respect of the division, where necessary, of each Municipality into wards, and the number of Commissioners to be elected for each of such wards, the qualifications required to entitle any person to vote for a candidate for election, and in respect of the mode of election. Provided that every male person who is at the time of such election, and has been for a period of not less than twelve months immediately preceding such election, resident within the limits of a Municipality, and who

(1) has, during the year immediately preceding such election, paid, in respect of any of the rates imposed by this Act, an aggregate amount of not less than three rupees; or,

If the persons entitled to elect Commissioners for any Municipality fail, within the time appointed for the first election under this Act, or for every subsequent election within the time prescribed by the rules mentioned in the last preceding section, to elect the whole number of Commissioners allotted for election to such Municipality, the Local Government may appoint one or more Commissioners to complete the number so allotted as aforesaid.

17. Every Municipality mentioned in the first Schedule of this Act shall be excluded from the operation of the three last preceding sections: and, in any Municipality so

Any Commissioner who, without having obtained permission from the Commissioners at a meeting, shall have omitted to attend six consecutive meetings of the Commissioners, and any Commissioner who shall have been convicted of a non-bailable offence, or shall have been declared insolvent by a competent Court, shall cease to be a Commissioner.

21. Every Commissioner shall vacate his office at the end of three years from the date of his appointment or election as such Commissioner.

22. Any person who has resigned the office of Commissioner under section eighteen, or who has ceased to be a Commissioner in consequence of his failure to attend meetings, or in consequence of his insolvency, as provided in section twenty, may be at any time re-appointed or re-elected a Commissioner; but no person removed by the Local Government from his office under section nineteen, or who has ceased to be a Commissioner in consequence of being convicted of a non-bailable offence, may be elected or re-elected Commissioner without the sanction of the Local Government.

24. Notwithstanding anything in section thirteen contained, every Chairman appointed under the last preceding section, if not already a Commissioner of the Municipality of which he shall have been appointed Chairman, shall, from the date of his appointment, during the

term of his office, enjoy all the rights and privileges of a Commissioner of the Municipality to which such appointment relates, but shall not be reckoned in calculating the proportions of one-third and one-fourth under the provisions of section fourteen.

Every Chairman, whether appointed or elected, shall hold office for three years from the date of his appointment or election, and shall be eligible for re-appointment or re-election.

The Vice-Chairman may at any time be removed from his office by a resolution of the Commissioners in favour of which not less than two-thirds of the whole number of the Commissioners shall have given their votes at a meeting specially convened for the purpose.

26. The term of three years mentioned in sections twenty-one, twenty-two, twenty-three, twenty-four, and twenty-five shall be held to include any period which may elapse between the expiration of the said three years and the date of the next subsequent appointment or election, not being an appointment or election under the next succeeding section.

27. If any Commissioner, Chairman or Vice-Chairman shall be unable to complete his full term of office, the vacancy caused by his resignation, or removal or death shall be filled by the appointment or election, as the case may be, of another person; and the person so appointed or elected shall fill such vacancy for the unexpired remainder of the term for which such Commissioner, Chairman or Vice-Chairman would otherwise have continued in office.

62. The Magistrate of the District, or the Magistrate in charge of the Division of the District in which a Municipality is situate, may enter on and inspect, or cause to be entered on and inspected, any immovable property occupied by the Commissioners, or any work in progress under their direction; and may call for and inspect any document which may be, for the purposes of this Act, in the possession or under the control of the Commissioners.

63. The Commissioner of the Division or the Magistrate of the District may, by order in writing, suspend within the limits of the division or district (as the case may be) the execution of any resolution or order of the Commissioners of any Municipality, or prohibit the doing within those limits of any act which is about to be done, or is being done, in pursuance of, or under cover of, this Act, if, in his opinion, the resolution, order, or act is in excess of the powers conferred by law, or the execution of the resolution or order, or the doing of the act, is likely to lead to a serious breach of the peace, or to

cause serious injury or annoyance to the Public, or to any class or body of persons.

When a Commissioner or Magistrate makes any order under this section, he shall forthwith forward a copy thereof, with a statement of his reasons for making it, to the Local Government, which may thereupon rescind the order or direct that it continue in force with or without modification, permanently or for such period as it thinks fit.

64. If that duty is not performed within the period so fixed, the Local Government may appoint the Magistrate of the District to perform it, and may direct that the expense of performing it shall be paid, within such time as it may fix, to the Magistrate from the Municipal Fund.

If the expense is not so paid, the Magistrate, with the previous sanction of the Local Government, may make an order directing the person having the custody of the balance of the Municipal Fund to pay the expense, or so much thereof as is from time to time possible, from the balance, in priority to any or all other charges against the same.

65. If, in the opinion of the Local Government, the Commissioners of any Municipality are not competent to perform, or persistently make default in the performance of the duties imposed on them by or under this Act or otherwise by law, or exceed or abuse their powers, the Local Government may by an order published, with the reasons for making it, in the *Calcutta Gazette*, declare such Commissioners to be incompetent, or in default, or to have exceeded or abused their powers, as the case may be, and supersede them for a period to be specified in the order.

PART III.

OF THE MUNICIPAL FUND.

67. All sums received by the Commissioners, and all fines paid or levied in any Municipality under this Act, and all other sums which, under the sanction of Government, may be transferred to the Commissioners, shall constitute a fund which shall be called the "Municipal Fund," and shall, together with all property of every nature or kind whatsoever which may become vested in the Commissioners, be under their control, and shall be held by them in trust for the purposes of this Act.

68. The Commissioners shall set apart and apply annually out of the Municipal Fund,—
Payment on account of interest on loans and establishment.
 (a) firstly, such sum as may be required for the payment of the interest which may fall due on any loan contracted by the Commissioners;

(b) secondly, such sum as they are by this Act required to provide for payment of their own establishment, including such contributions as are referred to in section forty-eight;

(c) thirdly, such sum as the Local Government may direct towards the cost of audit, and towards the cost of establishments in any office of account or in any treasury:

Provided that the total amount which any Municipality may be required to pay under clause (c) shall not in any year exceed two per centum on the amount of the Municipal income for such year.

69. After the said sums have been set apart under the last preceding section, the Commissioners at a meeting shall, as far as the Municipal Fund permits, from time to time cause roads, bridges, tanks, ghats, wells, channels, drains and privies, being the property of the Commissioners, to be maintained and repaired, and the Municipality to be cleansed.

And may, subject to such rules and restrictions as the Local Government may from time to time prescribe, apply the Municipal Fund to any of the following purposes within the Municipality, that is to say—

- (1) the construction and improvement of roads, tramways, bridges, squares, gardens, tanks, ghats, wells, channels, drains and privies;
- (2) the supply of water, and the lighting and watering of roads;
- (3) the erection and maintenance of offices and other buildings required for municipal purposes;
- (4) other works of public utility calculated to promote the health, comfort or convenience of the inhabitants;

(5) the construction and repair of school-houses, and the establishment and maintenance of schools either wholly or by means of grants-in-aid;

(6) the establishment and maintenance of hospitals and dispensaries;

(7) the promotion of vaccination;

(8) the maintenance of a fire-brigade;

(9) and generally to carrying out the purposes of this Act:

Provided that no portion of the Municipal Fund shall be applied to the establishment and maintenance of any school, hospital or dispensary, or to the promotion of vaccination, unless such application be sanctioned by the consent of a majority of the Commissioners present at a meeting specially convened for considering such application, or held after special notice has been given that such application will be considered at such meeting.

The Commissioners may do all things, not being inconsistent with this Act, which may be necessary to carry out the purposes of this section.

70. With the consent of two-thirds of the Commissioners obtained in writing, and with the sanction of the Local Government, the Commissioners may contribute a portion of the Municipal Fund towards the expenses incurred in any other Municipality, or elsewhere, for any of the purposes mentioned in the last preceding section; or towards the salary of any officer under another authority whose services are employed by them; and also towards the expenses of making, maintaining, and repairing any work for the improvement of a river or harbour (by whomsoever such work may be done).

But no contribution shall be made under this section to any work unless the same is calculated to benefit the inhabitants of the contributing Municipality.

71. The account books of the Municipality shall be open to the inspection of any tax-payer in the office of the Commissioners on a day or days to be fixed in each month.

An account shewing the receipts and expenditure during the quarter, arranged under the proper heads and duly balanced, shall be prepared immediately after the close of each quarter, and shall, with the account books, be open to the inspection of any tax-payer.

A similar account shall be prepared for each year as soon as possible after its close, and shall be open to inspection as aforesaid.

72. The Commissioners at a meeting held at least two months before the close of the year, shall prepare in detail estimates shewing the probable receipts and expenditure during the ensuing year and the objects in respect of which it is proposed to incur such expenditure.

73. Copies of the estimates and translations thereof in the vernacular of the district shall be lodged in the office of the Commissioners.

During fourteen days after the estimates shall have been so lodged in the said office, of which due notice shall be locally published, the estimates and translations in the vernacular of the district shall be open to inspection at all reasonable times by any tax-payer of such Municipality who may desire to inspect the same.

Any written suggestion which may be deposited in the office of the Commissioners shall be recorded and laid before them for consideration at the next meeting.

74. After the expiration of the said fourteen days, and after such revision as may appear requisite, the estimates shall be transmitted to the Magistrate of the District.

75. The Magistrate may either forward the estimates to the Commissioner of the Division, or may return them to the Commissioners with such remarks and suggestions as he shall think fit to record. And the Commissioners at a meeting shall take into consideration the Magistrate's remarks, and shall either adopt his suggestions, or shall record in writing their reasons for refusing to do so: and the estimates shall thereupon be returned to the Magistrate for transmission to the Commissioner of the Division.

76. The Commissioner of the Division may either sanction the estimate as it stands, or sanction it after making such alterations therein as may seem to him fit, or may cause it to be returned to the Commissioners for such modifications as he may think necessary; and when such modifications have been made, the estimate shall be re-submitted for ratification to the Commissioner of the Division:

Provided that the Commissioner of the Division shall not raise the total of the proposed expenditure above the sum shewn by the estimate to be at the disposal of the Commissioners.

77. The Commissioners at a meeting may, from time to time, revise any estimate of expenditure with the view of providing for any modifications which they may deem it advisable to make in the appropriation of the amount at their disposal, and such revised estimate shall be published and forwarded in the manner hereinbefore prescribed; and the Magistrate and the Commissioner of the Division may deal with such revised estimate in the manner provided above.

78. After the estimates of the Municipality for the year shall have been sanctioned as above, the Commissioners at a meeting may, from time to time, by a general or a special resolution, authorize the expenditure of any sum provided in such estimates, or any part of such sum, for the purpose to which it has been assigned in such estimate.

Notwithstanding anything contained in this section, the Local Government may lay down such rules as it may think fit, limiting or regulating the powers of any Municipality in respect to the expenditure of money for purposes which are provided for in the budget estimates of the year.

79. If any work is estimated to cost above five

And may require statements of the progress and completion of such work, with accounts of the expenditure on the same, to be submitted from time to time, in such form as it may prescribe, for its approval, or for the approval of such officer.

80. It shall not be lawful for the Commissioners to authorize the

85. The Commissioners may, from time to time, at a meeting convened

(a) a tax upon persons occupying holdings within the Municipality according to their circumstances and property within the Municipality;

Provided that the amount assessed upon any person in respect of the occupation of any holding shall not be more than eighty-four rupees per annum; or

(b) a rate on the annual value of all holdings situated within the Municipality;

Provided that such rate shall not exceed seven and a half per centum on the annual value of such holdings, except within the Municipalities of Dacca and Darjeeling, in which it shall not exceed ten per centum on such annual value; and provided also that no rate shall be imposed on any holding of which the annual value is less than six rupees.

(a) a tax on carriages, horses, and other animals named in the fifth Schedule;

(b) a fee on the registration of carts;

(c) tolls on ferries and (subject to the provisions of sections one hundred and fifty-eight and one hundred and fifty-nine) tolls upon bridges and metalled roads;

(d) a water-rate not exceeding six per centum on the annual value of holdings when the houses and lands are situated in streets supplied with water, and not exceeding five per centum when the houses and lands are situated in streets not so supplied;

(e) a lighting rate not exceeding three per centum on such annual value;

(f) a fee for the cleansing of latrines.

Provided that the taxes mentioned in clauses (d), (e), and (f) shall not be levied in any Municipality unless the provisions of Part VII in respect of clause (d), or of Part VIII in respect of clause (e), or of Part IX in respect of clause (f), shall have been extended wholly or partly to such Municipality in the manner hereinafter provided.

Of the Tax on Persons.

87. When it has been determined that a tax shall be imposed on persons occupying holdings within the Municipality, according to their circumstances and property, the Commissioners, after making such enquiries as may be necessary, shall cause to be prepared an assessment list which shall contain the following particulars, and any others which the Commissioners may think proper to include:—

- (a) name of the street or road in which the holding is situated;
- (b) number of the holding on the register;
- (c) name of the person occupying the holding, whether such person be assessed or exempted from assessment;
- (d) description of the holding, and of the property within the Municipality, and the profession or business of the person assessed;
- (e) amount of annual assessment;
- (f) amount of quarterly instalment;
- (g) if the occupier of the holding is exempted from assessment, a note to that effect.

The tax upon persons shall be payable in quarterly instalments by persons occupying holdings. Such tax shall not be assessed or levied on any person in respect of the occupation of arable lands or of any building which is used exclusively as a place of public worship.

88. Save as is herein otherwise provided, every assessment of the tax upon persons shall take effect from the beginning of the year next following that in which the notice required by section one hundred and twelve is published, and shall be valid for three years and until the beginning of the year next after the date on which a new assessment or valuation may be published, or until the assessment and valuation be revised and amended;

Provided that when this Act is extended to any place, the first assessment may take effect from the beginning of the quarter next following that in which the said notice shall be published.

89. In any Municipality in which the tax on persons is imposed, no tax shall be assessed on any person in respect of his occupation of any holding which is the property of Government and used for the purposes of a public building, but a rate not exceeding seven and a half per centum may be assessed on the annual value of every such holding, to be ascertained in the manner prescribed by section one hundred and one, and such rate shall be payable by Government.

90. Whenever any tax shall have been assessed on any person in respect of his occupation of two or more holdings, and the aggregate of the amount so assessed upon him shall exceed eighty-four rupees per annum, such person may, within fifteen days of the publication of the notice required by section one hundred and twelve, apply to the Commissioners to cancel such assessment, and to substitute for the

total amount of tax so assessed upon him, in respect of the said holdings, a rate to be calculated at seven and a half per centum on the annual value of such holdings; and the Commissioners shall thereupon substitute such rate; and, for the purpose of calculating the amount of such rate, shall determine the annual value of the said holdings in the manner prescribed by section one hundred and one.

Every rate imposed under this section shall be payable by the occupier of the holdings so rated.

91. The Commissioners may exempt from assessment any person who may by them be deemed too poor to pay the tax; but the name of the occupier of every holding shall be included in the assessment list, whether he be assessed or exempted from assessment.

92. If any person mentioned in the assessment list shall at any time after the publication thereof have ceased to occupy any holding in respect of the occupation of which he has been assessed, or if the means and property in respect of which he has been so assessed shall have been reduced, the Commissioners may on his application exempt him from his assessment, or may revise the same; and such exemption or revision shall take effect from such date as the Commissioners may direct.

93. The Commissioners may, at any time after the publication of the notice required by section one hundred and twelve, assess any person who was without authority omitted from the assessment list, or whose liability to assessment has accrued thereafter, and may enhance any assessment which appears to them to be inadequate, and to have been so made owing to mistake or fraud.

Any assessment or enhancement made under this section shall take effect from the beginning of the quarter next following that in which such assessment or enhancement is made.

94. The Commissioners may at any time substitute for any name mentioned in the assessment list the name of any new occupier of a holding, and may assess the tax on such person, and such person shall be liable to pay such assessment from the date on which his occupation of the holding commenced.

95. If any holding shall become vacant in the course of the year, the assessment on account of the occupation of such holding shall cease to have effect from the first day of the quarter next following that in which it became vacant.

Of the Rate on the value of Holdings.

96. When it has been determined that a rate shall be imposed on the annual value of holdings, the Commissioners, after making such enquiries as may be necessary, shall determine the valuation of all holdings within the Municipality as hereinafter provided.

97. Save as is herein otherwise provided, such valuation shall be valid for three years from the date on which it first takes effect in the Municipality, and until the beginning of the

year next after the date on which a new valuation may be made, or until the valuation be revised and amended.

98. The rate on the value of holdings shall not be assessed or levied on any holding which is used exclusively as a place of public worship, or which is duly registered as a public burial or burning ground under section two hundred and fiftyfour.

99. The Commissioners, in order to prepare the valuation list, may, whenever they think fit, by notice, require the owners or occupiers of all holdings to furnish them with returns of the rent or annual value thereof; and the Commissioners, or any person authorized by them in that behalf, at any time between sunrise and sunset, may enter, inspect, and measure any such holding after having given forty-eight hours' previous notice of their intention to the occupier thereof.

100. Whoever refuses or fails to furnish any such return for the space of one week from the day on which he shall have been required to do so, or knowingly makes a false or incorrect return, shall be liable to a fine not exceeding twenty rupees, and to a further daily fine not exceeding five rupees for each day during which he shall omit to furnish a true and correct return; and whoever hinders, obstructs, or prevents any Commissioner or any person appointed by the Commissioners as aforesaid, from entering, or inspecting, or measuring any such holding, shall be liable to a fine not exceeding two hundred rupees.

101. The gross annual rent at which any holding may be reasonably expected to let, shall be deemed to be the annual value thereof, and such value shall accordingly be determined by the Commissioners, and entered in the valuation list:

Provided that, if there be on a holding any building or buildings, the actual cost of erection of which can be ascertained or estimated, the annual value of such holding shall in no case be deemed to exceed an amount which would be equal to seven and a half per centum on such cost, in addition to a reasonable ground rent for the land comprised in the holding:

Provided also that where the actual cost so ascertained shall exceed one lakh of rupees, the percentage on the annual value to be levied in respect of so much of the cost as is in excess of one lakh of rupees shall not exceed one-fourth of the percentage determined by the Commissioners under Section one hundred and two.

Provided further that, in estimating the annual value of a holding under this section, the value of any machinery that may be on such holding shall not be taken into consideration.

102. Subject to the provisions of section eighty-five, the Commissioners, at a meeting to be held before the close of the year next preceding the year to which the rate will apply, shall determine the percentage on the valuation of holdings at which the rate shall be levied, and the percentage so fixed shall remain in force until the order of the Commissioners determining such

percentage shall be rescinded, and until the Commissioners at a meeting shall determine some other percentage on the valuation of holdings at which the rate will be levied from the beginning of the next year:

Provided that when this Act is first extended to any place, the first rate may be levied from the beginning of the quarter next after that in which the percentage has been fixed by the Commissioners at a meeting.

103. As soon as possible after the percentage at which the rate is to be levied for the next year shall have been determined under the last preceding section, the Commissioners shall cause to be prepared a valuation and rating list, which shall contain the following particulars, and any others which the Commissioners may think proper to include:—

- (a) name of the street or road in which the holding is situated;
- (b) number of the holding on the register;
- (c) description of the holding;
- (d) annual value of the holding;
- (e) name of owner;
- (f) amount of rate payable for the year;
- (g) amount of quarterly instalment;
- (h) if the holding is exempted from assessment, a note to that effect.

The rate upon holdings shall be payable in quarterly instalments by the owner of the holding.

104. If any house belongs to one owner, and the land on which it stands and any adjacent land which is usually occupied therewith, belongs to another, the Commissioners may value such house and land together and may impose thereon one consolidated rate.

The total amount of the rates shall be payable by the owner of the house, who shall thereafter be entitled to deduct from the rent which he pays for the land such proportion of the rate so paid by him as is equal to the proportion which such rent bears to the annual value of the holding.

If the owner of the house and the owner of the land do not agree in respect of the proportion of the rate so deducted by the owner of the house, the Commissioners shall, on the application of either party, make an award declaring the amount payable by each, and such award shall be final.

105. If the sum due from the owner of any holding remains unpaid after the notice of demand has been duly served, and such owner be not resident within the Municipality, or the place of abode of such owner be unknown, the same may be recovered from the occupier for the time being of such holding, who may deduct, from the next and following payments of his rent, the amount which may be so paid by or recovered from him:

Provided that no arrear of rate, which has remained due from the owner of any holding for more than one year, shall be so recovered from the occupier thereof.

106. Whenever, from the circumstances of the case, the levy of the rate on any holding in the Municipality would be productive of excessive hardship to the person liable to pay

Annual value of holding how to be ascertained.

Provided that, if there be on a holding any building or buildings, the actual cost of erection of which can be ascertained or estimated, the annual value of such holding shall in no case be deemed to exceed an amount which would be equal to seven and a half per centum on such cost, in addition to a reasonable ground rent for the land comprised in the holding:

Provided also that where the actual cost so ascertained shall exceed one lakh of rupees, the percentage on the annual value to be levied in respect of so much of the cost as is in excess of one lakh of rupees shall not exceed one-fourth of the percentage determined by the Commissioners under Section one hundred and two.

Provided further that, in estimating the annual value of a holding under this section, the value of any machinery that may be on such holding shall not be taken into consideration.

102. Subject to the provisions of section eighty-five, the Commissioners, at a meeting to be held before the close of the year next preceding the year to which the rate will apply, shall determine the percentage on the valuation of holdings at which the rate shall be levied, and the percentage so fixed shall remain in force until the order of the Commissioners determining such

Application for reduction of assessment.

108. The Commissioners may, at any time after the publication of the notice required by section one hundred and twelve, value and rate any holding which was without authority omitted from the valuation and rating list, or which has become liable to valuation and rating after the publication thereof; and may enhance the valuation and rating of any holding which may appear to have been insufficiently valued or rated through mistake, oversight or fraud; and may re-value and re-assess any holding the value of which has been increased by additions or alterations to any building thereon.

Power to revise valuation and assessment.

Any rate imposed or enhancement made under this section shall take effect from the beginning of the quarter next following that in which the rate shall be imposed or enhancement made.

109. The Commissioners may, at any time substitute for any name mentioned in the valuation and rating list, the name of any person to whom any holding mentioned therein shall have been transferred.

Power to revise assessment list.

Such person shall be liable to pay the rate payable on such holding from the first day of the quarter next after the date of the transfer.

110. When any holding has been vacant for sixty or more consecutive days during any year, the Commissioners shall remit, and, if the rate has been paid, shall refund, one-half of so much of the rate of that year as may be proportionate to the number of days the said holding has remained unoccupied:

Provided that the owner of such holding, or his agent, has given to the Commissioners notice in writing of the vacancy thereof, and that the application for refund is made within six months from the date on which such notice is delivered at the office of the Commissioners.

The amount of tax to be remitted or refunded shall be calculated from the date of the delivery of such notice.

111. Whoever, being the owner of any holding for which a remission or refund of the rate has been made under the last preceding section, fails to give notice of the re-occupation of such holding within ten days of such re-occupation, shall be liable to a fine not exceeding three times the amount of rate payable quarterly on such holding.

or who disputes his occupation of any holding, or his liability to be assessed or rated,

may apply to the Commissioners to review the amount of assessment, valuation, or rating, or to exempt him from the assessment or rate.

114. Every application presented under the last preceding section shall be heard and determined by not less than three Commissioners, who shall be appointed in that behalf by the Chairman. The Commissioners so appointed, after making such inquiries as they may deem necessary, may pass such order as they shall think fit in respect of such application.

The decision of such Commissioners, or of a majority thereof, in such cases shall be final.

115. Unless good cause shall be shewn to the satisfaction of such Commissioners for extending the time allowed, and save as is otherwise expressly provided in this Act, no such application shall be received after the expiration of one month from the date of publication of the notice required by section one hundred and twelve relating to the list containing the assessment, valuation, or rating in respect of which the application is made, or after the expiration of fifteen days from the date of service of the first notice of demand for payment at the rate in respect of which the application is made, whichever period shall last expire.

Limitation of time for application of review.

116. No objection shall be taken to any assessment or rating, nor shall the liability of any person to be assessed or rated be questioned, in any other manner or by any other authority than in this Act is provided.

119. For all sums paid on account of any tax or rate under this Act a receipt stating the amount and the tax or rate on account of which it is paid shall be given, signed by the tax-collector, or by

some other officer authorized by the Commissioners to grant such receipts.

120 At any time within six months after any sum has become due on account of any tax or rate, the Commissioners shall cause to be presented to the person liable to the payment thereof a bill for the said sum, which shall contain a statement of the period and of the tax or rate on account of which the charge is made.

If the amount mentioned in such bill be not paid on presentation thereof, a notice of demand in the form marked (A) in the fourth Schedule, with copy of the bill appended thereto, shall be served on the person liable to pay the same, and such notice of demand may be served at any subsequent time :

Provided that no charge shall be made in respect of the service of such notice.

Such notice shall be signed by the Chairman or an officer authorized in that behalf, and shall be served by a person authorized to receive payment.

121. If any person, after service upon him of such bill and notice, shall not, within fifteen days of the service of such notice, or from the date of any order made on an application for review under section one hundred and fourteen, pay the sum due, either to the Commissioners at their office, or to some person authorized by them to receive the money, or shew to the Commissioners sufficient cause for not paying the same, the amount of the arrear due, with costs on the scale shewn in the table of fees marked (B) in the fourth Schedule, may at any time within three months after the date of service of the said notice, or of the order made on an application for review as aforesaid, be levied by distress and sale of any moveable property belonging to the defaulter, except ploughs, plough-cattle, tools, or implements of agriculture or trade, wherever found, or of any moveable property belonging to any other person, subject to the same exceptions, which may be found within the holding in respect of which such defaulter is liable to such tax or rate.

If the said property or any part thereof belong to any person other than the defaulter, the defaulter shall be liable to indemnify the owner thereof for any damage he may sustain by reason of such distress, or by reason of any payment he may make to avoid such distress or any sale, under the same.

122. Every warrant of distress and sale under the last preceding section shall be issued by the Commissioners, and shall be in the form marked (C) in the fourth Schedule.

Distress shall be made by actual seizure of moveable property, and the officer charged with the execution of the warrant shall be responsible for the due custody thereof.

Such officer shall make an inventory of all moveable property seized under the warrant, and shall give not less than ten days' previous notice of the sale, and of the time and place thereof, by beat of drum, in the Municipality or Ward in which the property is situated, and by serving on the defaulter a notice in the form marked (D) in the fourth Schedule :

Provided that if the property is of a perishable nature, it may be sold at once with the consent

of the defaulter, or without such consent at any time after the expiry of six hours from the seizure.

123. The officer charged with the execution of the warrant may, under the special order of the Commissioners, between sunrise and sunset, break open any outer or inner door or window of a house, in order to make the distress, if he has reasonable ground for believing that such house contains any moveable property belonging to the defaulter, and if, after notification of his authority and purpose and demand of admittance duly made, he cannot otherwise obtain admittance :

Provided that he shall not enter or break open the door of any room appropriated for the zānanā, or residence of women, which, by the usage of the country is considered private, except after three hours' notice and opportunity given for the retirement of the women.

124. If the sum due be not paid with costs before the time fixed for the sale, or the warrant be not discharged or suspended by the Commissioners, the moveable property seized shall be sold by auction, at the time and place specified, in the most public manner possible, and the proceeds shall be applied in discharge of the arrears and costs.

The surplus sale proceeds (if any) shall be credited to the Municipal Fund, and may be paid on demand to any person who establishes his right to the satisfaction of the Commissioners, or in a Court of competent jurisdiction.

The tax-collector or other officer authorized in that behalf shall make a return of all such sales to the Commissioners in the form marked (E) in the fourth Schedule.

125. All officers and servants of the Commissioners, and all chaukidars, constables, and other officers of Police, are prohibited from purchasing any property at any such sale.

126. The Commissioners shall cause a regular account to be kept of all distresses levied, and sales made, for the recovery of taxes under this Act.

127. If no sufficient goods or chattels belonging to a defaulter, or being upon the premises in respect of which he is assessed or rated, can be found within the Municipality, the Magistrate may, on the application of the Commissioners, issue his warrant to any officer of his Court for the distress and sale of any personal property or effects belonging to the defaulter within any other part of the jurisdiction of the Magistrate, or for the distress and sale of any personal property belonging to the defaulter within the jurisdiction of any other Magistrate whatsoever, and such other Magistrate shall endorse the warrant so issued, and cause it to be executed, and the amount, if levied, to be remitted to the Magistrate issuing the warrant, who shall remit the same to the Commissioners.

128. No distress or sale made under this Act shall be deemed unlawful, nor shall any party making the same be deemed a trespasser on account of any error, defect, or want of form.

of form in the bill, notice, summons, warrant of distress, inventory, or other proceeding relating thereto.

129. Instead of proceeding by distress and sale, or in case of failure to realize thereby the whole or any part of any tax, the Commissioners may sue the person liable to pay the same in any Court of competent jurisdiction.

130. The Commissioners may order to be struck off the books the amount of any tax or rate which may appear to them to be irrecoverable.

Of the Tax on Carriages, Horses, and other Animals.

131. When it has been determined that a tax on carriages, horses, and other animals specified in the fifth Schedule shall be imposed, the Commissioners at a meeting shall make an order that every carriage, horse, and every other animal of the kind specified in the said Schedule, which is kept or habitually used within, or which is let for hire within or without the Municipality, and habitually used within it, shall pay the tax, and shall cause such order to be published in the manner prescribed by section three hundred and fifty-four.

Such order shall be published at least one month before the beginning of the half-year in which such tax shall first take effect; and shall specify at what rates, not exceeding the rates given in the said Schedule, such tax shall be levied.

But such tax shall not be imposed on—

- (a) horses or ponies belonging to officers doing regimental duty, at the rate of one animal for each officer;
- (b) animals exempt from any Municipal tax under section 25 of the Indian Volunteers' Act, 1869;
- (c) carriages or animals belonging to Government, or to the Commissioners, or for keeping which for the execution of their duty an allowance is made by the Government or by the Commissioners to any of their officers;
- (d) animals used by, or exclusively for the purposes of, any regiment;
- (e) horses or ponies used by police officers, at the rate of not more than one for each officer;
- (f) carriages the wheels of which do not exceed twenty-four inches in diameter;
- (g) carriages or animals kept for sale by any *bona fide* dealer in such carriages or animals, and not used for any other purpose.

132. Any order of the Commissioners imposing a tax under the last preceding section shall continue in force until re-cinded, and the tax shall be levied at the rates specified in the order published as aforesaid; unless and until the Commissioners at a meeting, held not less than fifteen days before the end of the year, make and publish an order specifying any different rates at which the tax shall be payable for the ensuing year.

133. In any Municipality in which a tax has been imposed under section one hundred and thirty-one the owner of every carriage, horse, and other animal specified in the said Schedule shall, within the first month of each half-year, forward to the Commissioners a statement in writing, signed by him, containing a description of the carriages, horses, and other animals liable to the tax, for which he is bound to take out a license.

Such owner shall, at the same time, pay to the Commissioners such sum as shall be payable by him for the current half-year for the carriages, horses, and other animals specified in such statement, according to the rates specified in any order for the time being in force under the two last preceding sections.

134. If any person acquires possession, at any time after the commencement of any half-year, of any carriage, horse, or other animal specified in the Schedule, in respect of which no license has been given for such half-year, he shall forward a statement as above required within one month of the date on which he may have acquired possession thereof, and shall pay such amount of the tax as shall bear the same proportion to the whole tax for the half-year as the unexpired portion of the half-year bears to the half-year; and such amount shall be calculated from the date on which such person may have acquired possession as aforesaid.

135. On receiving the amount of the tax due as aforesaid, the Commissioners, or some person authorised by them in that behalf, shall give to the person paying the same a license for the several carriages, horses, and other animals for the period in respect of which the amount is received.

Such license shall be for the current half-year and no longer.

136. Whenever the owner of any carriage, horse, or other animal liable to pay the said tax is not resident within the limits of the Municipality to the Commissioners of which the tax is due, the person in whose immediate possession the carriage, horse, or other animal is for the time being kept shall take out a license for the same.

137. Whoever keeps, or is in possession of, any carriage, horse, or other animal, without the license required by any of the three last preceding sections, shall be liable to a fine not exceeding three times the amount payable by him in respect of such license, exclusive of the amount so payable.

138. The Commissioners, at their discretion, may compound, for any period not exceeding one year, with livery stable-keepers and other persons keeping carriages or animals for hire, for a certain sum to be paid for the carriages or animals so kept by such person, in lieu of the tax at the rates specified in any order made by the Commissioners under sections one hundred and thirty-one and one hundred and thirty-two.

139. The Commissioners shall, from time to time, cause to be prepared and entered in a book, to be kept by them, and to be open to the inspection of any person interested therein, a list of the persons to whom, during the then current half-year a license has been given, and of the carriages, horses, and other animals in respect of which they have paid the tax.

140. The Commissioners, or any person authorized by them in that behalf, may, at any time between sunrise and sunset, enter and inspect any stable or coach-house, or any place wherein they may have reason to believe that there is any carriage, horse, or other animal liable to the tax, for which a license has not been duly taken out.

And the Commissioners may summon any person whom they have reason to believe to be liable to the payment of any such tax, or any servant of such person, and may examine such person or servant as to the number and description of the carriages, horses, and other animals in respect of which such person is liable to be taxed.

141. On proof being given to the satisfaction of the Commissioners that a carriage, horse, or other animal for which a license has been taken out for any half-year has ceased to be kept or to be used within the Municipality during the course of such half-year, the Commissioners shall order a refund of so much of the tax for the half-year as shall bear the same proportion to the whole tax for the half-year as the period during which such carriage, horse, or other animal has not been kept or used in the Municipality bears to the half-year; but no such refund shall be allowed unless notice be given to the Commissioners within one month of the time when such use of such carriage, horse, or other animal ceased, and, except for special cause shown, the Commissioners shall pass no order for refund until after the close of the half-year in respect of which the refund is claimed.

Of the Registration of Carts.

142. The Commissioners at a meeting may make and publish an order that every cart, which is kept or habitually used within, or which is let for hire within or without the Municipality and habitually used within it, shall be registered by the Commissioners with the name and residence of the owner; and shall bear the number of registration in such manner as the said Commissioners shall direct:

Provided always, that such order shall be published at least one month before the beginning of the half-year in which such order for registration shall be enforced.

This section shall not apply to—

- (a) carts which are the property of the Government or of the Commissioners;
- (b) carts which are kept without the limits of the Municipality, and are only temporarily and casually used within such limits;
- (c) Howrah or the Suburbs of Calcutta.

143. The registration of carts under the last preceding section shall be made, and the numbers assigned yearly or half-yearly, upon such days as the Commissioners shall notify; and such fee as they shall from time to time fix and notify, not exceeding four rupees if the registration has effect for a year, and not exceeding two rupees if the registration has effect for half a year, shall be paid for each registration.

144. Any person becoming possessed of any cart which has not been registered for the then current period of registration, shall register the same within one month from the date on which he may have become possessed thereof, and the Commissioners shall grant registration in any such case on payment of such amount of the fee as shall bear the same proportion to the whole fee for the current period of registration as the unexpired portion of the current period of registration bears to the whole of such period; and such fee shall be calculated from the date on which such person may have become possessed as aforesaid.

145. When the ownership of any registered cart is transferred within any period of registration, it shall be registered anew within one month of the transfer in the name of the person to whom it has been transferred, and a fee not exceeding four annas shall be paid for every such last-mentioned registration.

146. Whoever keeps, or is in possession of, a cart not duly registered as required by any of the three last preceding sections, shall be liable to a fine not exceeding three times the amount payable by him in respect of such registration, exclusive of the amount so payable; and whoever, being the owner or driver of any cart, shall fail to affix thereto the registration number as required by section one hundred and forty-two, shall be liable to a fine not exceeding five rupees.

147. If any person owns or keeps any cart hereinbefore required to be registered without having caused the same to be registered, the Commissioners, or any person authorized by them in that behalf, may seize and detain such cart (provided the same be not employed at the time of seizure in the conveyance of any passengers or goods), together with the animals drawing the same; and all police officers are required, on the application of the Commissioners, or of any servant of the Commissioners duly authorized in that behalf, to assist in the said seizure.

After such seizure, the Commissioners shall forthwith issue a notice in writing that after the expiration of ten days they will sell such vehicle and animals by auction at such place as they may state in the notice; and if any registration fee, together with the cost arising from such seizure and custody, remains unpaid for ten days after the issue of such notice, the Commissioners may sell the property seized for payment of the said fee, and of all expenses occasioned by such non-payment, seizure, custody and sale.

The surplus sale proceeds (if any) shall be credited to the Municipal Fund, and may be paid on demand to any person who establishes his

right to the satisfaction of the Commissioners, or in a Court of competent jurisdiction.

Provided that if, at any time before the sale is concluded, the person whose cart has been seized shall tender to the Commissioners, or to the person authorized by them to sell the cart, the amount of all the expenses incurred, and the registration fee payable by him, the Commissioners shall forthwith release the cart so seized.

Notwithstanding anything contained in this section, the surplus of the sale proceeds of a cart seized under this section may be devoted to the payment of any fine imposed under the last preceding section; and any cart which has been seized under this section may be sold for the realization of any such fine.

157. The Local Government may, with the

Existing toll-bars.

consent of the Commissioners at a meeting, make

over to the Commissioners any existing toll-bar within the limits of the Municipality, to be administered by them until the Local Government

shall otherwise direct; every toll-bar while so administered shall be deemed to be a Municipal toll-bar, and the profits derivable therefrom, or such part thereof as shall be agreed upon between the Local Government and the Commissioners, shall be carried to the credit of the Municipal Fund.

158. The Commissioners at a meeting, with the sanction of the Local Government, may establish a toll-bar and levy tolls on any bridge or metalled road which they may have constructed after the commencement of this Act, or at any place within the Municipality adjacent to such bridge or metalled road at which tolls may conveniently be levied on vehicles and animals passing over such bridge or road; and the profits derivable therefrom shall be carried to the credit of the Municipal Fund:

Provided that no such toll-bar shall be established, or tolls levied, otherwise than for the purpose of recovering the expenses incurred in constructing such bridge or road, and in maintaining such bridge or road in repair for the five years next after the construction thereof, together with interest on such expenses as herein-after provided.

159. Whenever a toll-bar shall have been established, and tolls shall be levied, as provided in the last preceding section, the Commissioners shall at the end of each year publish, by causing it to be posted up at their office, an abstract account shewing—

(1) the amount of expenses incurred in the construction of such bridge or road, and in the maintenance of the same;

(2) the amount of interest which has accrued due thereon, at the annual rate of six per centum; and

(3) the amount which has been received from the profits of the said toll-bars since its establishment.

And as soon as such expenses and interest shall have been recovered as aforesaid, such toll-bars shall be removed, and tolls shall no longer be levied on such bridge or road.

160. When it has been determined that tolls shall be levied on any such bridge or road, the Commissioners at a meeting shall make and publish an order, with the sanction of the Commissioner of the Division, specifying the rates at which such tolls shall be levied.

Such rates may from time to time be varied with the like sanction.

161. Any collector or lessee of tolls may refuse to allow any person to pass through any Municipal toll-bar until the proper toll has been paid.

162. Whoever, having driven any vehicle or animal (not exempted from toll) through a toll-gate, refuses to pay the toll, or, with intent to evade payment of the toll, fraudulently avoids passing through such toll-gate, shall be liable to a fine not exceeding fifty rupees.

163. If the toll due on any vehicle or animal is not paid on demand, the person authorized to collect the same may seize such vehicle or animal, or any part of its burden of sufficient value to defray the toll, and shall give immediate notice of such seizure to the Commissioners.

In case of non-payment of toll, vehicle, &c., may be seized and sold.

After such seizure, the Commissioners shall forthwith issue a notice in writing that, after the expiration of ten days, they will sell the property seized by auction at such place as they may state in the notice; and if any toll, together with the cost arising from such seizure and custody, remain undischarged for ten days after the issue of such notice, the Commissioners may sell the property seized, for discharge of the toll, and of all expenses occasioned by such non-payment, seizure, custody and sale.

The surplus sale proceeds (if any) shall be credited to the Municipal Fund, and may be paid on demand to any person who establishes his right to the satisfaction of the Commissioners, or in a Court of competent jurisdiction.

Provided that if, at any time before the sale has been concluded, the person whose property has been seized shall tender to the Commissioners, or to the officer appointed by them to sell the property, the amount of all the expenses incurred and of the toll payable, the Commissioners shall forthwith release the property seized.

Notwithstanding anything contained in this section, the surplus of the sale proceeds of any property seized under this section may be devoted to the payment of any fine imposed under the last preceding section; and any property which has been seized under this section may be sold for the realization of any such fine.

Of general provisions relating to Tolls on Ferries and Roads.

164. The Commissioners may grant a lease of any Municipal ferry or toll-bar for any period not exceeding three years.

165. A table of tolls legibly written in the vernacular of the district shall be hung up, in some conspicuous position at each end of every Municipal ferry,

and in some conspicuous position near every Municipal toll-bar, so as to be easily read by all persons required to pay the toll.

166. Whoever, being a toll-collector or lessee of a Municipal ferry or toll-bar, neglects to hang up a table of tolls as required by the last preceding section, shall be liable to a fine not exceeding fifty rupees, and to a further fine, not exceeding ten rupees, for each day during which the offence is continued after he has been required by a notice in writing to desist from such offence.

167. The Commissioners, or the lessee of any Municipal ferry or toll-bar, may compound with any person for a certain sum to be paid by such person for himself, or for any vehicles or animals kept by him, in lieu of the ordinary toll payable.

168. No tolls shall be paid for the passage of troops on the march, or of animals or vehicles employed in the transport of such troops;

Exemptions.

or of military or Government stores, or the persons in charge of them;

or of military or police officers, or of any public or Municipal officer on duty, or of any person in their custody, or of any property belonging to them or in their custody, or of any vehicle or animal employed by such persons for the transport of such property;

or of conservancy carts or other vehicles or animals belonging to the Commissioners, or of the persons in charge of them;

or of any animals, whether belonging to Government or otherwise, which are attached to a regiment or a Military Department, and which pass through a toll-bar, provided that tolls shall be leviable for conveying such animals over a ferry.

And the Commissioners or their lessees shall not be bound to allow any person or thing not specified above, to cross a ferry or to pass a toll-gate without payment of the prescribed toll.

But the Commissioners at a meeting may exempt any other class of persons or things from payment of the said toll; and in granting a lease of any ferry or toll bar may stipulate that any Municipal servants and property and any other persons or things shall be allowed to pass without payment of the toll.

169. In all cases of resistance to the person authorized to collect tolls, police officers shall assist when required, and for that purpose shall have the same powers as they have in the exercise of their ordinary police duties.

170. Whoever, being authorized under this Act to collect tolls, demands or takes any higher tolls than the tolls authorized under this Act, shall be liable to a fine not exceeding fifty rupees, and in default of payment to one month's imprisonment.

171. If the Local Government has declared that the provisions of the Canals Act, 1864, or any other similar law for the time being in force, are applicable to any navigable channel which passes through the limits of a Municipality, it may, with the consent of the Commissioners, appoint the Commissioners to collect tolls, as provided in section eight of the said Act, until the Local Government shall otherwise direct; and the profits derivable therefrom, or such part thereof as shall be agreed upon between the Local Government and the Commissioners, shall be carried to the credit of the Municipal Fund.

In such case, the Commissioners shall exercise all the powers vested by such Act in the Collector.

172. The Local Government may at any time order that the Commissioners, or any person authorized by them, shall cease to levy any tolls under the last preceding section, and may at any time withdraw such order.

PART V.

MUNICIPAL REGULATIONS WHICH SHALL BE GENERALLY IN FORCE IN ALL MUNICIPALITIES.

General.

173. The provisions of this Part shall be in force in every Municipality, unless and until the Local Government shall otherwise direct.

174. The Local Government may, at any time, make an order directing that all or any of the said provisions shall not be in force in any Municipality, or in any part thereof; and the provisions mentioned in such order shall cease to be in force in such Municipality, or part thereof, from the date specified in such order.

The Local Government may at any time cancel or modify any order made under this section.

175. Whenever it is provided in this Part or in Part VI that the Commissioners or the Commissioners at a meeting may require the owners or the occupiers, or the owners and occupiers, of any land, to execute any work or to do anything within a specified time, such requisition shall be made, as far as possible, by a notice to be served as provided in sections three hundred and fifty-six and three hundred and fifty-seven, on every owner or occupier who is required to execute such work or to do such thing; but, if there be any doubt as to the persons who are owners or occupiers, such requisition may be made by a notification to be posted up on or near the spot at which the work is required to be executed or the thing done, requiring the owners or the occupiers, or the owners and occupiers, of any land, to execute such work or to do such thing within a specified time; and in such notification it shall not be necessary to name the owners or occupiers.

Every requisition as aforesaid shall give notice to the persons to whom it is addressed that, if they fail to comply with the requisition, or to prefer an objection against such requisition as provided in the next succeeding section, the Commissioners will enter upon the land and cause the required work to be executed, or the required thing to be done; and that in such case the expenses incurred thereby will be recovered from the persons who are required in such requisition to execute such work or do such thing.

176. Any person who is required by a requisition as aforesaid to execute any work or to do anything, may, instead of executing the work or doing the thing required, prefer an objection in writing to the Commissioners against such requisition within five days of the service of the notice or posting up of the notification containing the requisition; or, if the time within which he is required to comply with the requisition be less than five days, then within such less time.

Except as provided in the next succeeding section, such objection shall be heard and disposed of by the Chairman or Vice-Chairman.

177. If the objection shall allege that the cost of executing the work or of doing the thing required will exceed three hundred rupees, such objection shall be heard and disposed of by the Commissioners at a meeting; unless the Chairman or Vice-Chairman shall certify that such cost will not exceed three hundred rupees, in which case the objection shall be heard and disposed of by the Chairman or Vice-Chairman:

Local Government may order provisions of this Part to be not in force in any Municipality.

Person required to execute any work may prefer objection to the Commissioners.

Procedure if person objecting alleges that work will cost more than Rs. 300.

Penalty for taking unauthorized tolls.

Commissioners may be appointed to collect tolls in a navigable channel.

Local Government may order Commissioners to cease levying tolls.

Operation of this Part.

Provided that in any case in which the Chairman or Vice-Chairman shall have certified his opinion as aforesaid, and the objection shall in consequence thereof have been heard and disposed of by the Chairman or Vice-Chairman, the person making the objection may, if the requisition made upon him is not withdrawn on the hearing of his objection, pay in the said sum of three hundred rupees to the Commissioners as the cost of executing the work or doing the thing required; whereupon such person shall be relieved of all further liability and obligation, in respect of executing the work or doing the thing required, and in respect of paying the expenses thereof; and the Commissioners themselves shall execute such work, or do such thing, and shall exercise all powers necessary therefor.

178. The Chairman or Vice-Chairman, or the Chairman, &c., may make order after hearing objection, as the case may be, shall, after hearing the objection and making any inquiry which they may deem necessary, record an order withdrawing, modifying, or making absolute the requisition against which the objection is preferred; and if such order does not withdraw the requisition, it shall specify the time within which the requisition shall be carried out, which shall not be less than the shortest time which might have been mentioned under this Act in the original requisition.

179. If the person making such objection be present at the office of the Commissioners, the said order shall be explained to him orally; and if such order cannot be so explained, notice of such order shall be served as provided in section three hundred and fifty-six on the person making the objection; and such explanation of, or service of, the notice of the said order shall be deemed a requisition duly made under this Act to execute the work or do the thing required.

180. If the person or persons required to execute the work or to do the thing fail, within the time specified in any requisition as aforesaid, to begin to execute such work or to do such thing, and thereafter diligently to continue the same to the satisfaction of the Commissioners until it is completed, the Commissioners or any person authorized by them in that behalf may, after giving forty-eight hours' notice of their intention by a notification to be posted up on or near the spot, enter upon the land and perform all necessary acts for the execution of the work or doing of the thing required; and the expenses thereby incurred shall be paid by the owners or by the occupiers, if such requisition was addressed to the owners or to the occupiers respectively, and by the owners and the occupiers, if such requisition was addressed to the owners and the occupiers.

181. Whenever any expenses incurred by the Commissioners are to be paid by the owners of any land as provided in the last preceding section, the Commissioners may, if there be more than one owner, apportion the said expenses among such of the owners as are known in such manner as to the Commissioners may seem fit.

And whenever any such expenses are to be paid by the occupiers of any land, as provided in the last preceding section, the Commissioners may, if there be more than one occupier, apportion the said expenses among such of the occupiers as are known in such manner as to the Commissioners may seem fit.

182. Whenever any expenses incurred by the Commissioners are to be paid by the owners and occupiers of any land, as provided in section one hundred and eighty, the Commissioners may apportion the said expenses among the said owners and occupiers or such of them as are known in such manner as to the Commissioners may seem fit.

183. Whenever any works or any alterations and improvements of which the Commissioners are authorized by this Part or Part VI to require the execution, are executed by the occupier on the requisition of the Commissioners, or are executed by the Commissioners, and the cost thereof is recovered from the occupier, the cost thereof may, if the Commissioners shall certify that such cost ought to be borne by the owner, be deducted by such occupier from the next and following payments of his rent due or becoming due to such owner, or may be recovered by him in any Court of competent jurisdiction.

184. Any owner or occupier of land may contest his liability to pay any expenses or fees under this Part or Part VI, or may contest the amount which he has been called upon to pay, in a Civil Court of competent jurisdiction:

Provided that the fact of such action having been instituted shall be no bar to the recovery of the said amount, in the manner provided by section three hundred and sixty.

185. Where any damages or compensation, other than compensation payable under section thirty-five, are by this Act directed to be paid by the Commissioners, the amount, and if necessary, the apportionment of the same, shall in case of dispute be ascertained and determined by a Civil Court of competent jurisdiction.

Of Sewage, Offensive Matter, Rubbish, Prieses and Drains.

186. The Commissioners shall provide all establishments, cattle, carts, and implements required for the removal of sewage, offensive matter and rubbish.

187. The Commissioners at a meeting may, from time to time, by an order published as prescribed in section three hundred and fifty-four, appoint the hours within which it shall be lawful to remove offensive matter and the manner in which the same shall be removed, and may provide places convenient for the deposit thereof, and may require the occupiers of houses to cause the same to be deposited daily, or at other stated

intervals, in such places, and may remove the same at the expense of the occupier from any house if the occupier thereof fails to do so in accordance with this Act.

188. Whenever such order shall have been published, no mehter or other servant of the Commissioners employed to remove or deal with sewage, offensive matter or rubbish, shall withdraw from his duties without the permission of the Commissioners, unless he has given notice in writing not less than one month previously of his intention so to withdraw.

Any mehter or other such person who, after the said publication, withdraws from his duties without giving such notice as aforesaid, shall be liable to rigorous imprisonment for a term not exceeding one month, and shall forfeit all salary which may be due to him.

189. The Commissioners at a meeting may, from time to time, by an order published as prescribed in section three hundred and fifty-four, appoint the hours within which only every occupier of any house or land may place rubbish on the public road adjacent to his house or land in order that such rubbish may be removed by the Commissioners; and the Commissioners may charge such fees as they may think fit in respect of the removal of such rubbish, with the consent of the occupier of any house or land, from such house or land, or in respect of the removal from such public road of any rubbish which has accumulated in the exercise of a trade or business.

190. All drains, privies and cess-pools shall be subject to the inspection and control of the Commissioners.

191. The Commissioners, or any officer authorized by them in that behalf, may inspect all privies, drains and cess-pools at any time between sunrise and sunset, after six hours' notice in writing to the occupier of any premises in which such privies, drains or cess-pools are situated, and may, if necessary, cause the ground to be opened where they or he may think fit for the purpose of preventing or removing any nuisance arising from such privies, drains, or cesspools; and the expenses thereby incurred shall be paid by the owner or occupier of such premises.

192. Whenever the Commissioners are satisfied that the existence of such privy, drain or cess-pool is attended with risk of disease to the inhabitants of the neighbourhood, they may direct the use of such disinfectants or deodorants as they shall specify in such privy, drain or cess-pool, in such quantities or for such time as they shall think fit. The Commissioners shall, if necessary, themselves supply such disinfectants or deodorants for such use at cost price, and the expense thereby incurred shall be considered as an arrear of tax, and be recoverable as such from the owner of such privy, drain, or cess-pool; or the Commissioners may, if they think fit, order that such expense shall be paid from the Municipal Fund.

193. The Commissioners may provide and maintain, in sufficient numbers and in proper situations, common privies and urinals for the separate use of each sex, and shall cause the same to be kept in proper order and to be properly cleansed.

194. The Commissioners may license such necessities for public accommodation as they from time to time may think proper.

195. Whenever any land being private property, or within any private enclosure, appears to the Commissioners, by reason of thick or noxious vegetation or jungle, or inequalities of surface, to afford facilities for the commission of a nuisance, or by want of drainage to be in a state injurious to health, or offensive to the neighbourhood, the Commissioners may require the owners or occupiers, or the owners and occupiers of such land, within fifteen days, to clear and remove such vegetation, or level such surface or drain such land:

Provided that if, for the purpose of effecting any drainage under this section, it shall be necessary to acquire any land not being the property of the person who is required to drain his land, or to pay compensation to any other person, the Commissioners shall provide such land and pay such compensation.

196. All sewage, rubbish, and offensive matter collected by the Commissioners from roads, privies, sewers, cess-pools, and other places, shall be the property of the Commissioners, who shall have power to sell or otherwise dispose of the same; and the money arising from the sale thereof shall be carried to the credit of the Municipal Fund.

197. All existing public sewers, drains, and other conservancy works, shall be under the direction and control of the Commissioners, who shall have power to construct any further works of that nature which they may consider necessary.

198. All streams, channels, water-courses, tanks, reservoirs, springs and wells, not being private property, shall, for the purposes of this Act, be under the direction and control of the Commissioners.

199. The Commissioners may, by order published at such places as they may think fit, set apart convenient tanks, or parts of rivers, streams, or channels, not being private property, for the supply of water for drinking and for culinary purposes: and may prohibit therein all bathing, washing of clothes and animals, or other acts calculated to pollute the water set apart for the purposes aforesaid;

and may similarly set apart a sufficient number of the same for the purpose of bathing, and a sufficient number for washing animals and clothes, or for any other purpose connected

Of Bathing and Washing Places and Tanks.

198. All streams, channels, water-courses, tanks, reservoirs, springs and wells, not being private property, shall, for the purposes of this Act, be under the direction and control of the Commissioners.

199. The Commissioners may, by order published at such places as they may think fit, set apart convenient tanks, or parts of rivers, streams, or channels, not being private property, for the supply of water for drinking and for culinary purposes: and may prohibit therein all bathing, washing of clothes and animals, or other acts calculated to pollute the water set apart for the purposes aforesaid;

and may similarly set apart a sufficient number of the same for the purpose of bathing, and a sufficient number for washing animals and clothes, or for any other purpose connected

with the health, cleanliness, or comfort of the inhabitants.

The Commissioners may similarly take such order as they think fit with the private portion of any stream or channel used as a part of the public water supply.

200. The Commissioners may require the owners or occupiers, or the owners and occupiers, of any land, within eight days, or such longer period as the Commissioners may fix, to cleanse any water-course, private tank, or pool therein, and to drain off and remove any waste or stagnant water which may appear to be injurious to health or offensive to the neighbourhood:

Provided that if, for the purpose of effecting any drainage under this section, it shall be necessary to acquire any land not being the property of the person who is required to drain his land or to pay compensation to any other person, the Commissioners shall provide such land and pay such compensation.

Of Obstructions and Encroachments on Roads.

201. The Commissioners may close temporarily any road or part of a road for the purpose of repairing such road, or for the purpose of constructing any sewer, drain, culvert, or bridge, or for any other public purpose:

Provided that the Commissioners so closing any road shall be bound to provide reasonable means of access for persons occupying holdings adjacent to such road.

Whenever, owing to such repairs or constructions, or from any other cause, any road or part of a road, shall be in a state which is dangerous to passengers, the Commissioners shall cause sufficient barriers or fences to be erected for the security of life and property, and shall cause such barriers or fences to be sufficiently lighted from sunset to sunrise.

202. The Commissioners may issue a notice requiring any person to remove any wall which he may have built, or any fence, rail, post, or other obstruction or encroachment, which he may have erected in or on any road or open drain, sewer, or aqueduct, after the date on which the District Municipal Improvement Act, 1864, or the District Towns Act, 1868, or the Bengal Municipal Act, 1876, the case may be, took effect in the Municipality; or in case neither of the said Acts was in force in the Municipality before the commencement of this Act, then after the date on which this Act may have been extended thereto; and if such person shall fail to comply with such requisition within eight days of the receipt of the same, the Magistrate may, on the application of the Commissioners, order that such obstruction or encroachment be removed; and thereupon the Commissioners may remove any such obstruction or encroachment; and the expenses thereby incurred shall be paid by the person who erected the same.

No person shall be entitled to compensation in respect of the removal of any wall, fence, rail, post, or other obstruction under this section.

203. If the person who built or erected the said wall, fence, rail, post, or other obstruction or encroachment is not known, or cannot be found, the Commissioners may cause a notice to be posted up in the neighbourhood of the said wall, fence, rail, post, or other obstruction or encroachment, requiring any person interested in the same to remove it, and it shall not be necessary to name any person in such requisition; and if the said wall, fence, rail, post, or other obstruction or encroachment, be not removed in compliance with the requisition contained in such notice within eight days of the posting up of the same, the Magistrate may, on the application of the Commissioners, order that such obstruction or encroachment be removed; and thereupon the Commissioners may remove any such obstruction or encroachment, and may recover the cost of such removal by sale of the materials so removed.

The surplus sale proceeds (if any) shall be credited to the Municipal Fund, and may be paid on demand to any person who establishes his right to the satisfaction of the Commissioners, or in a Court of competent jurisdiction.

204. The Commissioners may give notice in writing to the owner or occupier of any house requiring him to remove or alter any projection, encroachment, or obstruction erected or placed against or in front of such house which may have been so erected or placed after the date on which the District Municipal Improvement Act, 1864, or the District Towns Act, 1868, or the Bengal Municipal Act, 1876, as the case may be, took effect in the Municipality; or in case neither of the said Acts was in force in the Municipality before the commencement of this Act, then after the date on which this Act may have been extended thereto, if the same overhangs the road, or juts into, or in any way projects or encroaches upon, or is an obstruction to the safe and convenient passage along any road;

or obstructs, or projects, or encroaches into, or upon any aqueduct, drain, or sewer in such road.

And if such owner or occupier shall fail to comply with such requisition within eight days of the receipt of the same, the Magistrate may, on the application of the Commissioners, order that such projection; encroachment, or obstruction be removed or altered, and thereupon the Commissioners may remove or alter such projection, encroachment or obstruction, and the expenses thereby incurred shall be paid by the owner or occupier so making default.

No person shall be entitled to compensation in respect of the removal of any projection, obstruction, or encroachment under this section.

205. 207. Whenever any private house, wall, or other erection, or any tree, shall fall down and obstruct any public drain or encumber any public highway, the Commissioners may remove such obstruction or incumbrance at the expense of the owner of the same, or may require him to remove the same within such time as to the Commissioners shall seem fit.

210. If any house, wall, structure, or any thing affixed thereto, be deemed by the Commissioners to be in a ruinous state, or in any way dangerous, they shall forthwith, if it appears to them to be necessary, cause a proper hoard or fence to be put up for the protection of passengers, and may require the owners or occupiers, or the owners and occupiers of the land to which such house, wall or structure is affixed, within seven days to cause such repairs to be made to such house, wall or structure as they may consider necessary for the public safety, or to remove such house, wall, structure or thing affixed thereto.

The surplus sale proceeds (if any) shall be credited to the Municipal Fund, and may be paid on demand to any person who establishes his right to the satisfaction of the Commissioners or in a Court of competent jurisdiction.

213. The Commissioners may, by published order, appoint from time to time certain periods within which any dogs without collars or other marks distinguishing them as private property, found straying in the roads or beyond the enclosures of the houses of the owners of such dogs, may be destroyed; and such dogs may be destroyed in accordance with such order.

PART VI.

* Of Special Regulations.

220. No provision contained in this Part, or in Parts VII, VIII, IX or X, shall apply to any Municipality, unless and until it has been expressly extended thereto by the Local Government in the manner provided by the next succeeding section.

221. The Commissioners may apply, in pursuance of a resolution passed at a meeting specially convened to consider the question, to the Local Government, to extend to the Municipality all or any of the provisions of this Part, or of Parts VII, VIII, IX or X; or to exclude from the operation of the said provisions, or any of them, any place within the Municipality.

And the Local Government may thereupon make an order accordingly.

222. Every such order shall be published in the *Calcutta Gazette*, and the Commissioners shall, within fifteen days of such publication, cause a

copy of the same, with a translation thereof into the vernacular of the district, to be posted up at their office, with a notice of the date on which such order shall take effect, and shall cause the same to be published as prescribed in section three hundred and fifty-four.

And the said provisions shall come into force in the Municipality from the date so fixed:

Provided that the date so fixed shall not be less than fifteen days after the publication under the said section, or more than three months after the publication of the order of the Local Government as aforesaid in the *Calcutta Gazette*.

223. The Local Government, on a similar application made by the Commissioners, may at any time cancel or modify an order made under section two hundred and twenty-one, and such cancellation or modification shall be published, and shall take effect in the manner prescribed by the last preceding section.

Of Privies, Drains, and Excavations.

224. The Commissioners may require the owners or occupiers, or the owners and occupiers, of any land, within fifteen days, to repair and make efficient any drain, privy or cess-pool, or to remove any privy or close any cess-pool which is situated on such land.

225. Every person constructing a privy shall have such privy shut out by a sufficient roof and wall or fence from the view of persons passing by, or residing in, the neighbourhood: and the Commissioners may require any owner or occupier of land on which a privy stands to cause the same to be shut out from view as aforesaid within fifteen days.

226. If any person, without the written consent of the Commissioners first obtained, makes or causes to be made, or alters or causes to be altered, any drain leading into any of the sewers or drains vested in the Commissioners, the Commissioners may cause such branch drain to be demolished, altered, re-made, or otherwise dealt with as they shall think fit; and the expenses thereby incurred shall be paid by the person making or altering such branch drain.

227. If any land, being within one hundred feet of a sewer, drain or other outlet into which such land may, in the opinion of the Commissioners, be drained, is not drained to the satisfaction of the Commissioners, the Commissioners may require the owner, within one month, to drain the said land into such sewer, drain or outlet.

228. If it appear to the Commissioners that a group or block of houses may be drained or improved more economically or advantageously in combination than separately, and a sewer, drain or other outlet already exists within one hundred feet of any part of such group or block of houses, the Commissioners may cause such group or block of houses to be so drained and improved; and the expenses thereby incurred shall be recovered from the owners of such houses in such proportions as shall to the Commissioners seem fit.

229. If any branch drain, privy or cess-pool be constructed contrary to the directions and regulations of the Commissioners, or contrary to the provisions of this Act; or if any person, without the consent of the Commissioners, constructs, re-builds or unstops any branch drain, privy or cess-pool which has been ordered by them to be demolished or stopped up, or not to be made, the Commissioners may cause such amendment or alteration to be made in any such drain, privy or cess-pool as they think fit, or may cause the same to be removed; and the expenses thereby incurred shall be paid by the person by whom such drain, privy or cess-pool was improperly constructed, re-built or unstopped.

230. No person shall, without the written permission of the Commissioners, construct or keep any latrine, urinal, cess-pool, house-drain or other receptacle for sewage or other offensive matter, within fifty feet of any public tank or watercourse, or a tank or watercourse which the inhabitants of any locality use.

The Commissioners may require any owner and occupier upon whose land any latrine, urinal, cess-pool, house-drain or other receptacle so situated exists, or may hereafter be constructed, to remove the same within eight days.

231. No person shall, without the written permission of the Commissioners, construct a privy with a door or trap-door opening on to any road or drain. The Commissioners may require any owner or occupier upon whose land any such privy exists to move the same within eight days.

232. The Commissioners at a meeting may, by a general order, prohibit the making of excavations for the purpose of taking earth or stone therefrom, or for the purpose of storing rubbish or offensive matter therein, and the digging of cess-pools, tanks or pits without special permission previously obtained from them.

If any such excavation, cess-pool, tank or pit is made after the issue and publication of such order without such special permission, the Commissioners may require the owners and occupiers of the land on which such excavation, cess-pool, tank or pit is made, within two weeks, to fill up such excavation.

Of Obstructions and Encroachments on Roads.

233. The Commissioners at a meeting may determine on the removal or alteration, as they shall think fit, of any projection, encroachment or obstruction which may have been erected or placed against, or in front of, any house on any road within the limits of the Municipality before the date on which the District Municipal Act, 1864, or the District Towns Act, 1868, or the Bengal Municipal Act, 1876, as the case may be, came into force in the Municipality, or in case neither of the said Acts was in force in the Municipality before the commencement of this Act, then before the date on which this Act may have been extended thereto.

Notice in writing shall be given to the owner or occupier of such house requiring him to remove or alter the said projection, encroachment or obstruction, or to shew cause before the Commissioners why he should not be required so to do; and if such owner or occupier shall fail to comply with such requisition within thirty days of the receipt of the same, or if after such owner or occupier shall have shewn cause against being required to remove or alter the said projection, encroachment or obstruction, the Commissioners shall make an absolute order directing such removal or alteration; and if such owner or occupier shall fail to comply with such order within fifteen days of the date of the same, the Magistrate may, on the application of the Commissioners, order such projection, encroachment or obstruction to be removed or altered; and thereupon the Commissioners may remove or alter such projection, encroachment or obstruction.

The Commissioners shall make reasonable compensation to every person who suffers damage by any removal or alteration under this section.

In determining the amount of compensation, the value of the land shall not be taken into consideration.

234. The Commissioners may grant permission to any person, for such period as they may think fit, to deposit any moveable property on any road, or to make an excavation in any road, or to enclose the whole or any part of any road, and may charge such fees as they may fix for such permission:

Provided that such person undertakes to make due provision for the passage of the public and to erect sufficient fences to protect the public from injury, danger or annoyance, and to light such fences from sunset to sunrise sufficiently for such purpose.

235. Every person intending to build or take down any house, or to alter or repair the outward part of any house, shall, if any public road will be obstructed or rendered inconvenient by means of such work, before beginning the same, cause sufficient hoards or fences to be put up in order to separate the house where such works are being carried on from the road, and shall keep such hoard or fence standing and in good condition, to the satisfaction of the Commissioners, during such time as the public safety or convenience requires, and shall cause the same to be sufficiently lighted during the night:

Provided that no person shall put up a hoard or fence without the written permission of the Commissioners, nor shall he keep up the said hoard or fence for a time longer than allowed in the said written permission.

Of Building Regulations.

236. The Commissioners at a meeting may direct that, within certain limits, to be fixed by them, the external roofs and walls of huts or other buildings which may thereafter be erected, or the roofs or walls of which may thereafter be renewed or repaired, shall not be made of grass, leaves, mats or other inflammable materials.

237. Before beginning to build or rebuild

If within fourteen days after receiving the plan as aforesaid, the Commissioners fail to signify their approval or disapproval of the levels and width of foundation walls shown in such plan, or to fix other levels and width of foundation walls, the person giving notice may, unless sanction has been refused under section two hundred and thirty-eight, proceed to build or rebuild the house in accordance with the levels and width of foundation walls shown in the plan:

or if, when a plan has been required under section two hundred and thirty-nine, the house is built or begun to be built before such plan has been approved, or before the expiration of fourteen days after the submission of such plan;

or if, after the Commissioners have directed that the house be not begun to be built without

their sanction, the said house is built or begun to be built without such sanction;

or if, when levels and width of foundation walls have been fixed by the Commissioners, the house is built or begun to be built in accordance with levels and foundation walls other than those fixed;

missioners at a meeting may require the owners or occupiers of the huts, or at the option of the Commissioners the owner of

the land on which such huts are built, to carry out and execute, within a reasonable time, to be fixed by the Commissioners for such purpose, all or any of the works specified in the aforesaid report or any portion thereof respectively, and if such owner, owners, or occupiers shall fail to comply with such requisition, the Commissioners themselves may execute all or any of such works.

247. The Commissioners at a meeting may order that any expenses payable in respect of any work done by them in consequence of the failure of the owners or occupiers to execute such work when required to do so under the last preceding section, shall be recovered by instalments from the person liable to pay the same; or if it should appear to them that the said person is unable by reason of poverty to pay the same, may order the same, or any portion thereof, to be paid out of the Municipal Fund.

248. If any of the said huts be pulled down, the Commissioners shall cause the materials of each hut to be sold separately, if such sale can be effected, and the proceeds shall be paid to the owner of the hut, or, if the owner be unknown, or the title disputed, shall be held in deposit by the Commissioners, until the person interested therein shall obtain the order of a Civil Court of competent jurisdiction for the payment of the same.

Of the Regulation of the Sale of Food, Drink, and Drugs.

249. Every owner, or occupier, or farmer, of any place for the sale of meat, poultry, fish, or vegetables, or of any slaughter-house, within the limits of a Municipality, shall cause such drains to be made therein as shall be considered sufficient by the Commissioners, and (if required so to do by the Commissioners) shall cause all the floors and drains to be paved with stone or burnt brick, and shall also cause a supply of water to be provided, sufficient for keeping such place or slaughter-house in a clean and wholesome state.

250. Any Magistrate, on the application of the Commissioners or any of their officers setting forth that there is just cause to believe that any article which has been rendered or has become noxious or unfit for use as food or drink for man, is in the possession of any person for the purpose of being sold, or offered or exposed for sale, within the limits of a Municipality, as food or drink for man, may grant a warrant to enter upon the premises of such person, and to search for and seize such article.

And if it appear to the said Magistrate that the same is noxious or unfit for such use, he shall order it to be forfeited and disposed of in such way as to him shall seem proper.

251. The Commissioners, or any person authorized by them in that behalf, may at all reasonable times enter into and inspect any market, buildings, shop, stall, or place used for the sale of meat, poultry, fish, vegetables, corn, bread, flour, wine, spirits, butter, ghee, or other food or drink, or as a slaughter-house, and

may examine any of the aforesaid articles of food or drink which may be therein; and in case any of the aforesaid articles of food or drink appear to be intended for the food or drink of man, and to be unfit for such food or drink, may seize the same.

And if it appear to a Magistrate that any of the aforesaid articles of food or drink is unfit for the food or drink of man, he shall order the same to be destroyed, or to be so disposed of as to prevent its being exposed for sale or used for such food.

252. No shop or place shall be kept for the retail sale of drugs recognized by the British Pharmacopœia, not being also articles of ordinary domestic consumption, unless the same shall have been registered in the office of the Commissioners. Any keeper of such shop or place failing to register the same within two months after this section shall come into force, or within two months from the date of the establishment of such place, shall be liable to a fine not exceeding one hundred rupees. The Commissioners shall, upon registration, grant the keeper of such shop or place a license which he shall be bound to display in some conspicuous part of his premises.

No person shall compound, mix, prepare, dispense, or sell any drug in any such registered shop or place unless he be duly certified as a fit person to be entrusted with such duties under rules made for that purpose by the Local Government:

Provided that the provisions contained in the second clause of this section shall not come into operation until after the expiration of a period of six months from the publication of a notification to that effect in the *Calcutta Gazette* by the Local Government.

Nothing in this section contained shall be construed to apply to the sale of drugs used by practitioners of indigenous medicines, whether recognized by the British Pharmacopœia or not, when such drugs are not sold in a shop or place where medicines recognized by such Pharmacopœia are dispensed upon prescription.

253. The Commissioners, or any person authorized by them in that behalf, may at all reasonable times enter into and inspect any place kept for the sale of drugs, or in which drugs are sold, and if they have reason to suspect that any drug in the said place is adulterated, or by reason of age or the effect of climate has become inert or unwholesome, or has otherwise become deteriorated in such a manner as to lessen its efficacy, to change its operation, or to render it noxious, may remove the same on giving a receipt therefor, specifying the nature and quantity of the drug removed, and its approximate value; and if it appear to a Magistrate that the said drug removed as aforesaid is adulterated or has become inert, unwholesome, or deteriorated as aforesaid, he may order the same to be destroyed, or to be so disposed of as to him may seem fit.

If it shall appear to the said Magistrate that the drug so removed is not adulterated or has not become inert, unwholesome, or deteriorated as aforesaid, the person from whose shop or place it has been taken shall be

If the drug removed as aforesaid is not brought before a Magistrate, it shall be restored to the person from whose shop or place it was taken, and such person shall be entitled to compensation for any actual loss which he may have sustained by the removal of the said drug.

Of Burial and Burning-Grounds.

254. Within three months from the date on which this and the six next succeeding sections may come into force as provided in section two hundred and twenty-two, every place which is used as a burial or burning-ground for corpses shall be registered as such by the owner thereof in the office of the Commissioners, but no fee shall be charged for such registry.

255. No burial or burning-ground, whether public or private, shall be made or formed, or, having lapsed into disuse, shall be again used as such, otherwise than with the permission of the Commissioners, or under the authority of the Local Government.

256. If it shall appear to the Commissioners at a meeting that any public or private burial or burning-ground is dangerous to health or offensive to the tax-payers, or to the inhabitants of the neighbourhood, and also that a suitable place for interment or burning, as the case may be, exists within a convenient distance, and is open and available to the inhabitants of the Municipality, the Commissioners shall give public notice of their intention to close such burial or burning-ground, and shall consider any objections which may be preferred within fifteen days of the publication of such notice; after considering such objections they may, by notification to be affixed on some conspicuous part of the ground, appoint a time, not being less than two months, for the closing of such burial or burning-ground.

If any building is attached to, and used in connection with, a burning-ground closed under this section, the Commissioners shall, if the owner of such building make an application to them in that behalf, take over the same on payment of a fair price therefor.

257. After the expiration of the three months, mentioned in section two hundred and fifty-four, no corpse shall be buried or burnt otherwise than in a place which is borne on the register of the Commissioners as an open burial or burning-ground; but the Commissioners may grant special permission for a corpse to be buried or burnt elsewhere.

258. After the expiration of not less than twenty-four hours from the death of any person, the Commissioners may cause the corpse of such person to be burnt or buried, and the expenses thereby incurred shall be recoverable as a debt due from the estate of such person. In every such case,

the corpse shall be disposed of, so far as may be possible, in a manner consistent with the religious tenets of the deceased.

259. The Commissioners at a meeting may, from time to time, out of the Municipal Fund, with the sanction of the Local Government, provide fitting places to be used as burial or burning-grounds, and may impose a fee not exceeding two rupees in respect of every corpse buried or burnt within such burial or burning-grounds.

260. The Commissioners at a meeting may, from time to time, out of the Municipal Fund, provide for the burial and burning of paupers free of charge, within the limits of the Municipality.

Of certain Offensive and Dangerous Trades or Occupations.

261. Within such local limits as may be fixed by the Commissioners at a meeting, no place shall be used without a license from the Commissioners, which shall be renewable annually, for any of the following purposes, namely—

melting tallow;
boiling offal or blood;
skinning or disembowelling animals;
as a soap-house, oil-boiling house, dyeing-house;
as a tannery, slaughter-house, or kiln for making bricks, pottery, tiles or lime;
as a manufactory or place of business from which offensive or unwholesome smells may arise;
as a yard or dépôt for trade in hay, straw, wood, thatching-grass, jute, or other dangerously inflammable material;
as a store-house for kerosine, petroleum, naphtha, or any inflammable oil or spirit;
as a shop for the sale of meat;
or as a lodging-house or a serai.

Such license shall not be withheld unless the Commissioners have reason to believe that the business which it is intended to establish or maintain would be offensive or dangerous to persons residing in or frequenting the immediate neighbourhood.

The Commissioners may levy a fee in respect of such license and the renewal thereof, and may impose such conditions upon the license as they may think necessary.

262. If it be shewn to the satisfaction of the Commissioners at a meeting that any place licensed under section two hundred and sixty-one, is a nuisance to the neighbourhood, they may, notwithstanding anything contained in the said section, give notice to the occupier to discontinue the use of such place within one month after the date of such notice.

263. Within such limits as the Commissioners at a meeting may determine, no milkman, cartman, livery stable-keeper, or keeper of hackney carriages shall keep horses, ponies, or cattle, exceeding ten in number, for

the purpose of trade or business, except in a place licensed by the Commissioners.

The Commissioners may license places for such purpose, and may levy a fee not exceeding one rupee on the issue and renewal of any such license. Such license shall be renewed in the fifth and seventh months of each year.

It shall be in the discretion of the Commissioners at a meeting to grant any such license subject to such conditions as they may think fit.

264. The Commissioners may provide public stables for the accommodation of horses and cattle, and may direct that, within such limits as they shall at a meeting determine, no person shall keep horses or cattle exceeding ten in number, for the purpose of trade or business, except in such public stables, or in places licensed under the preceding section.

The Commissioners may charge such reasonable fees as they shall think fit for the use of such public stables.

265. Within such limits as the Commissioners may direct, no person shall keep any pig-sty adjoining or near a road unless it is shut out therefrom by a sufficient wall or fence, and in no place within such limits shall more than ten pigs or more than twenty sheep or goats be kept without the written permission of the Commissioners.

The Commissioners may charge an annual fee not exceeding two rupees for such permission, and may impose such conditions in respect of such permission as they may think necessary.

Penalties.

266. Any person constructing a privy within a Municipality, and failing to have it shut out from view, as in section two hundred and twenty-five required, shall be liable to a fine not exceeding twenty rupees.

267. Whoever erects a hut, or any range or block of huts or sheds, or adds to any hut or shed, or to any range or block already existing, contrary to the provisions of section two hundred and forty-three; and whoever fails to remove such hut, block of huts, or shed, when required by the Commissioners to do so, shall be liable to a fine not exceeding twenty rupees for every such offence, and to a further fine, not exceeding five rupees, for each day during which the offence is continued after he has been convicted of such offence.

268. PART VII.

Of a Water-supply.

279. In any Municipality to which the provisions of this Part shall be extended in the manner prescribed by section two hundred and twenty-two, it shall be lawful for the Commissioners to impose an annual water-rate not exceeding six per cent. on the annual value of holdings, when the houses and lands are situated in streets supplied with water, and not exceeding five per cent. when the houses and lands are situated in streets not so supplied.

The said water-rate shall be paid by the occupiers of the holdings by quarterly instalments in advance.

280. The annual value of holdings shall be the value determined by the Commissioners for the imposition of the rate on holdings under the provisions of Part IV of this Act, or if no such rate on holdings be imposed, the annual value shall be ascertained and determined in the manner provided in that Part. Add the provisions of sections ninety-six to one hundred and nine (both inclusive), and one hundred and twelve to one hundred and thirty (both inclusive), shall *mutatis mutandis*, and so far as they are not inconsistent with the provisions of this Part, be applicable to the assessment and collection of the water-rate.

the house or land in respect of which the water-rate shall have been assessed, such person may recover from the owner one-fourth of the water-rate so paid, or recovered, and may deduct the same from the rent payable by him to such owner.

282. Whenever any house or land has been

to the Commissioners one-fourth of the sum which would have been payable as water-rate by the occupier if such house or land had been occupied.

The sum payable by the owner under this section shall be deemed to be due on the first day of the quarter following that in respect of which the said sum is payable.

house or land shall, during the quarter for which such instalment shall have been paid, cease to be occupied, the person who shall have paid such water-rate shall be entitled to be repaid by the Commissioners three-fourths of such sum as shall bear to the amount paid by him the same proportion which the residue of the quarter bears to the entire quarter:

Provided that notice shall have been given in writing to the Commissioners of such house or land being unoccupied, and that the application for refund be made within six months next after the date on which the house or land ceased to be occupied.

The date on which the said notice is delivered at the office of the Commissioners shall, for the purposes of this section, be deemed to be the date on which the house or land ceased to be occupied.

284. Whenever any house or land which shall

forthwith payable by the occupier in respect of such house or land a sum calculated at one-fourth of the rate that would have been payable if the house or land had been occupied during the entire quarter for the period during which the house or land was not occupied, and the full rate, for the residue of the quarter.

And such occupier shall be entitled to deduct from the rent, or otherwise recover from the owner, one-fourth of the water-rate that would have been payable if the house or land had been occupied during the entire quarter.

285. Whenever any person holding any house

into any house or land, and the pipes, works, and fittings inside the house or land, must in all cases be executed subject to the inspection and satisfaction of the Commissioners.

Such communication pipes, works, and fittings may be made by the servants and workmen of the Commissioners upon such terms as may be agreed upon between the Commissioners and the person requiring the supply, or subject to such charges as may be fixed by the Commissioners; and the Commissioners may require the amount necessary

for the execution of such works to be paid or deposited before such works are executed:

And if such officer at any such time be refused admittance into such house or land for the purposes aforesaid, or be prevented from making such examination, the Commissioners may forthwith cut off the supply of water from such house or land:

Provided that nothing hereinbefore contained shall authorize an entry into any room appropriated for the zenana or residence of women, which, by the custom of the country, is considered private, unless a notice in writing of not less than four hours be given.

295. The Commissioners at a meeting may determine what quantity of water shall be supplied to the occupier of every house, free of further charge, for every rupee paid to the Commissioners as water-rate on account of such house.

If the Commissioners have reason to believe that the occupier of any house consumes more water than he is entitled to as aforesaid, it shall be lawful for them to provide a water meter at their own expense, and to attach the same to the water-pipes of the said house: and any water which may be used over and above the quantity to which the occupier is entitled as aforesaid, shall be paid for by him at such rate as the Commissioners at a meeting may determine.

296. It shall be at the option of the Commissioners to provide filtered or unfiltered water for all latrines and water-closets, and it shall be lawful for them to require that all latrines and water-closets supplied with water, filtered or unfiltered, shall be provided with a cistern of such size and description as the Com-

299. Any person otherwise causing waste of water supplied by the Commissioners shall be liable to a fine not exceeding five rupees.

Person causing waste of water liable to penalty.

300. It shall be within the discretion of the Commissioners to allow any person not residing within the limits of the Municipality to take or be supplied with water for domestic use, on such terms as the Commissioners in meeting may from time to time prescribe.

Commissioners at their discretion may allow person outside the town to take water.

And any person taking or causing to be taken for use, outside the limits of the Municipality, water supplied by the Commissioners, without the permission of the Commissioners, shall be liable to a fine not exceeding fifty rupees.

301. Before a connection for the supply of water from the service pipes of the Commissioners to any house or land is sanctioned, the Commissioners may cause all the works, pipes, and fittings within the said house or land to be inspected by an officer appointed by them in that behalf.

Before connection an officer of the Commissioners to cause all works and pipes to be inspected.

And the cost of such inspection shall be payable in advance by the person applying for such connection at such rates as the Commissioners in meeting shall from time to time direct.

And until such officer shall have certified to the Commissioners that the works, pipes, and fittings have been executed and put up in a satisfactory manner, a connection with the Commissioners' service pipes shall not be permitted.

302. The connection with the service pipes of the Commissioners, as also the laying of supply pipes under any public road or thoroughfare, shall be executed by an officer of the Commissioners authorized in that behalf and by no other person.

Connection with service pipes to be executed only by an officer of the Commissioners.

And the expense of making such connection shall be payable in advance by the person applying for the same, at such rates as the Commissioners in meeting shall from time to time direct.

303. Any person who shall unlawfully flush, draw-off, divert or take water from any water-works belonging to, or under the control of, the Commissioners, or from any water or streams by which such water-works are supplied, shall be liable to a fine not exceeding one hundred rupees.

304. No works for introducing a supply of water to any house shall be commenced by the owner without sending a specification and estimate of the cost thereof to the occupier, nor by the occupier without sending such specification and estimate to the owner.

305. Except in the case of a special agreement to the contrary, the owner of any house or land shall bear the expense of keeping all works connected with the supply of water to such house or land in substantial repair:

Provided that nothing in this section shall affect the liabilities of parties under leases executed previous to the extension of this Part to the Municipality in which the said house or land is situated.

306. All public tanks, reservoirs, cisterns, wells, aqueducts, conduits, tunnels, pipes, pumps, and other water-works, whether made, laid or erected at the cost of the Commissioners or otherwise, and all bridges, buildings, engines, works, materials, and things connected therewith, or appertaining thereto, and also any adjacent land (not being private property) appertaining to any public tank, shall become vested in the Commissioners.

307. The water-rate and all moneys collected, received or recovered for or in respect of the supply of water or the execution of works, and all fines connected therewith, or in any respect relating to the water-supply, shall be applied by the Commissioners in defraying the expense of making, extending or maintaining the water-works, in paying the interest of money borrowed for the water-works, and in the liquidation of debts incurred in connection therewith, or for some other purpose connected with the supply of water.

PART VIII.

Of Lighting with Gas.

308. In any Municipality in which this Part shall have been introduced in the manner provided in section two hundred and twenty-two it shall be lawful for the Commissioners from time to time to submit to the Local Government, for its sanction, a plan for lighting with gas any portion of any area situate within the municipal limits, whether so lighted already or not, such portion of the said area having been previously defined by the Commissioners at a meeting held for that purpose. The Local Government shall cause the

plan to be published for one month in the *Calcutta Gazette*, and the Commissioners shall publish it in the vernacular within the limits of the Municipality; and after such publication, and after consideration of any objections which may be raised to it, or alterations suggested in it, the Local Government may, if satisfied that the lighting proposed in the plan is proper and sufficient, sanction such plan, or may refuse its sanction thereto, or may return it to the Commissioners for alteration in certain particulars to be specified by it, and when altered may sanction it as altered. The Local Government shall cause its sanction to any plan to be notified in the *Calcutta Gazette*, and shall at the same time cause the plan sanctioned to be published in the said *Gazette*.

309. After notification by the Local Government in the last preceding section mentioned, it shall be lawful for the Commissioners to impose an annual rate not exceeding three per centum of their annual value upon all holdings situated within such portion of the said area for the purpose of defraying the whole expense of lighting:

Provided that, as regards any portion of the said area already lighted with gas, for the future lighting of which a plan shall have been sanctioned by the Local Government under the provision of the last preceding section, if it shall appear that the estimated proceeds of the said rate at three per centum will not be sufficient to defray the whole expense of such lighting, it shall be lawful for the Commissioners to impose a rate sufficient to defray the whole expense of lighting such portion.

310. The rate imposed under the last preceding section upon holdings shall be paid by the occupiers thereof by quarterly instalments in advance; but no rate shall be leviable until the lamps in the portion of the area to be lighted shall have been lighted; nor shall any rate be leviable for any quarter or portion of a quarter antecedent to such lighting.

311. The annual value of holdings shall be the value determined by the Commissioners for the imposition of the rate on holdings under the provisions of Part IV of this Act, or if no such rate on holdings be imposed, the annual value shall be ascertained and determined in the manner provided in that Part. And the provisions of sections ninety-six to one hundred and nine (both inclusive), and one hundred and twelve to one hundred and thirty (both inclusive), shall *mutatis mutandis*, and so far as they are not inconsistent with the provisions of this Part, be applicable to the assessment and collection of the lighting-rate.

312. If any holding shall be occupied by more than one tenant holding severally, or shall be of less annual value than one hundred rupees, it, shall be lawful for the Commissioners to recover the rate from the owner of such holding.

313. Whenever any rate shall be recovered from any owner of any holding under the provisions of the last preceding section, it shall be lawful for such owner, if there shall be but one occupying tenant of such entire holding, to recover from such tenant the entire amount of the rate which shall have been so paid by such owner; and if there shall be one occupying tenant of a part of such holding or more than one occupying tenant of such holding, then to recover from such tenant or each of such tenants, such sum as shall bear to the entire amount of rate which may have been so recovered from such owner, the same proportion as the value of the portion of such holding in the occupation of such tenant bears to the entire value of such holding, subject, however, to the provisions of the next succeeding section.

314. Every owner who, under the provisions of the last preceding section, may be entitled to recover any sum from any occupying tenant of any holding or of any portion thereof, shall have for the recovery of such sum all such and the same remedies, powers, rights, and authorities as if such sum were rent payable to such owner by such tenant in respect of so much of such holding as may be in the occupation of such tenant.

315. Every occupier shall be liable to the lighting-rate for the time of his occupation. When any person shall have been an occupier for a part only of any quarter, he shall be liable only for so much of the rate for that quarter as may be proportionate to the number of days during which he shall have been an occupier.

If he shall have paid the rate in advance, the amount paid in excess of the sum due under this section shall be refunded.

No such rate shall be chargeable to any person on account of any unoccupied holding for the time during which it may remain unoccupied:

Provided always that when any person ceases to be the occupier of any holding upon which the rate has been assessed, he shall give the Commissioners notice to that effect within seven days from the date of the cessation of his occupancy. If the occupier fail to give such notice within such period, he shall be liable to the rate assessed on such holding for the whole quarter, although he may have occupied for a part only of such quarter; and in cases to which the provisions of section three hundred and twelve apply, the rate assessed on such holding for the whole quarter shall be recoverable from the owner, if such owner has failed to give notice that such holding is unoccupied, within seven days from the date on which it ceased to be occupied.

316. When the name of the owner or occupier of any holding is not known, it shall be sufficient to designate him, in any notice served or proceeding held under this Part, as the owner or the occupier of the holding

on which the rate is assessed, and without further description.

317. If the Commissioners deem it necessary for the purposes of this Part to raise, sink or otherwise alter the situation of any gas-pipe or other gas-work laid in any portion of the said area, they may from time to time, by notice in writing, require the person to whom any such pipe or work belongs, or under whose control it may be, to cause forthwith, or as soon as conveniently may be, any such pipe or work to be raised, sunk or otherwise altered in position, in such manner as the Commissioners may direct:

Provided that such alteration be not such as permanently to injure such pipe or work, or to prevent the gas from flowing as freely and conveniently as before; and the expenses attending such raising, sinking, or altering, and full compensation for the damage done thereby, shall be paid by the Commissioners out of the Municipal Fund as well to the person to whom such pipe or work belongs as to all other persons.

318. If the person to whom any such pipe or work belongs, or under whose control it may be, do not proceed forthwith, or as soon as conveniently may be, after the receipt of such notice, to cause the same to be raised, sunk or altered in such manner as the Commissioners require, the Commissioners may themselves cause such pipe or work to be raised, sunk or altered as they may think fit:

Provided that such works be not permanently injured thereby, or the gas prevented from flowing as freely and conveniently as before.

319. The provisions of this Part shall apply, so far as may be possible, to any scheme which may be adopted by the Commissioners of any Municipality for lighting the Municipality under any system involving the laying of pipes or wires or other similar apparatus.

PART IX.

Of the Construction and Cleansing of Latrines.

320. In any Municipality to which the provisions of this Part shall have been extended in the manner prescribed by section two hundred and twenty-two, the Commissioners may issue a notice declaring that, from a date to be specified in such notice, they will maintain an establishment for the cleansing of public and private latrines within the limits of the Municipality, or any part thereof; and the Commissioners shall make suitable provision accordingly.

321. When such provision has been made, the Commissioners may levy fees, to be fixed on such scale, with reference to the annual value of holdings within the limits of the Municipality, or such part thereof as aforesaid, as the Commissioners at a meeting may from time to time direct;

but the fee shall not exceed three rupees per annum where the valuation of the holding amounts to, or is less than, twenty-five rupees;

and the fee on any one holding shall not exceed four hundred and eighty rupees :

Provided that if, on the commencement of this Act, the owners or occupiers of any holding are already under engagement to pay to the Commissioners an annual sum exceeding four hundred and eighty rupees for the cleansing of their premises, such sum, or such other sum as may from time to time be agreed upon between them and the Commissioners, may be levied from them in accordance with the provisions of this Part.

322. The said fee shall be payable by the occupier for the time being of the holding, or by the

owner thereof under the next succeeding section, in quarterly instalments, and shall be recoverable in the manner prescribed for the recovery of the rate on the value of holdings in this Act.

Every instalment of the said fee shall be deemed to be due on the first day of the quarter in respect of which such instalment is payable.

The proceeds of the said fees shall be applied to the maintenance of the said establishment, and to the providing of public latrines, and generally to carrying out the provisions of this Part.

A list of the said fees, and of the persons liable to pay the same, shall be published once in every year as prescribed in section three hundred and fifty-four.

323. If any holding is occupied in severalty

may recover from each occupier such sum as shall bear to the entire amount of the fee so levied the same proportion as the value of the part of the holding in the occupation of such person bears to the entire value of such holding.

324. Every owner who, under the provisions

of the last preceding section, is entitled to recover any sum from the occupier of

any part of a holding, shall have for the recovery of the said sum all such and the same remedies, powers, rights, and authorities as if such sum were rent payable to him by the occupier in respect of such portion of the holding as may be in his occupation.

PART X.

Regulation of Markets.

335. In any Municipality to which this Part shall have been extended in the manner prescribed by section two hundred and twenty-two, the Commissioners at a meeting may provide land for the purpose of being used as a Municipal market; and may defray the cost of providing such land and of all expenses necessary for the establishment of such market from the Municipal Fund, and may take a lease of any market;

and may charge rent, tolls, and fees for the right to expose goods for sale in such market and for the use of shops, stalls, and standings therein.

All such rents, tolls and fees may be recovered as arrears of tax under the provisions of sections one hundred and twenty to one hundred and twenty-nine, both inclusive.

336. No place shall be deemed to be "a Municipal market" within the meaning of the last preceding section, and no place shall be deemed to be a market to which the following sections of this Part apply, unless at least thirty shops, stalls or standings are erected therein for the sale of goods.

337. The Commissioners at a meeting may order that, within such limits as they may fix, no land shall be used as a market for the sale of meat, fish, butter, ghee, fruits, vegetables, and similar provisions, otherwise than under a license to be granted by the Commissioners.

338. When the Commissioners at a meeting shall have issued an order under the last preceding section, they may at a meeting grant a license for the use of any land as a market for the sale of provisions as aforesaid within the Municipality.

339. Every license granted under this Part shall be liable to the payment of a fee not exceeding twenty-five rupees, and shall be in force until the end of the year, and the Commissioners may grant such license, year by year, on the certificate in writing under the hand of the Chairman, annually renewed, that the land is fit to be used as a market for the sale of provisions as aforesaid.

340. The Chairman, upon the application in writing of the owner of any land, shall grant such certificate unless the land be defective for the purposes of a market in drainage, ventilation, water-supply or proper width of paths and ways.

The owners or lessees of all land used as markets for the sale of provisions as aforesaid at the time of the extension of this Part to

the Municipality, shall be entitled to receive a license for the current year without the certificate required by section three hundred and thirty-nine, but in subsequent years the license shall not be renewed without such certificate.

341. Every license under this Part shall be registered in a book to be kept for that purpose by the Commissioners in their office, in which shall be stated—

(a) the name and address of the owner of the land and market;

(b) the name and address of the lessee thereof, (if any);

(c) the extent and boundary of the market;

(d) the description of articles sold therein; and

(e) the days on which the market will be held.

342. Every transfer of interest in any such market shall be registered within two months after the date of transfer.

343. Any market the license of which, or the transfer of interest in which, shall not have been duly registered under the two last preceding sections, shall be deemed to be land used as a market without a license.

344. Whoever, being the owner or occupier of any land wilfully or negligently permits the same to be used as a market for the sale of meat, fish, butter, ghee, fruits, vegetables or similar provisions without license under section three hundred and thirty-eight, shall be liable to a fine not exceeding two hundred rupees for every such offence, and to a further fine not exceeding forty rupees for each day during which the offence is continued, after conviction of such offence.

345. The Magistrate, on the application of the Commissioners, may order any land, in respect of which a conviction shall have been obtained under the last preceding section, to be closed as a market place, and thereupon may take order to prevent such land being so used; and every person who shall sell or expose for sale, meat, fish, butter, ghee, fruits, vegetables or similar provisions, on any land which shall have been so closed, shall be liable, for every such offence, to a fine not exceeding ten rupees.

PART XI.

Of the Registration of Births and Deaths.

346. The Commissioners of any Municipality, when required by the Local Government to do so, shall provide for the registration of births and deaths within the limits of the Municipality in accordance with the provisions of Bengal Act IV of 1873 (for registering births and deaths), or any other similar Act for the time being in force.

347. The Local Government may require the Commissioners of any Municipality to appoint and maintain at any burning ghat and burial-ground a Sub-Registrar for the registration of all corpses brought to such burning-ghat or burial-ground for cremation or interment.

348. Whenever a Sub-Registrar shall have been appointed for any burning-ghat or burial-ground under the last preceding section, information of the particulars required by section eight of Bengal Act IV of 1873 to be known and registered may be given in respect of the death of any person whose body is brought to such burning-ghat or burial-ground for cremation or interment to such Sub-Registrar, and information so given shall be deemed to be information given to the Registrar of the District as required by the said section.

Section nine of Bengal Act IV of 1873 shall be applicable to all Sub-Registrars appointed under this Act.

349. Whenever a death shall occur in any hospital within the limits of any Municipality in respect of which the Local Government has directed that all deaths shall be registered under Bengal Act IV of 1873, it shall be the duty of the Medical Officer in charge of such hospital forthwith to send a notice in writing of the occurrence of such death to the Commissioners in such form as the Local Government may prescribe; and in such case no other person shall be required to give information of such death to a Registrar under Bengal Act IV of 1873, or to a Sub-Registrar under this Act.

cause serious injury or annoyance to the Public, or to any class or body of persons.

When a Commissioner or Magistrate makes any order under this section, he shall forthwith forward a copy thereof, with a statement of his reasons for making it, to the Local Government, which may thereupon rescind the order or direct that it continue in force with or without modification, permanently or for such period as it thinks fit.

64. If at any time it appears to the Local Government, on the report of the Magistrate of the District, or of the Commissioner of the Division, that the Commissioners of any Municipality have made default in performing any duty imposed on them by or under this or any other Act, the Local Government may, by an order in writing, fix a time for the performance of that duty.

If that duty is not performed within the period so fixed, the Local Government may appoint the Magistrate of the District to perform it, and may direct that the expense of performing it shall be paid, within such time as it may fix, to the Magistrate from the Municipal Fund.

If the expense is not so paid, the Magistrate, with the previous sanction of the Local Government, may make an order directing the person having the custody of the balance of the Municipal Fund to pay the expense, or so much thereof as is from time to time possible, from the balance, in priority to any or all other charges against the same.

65. If, in the opinion of the Local Government, the Commissioners of any Municipality are not competent to perform, or persistently make default in the performance of the duties imposed on them by or under this Act or otherwise by law, or exceed or abuse their powers, the Local Government may by an order published, with the reasons for making it, in the *Calcutta Gazette*, declare such Commissioners to be incompetent, or in default, or to have exceeded or abused their powers, as the case may be, and supersede them for a period to be specified in the order.

When an order of supersession shall have been passed under the last preceding section, the following consequences shall ensue:—

(a) All the Commissioners shall, as from the date of the order, vacate their offices as such Commissioners.

(b) All the powers and duties of the Commissioners shall, during the period of supersession, be exercised and performed by such person or persons as the Local Government may direct.

(c) All property vested in such Commissioners shall, during the period of supersession, vest in the Government.

On the expiration of the period of supersession specified in the order, it shall be lawful

for the Local Government to direct that the Municipality shall be entered in the first Schedule, or the second Schedule, or in both the first and second Schedules; but otherwise the Commissioners shall be re-established by appointment and election, and the persons who vacated their offices under clause (a) shall not be deemed disqualified for appointment or election.

PART III.

OF THE MUNICIPAL FUND.

67. All sums received by the Commissioners, and all fines paid or levied in any Municipality under this Act, and all other sums which, under the sanction of Government, may be transferred to the Commissioners, shall constitute a fund which shall be called the "Municipal Fund," and shall, together with all property of every nature or kind whatsoever which may become vested in the Commissioners, be under their control, and shall be held by them in trust for the purposes of this Act.

68. The Commissioners shall set apart and apply annually out of the interest on loans and Municipal Fund,—
(a) firstly, such sum as may be required for the payment of the interest which may fall due on any loan contracted by the Commissioners;

(b) secondly, such sum as they are by this Act required to provide for payment of their own establishment, including such contributions as are referred to in section forty-eight;

(c) thirdly, such sum as the Local Government may direct towards the cost of audit, and towards the cost of establishments in any office of account or in any treasury:

Provided that the total amount which any Municipality may be required to pay under clause (c) shall not in any year exceed two per centum on the amount of the Municipal income for such year.

69. After the said sums have been set apart under the last preceding section, the Commissioners at a meeting shall, as far as the Municipal Fund permits, from time to time cause roads, bridges, tanks, ghats, wells, channels, drains and privies, being the property of the Commissioners, to be maintained and repaired, and the Municipality to be cleansed.

And may, subject to such rules and restrictions as the Local Government may from time to time prescribe, apply the Municipal Fund to any of the following purposes within the Municipality, that is to say—

(1) the construction and improvement of roads, tramways, bridges, squares, gardens, tanks, ghats, wells, channels, drains and privies;

(2) the supply of water, and the lighting and watering of roads;

(3) the erection and maintenance of offices and other buildings required for municipal purposes;

(4) other works of public utility calculated to promote the health, comfort or convenience of the inhabitants;

(5) the construction and repair of school-houses, and the establishment and maintenance of schools either wholly or by means of grants-in-aid;

(6) the establishment and maintenance of hospitals and dispensaries;

(7) the promotion of vaccination;

(8) the maintenance of a fire-brigade;

(9) and generally to carrying out the purposes of this Act:

Provided that no portion of the Municipal Fund shall be applied to the establishment and maintenance of any school, hospital or dispensary, or to the promotion of vaccination, unless such application be sanctioned by the consent of a majority of the Commissioners present at a meeting specially convened for considering such application, or held after special notice has been given that such application will be considered at such meeting.

The Commissioners may do all things, not being inconsistent with this Act, which may be necessary to carry out the purposes of this section.

70. With the consent of two-thirds of the Commissioners obtained in writing, and with the sanction of the Local Government, the Commissioners may contribute a portion of the Municipal Fund towards the expenses incurred in any other Municipality, or elsewhere, for any of the purposes mentioned in the last preceding section; or towards the salary of any officer under another authority whose services are employed by them; and also towards the expenses of making, maintaining, and repairing any work for the improvement of a river or harbour (by whomsoever such work may be done).

But no contribution shall be made under this section to any work unless the same is calculated to benefit the inhabitants of the contributing Municipality.

71. The account books of the Municipality shall be open to the inspection of any tax-payer at the office of the Commissioners on a day or days to be fixed in each month.

An account shewing the receipts and expenditure during the quarter, arranged under the proper heads and duly balanced, shall be prepared immediately after the close of each quarter, and shall, with the account books, be open to the inspection of any tax-payer.

A similar account shall be prepared for each year as soon as possible after its close, and shall be open to inspection as aforesaid.

72. The Commissioners at a meeting held at least two months before the close of the year, shall prepare in detail estimates shewing the probable receipts and expenditure during the ensuing year and the objects in respect of which it is proposed to incur such expenditure.

73. Copies of the estimates and translations thereof in the vernacular of the district shall be lodged in the office of the Commissioners.

During fourteen days after the estimates shall have been so lodged in the said office, of which due notice shall be locally published, the estimates and translations in the vernacular of the district shall be open to inspection at all reasonable times by any tax-payer of such Municipality who may desire to inspect the same.

Any written suggestion which may be deposited in the office of the Commissioners shall be recorded and laid before them for consideration at the next meeting.

74. After the expiration of the said fourteen days, and after such revision as may appear requisite, the estimates shall be transmitted to the Magistrate of the District.

75. The Magistrate may either forward the estimates to the Commissioner of the Division, or may return them to the Commissioners with such remarks and suggestions as he shall think fit to record. And the Commissioners at a meeting shall take into consideration the Magistrate's remarks, and shall either adopt his suggestions, or shall record in writing their reasons for refusing to do so: and the estimates shall thereupon be returned to the Magistrate for transmission to the Commissioner of the Division.

76. The Commissioner of the Division may either sanction the estimate as it stands, or sanction it after making such alterations therein as may seem to him fit, or may cause it to be returned to the Commissioners for such modifications as he may think necessary; and when such modifications have been made, the estimate shall be re-submitted for ratification to the Commissioner of the Division.

Provided that the Commissioner of the Division shall not raise the total of the proposed expenditure above the sum shewn by the estimate to be at the disposal of the Commissioners.

77. The Commissioners at a meeting may, from time to time, revise any estimate of expenditure with the view of providing for any modifications which they may deem it advisable to make in the appropriation of the amount at their disposal, and such revised estimate shall be published and forwarded in the manner hereinbefore prescribed; and the Magistrate and the Commissioner of the Division may deal with such revised estimate in the manner provided above.

78. After the estimates of the Municipality for the year shall have been sanctioned as above, the Commissioners at a meeting may, from time to time, by a general or a special resolution, authorize the expenditure of any sum provided in such estimates, or any part of such sum, for the purpose to which it has been assigned in such estimate.

Notwithstanding anything contained in this section, the Local Government may lay down such rules as it may think fit, limiting or regulating the powers of any Municipality in respect to the expenditure of money for purposes which are provided for in the budget estimates of the year.

79. If any work is estimated to cost above five thousand rupees, the Local Government may require the plans and estimates of such work to be submitted for its approval, or for the approval of any officer of Government, before such work is commenced.

Power of Local Government, if work estimated to cost more than Rs. 5,000:

And may require statements of the progress and completion of such work, with accounts of the expenditure on the same, to be submitted from time to time, in such form as it may prescribe, for its approval, or for the approval of such officer.

80. It shall not be lawful for the Commissioners to authorize the expenditure on any object during the year of a sum in excess of that which has been sanctioned in the estimate of the year, or in a revised estimate, for such object; but if it be found necessary in the course of the year, the Commissioners may recommend to the Commissioner of the Division that the allotments which have been made to the different heads of the estimate shall be modified by transfer of any amount from one head to another, and the Commissioner of the Division may sanction such transfers of allotment.

Disbursement of excess expenditure.

81. The Commissioners shall, at such time and in such form as the Local Government shall direct, furnish annually a report of their proceedings and statements of the works executed by them, and of all sums received and expended by them.

An annual report of proceedings, &c., to be submitted.

The report and any orders which may be passed thereon by Government shall be open to the inspection of the tax-payers at the office of the Commissioners, with the account books and the quarterly and the annual accounts.

82. The municipal accounts shall be kept in such form, and shall be audited each year in such manner as the Local Government shall direct.

Form and audit of accounts.

83. Unless the Local Government shall otherwise direct, all sums received on account of the Municipal Fund shall be paid into the Government treasury, or into any bank or branch bank used as a Government treasury in or near to the Municipality, and shall be credited to an account to be called the account of the Municipality to which they belong.

Custody of the Municipal Fund.

Provided that the Commissioners may invest any moneys not required for immediate use either in Government securities, or in any other form of security which may be approved of by the Local Government.

84. Unless the Commissioner of the Division shall expressly extend (as he is hereby empowered to do, on the recommendation of the Commissioners at a meeting) the limit of the powers of the Chairman or Vice-Chairman in this behalf, all orders for the payment of money from the Municipal Fund, if for a sum not above five hundred rupees, shall be signed by the Chairman or Vice-Chairman; and all orders for larger sums by both of the said officers, or by one of the said officers and another Commissioner.

Orders for payment of money.

No such orders shall be issued otherwise than for the payment of money of which the expenditure has been authorized by the Commissioners at a meeting, as provided in section seventy-eight.

PART IV.

OF MUNICIPAL TAXATION.

85. The Commissioners may, from time to time, at a meeting convened expressly for the purpose, of which due notice shall have been given, and with the sanction of the Local Government, impose within the limits of the Municipality one or other, but not both, of the following taxes:—

Alternative tax upon persons or holdings.

(a) a tax upon persons occupying holdings within the Municipality according to their circumstances and property within the Municipality:

Provided that the amount assessed upon any person in respect of the occupation of any holding shall not be more than eighty-four rupees per annum; or

(b) a rate on the annual value of all holdings situated within the Municipality:

Provided that such rate shall not exceed seven and a half per centum on the annual value of such holdings, except within the Municipalities of Dacca and Darjeeling, in which it shall not exceed ten per centum on such annual value; and provided also that no rate shall be imposed on any holding of which the annual value is less than six rupees.

86. The Commissioners may, from time to time, at a meeting convened as aforesaid, and with the sanction of the Local Government, order that the following tax, fee, tolls and rates, or any of them, be levied within the limits of the Municipality in addition to either of the taxes mentioned in the last preceding section:—

Additional taxes.

(a) a tax on carriages, horses, and other animals named in the fifth Schedule;

(b) a fee on the registration of carts;

(c) tolls on ferries and (subject to the provisions of sections one hundred and fifty-eight and one hundred and fifty-nine) tolls upon bridges and metalled roads;

(d) a water-rate not exceeding six per centum on the annual value of holdings when the houses and lands are situated in streets supplied with water, and not exceeding five per centum when the houses and lands are situated in streets not so supplied;

(e) a lighting rate not exceeding three per centum on such annual value;

(f) a fee for the cleansing of latrines.

Provided that the taxes mentioned in clauses (d), (e), and (f) shall not be levied in any Municipality unless the provisions of Part VII in respect of clause (d), or of Part VIII in respect of clause (e), or of Part IX in respect of clause (f), shall have been extended wholly or partly to such Municipality in the manner hereinafter provided

Of the Tax on Persons.

87. When it has been determined that a tax shall be imposed on persons occupying holdings within the Municipality, according to their circumstances and property, the Commissioners, after making such enquiries as may be necessary, shall cause to be prepared an assessment list which shall contain the following particulars, and any others which the Commissioners may think proper to include:—

- (a) name of the street or road in which the holding is situated;
- (b) number of the holding on the register;
- (c) name of the person occupying the holding, whether such person be assessed or exempted from assessment;
- (d) description of the holding, and of the property within the Municipality, and the profession or business of the person assessed;
- (e) amount of annual assessment;
- (f) amount of quarterly instalment;
- (g) if the occupier of the holding is exempted from assessment, a note to that effect.

The tax upon persons shall be payable in quarterly instalments by persons occupying holdings.

Such tax shall not be assessed or levied on any person in respect of the occupation of arable lands or of any building which is used exclusively as a place of public worship.

88. Save as is herein otherwise provided, every assessment of the tax upon persons shall take effect from the beginning of the year next following that in which the notice required by section one hundred and twelve is published, and shall be valid for three years and until the beginning of the year next after the date on which a new assessment or valuation may be published, or until the assessment and valuation be revised and amended:

Provided that when this Act is extended to any place, the first assessment may take effect from the beginning of the quarter next following that in which the said notice shall be published.

89. In any Municipality in which the tax on persons is imposed, no tax shall be assessed on any person in respect of his occupation of any holding which is the property of Government and used for the purposes of a public building, but a rate not exceeding seven and a half per centum may be assessed on the annual value of every such holding, to be ascertained in the manner prescribed by section one hundred and one, and such rate shall be payable by Government.

90. Whenever any tax shall have been assessed on any person in respect of his occupation of two or more holdings, and the aggregate of the amount so assessed upon him shall exceed eighty-four rupees per annum, such person may, within fifteen days of the publication of the notice required by section one hundred and twelve, apply to the Commissioners to cancel such assessment, and to substitute for the

total amount of tax so assessed upon him, in respect of the said holdings, a rate to be calculated at seven and a half per centum on the annual value of such holdings; and the Commissioners shall thereupon substitute such rate; and, for the purpose of calculating the amount of such rate, shall determine the annual value of the said holdings in the manner prescribed by section one hundred and one.

Every rate imposed under this section shall be payable by the occupier of the holdings so rated.

91. The Commissioners may exempt from assessment any person who may by them be deemed too poor to pay the tax; but the name of the occupier of every holding shall be included in the assessment list, whether he be assessed or exempted from assessment.

92. If any person mentioned in the assessment list shall at any time after the publication thereof have ceased to occupy any holding in respect of the occupation of which he has been assessed, or if the means and property in respect of which he has been so assessed shall have been reduced, the Commissioners may on his application exempt him from his assessment, or may revise the same; and such exemption or revision shall take effect from such date as the Commissioners may direct.

93. The Commissioners may, at any time after the publication of the notice required by section one hundred and twelve, assess any person who was without authority omitted from the assessment list, or whose liability to assessment has accrued thereafter, and may enhance any assessment which appears to them to be inadequate, and to have been so made owing to mistake or fraud.

Any assessment or enhancement made under this section shall take effect from the beginning of the quarter next following that in which such assessment or enhancement is made.

94. The Commissioners may at any time substitute for any name mentioned in the assessment list the name of any new occupier of a holding, and may assess the tax on such person, and such person shall be liable to pay such assessment from the date on which his occupation of the holding commenced.

95. If any holding shall become vacant in the course of the year, the assessment on account of the occupation of such holding shall cease to have effect from the first day of the quarter next following that in which it became vacant.

Of the Rate on the value of Holdings.

96. When it has been determined that a rate shall be imposed on the annual value of holdings, the Commissioners, after making such enquiries as may be necessary, shall determine the valuation of all holdings within the Municipality as hereinafter provided.

97. Save as is herein otherwise provided, such valuation shall be valid for three years from the date on which it first takes effect in the Municipality, and until the beginning of the

year next after the date on which a new valuation may be made, or until the valuation be revised and amended.

98. The rate on the value of holdings shall not be assessed or levied on any holding which is used exclusively as a place of public worship, or which is duly registered as a public burial or burning ground under section two hundred and fifty-four.

99. The Commissioners, in order to prepare the valuation list, may, whenever they think fit, by notice, require the owners or occupiers of all holdings to furnish them with returns of the rent or annual value thereof; and the Commissioners, or any person authorized by them in that behalf, at any time between sunrise and sunset, may enter, inspect, and measure any such holding after having given forty-eight hours' previous notice of their intention to the occupier thereof.

100. Whoever refuses or fails to furnish any such return for the space of one week from the day on which he shall have been required to do so, or knowingly makes a false or incorrect return, shall be liable to a fine not exceeding twenty rupees, and to a further daily fine not exceeding five rupees for each day during which he shall omit to furnish a true and correct return; and whoever hinders, obstructs, or prevents any Commissioner or any person appointed by the Commissioners as aforesaid, from entering, or inspecting, or measuring any such holding, shall be liable to a fine not exceeding two hundred rupees.

Provided also that where the actual cost so ascertained shall exceed one lakh of rupees, the percentage on the annual value to be levied in respect of so much of the cost as is in excess of one lakh of rupees shall not exceed one-fourth of the percentage determined by the Commissioners under Section one hundred and two.

percentage shall be rescinded, and until the Commissioners at a meeting shall determine some other percentage on the valuation of holdings at which the rate will be levied from the beginning of the next year:

If the owner of the house and the owner of the land do not agree in respect of the proportion of the rate so deducted by the owner of the house, the Commissioners shall, on the application of either party, make an award declaring the amount payable by each, and such award shall be final.

105. If the sum due from the owner of any holding remains unpaid after the notice of demand has been duly served, and such owner be not resident within the Municipality, or the place of abode of such owner be unknown, the same may be recovered from the occupier for the time being of such holding, who may deduct, from the next and following payments of his rent, the amount which may be so paid by or recovered from him:

If the said property or any part thereof belong to any person other than the defaulter, the defaulter shall be liable to indemnify the owner thereof for any damage he may sustain by reason of such distress, or by reason of any payment he may make to avoid such distress or any sale under the same.

122. Every warrant of distress and sale made. shall be under the last preceding section shall be issued by the Commissioners, and shall be in the form marked (C) in the fourth Schedule.

Provided that if the property is of a perishable nature, it may be sold at once with the consent

of the defaulter, or without such consent at any time after the expiry of six hours from the seizure.

123. The officer charged with the execution of the warrant may, under the special order of the Commissioners, between sunrise and sunset, break open any outer or inner door or window of a house, in order to make the distress, if he has reasonable ground for believing that such house contains any moveable property belonging to the defaulter, and if, after notification of his authority and purpose and demand of admittance duly made, he cannot otherwise obtain admittance :

Provided that he shall not enter or break open the door of any room appropriated for the zānanā, or residence of women, which, by the usage of the country is considered private, except after three hours' notice and opportunity given for the retirement of the women.

124. The surplus sale proceeds (if any) shall be credited to the Municipal Fund, and may be paid on demand to any person who establishes his right to the satisfaction of the Commissioners, or in a Court of competent jurisdiction.

The tax-collector or other officer authorized in that behalf shall make a return of all such sales to the Commissioners in the form marked (E) in the fourth Schedule.

128. No distress or sale made under this Act shall be deemed unlawful, nor shall any party making the same be deemed a trespasser on account of any error, defect, or want

of form in the bill, notice, summons, warrant of distress, inventory, or other proceeding relating thereto.

129. Instead of proceeding by distress and sale, or in case of failure to realize thereby the whole or any part of any tax, the Commissioners may sue the person liable to pay the same in any Court of competent jurisdiction.

130. The Commissioners may order to be struck off the books the amount of any tax or rate which may appear to them to be irrecoverable.

Of the Tax on Carriages, Horses, and other Animals.

131. When it has been determined that a tax on carriages, horses, and other animals specified in the fifth Schedule shall be imposed, the Commissioners at a meeting shall make an order that every carriage, horse, and every other animal of the kind specified in the said Schedule, which is kept or habitually used within, or which is let for hire within or without the Municipality, and habitually used within it, shall pay the tax, and shall cause such order to be published in the manner prescribed by section three hundred and fifty-four.

Such order shall be published at least one month before the beginning of the half-year in which such tax shall first take effect; and shall specify at what rates, not exceeding the rates given in the said Schedule, such tax shall be levied.

133. In any Municipality in which a tax has been imposed under section one hundred and thirty-one the owner of every carriage, horse, and other animal specified in the said Schedule shall, within the first month of each half-year, forward to the Commissioners a statement in writing, signed by him, containing a description of the carriages, horses, and other animals liable to the tax, for which he is bound to take out a license.

Such owner shall, at the same time, pay to the Commissioners such sum as shall be payable by him for the current half-year for the carriages, horses, and other animals specified in such statement, according to the rates specified in any order for the time being in force under the two last preceding sections.

134. If any person acquires possession, at any time after the commencement of any half-year, of any carriage, horse, or other animal specified in the Schedule, in respect of which no license has been given for such half-year, he shall forward a statement as above required within one month of the date on which he may have acquired possession thereof, and shall pay such amount of the tax as shall bear the same proportion to the whole tax for the half-year as the unexpired portion of the half-year bears to the half-year; and such amount shall be calculated from the date on which such person may have acquired possession as aforesaid.

135. On receiving the amount of the tax due as aforesaid, the Commissioners, or some person authorised by them in that behalf, shall give to the person paying the same a license for the several carriages, horses, and other animals for the period in respect of which the amount is received.

Such license shall be for the current half-year and no longer.

136. Whenever the owner of any carriage, horse, or other animal liable to pay the said tax is not resident within the limits of the Municipality to the Commissioners of which the tax is due, the person in whose immediate possession the carriage, horse, or other animal is for the time being kept shall take out a license for the same.

137. Whoever keeps, or is in possession of, any carriage, horse, or other animal, without the license required by any of the three last preceding sections, shall be liable to a fine not exceeding three times the amount payable by him in respect of such license, exclusive of the amount so payable.

138. The Commissioners, in their discretion, may compound, for any period not exceeding one year, with livery stable-keepers and other persons keeping carriages or animals for hire, for a certain sum to be paid for the carriages or animals so kept by such person, in lieu of the tax at the rates specified in any order made by the Commissioners under sections one hundred and thirty-one and one hundred and thirty-two.

139. The Commissioners shall, from time to time, cause to be prepared and entered in a book, to be kept by them, and to be open to the inspection of any person interested therein, a list of the persons to whom, during the then current half-year a license has been given, and of the carriages, horses, and other animals in respect of which they have paid the tax.

140. The Commissioners, or any person authorized by them in that behalf, may, at any time between sunrise and sunset, enter and inspect any stable or coach-house, or any place wherein they may have reason to believe that there is any carriage, horse, or other animal liable to the tax, for which a license has not been duly taken out.

And the Commissioners may summon any person whom they have reason to believe to be liable to the payment of any such tax, or any servant of such person, and may examine such person or servant as to the number and description of the carriages, horses, and other animals in respect of which such person is liable to be taxed.

141. On proof being given to the satisfaction of the Commissioners that a carriage, horse, or other animal for which a license has been taken out for any half-year has ceased to be kept or to be used within the Municipality during the course of such half-year, the Commissioners shall order a refund of so much of the tax for the half-year as shall bear the same proportion to the whole tax for the half-year as the period during which such carriage, horse, or other animal has not been kept or used in the Municipality bears to the half-year; but no such refund shall be allowed unless notice be given to the Commissioners within one month of the time when such use of such carriage, horse, or other animal ceased, and, except for special cause shown, the Commissioners shall pass no order for refund until after the close of the half-year in respect of which the refund is claimed.

Of the Registration of Carts.

142. The Commissioners at a meeting may make and publish an order that every cart, which is kept or habitually used within, or which is let for hire within or without the Municipality and habitually used within it, shall be registered by the Commissioners with the name and residence of the owner; and shall bear the number of registration in such manner as the said Commissioners shall direct:

Provided always, that such order shall be published at least one month before the beginning of the half-year in which such order for registration shall be enforced.

This section shall not apply to—

(a) carts which are the property of the Government or of the Commissioners;

(b) carts which are kept without the limits of the Municipality, and are only temporarily and casually used within such limits;

(c) carts in the Suburbs of Calcutta.

143. The registration of carts under the last preceding section shall be made, and the numbers assigned yearly or half-yearly, upon such days as the Commissioners shall notify; and such fee as they shall from time to time fix and notify, not exceeding four rupees if the registration has effect for a year, and not exceeding two rupees if the registration has effect for half a year, shall be paid for each registration.

144. Any person becoming possessed of any cart which has not been registered for the then current period of registration, shall register the same within one month from the date on which he may have become possessed thereof, and the Commissioners shall grant registration in any such case on payment of such amount of the fee as shall bear the same proportion to the whole fee for the current period of registration as the unexpired portion of the current period of registration bears to the whole of such period; and such fee shall be calculated from the date on which such person may have become possessed as aforesaid.

145. When the ownership of any registered cart is transferred within any period of registration, it shall be registered anew within one month of the transfer in the name of the person to whom it has been transferred, and a fee not exceeding four annas shall be paid for every such last-mentioned registration.

146. Whoever keeps, or is in possession of, a cart not duly registered as required by any of the three last preceding sections, shall be liable to a fine not exceeding three times the amount payable by him in respect of such registration, exclusive of the amount so payable; and whoever, being the owner or driver of any cart, shall fail to affix thereto the registration number as required by section one hundred and forty-two, shall be liable to a fine not exceeding five rupees.

147. If any person owns or keeps any cart hereinbefore required to be registered without having caused the same to be registered, the Commissioners, or any person authorized by them in that behalf, may seize and detain such cart (provided the same be not employed at the time of seizure in the conveyance of any passengers or goods), together with the animals drawing the same; and all police officers are required, on the application of the Commissioners, or of any servant of the Commissioners duly authorized in that behalf, to assist in the said seizure.

After such seizure, the Commissioners shall forthwith issue a notice in writing that after the expiration of ten days they will sell such vehicle and animals by auction at such place as they may state in the notice; and any registration fee, together with the cost arising from such seizure and custody, remains unpaid for ten days after the issue of such notice, the Commissioners may sell the property seized for payment of the said fee, and of all expenses occasioned by such non-payment, seizure, custody and sale.

The surplus sale proceeds (if any) shall be credited to the Municipal Fund; and may be paid on demand to any person who establishes his

right to the satisfaction of the Commissioners, or in a Court of competent jurisdiction.

Provided that if, at any time before the sale is concluded, the person whose cart has been seized shall tender to the Commissioners, or to the person authorized by them to sell the cart, the amount of all the expenses incurred, and the registration fee payable by him, the Commissioners shall forthwith release the cart so seized.

Notwithstanding anything contained in this section, the surplus of the sale proceeds of a cart seized under this section may be devoted to the payment of any fine imposed under the last preceding section; and any cart which has been seized under this section may be sold for the realization of any such fine.

Of Tolls on Ferries.

148. The Local Government may, with the consent of the Commissioners, make over to the Commissioners any existing public ferry within or adjacent to the limits of the Municipality, to be administered by them until the Local Government shall otherwise direct.

149. The Commissioners may also, with the sanction of the Local Government, declare that any other ferry within, or adjacent to, the limits of the Municipality is a Municipal ferry, and the profits derivable therefrom shall thenceforward be carried to the credit of the Municipal Fund:

Provided that due compensation shall be made by the Commissioners to any person for the loss which he may have sustained in consequence of such ferry being declared to be a Municipal ferry.

The amount of compensation due in such cases shall be ascertained and awarded by the Magistrate under the provisions of section four of Bengal Act I of 1866 (to amend certain provisions of Regulation VI of 1819), or any similar law for the time being in force.

150. Every Municipal ferry shall be maintained by the Commissioners, and they shall do all things necessary to provide for the safety and convenience of travellers, and the safety of property to be conveyed on such ferry.

151. When it has been determined to impose tolls on Municipal ferries, the Commissioners at a meeting shall make and publish an order specifying the rates, and, with the sanction of the Commissioner of the Division, the rates at which such tolls shall be levied.

Such rates may from time to time be varied with the like sanction.

152. No person shall be liable to pay any toll for crossing any river or stream at or near a Municipal ferry, unless he avails himself of the means provided by the Commissioners for crossing such river or stream.

153. Every lease of a ferry given by the Commissioners as herein-after provided shall be liable to be cancelled at once, if it shall appear to the Commissioners at a meeting that the lessee has failed to make due provision for the convenience or safety of the public within fifteen days after being required to do so by a notice in writing from the Commissioners.

On the cancellation of a lease, the Commissioners may take possession of all boats and other appliances which have been used by the lessee in the working of the ferry; and may either retain the same permanently on payment of a fair price to the proprietor, or may re-let them for such time as may be necessary, not exceeding three months, until they can make arrangements for such other boats and appliances as may be necessary, in which case the Commissioners shall pay a fair sum to the owners for the use of the said boats and appliances:

Provided that within a week of taking such possession, the Commissioners shall be bound to give notice to the said lessee of their intention to retain the said boats and appliances permanently, or for a period to be specified in the notice.

154. Any collector or lessee of tolls, or his agent, may refuse to convey any person or goods across a Municipal ferry until the proper toll has been paid, and may require any person who refuses to pay the toll to leave the boat and to remove his goods from it.

Any person who refuses to leave a Municipal ferry-boat or to remove his goods therefrom when required to do so under this section, shall be liable to a fine not exceeding ten rupees.

155. No person shall keep a ferry-boat for the purpose of plying for hire within a distance of two miles above or below any Municipal ferry without the previous sanction, of the Commissioners, if he plies within the limits of the Municipality, of the Magistrate of the District, if without such limits, or of the Magistrate of the District and the Commissioners, if one of the two banks between which he plies is within, and the other bank is without, such limits.

This section shall not apply to any private ferry which may be in existence at the commencement of this Act.

156. Of Tolls on Bridges and Roads.

157. The Local Government may, with the consent of the Commissioners at a meeting, make over to the Commissioners any existing toll-bar within the limits of the Municipality, to be administered by them until the Local Government

shall otherwise direct; every toll-bar while so administered shall be deemed to be a Municipal toll-bar, and the profits derivable therefrom, or such part thereof as shall be agreed upon between the Local Government and the Commissioners, shall be carried to the credit of the Municipal Fund.

158. The Commissioners at a meeting, with the sanction of the Local Government, may establish a toll-bar and levy tolls on any bridge or metalled road which they may have constructed after the commencement of this Act, or at any place within the Municipality adjacent to such bridge or metalled road at which tolls may conveniently be levied on vehicles and animals passing over such bridge or road; and the profits derivable therefrom shall be carried to the credit of the Municipal Fund:

Provided that no such toll-bar shall be established, or tolls levied, otherwise than for the purpose of recovering the expenses incurred in constructing such bridge or road, and in maintaining such bridge or road in repair for the five years next after the construction thereof, together with interest on such expenses as herein-after provided.

159. Whenever a toll-bar shall have been established, and tolls shall be levied, as provided in the last preceding section, the Commissioners shall at the end of each year publish, by causing it to be posted up at their office, an abstract account shewing—

(1) the amount of expenses incurred in the construction of such bridge or road, and in the maintenance of the same;

(2) the amount of interest which has accrued due thereon, at the annual rate of six per centum; and

(3) the amount which has been received from the profits of the said toll-bars since its establishment.

And as soon as such expenses and interest shall have been recovered as aforesaid, such toll-bars shall be removed, and tolls shall no longer be levied on such bridge or road.

160. When it has been determined that tolls shall be levied on any such bridge or road, the Commissioners at a meeting shall make and publish an order, with the sanction of the Commissioner of the Division, specifying the rates at which such tolls shall be levied.

Such rates may from time to time be varied with the like sanction.

161. Any collector or lessee of tolls may refuse to allow any person to pass through any Municipal toll-bar until the proper toll has been paid.

162. Whoever, having driven any vehicle or animal (not exempted from toll) through a toll-gate, refuses to pay the toll, or, with intent to evade payment of the toll, fraudulently avoids passing through such toll-gate, shall be liable to a fine not exceeding fifty rupees.

163. If the toll due on any vehicle or animal is not paid on demand, the person authorized to collect the same may seize such vehicle or animal, or any part of its burden of sufficient value to defray the toll, and shall give immediate notice of such seizure to the Commissioners.

After such seizure, the Commissioners shall forthwith issue a notice in writing that, after the expiration of ten days, they will sell the property seized by auction at such place as they may state in the notice; and if any toll, together with the cost arising from such seizure and custody, remain undischarged for ten days after the issue of such notice, the Commissioners may sell the property seized, for discharge of the toll, and of all expenses occasioned by such non-payment, seizure, custody and sale.

The surplus sale proceeds (if any) shall be credited to the Municipal Fund, and may be paid on demand to any person who establishes his right to the satisfaction of the Commissioners, or in a Court of competent jurisdiction.

Provided that if, at any time before the sale has been concluded, the person whose property has been seized shall tender to the Commissioners, or to the officer appointed by them to sell the property, the amount of all the expenses incurred and of the toll payable, the Commissioners shall forthwith release the property seized.

Notwithstanding anything contained in this section, the surplus of the sale proceeds of any property seized under this section may be devoted to the payment of any fine imposed under the last preceding section; and any property which has been seized under this section may be sold for the realization of any such fine.

Of general provisions relating to Tolls on Ferries and Roads.

164. The Commissioners may grant a lease of any Municipal ferry or toll-bar for any period not exceeding three years.

165. A table of tolls legibly written in the vernacular of the district shall be hung up, in some conspicuous position at each end of every Municipal ferry,

and in some conspicuous position near every Municipal toll-bar, so as to be easily read by all persons required to pay the toll.

166. Whoever, being a toll-collector or lessee of a Municipal ferry or toll-bar, neglects to hang up a table of tolls as required by the last preceding section, shall be liable to a fine not exceeding fifty rupees, and to a further fine, not exceeding ten rupees, for each day during which the offence is continued after he has been required by a notice in writing to desist from such offence.

167. The Commissioners, or the lessee of any Municipal ferry or toll-bar, may compound with any person for a certain sum to be paid by such person for himself, or for any vehicles or animals kept by him, in lieu of the ordinary toll payable.

168. No tolls shall be paid for the passage of troops on the march, or of animals or vehicles employed in the transport of such troops;

or of military or Government stores, or the persons in charge of them;

or of military or police officers, or of any public or Municipal officer on duty, or of any person in their custody, or of any property belonging to them or in their custody, or of any vehicle or animal employed by such persons for the transport of such property;

or of conservancy carts or other vehicles or animals belonging to the Commissioners, or of the persons in charge of them;

or of any animals, whether belonging to Government or otherwise, which are attached to a regiment or a Military Department, and which pass through a toll-bar, provided that tolls shall be leviable for conveying such animals over a ferry.

And the Commissioners or their lessees shall not be bound to allow any person or thing not specified above, to cross a ferry or to pass a toll-gate without payment of the prescribed toll.

But the Commissioners at a meeting may exempt any other class of persons or things from payment of the said toll; and in granting a lease of any ferry or toll-bar may stipulate that any Municipal servants and property and any other persons or things shall be allowed to pass without payment of the toll.

169. In all cases of resistance to the person authorized to collect tolls, police officers shall assist when required, and for that purpose shall have the same powers as they have in the exercise of their ordinary police duties.

170. Whoever, being authorized under this Act to collect tolls, demands or takes any higher tolls than the tolls authorized under this Act, shall be liable to a fine not exceeding fifty rupees, and in default of payment to one month's imprisonment.

171. If the Local Government has declared that the provisions of the Canals Act, 1864, or any other similar law for the time being in force, are applicable to any navigable channel which passes through the limits of a Municipality, it may, with the consent of the Commissioners, appoint the Commissioners to collect tolls, as provided in section eight of the said Act, until the Local Government shall otherwise direct; and the profits derivable therefrom, or such part thereof as shall be agreed upon between the Local Government and the Commissioners, shall be carried to the credit of the Municipal Fund.

In such case, the Commissioners shall exercise all the powers vested by such Act in the Collector.

172. The Local Government may at any time order that the Commissioners, or any person authorized by them, shall cease to levy any tolls under the last preceding section, and may at any time withdraw such order.

PART V.

MUNICIPAL REGULATIONS WHICH SHALL BE GENERALLY IN FORCE IN ALL MUNICIPALITIES.

General.

173. The provisions of this Part shall be in force in every Municipality, unless and until the Local Government shall otherwise direct.

174. The Local Government may, at any time, make an order directing that all or any of the said provisions shall not be in force in any Municipality, or in any part thereof; and the provisions mentioned in such order shall cease to be in force in such Municipality, or part thereof, from the date specified in such order.

The Local Government may at any time cancel or modify any order made under this section.

175. Whenever it is provided in this Part or in Part VI that the Commissioners or the Commissioners at a meeting may require the owners or the occupiers, or the owners and occupiers, of any land, to execute any work or to do anything within a specified time, such requisition shall be made, as far as possible, by a notice to be served as provided in sections three hundred and fifty-six and three hundred and fifty-seven, on every owner or occupier who is required to execute such work or to do such thing; but, if there be any doubt as to the persons who are owners or occupiers, such requisition may be made by a notification to be posted up on or near the spot at which the work is required to be executed or the thing done, requiring the owners or the occupiers, or the owners and occupiers, of any land, to execute such work or to do such thing within a specified time; and in such notification it shall not be necessary to name the owners or occupiers.

Every requisition as aforesaid shall give notice to the persons to whom it is addressed that, if they fail to comply with the requisition, or to prefer an objection against such requisition as provided in the next succeeding section, the Commissioners will enter upon the land and cause the required work to be executed, or the required thing to be done; and that in such case the expenses incurred thereby will be recovered from the persons who are required in such requisition to execute such work or do such thing.

176. Any person who is required by a requisition as aforesaid to execute any work or to do anything, may, instead of executing the work or doing the thing required, prefer an objection in writing to the Commissioners against such requisition within five days of the service of the notice or posting up of the notification containing the requisition; or, if the time within which he is required to comply with the requisition be less than five days, then within such less time.

Except as provided in the next succeeding section, such objection shall be heard and disposed of by the Chairman or Vice-Chairman.

177. If the objection shall allege that the cost of executing the work or of doing the thing required will exceed three hundred rupees, such objection shall be heard and disposed of by the Commissioners at a meeting; and unless the Chairman or Vice-Chairman shall certify that such cost will not exceed three hundred rupees, in which case the objection shall be heard and disposed of by the Chairman or Vice-Chairman.

Procedure if person objecting alleges that work will cost more than Rs. 300.

Local Government may order Commissioners to cease levying tolls.

Local Government may order provisions of this Part to be not in force in any Municipality.

Procedure, when owners or occupiers required to execute works by Commissioners.

Person required to execute any work may prefer objection to the Commissioners.

Operation of this Part.

Provided that in any case in which the Chairman or Vice-Chairman shall have certified his opinion as aforesaid, and the objection shall in consequence thereof have been heard and disposed of by the Chairman or Vice-Chairman, the person making the objection may, if the requisition made upon him is not withdrawn on the hearing of his objection, pay in the said sum of three hundred rupees to the Commissioners as the cost of executing the work or doing the thing required; whereupon such person shall be relieved of all further liability and obligation, in respect of executing the work or doing the thing required, and in respect of paying the expenses thereof, and the Commissioners themselves shall execute such work, or do such thing, and shall exercise all powers necessary therefor.

178. The Chairman or Vice-Chairman, or the Chairman, &c., may make order after hearing objection. Commissioners at a meeting, as the case may be, shall, after hearing the objection and making any inquiry which they may deem necessary, record an order withdrawing, modifying, or making absolute the requisition against which the objection is preferred; and if such order does not withdraw the requisition, it shall specify the time within which the requisition shall be carried out, which shall not be less than the shortest time which might have been mentioned under this Act in the original requisition.

179. If the person making such objection be present at the office of the Commissioners, the said order shall be explained to him orally; and if such order cannot be so explained, notice of such order shall be served as provided in section three hundred and fifty-six on the person making the objection; and such explanation of, or service of, the notice of the said order shall be deemed a requisition duly made under this Act to execute the work or do the thing required.

180. If the person or persons required to execute the work or to do the thing fail, within the time specified in any requisition as aforesaid, to begin to execute such work or to do such thing, and thereafter diligently to continue the same to the satisfaction of the Commissioners until it is completed, the Commissioners or any person authorized by them in that behalf may, after giving forty-eight hours' notice of their intention by a notification to be posted up on or near the spot, enter upon the land and perform all necessary acts for the execution of the work or doing of the thing required; and the expenses thereby incurred shall be paid by the owners or by the occupiers, if such requisition was addressed to the owners or to the occupiers respectively, and by the owners and the occupiers, if such requisition was addressed to the owners and the occupiers.

181. Whenever any expenses incurred by the Commissioners are to be paid by the owners of any lands provided in the last preceding section, the Commissioners may, if there be more than one owner, apportion the said expenses among such of the owners as are known in such manner as to the Commissioners may seem fit.

And whenever any such expenses are to be paid by the occupiers of any land, as provided in the last preceding section, the Commissioners may, if there be more than one occupier, apportion the said expenses among such of the occupiers as are known in such manner as to the Commissioners may seem fit.

182. Whenever any expenses incurred by the Commissioners are to be paid by the owners and occupiers of any land, as provided in section one hundred and eighty, the Commissioners may apportion the said expenses among the said owners and occupiers or such of them as are known in such manner as to the Commissioners may seem fit.

183. Whenever any works or any alterations and improvements of which the Commissioners are authorized by this Part or Part VI to require the execution, are executed by the occupier on the requisition of the Commissioners, or are executed by the Commissioners, and the cost thereof is recovered from the occupier, the cost thereof may, if the Commissioners shall certify that such cost ought to be borne by the owner, be deducted by such occupier from the next and following payments of his rent due or becoming due to such owner, or may be recovered by him in any Court of competent jurisdiction.

184. Any owner or occupier of land may contest his liability to pay any expenses or fees under this Part or Part VI, or may contest the amount which he has been called upon to pay, in a Civil Court of competent jurisdiction:

Provided that the fact of such action having been instituted shall be no bar to the recovery of the said amount, in the manner provided by section three hundred and sixty.

185. Where any damages or compensation, other than compensation payable under section thirty-five, are by this Act directed to be paid by the Commissioners, the amount, and if necessary, the apportionment of the same, shall in case of dispute be ascertained and determined by a Civil Court of competent jurisdiction.

Of Sewage, Offensive Matter, Rubbish, Pricies and Drains.

186. The Commissioners shall provide all establishments, cattle, carts, and implements required for the removal of sewage, offensive matter and rubbish.

187. The Commissioners at a meeting may, from time to time, by an order published as prescribed in section three hundred and fifty-four, appoint the hours within which it shall be lawful to remove offensive matter and the manner in which the same shall be removed, and may provide places convenient for the deposit thereof, and may require the occupiers of houses to cause the same to be deposited daily, or at other stated

intervals, in such places, and may remove the same at the expense of the occupier from any house if the occupier thereof fails to do so in accordance with this Act.

188. Whenever such order shall have been published, no mehter or other servant of the Commissioners employed to remove or deal with sewage, offensive matter or rubbish, shall withdraw from his duties without the permission of the Commissioners, unless he has given notice in writing not less than one month previously of his intention so to withdraw.

Any mehter or other such person who, after the said publication, withdraws from his duties without giving such notice as aforesaid, shall be liable to rigorous imprisonment for a term not exceeding one month, and shall forfeit all salary which may be due to him.

189. The Commissioners at a meeting may, from time to time, by an order published as prescribed in section three hundred and fifty-four, appoint the hours within which only every occupier of any house or land may place rubbish on the public road adjacent to his house or land in order that such rubbish may be removed by the Commissioners; and the Commissioners may charge such fees as they may think fit in respect of the removal of such rubbish, with the consent of the occupier of any house or land, from such house or land, or in respect of the removal from such public road of any rubbish which has accumulated in the exercise of a trade or business.

190. All drains, privies and cess-pools shall be subject to the inspection and control of the Commissioners.

191. The Commissioners, or any officer authorized by them in that behalf, may inspect all privies, drains and cess-pools at any time between sunrise and sunset, after six hours' notice in writing to the occupier of any premises in which such privies, drains or cess-pools are situated, and may, if necessary, cause the ground to be opened where they or he may think fit for the purpose of preventing or removing any nuisance arising from such privies, drains, or cesspools; and the expenses thereby incurred shall be paid by the owner or occupier of such premises.

192. Whenever the Commissioners are satisfied that the existence of such privy, drain or cess-pool is attended with risk of disease to the inhabitants of the neighbourhood, they may direct the use of such disinfectants or deodorants as they shall specify in such privy, drain or cess-pool, in such quantities or for such time as they shall think fit. The Commissioners shall, if necessary, themselves supply such disinfectants or deodorants for such use at cost price, and the expense thereby incurred shall be considered as an arrear of tax, and be recoverable as such from the owner of such privy, drain, or cess-pool; or the Commissioners may, if they think fit, order that such expense shall be paid from the Municipal Fund.

193. The Commissioners may provide and maintain, in sufficient numbers and in proper situations, common privies and urinals for the separate use of each sex, and shall cause the same to be kept in proper order and to be properly cleansed.

194. The Commissioners may license such necessaries for public accommodation as they from time to time may think proper.

195. Whenever any land being private property, or within any private enclosure, appears to the Commissioners, by reason of thick or noxious vegetation or jungle, or inequalities of surface, to afford facilities for the commission of a nuisance, or by want of drainage to be in a state injurious to health, or offensive to the neighbourhood, the Commissioners may require the owners or occupiers, or the owners and occupiers of such land, within fifteen days, to clear and remove such vegetation, or level such surface or drain such land:

Provided that if, for the purpose of effecting any drainage under this section, it shall be necessary to acquire any land not being the property of the person who is required to drain his land, or to pay compensation to any other person, the Commissioners shall provide such land and pay such compensation.

196. All sewage, rubbish, and offensive matter collected by the Commissioners from roads, privies, sewers, cess-pools, and other places, shall be the property of the Commissioners, who shall have power to sell or otherwise dispose of the same; and the money arising from the sale thereof shall be carried to the credit of the Municipal Fund.

197. All existing public sewers, drains, and other conservancy works, shall be under the direction and control of the Commissioners, who shall have power to construct any further works of that nature which they may consider necessary.

Of Bathing and Washing Places and Tanks.

198. All streams, channels, water-courses, tanks, reservoirs, springs and wells, not being private property, shall, for the purposes of this Act, be under the direction and control of the Commissioners.

199. The Commissioners may, by order published at such places as they may think fit, set apart convenient tanks, or parts of rivers, streams, or channels, not being private property, for the supply of water for drinking and for culinary purposes; and may prohibit therein all bathing, washing of clothes and animals, or other acts calculated to pollute the water set apart for the purposes aforesaid;

and may similarly set apart a sufficient number of the same for the purpose of bathing, and a sufficient number for washing animals and clothes, or for any other purpose connected

with the health, cleanliness, or comfort of the inhabitants.

The Commissioners may similarly take such order as they think fit with the private portion of any stream or channel used as a part of the public water-supply.

200. The Commissioners may require the owners or occupiers, or the owners and occupiers, of any land, within eight days, or such longer period as the Commissioners may fix, to cleanse any water-course, private tank, or pool therein, and to drain off and remove any waste or stagnant water which may appear to be injurious to health or offensive to the neighbourhood:

Provided that if, for the purpose of effecting any drainage under this section, it shall be necessary to acquire any land not being the property of the person who is required to drain his land or to pay compensation to any other person, the Commissioners shall provide such land and pay such compensation.

Of Obstructions and Encroachments on Roads.

201. The Commissioners may close temporarily any road or part of a road for the purpose of repairing such road, or for the purpose of constructing any sewer, drain, culvert, or bridge, or for any other public purpose:

Provided that the Commissioners so closing any road shall be bound to provide reasonable means of access for persons occupying holdings adjacent to such road.

Whenever, owing to such repairs or constructions, or from any other cause, any road or part of a road, shall be in a state which is dangerous to passengers, the Commissioners shall cause sufficient barriers or fences to be erected for the security of life and property, and shall cause such barriers or fences to be sufficiently lighted from sunset to sunrise.

202. The Commissioners may issue a notice requiring any person to remove any wall which he may have built, or any fence, rail, post, or other obstruction or encroachment, which he may have erected in or on any road or open drain, sewer, or aqueduct, after the date on which the District Municipal Improvement Act, 1864, or the District Towns Act, 1868, or the Bengal Municipal Act, 1876, as the case may be, took effect in the Municipality; or in case neither of the said Acts was in force in the Municipality before the commencement of this Act, then after the date on which this Act may have been extended thereto; and if such person shall fail to comply with such requisition within eight days of the receipt of the same, the Magistrate may, on the application of the Commissioners, order that such obstruction or encroachment be removed; and thereupon the Commissioners may remove any such obstruction or encroachment; and the expenses thereby incurred shall be paid by the person who erected the same.

No person shall be entitled to compensation in respect of the removal of any wall, fence, rail, post, or other obstruction under this section.

203. If the person who built or erected the said wall, fence, rail, post, or other obstruction or encroachment is not known, or cannot be found, the Commissioners may cause a notice to be posted up in the neighbourhood of the said wall, fence, rail, post, or other obstruction or encroachment, requiring any person interested in the same to remove it, and it shall not be necessary to name any person in such requisition; and if the said wall, fence, rail, post, or other obstruction or encroachment, be not removed in compliance with the requisition contained in such notice within eight days of the posting up of the same, the Magistrate may, on the application of the Commissioners, order that such obstruction or encroachment be removed; and thereupon the Commissioners may remove any such obstruction or encroachment, and may recover the cost of such removal by sale of the materials so removed.

The surplus sale proceeds (if any) shall be credited to the Municipal Fund, and may be paid on demand to any person who establishes his right to the satisfaction of the Commissioners, or in a Court of competent jurisdiction.

204. The Commissioners may give notice in writing to the owner or occupier of any house requiring him to remove or alter any projection, encroachment, or obstruction erected or placed against or in front of such house which may have been so erected or placed after the date on which the District Municipal Improvement Act, 1864, or the District Towns Act, 1868, or the Bengal Municipal Act, 1876, as the case may be, took effect in the Municipality; or in case neither of the said Acts was in force in the Municipality before the commencement of this Act, then after the date on which this Act may have been extended thereto, if the same overhangs the road, or juts into, or in any way projects or encroaches upon, or is an obstruction to the safe and convenient passage along any road;

or obstructs, or projects, or encroaches into, or upon any aqueduct, drain, or sewer in such road.

And if such owner or occupier shall fail to comply with such requisition within eight days of the receipt of the same, the Magistrate may, on the application of the Commissioners, order that such projection, encroachment, or obstruction be removed or altered, and thereupon the Commissioners may remove or alter such projection, encroachment or obstruction, and the expenses thereby incurred shall be paid by the owner or occupier so making default.

No person shall be entitled to compensation in respect of the removal of any projection, obstruction, or encroachment under this section.

205. Every order made by the Magistrate under sections two hundred and two, two hundred and three, two hundred and four, or two hundred and thirty-three shall be deemed to be an order made by him in the discharge of his judicial duty; and the Commissioners shall be deemed to be persons bound to execute such orders of a Magistrate within the meaning of Act XVIII of 1850 (*for the protection of Judicial Officers*).

206. Whenever any house, part of which projects beyond the regular line of a road, or drain, or beyond the front of the house on either side thereof, shall be burnt down or otherwise destroyed, or shall be taken down in order to be rebuilt or repaired, the Commissioners may require the same to be set back to, or beyond, the line of the road, or drain, or the line of the adjoining house, and may pay reasonable compensation to the owner of such house if any damage shall be thereby sustained.

207. Whenever any private house, wall, or other erection, or any tree, shall fall down and obstruct any public drain or encumber any public highway, the Commissioners may remove such obstruction or incumbrance at the expense of the owner of the same, or may require him to remove the same within such time as to the Commissioners shall seem fit.

208. The Commissioners may require the owner or occupier of any land within three days to trim or prune the hedges bordering on any road, and to cut and trim any trees overhanging any road and obstructing the same or causing damage thereto.

Of General Conservancy and Improvement.

209. If any well, tank, or other excavation, whether on public or private ground, be, for want of sufficient repairs or protection, dangerous to passengers, the Commissioners shall forthwith, if it appears to them to be necessary, cause a temporary hoard or fence to be put up for the protection of passengers, and may require the owners or occupiers, or the owners and occupiers of the land on which such tank, well or other excavation is situated, within seven days properly to secure or protect such well, tank or other excavation.

210. If any house, wall, structure, or any thing affixed thereto, be deemed by the Commissioners to be in a ruinous state, or in any way dangerous, they shall forthwith, if it appears to them to be necessary, cause a proper hoard or fence to be put up for the protection of passengers, and may require the owners or occupiers, or the owners and occupiers of the land to which such house, wall or structure is affixed, within seven days to cause such repairs to be made to such house, wall or structure as they may consider necessary for the public safety, or to remove such house, wall, structure or thing affixed thereto.

211. If the Commissioners shall have caused any repairs to be made to any house or other structure, and if such house or other structure be unoccupied, the Commissioners may enter upon possession of the same, and may retain possession thereof until the sum expended by them on the repairs be paid to them.

212. The materials of anything which shall have been pulled down or removed under the provisions of section two hundred

and ten may be sold by the Commissioners, and the proceeds of such sale may be applied, so far as the same will extend, to the payment of the expenses incurred.

The surplus sale proceeds (if any) shall be credited to the Municipal Fund, and may be paid on demand to any person who establishes his right to the satisfaction of the Commissioners or in a Court of competent jurisdiction.

213. The Commissioners may, by published order, appoint from time to time certain periods within which any dogs without collars or other marks distinguishing them as private property, found straying in the roads or beyond the enclosures of the houses of the owner of such dogs, may be destroyed; and such dogs may be destroyed in accordance with such order.

214. The Commissioners at a meeting may offer rewards for the destruction of noxious animals within the limits of a Municipality.

215. The Commissioners at a meeting may cause a name to be given to any road and to be affixed in such place as they may think fit, and may also cause a number to be affixed to every house; and in like manner may from time to time cause such names and numbers to be altered,

Penalties.

216. Any person who, in any Municipality—
(1) places, or allows his servants to place, rubbish on a public road at other than the times appointed by the Commissioners under the provisions of section one hundred and eighty-nine; or

(2) destroys, pulls down, defaces, or alters any name or number put up by the Commissioners under the authority of section two hundred and fifteen,

shall, for every such offence, be liable to a penalty not exceeding twenty rupees.

217. Any person who, in any Municipality—

(1) being the occupier of a house in or near a public road, keeps, or allows to be kept, for more than twenty-four hours, or for more than such shorter time as may be prescribed by a bye-law, otherwise than in some proper receptacle, any dirt, dung, bones, ashes, night-soil or filth, or any noxious or offensive matter, in or upon such house, or in any out-house, yard or ground attached to and occupied with such house, or suffers such receptacle to be in a filthy or noxious state, or neglects to employ proper means to cleanse the same; or

(2) keeps any public necessary without a license from the Commissioners under section one hundred and ninety-four; or having a license for a public necessary, suffers such necessary to be in a filthy or noxious state, or neglects to employ proper means for cleansing the same; or

(3) being the owner or occupier of any private drain, privy or cess-pool, neglects or refuses, after warning from the Commissioners, to keep the same in a proper state; or

(4) disobeys an order passed by the Commissioners under the provisions of section one hundred and ninety-nine; or

(5) encroaches upon any road, drain, sewer, aqueduct, or water-course by making any excavation, or by erecting any wall, fence, rail, post, or other obstruction, shall, for every such offence, be liable to a penalty not exceeding fifty rupees.

218. Whoever, being an owner or occupier of any house or land within a Municipality, fails to comply with a requisition issued by the Commissioners under the provisions of sections two hundred and two, two hundred and four, or two hundred and eight, shall be liable, for every such default, to a penalty not exceeding fifty rupees, and to a further penalty, not exceeding ten rupees, for every day during which the default is continued after the expiration of eight days from the date of service on him of such requisition.

PART VI.

Of Special Regulations.

220. No provision contained in this Part, or in Parts VII, VIII, IX or X, shall apply to any Municipality, unless and until it has been expressly extended thereto by the Local Government in the manner provided by the next succeeding section.

221. The Commissioners may apply, in pursuance of a resolution passed at a meeting specially convened to consider the question, to the Local Government, to extend to the Municipality all or any of the provisions of this Part, or of Parts VII, VIII, IX or X; or to exclude from the operation of the said provisions, or any of them, any place within the Municipality.

And the Local Government may thereupon make order accordingly.

222. Every such order shall be published in the *Calcutta Gazette*, and the Commissioners shall, within fifteen days of such publication, cause a

copy of the same, with a translation thereof into the vernacular of the district, to be posted up at their office, with a notice of the date on which such order shall take effect, and shall cause the same to be published as prescribed in section three hundred and fifty-four.

And the said provisions shall come into force in the Municipality from the date so fixed:

Provided that the date so fixed shall not be less than fifteen days after the publication under the said section, or more than three months after the publication of the order of the Local Government as aforesaid in the *Calcutta Gazette*.

223. The Local Government, on a similar application made by the Commissioners, may at any time cancel or modify an order made under section two hundred and twenty-one, and such cancellation or modification shall be published, and shall take effect in the manner prescribed by the last preceding section.

Of Privies, Drains, and Excavations.

224. The Commissioners may require the owners or occupiers, or the owners and occupiers, of any land, within fifteen days, to repair and make efficient any drain, privy or cess-pool, or to remove any privy or close any cess-pool which is situated on such land.

225. Every person constructing a privy shall have such privy shut out by a sufficient roof and wall or fence from the view of persons passing by, or residing in, the neighbourhood: and the Commissioners may require any owner or occupier of land on which a privy stands to cause the same to be shut out from view as aforesaid within fifteen days.

226. If any person, without the written consent of the Commissioners first obtained, makes or causes to be made, or alters or causes to be altered, any drain leading into any of the sewers or drains vested in the Commissioners, the Commissioners may cause such branch drain to be demolished, altered, re-made, or otherwise dealt with as they shall think fit; and the expenses thereby incurred shall be paid by the person making or altering such branch drain.

227. If any land, being within one hundred feet of a sewer, drain or other outlet into which such land may, in the opinion of the Commissioners, be drained, is not drained to the satisfaction of the Commissioners, the Commissioners may require the owner, within one month, to drain the said land into such sewer, drain or outlet.

228. If it appear to the Commissioners that a group or block of houses may be drained or improved more economically or advantageously in combination than separately, and a sewer, drain or other outlet already exists within one hundred feet of any part of such group or block of houses, the Commissioners may cause such group or block of houses to be so drained and improved; and the expenses thereby incurred shall be recovered from the owners of such houses in such proportions as shall to the Commissioners seem fit.

229. If any branch drain, privy or cess-pool be constructed contrary to the directions and regulations of the Commissioners, or contrary to the provisions of this Act; or if any person, without the consent of the Commissioners, constructs, re-builds or unstops any branch drain, privy or cess-pool which has been ordered by them to be demolished or stopped up, or not to be made, the Commissioners may cause such amendment or alteration to be made in any such drain, privy or cess-pool as they think fit, or may cause the same to be removed; and the expenses thereby incurred shall be paid by the person by whom such drain, privy or cess-pool was improperly constructed, re-built or unstopped.

230. No person shall, without the written permission of the Commissioners, construct or keep any latrine, urinal, cess-pool, house-drain or other receptacle for sewage or other offensive matter, within fifty feet of any public tank or watercourse, or a tank or watercourse which the inhabitants of any locality use.

The Commissioners may require any owner and occupier upon whose land any latrine, urinal, cess-pool, house-drain or other receptacle so situated exists, or may hereafter be constructed, to remove the same within eight days.

231. No person shall, without the written permission of the Commissioners, construct a privy with a door or trap-door opening on to any road or drain. The Commissioners may require any owner or occupier upon whose land any such privy exists to move the same within eight days.

232. The Commissioners at a meeting may, by a general order, prohibit the making of excavations for the purpose of taking earth or stone therefrom, or for the purpose of storing rubbish or offensive matter therein, and the digging of cess-pools, tanks or pits without special permission previously obtained from them.

If any such excavation, cess-pool, tank or pit is made after the issue and publication of such order without such special permission, the Commissioners may require the owners and occupiers of the land on which such excavation, cess-pool, tank or pit is made, within two weeks, to fill up such excavation.

Of Obstructions and Encroachments on Roads.

233. The Commissioners at a meeting may determine on the removal or alteration, as they shall think fit, of any projection, encroachment or obstruction which may have been erected or placed against, or in front of, any house on any road within the limits of the Municipality before the date on which the District Municipal Act, 1864, or the District Towns Act, 1868, or the Bengal Municipal Act, 1876, as the case may be, came into force in the Municipality, or in case neither of the said Acts was in force in the Municipality before the commencement of this Act, then before the date on which this Act may have been extended thereto.

Notice in writing shall be given to the owner or occupier of such house requiring him to remove or alter the said projection, encroachment or obstruction, or to show cause before the Commissioners why he should not be required so to do; and if such owner or occupier shall fail to comply with such requisition within thirty days of the receipt of the same, or if after such owner or occupier shall have shown cause against being required to remove or alter the said projection, encroachment or obstruction, the Commissioners shall make an absolute order directing such removal or alteration; and if such owner or occupier shall fail to comply with such order within fifteen days of the date of the same, the Magistrate may, on the application of the Commissioners, order such projection, encroachment or obstruction to be removed or altered; and thereupon the Commissioners may remove or alter such projection, encroachment or obstruction.

The Commissioners shall make reasonable compensation to every person who suffers damage by any removal or alteration under this section.

In determining the amount of compensation, the value of the land shall not be taken into consideration.

234. The Commissioners may grant permission to any person, for such period as they may think fit, to deposit any moveable property on any road, or to make an excavation in any road, or to enclose the whole or any part of any road, and may charge such fees as they may fix for such permission:

Provided that such person undertakes to make due provision for the passage of the public and to erect sufficient fences to protect the public from injury, danger or annoyance, and to light such fences from sunset to sunrise sufficiently for such purpose.

235. Every person intending to build or take down any house, or to alter or repair the outward part of any house, shall, if any public road will be obstructed or rendered inconvenient by means of such work, before beginning the same, cause sufficient hoards or fences to be put up in order to separate the house where such works are being carried on from the road, and shall keep such hoard or fence standing and in good condition, to the satisfaction of the Commissioners, during such time as the public safety or convenience requires, and shall cause the same to be sufficiently lighted during the night:

Provided that no person shall put up a hoard or fence without the written permission of the Commissioners, nor shall he keep up the said hoard or fence for a time longer than allowed in the said written permission.

Of Building Regulations.

236. The Commissioners at a meeting may direct that, within certain limits, to be fixed by them, the external roofs and walls of huts or other buildings which may thereafter be erected, or the roofs or walls of which may thereafter be repaired, shall not be made of grass, mud, mate or other inflammable materials.

237. Before beginning to build or rebuild any house not being a hut, the person intending to build or rebuild any such house shall give notice thereof in writing to the Commissioners, and shall accompany such notice with a general description of the building which he intends to erect, and of the provision he intends to make in respect of drainage and latrine accommodation.

238. Within fourteen days after the receipt of the notice mentioned in the last preceding section, the Commissioners may refuse to sanction the building of the house, unless it be shown to their satisfaction that proper provision is, or can be made, for drainage and latrine accommodation within the holding or in the neighbourhood thereof.

239. The Commissioners may also, if they see fit, within fourteen days after the receipt of the notice mentioned in section two hundred and thirty-seven, require the person giving such notice to submit to them a plan showing the width of the foundation walls and the level of the lowest floor of such house by reference to some level ascertained under the direction of the Commissioners, and the Commissioners may direct that such house shall not be begun to be built without their sanction.

240. Within fourteen days after receiving the plan mentioned in the last preceding section, the Commissioners shall either signify their approval of the proposed levels and width of the foundation walls, or shall fix other levels and width of foundation walls in lieu thereof. If within fourteen days after receiving the plan as aforesaid, the Commissioners fail to signify their approval or disapproval of the levels and width of foundation walls shown in such plan, or to fix other levels and width of foundation walls, the person giving notice may, unless sanction has been refused under section two hundred and thirty-eight, proceed to build or rebuild the house in accordance with the levels and width of foundation walls shown in the plan:

Provided that the house be otherwise built or rebuilt in accordance with the provisions of this Act.

241. If any house is built, or begun to be built, without notice as required by section two hundred and thirty-seven; or if such house is built, or begun to be built after refusal of, and without sanction under section two hundred and thirty-eight; or if, when a plan has been required under section two hundred and thirty-nine, the house is built or begun to be built before such plan has been approved, or before the expiration of fourteen days after the submission of such plan; or if, after the Commissioners have directed that the house be not begun to be built without

their sanction, the said house is built or begun to be built without such sanction;

or if, when levels and width of foundation walls have been fixed by the Commissioners, the house is built or begun to be built in accordance with levels and foundation walls other than those fixed;

or if the house is built, or begun to be built, in any other respect contrary to the provisions of this Act,

the Commissioners may cause such house to be altered or demolished as they shall see fit.

242. The Commissioners may prohibit the owner of any new house to let the same for occupation, until the drainage and latrine accommodation of such house shall have been inspected and approved by the municipal officers appointed for the purpose.

243. It shall not be lawful for any person to erect a hut, or any range or block of huts or sheds, or to add any hut or shed to any range or block already existing, or to enlarge any existing hut, without previous notice to the Commissioners;

and the Commissioners may require such huts or sheds to be built so that they may stand in regular lines, with a free passage or way in front of and between each line, of such width as they may think proper for ventilation and to facilitate scavenging, and with such number of privies, and with such means of drainage, as to them may seem necessary, and at such a level as will admit of such drainage, and with a plinth at least two feet above the level of the nearest street.

244. If any such huts or sheds be built without giving such notice to the Commissioners, or otherwise than as required by the Commissioners, the Commissioners may require the owners of the land on which such huts and sheds are built, and the occupiers of such huts and sheds, to take down and remove the same within one month, or to effect such alterations as they may deem necessary.

Power to direct removal of huts built without notice.

Of Sanitary Measures with regard to Blocks of Huts.

245. Whenever the Commissioners at a meeting are satisfied, from inspection, or by report of competent persons, that any existing block of huts within the Municipality is, by reason of the manner in which the huts are constructed or crowded together, or of the want of drainage and the impracticability of scavenging, attended with risk of disease to the inhabitants or the neighbourhood, they may cause the locality to be inspected by two Medical Officers, who shall make a report in writing on the sanitary condition of the said block of huts; and shall specify, if necessary, in the said report, the huts which should be removed, the roads, drains, and sewers which should be constructed, and the low lands which should be filled up, with a view to the removal of the said risk of disease.

246. On receipt of the said report, the Commissioners at a meeting may require the owners or occupiers of the huts, or at the option of the Commissioners the owner of

On failure of Commissioners to signify approval or disapproval of the plan within fourteen days, the house may be built in the manner laid out in the plan.

On failure of Commissioners to signify approval or disapproval of the levels and width of foundation walls, the person giving notice may, unless sanction has been refused under section two hundred and thirty-eight, proceed to build or rebuild the house in accordance with the levels and width of foundation walls shown in the plan:

Provided that the house be otherwise built or rebuilt in accordance with the provisions of this Act.

241. If any house is built, or begun to be built, without notice as required by section two hundred and thirty-seven; or if such house is built, or begun to be built after refusal of, and without sanction under section two hundred and thirty-eight; or if, when a plan has been required under section two hundred and thirty-nine, the house is built or begun to be built before such plan has been approved, or before the expiration of fourteen days after the submission of such plan; or if, after the Commissioners have directed that the house be not begun to be built without

their sanction, the said house is built or begun to be built without such sanction;

or if, when levels and width of foundation walls have been fixed by the Commissioners, the house is built or begun to be built in accordance with levels and foundation walls other than those fixed;

or if the house is built, or begun to be built, in any other respect contrary to the provisions of this Act,

the Commissioners may cause such house to be altered or demolished as they shall see fit.

242. The Commissioners may prohibit the owner of any new house to let the same for occupation, until the drainage and latrine accommodation of such house shall have been inspected and approved by the municipal officers appointed for the purpose.

243. It shall not be lawful for any person to erect a hut, or any range or block of huts or sheds, or to add any hut or shed to any range or block already existing, or to enlarge any existing hut, without previous notice to the Commissioners;

and the Commissioners may require such huts or sheds to be built so that they may stand in regular lines, with a free passage or way in front of and between each line, of such width as they may think proper for ventilation and to facilitate scavenging, and with such number of privies, and with such means of drainage, as to them may seem necessary, and at such a level as will admit of such drainage, and with a plinth at least two feet above the level of the nearest street.

the land on which such huts are built, to carry out and execute, within a reasonable time, to be fixed by the Commissioners for such purpose, all or any of the works specified in the aforesaid report or any portion thereof respectively, and if such owner, owners, or occupiers shall fail to comply with such requisition, the Commissioners themselves may execute all or any of such works.

247. The Commissioners at a meeting may order that any expenses payable in respect of any work done by them in consequence of the failure of the owners or occupiers to execute such work when required to do so under the last preceding section, shall be recovered by instalments from the person liable to pay the same; or if it should appear to them that the said person is unable by reason of poverty to pay the same, may order the same, or any portion thereof, to be paid out of the Municipal Fund.

248. If any of the said huts be pulled down, the Commissioners shall cause the materials of each hut to be sold separately, if such sale can be effected, and the proceeds shall be paid to the owner of the hut, or, if the owner be unknown, or the title disputed, shall be held in deposit by the Commissioners, until the person interested therein shall obtain the order of a Civil Court of competent jurisdiction for the payment of the same.

Of the Regulation of the Sale of Food, Drink, and Drugs.

249. Every owner, or occupier, or farmer, of any place for the sale of meat, poultry, fish, or vegetables, or of any slaughter-house, within the limits of a Municipality, shall cause such drains to be made therein as shall be considered sufficient by the Commissioners, and (if required so to do by the Commissioners) shall cause all the floors and drains to be paved with stone or burnt brick, and shall also cause a supply of water to be provided, sufficient for keeping such place or slaughter-house in a clean and wholesome state.

250. Any Magistrate, on the application of the Commissioners or any of their officers setting forth that there is just cause to believe that any article which has been rendered or has become noxious or unfit for use as food or drink for man, is in the possession of any person for the purpose of being sold, or offered or exposed for sale, within the limits of a Municipality, as food or drink for man, may grant a warrant to enter upon the premises of such person, and to search for and seize such article.

And if it appear to the said Magistrate that the same is noxious or unfit for such use, he shall order it to be forfeited and disposed of in such way as to him shall seem proper.

251. The Commissioners, or any person authorized by them in that behalf, may at all reasonable times enter into and inspect any market, buildings, shop, stall, or place used for the sale of meat, poultry, fish, vegetables, corn, bread, flour, wine, spirits, butter, ghee, or other food or drink, or as a slaughter-house, and

may examine any of the aforesaid articles of food or drink which may be therein; and in case any of the aforesaid articles of food or drink appear to be intended for the food or drink of man, and to be unfit for such food or drink, may seize the same.

And if it appear to a Magistrate that any of the aforesaid articles of food or drink is unfit for the food or drink of man, he shall order the same to be destroyed, or to be so disposed of as to prevent its being exposed for sale or used for such food.

252. No shop or place shall be kept for the retail sale of drugs recognized by the British Pharmacopœia, not being also articles of ordinary domestic consumption, unless the same shall have been registered in the office of the Commissioners. Any keeper of such shop or place failing to register the same within two months after this section shall come into force, or within two months from the date of the establishment of such place, shall be liable to a fine not exceeding one hundred rupees. The Commissioners shall, upon registration, grant the keeper of such shop or place a license which he shall be bound to display in some conspicuous part of his premises.

No person shall compound, mix, prepare, dispense, or sell any drug in any such registered shop or place unless he be duly certified as a fit person to be entrusted with such duties under rules made for that purpose by the Local Government.

Provided that the provisions contained in the second clause of this section shall not come into operation until after the expiration of a period of six months from the publication of a notification to that effect in the *Calcutta Gazette* by the Local Government.

Nothing in this section contained shall be construed to apply to the sale of drugs used by practitioners of indigenous medicines, whether recognized by the British Pharmacopœia or not, when such drugs are not sold in a shop or place where medicines recognized by such Pharmacopœia are dispensed upon prescription.

253. The Commissioners, or any person authorized by them in that behalf, may at all reasonable times enter into and inspect any place kept for the sale of drugs, or in which drugs are sold, and if they have reason to suspect that any drug in the said place is adulterated, or by reason of age or the effect of climate has become inert or unwholesome, or has otherwise become deteriorated in such a manner as to lessen its efficacy, to change its operation, or to render it noxious, may remove the same on giving a receipt therefor, specifying the nature and quantity of the drug removed, and its approximate value; and if it appear to a Magistrate that the said drug removed as aforesaid is adulterated or has become inert, unwholesome, or deteriorated as aforesaid, he may order the same to be destroyed, or to be so disposed of as to him may seem fit.

If it shall appear to the said Magistrate that the drug so removed is not adulterated or has not become inert, unwholesome, or deteriorated as aforesaid, the person from whose shop or place it has been taken shall be

If the drug removed as aforesaid is not brought before a Magistrate, it shall be restored to the person from whose shop or place it was taken, and such person shall be entitled to compensation for any actual loss which he may have sustained by the removal of the said drug.

Of Burial and Burning-Grounds.

254. Within three months from the date on which this and the six next succeeding sections may come into force as provided in section two hundred and twenty-two, every place which is used as a burial or burning-ground for corpses shall be registered as such by the owner thereof in the office of the Commissioners, but no fee shall be charged for such registry.

255. No burial or burning-ground, whether public or private, shall be made or formed, or, having lapsed into disuse, shall be again used as such, otherwise than with the permission of the Commissioners, or under the authority of the Local Government.

256. If it shall appear to the Commissioners at a meeting that any public or private burial or burning-ground is dangerous to health or offensive to the tax-payers, or to the inhabitants of the neighbourhood, and also that a suitable place for interment or burning, as the case may be, exists within a convenient distance, and is open and available to the inhabitants of the Municipality, the Commissioners shall give public notice of their intention to close such burial or burning-ground, and shall consider any objections which may be preferred within fifteen days of the publication of such notice; after considering such objections they may, by notification to be affixed on some conspicuous part of the ground, appoint a time, not being less than two months, for the closing of such burial or burning-ground.

If any building is attached to, and used in connection with, a burning-ground closed under this section, the Commissioners shall, if the owner of such building make an application to them in that behalf, take over the same on payment of a fair price therefor.

257. After the expiration of the three months, mentioned in section two hundred and fifty-four, no corpse shall be buried or burnt otherwise than in a place which is borne on the register of the Commissioners as an open burial or burning-ground; but the Commissioners may grant special permission for a corpse to be buried or burnt elsewhere.

258. After the expiration of not less than twenty-four hours from the death of any person, the Commissioners may cause the corpse of such person to be burnt or buried, and the expenses thereby incurred shall be recoverable as a debt due from the estate of such person. In every such case,

the corpse shall be disposed of, so far as may be possible, in a manner consistent with the religious tenets of the deceased.

259. The Commissioners at a meeting may, from time to time, out of the Municipal Fund, with the sanction of the Local Government, provide fitting places to be used as burial or burning-grounds, and may impose a fee not exceeding two rupees in respect of every corpse buried or burnt within such burial or burning-grounds.

260. The Commissioners at a meeting may, from time to time, out of the Municipal Fund, provide for the burial and burning of paupers free of charge, within the limits of the Municipality.

The Commissioners may levy a fee in respect of such license and the renewal thereof, and may impose such conditions upon the license as they may think necessary.

262. If it be shewn to the satisfaction of the Commissioners at a meeting that any place licensed under section two hundred and sixty-one, is a nuisance to the neighbourhood, they may, notwithstanding anything contained in the said section, give notice to the occupier to discontinue the use of such place within one month after the date of such notice.

The Commissioners may charge an annual fee not exceeding two rupees for such permission, and may impose such conditions in respect of such permission as they may think necessary.

The sum payable by the owner under this section shall be deemed to be due on the first day of the quarter following that in respect of which the said sum is payable.

283. Whenever any quarterly instalment of the water-rate shall have been paid in respect of any house or land, and such house or land shall, during the quarter for which such instalment shall have been paid, cease to be occupied, the person who shall have paid such water-rate shall be entitled to be repaid by the Commissioners three-fourths of such sum as shall bear to the amount paid by him the same proportion which the residue of the quarter bears to the entire quarter:

Refund of water-rate when house ceases to be occupied.

Provided that notice shall have been given in writing to the Commissioners of such house or land being unoccupied, and that the application for refund be made within six months next after the date on which the house or land ceased to be occupied.

The date on which the said notice is delivered at the office of the Commissioners shall, for the purposes of this section, be deemed to be the date on which the house or land ceased to be occupied.

284. Whenever any house or land which shall have been unoccupied shall begin to be occupied during any quarter, there shall be forthwith payable by the occupier in respect of such house or land a sum calculated at one-fourth of the rate that would have been payable if the house or land had been occupied during the entire quarter for the period during which the house or land was not occupied, and the full rate for the residue of the quarter.

Rate payable on house being re-occupied.

And such occupier shall be entitled to deduct from the rent, or otherwise recover from the owner, one-fourth of the water-rate that would have been payable if the house or land had been occupied during the entire quarter.

285. Whenever any person holding any house or land from the owner thereof has sub-let the same in severalty to two or more persons, the person holding from the owner shall, for the purposes of this Part, be deemed to be the occupier of such house or land.

Person sub-letting to several different tenants to be deemed occupier.

286. The provisions of sections three hundred and twelve, three hundred and thirteen, and three hundred and fourteen shall be applicable to this Part, provided that the

owner shall not be entitled to recover from any occupying tenant more than three-fourths of the water-rate that would but for this proviso be recoverable by him under the said sections.

287. In any Municipality to which the provisions of this Part shall be extended, the Commissioners shall provide a supply of water within the limits of the Municipality; and for this purpose it shall be lawful for them to cause such mains and pipes to be laid, and such tanks, reservoirs or other works to be made and constructed, as shall be necessary for the supply of water in the chief public streets; and they may also erect in all such streets sufficient and convenient stand-pipes or pumps for the use of the inhabitants of the Municipality for domestic purposes.

The Commissioners to provide water-supply.

288. A supply of water for domestic purposes shall not include a supply of water for animals or for washing carriages, where such animals or carriages are kept for sale or hire, or a supply for any trade, manufacture, or business, or for watering gardens or roads, or for any ornamental or mechanical purpose.

What are not domestic purposes.

289. The Commissioners at a meeting shall determine what pressure of water shall be maintained in their service pipes and mains, and during what hours such pressure shall be continued: and any rule made under this section shall be published in such manner as the Commissioners may direct, and shall not be altered except with the sanction of the Commissioners at a meeting.

Pressure at which water must be kept.

290. If the Commissioners at a meeting shall determine to supply water to houses within the Municipality, every person paying the water-rate herebefore mentioned shall be entitled to lay down communication-pipes from the service pipes of the Commissioners for bringing into his house or land a reasonable supply of water for domestic use:

Communication-pipes, &c., to be made of required dimensions, and at expense of householder.

Provided that the Commissioners shall be at liberty to cut off the supply of water to any house or land during the time the said house or land is unoccupied.

Such communication-pipes and the pipes and works within the house connected therewith, shall be of such character, dimensions, and materials as the Commissioners shall fix and approve; and shall be made and constructed at the expense of the person requiring the same.

291. The communication-pipes and all fittings thereon leading water from the service pipes of the Commissioners into any house or land, and the pipes, works, and fittings inside the house or land, must in all cases be executed subject to the inspection and satisfaction of the Commissioners.

Communication-pipes, &c., must be made to satisfaction of officers of the Commissioners.

Such communication pipes, works, and fittings may be made by the servants and workmen of the Commissioners upon such terms as may be agreed upon between the Commissioners and the person requiring the supply, or subject to such charges as may be fixed by the Commissioners; and the Commissioners may require the amount necessary

for the execution of such works to be paid or deposited before such works are executed:

And such charges and expenses shall be recoverable in the same manner as the water-rate.

292. Any officer authorized in that behalf by the Commissioners may, between the hours of seven in the forenoon and five

in the afternoon, enter into or on any house or land supplied with water as aforesaid in order to examine all pipes, works, and fittings connected with the supply of water, and to ascertain whether there be any waste or misuse of such water:

And if such officer at any such time be refused admittance into such house or land for the purposes aforesaid, or be prevented from making such examination, the Commissioners may forthwith cut off the supply of water from such house or land:

Provided that nothing hereinbefore contained shall authorize an entry into any room appropriated for the zenana or residence of women, which, by the custom of the country, is considered private, unless a notice in writing of not less than four hours be given.

293. In the event of any pipes, works or fittings connected with the supply of water to any house or land being at any

time found, on examination by any officer of the Commissioners authorized in that behalf, to be out of repair to such an extent as to cause waste of water, the Commissioners may cause the water to be turned off from such house or land, after giving notice in writing of not less than twenty-four hours, and may recover from the occupier of such house or land the expense incurred for turning off the water.

294. The Commissioners may supply water through a meter for purposes other than domestic

purposes, and may, subject to such charges and rates as may have been fixed by the Commissioners at a meeting, lay down, or allow to be laid down, the necessary pipes and works of such dimensions and character as may be approved by them.

295. The Commissioners at a meeting may determine what quantity of water shall be supplied to the occupier of every house, free of further charge, for every rupee paid to the Commissioners as water-rate on account of such house.

If the Commissioners have reason to believe that the occupier of any house consumes more water than he is entitled to as aforesaid, it shall be lawful for them to provide a water meter at their own expense, and to attach the same to the water-pipes of the said house: and any water which may be used over and above the quantity to which the occupier is entitled as aforesaid, shall be paid for by him at such rate as the Commissioners at a meeting may determine.

296. It shall be at the option of the Commissioners to provide filtered or unfiltered water for all latrines and water-closets, and it shall be lawful for them to require that all latrines and water-closets supplied with water, filtered or unfiltered, shall be provided with a cistern of such size and description as the Com-

missioners shall direct, and all such cisterns shall be put up at the cost of the owner of the house or land so supplied with water.

297. If any person supplied with water shall neglect to pay the water-rate hereinbefore mentioned at the times of payment thereof, or the charge

made for the said water when supplied for other than domestic purposes, the Commissioners may turn off the water from the house or land in respect of which such rate or charge is payable, and may recover the expense of turning off the water from such person:

Provided that the stopping or cutting off the supply of water shall not relieve any person from any penalties or liabilities which he may have incurred.

298. The occupier of any house or land in which water supplied by the Commissioners under this

Part is, from negligence or other circumstances under the control of the said occupier, wasted; or in whose house or land the pipes, works or fittings for the supply of water shall be found to be out of repair to such an extent as to cause waste of water, shall be liable to a fine not exceeding twenty rupees.

299. Any person otherwise causing waste of water supplied by the Commissioners shall be liable to a fine not exceeding five rupees.

300. It shall be within the discretion of the Commissioners to allow any person not residing within the limits of the Municipality to take or be supplied

with water for domestic use, on such terms as the Commissioners in meeting may from time to time prescribe.

And any person taking or causing to be taken for use, outside the limits of the Municipality, water supplied by the Commissioners, without the permission of the Commissioners, shall be liable to a fine not exceeding fifty rupees.

301. Before a connection for the supply of water from the service pipes of the Commissioners to any house or land is sanctioned, the Commissioners may cause all the works, pipes, and fittings within the said house or land to be inspected by an officer appointed by them in that behalf.

And the cost of such inspection shall be payable in advance by the person applying for such connection at such rates as the Commissioners in meeting shall from time to time direct.

And until such officer shall have certified to the Commissioners that the works, pipes, and fittings have been executed and put up in a satisfactory manner, a connection with the Commissioners' service pipes shall not be permitted.

302. The connection with the service pipes of the Commissioners, — also the laying of supply pipes under any public road or thoroughfare, shall be executed by an officer of the Commissioners authorized in that behalf and by no other person.

And the expense of making such connection shall be payable in advance by the person applying for the same, at such rates as the Commissioners in meeting shall from time to time direct.

303. Any person who shall unlawfully flush, draw-off, divert or take water from any water-works belonging to, or under the control of, the Commissioners, or from any water, or streams by which such water-works are supplied, shall be liable to a fine not exceeding one hundred rupees.

304. No works for introducing a supply of water to any house shall be commenced by the owner without sending a specification and estimate of the cost thereof to the occupier, nor by the occupier without sending such specification and estimate to the owner.

305. Except in the case of a special agreement to the contrary, the owner of any house or land shall bear the expense of keeping all works connected with the supply of water to such house or land in substantial repair:

Provided that nothing in this section shall affect the liabilities of parties under leases executed previous to the extension of this Part to the Municipality in which the said house or land is situated.

306. All public tanks, reservoirs, cisterns, wells, aqueducts, conduits, tunnels, pipes, pumps and other water works, whether made, laid or erected at the cost of the Commissioners or otherwise, and all bridges, buildings, engines, works, materials, and things connected therewith, or appertaining thereto, and also any adjacent land (not being private property) appertaining to any public tank, shall become vested in the Commissioners.

307. The water-rate and all moneys collected, received or recovered for or in respect of the supply of water or the execution of works, and all fines connected therewith, or in any respect relating to the water-supply, shall be applied by the Commissioners in defraying the expense of making, extending or maintaining the water-works, in paying the interest of money borrowed for the water-works, and in the liquidation of debts incurred in connection therewith, or for some other purpose connected with the supply of water.

PART VIII.

Of Lighting with Gas.

308. In any Municipality in which this Part shall have been introduced in the manner provided in section two hundred and twenty-two it shall be lawful for the Commissioners from time to time to submit to the Local Government, for its sanction, a plan for lighting with gas any portion of any area situate within the municipal limits, whether so lighted already or not, such portion of the said area having been previously defined by the Commissioners at a meeting held for that purpose. The Local Government shall cause the

plan to be published for one month in the *Calcutta Gazette*, and the Commissioners shall publish it in the vernacular within the limits of the Municipality; and after such publication, and after consideration of any objections which may be raised to it, or alterations suggested in it, the Local Government may, if satisfied that the lighting proposed in the plan is proper and sufficient, sanction such plan, or may refuse its sanction thereto, or may return it to the Commissioners for alteration in certain particulars to be specified by it, and when altered may sanction it as altered. The Local Government shall cause its sanction to any plan to be notified in the *Calcutta Gazette*, and shall at the same time cause the plan sanctioned to be published in the said *Gazette*.

309. After notification by the Local Government in the last preceding section mentioned, it shall be lawful for the Commissioners to impose an annual rate not exceeding three per centum of their annual value upon all holdings situate within such portion of the said area for the purpose of defraying the whole expense of lighting:

Provided that, as regards any portion of the said area already lighted with gas, for the future lighting of which a plan shall have been sanctioned by the Local Government under the provision of the last preceding section, if it shall appear that the estimated proceeds of the said rate at three per centum will not be sufficient to defray the whole expense of such lighting, it shall be lawful for the Commissioners to impose a rate sufficient to defray the whole expense of lighting such portion.

310. The rate imposed under the last preceding section upon holdings shall be paid by the occupiers thereof by quarterly instalments in advance; but no rate shall be leviable until the lamps in the portion of the area to be lighted shall have been lighted; nor shall any rate be leviable for any quarter or portion of a quarter antecedent to such lighting.

311. The annual value of holdings shall be the value determined by the Commissioners for the imposition of the rate on holdings under the provisions of Part IV of this Act, or if no such rate on holdings be imposed, the annual value shall be ascertained and determined in the manner provided in that Part. And the provisions of sections ninety-six to one hundred and nine (both inclusive), and one hundred and twelve to one hundred and thirty (both inclusive), shall *mutatis mutandis*, and so far as they are not inconsistent with the provisions of this Part, be applicable to the assessment and collection of the lighting-rate.

312. If any holding shall be occupied by more than one tenant holding severally, or shall be of less annual value than one hundred rupees, it shall be lawful for the Commissioners to recover the rate from the owner of such holding.

Obstructing or diverting water.

Estimate and specification of works to be sent.

Owner to keep works in repair.

Tanks, &c., vested in the Commissioners.

Application of rates and moneys received from the supply of water.

Lighting-rate not exceeding three per centum may, after sanction of plan, be imposed on holdings.

Proviso as to portions already lighted.

Rate payable by occupiers quarterly in advance.

Valuation, assessment, and collection of lighting-rate.

Power to assess owners in certain cases.

312. Whenever any rate shall be recovered from any owner of any holding under the provisions of the last preceding section, it shall be lawful for such owner, if there shall be but one occupying tenant of such entire holding, to recover from such tenant the entire amount of the rate which shall have been so paid by such owner; and if there shall be one occupying tenant of a part of such holding or more than one occupying tenant of such holding, then to recover from such tenant or each of such tenants, such sum as shall bear to the entire amount of rate which may have been so recovered from such owner, the same proportion as the value of the portion of such holding in the occupation of such tenant bears to the entire value of such holding, subject, however, to the provisions of the next succeeding section.

314. Every owner who, under the provisions of the last preceding section, may be entitled to recover any sum from any occupying tenant of any holding or of any portion thereof, shall have for the recovery of such sum all such and the same remedies, powers, rights, and authorities as if such sum were rent payable to such owner by such tenant in respect of so much of such holding as may be in the occupation of such tenant.

315. Every occupier shall be liable to the lighting-rate for the time of his occupation. When any person shall have been an occupier for a part only of any quarter, he shall be liable only for so much of the rate for that quarter as may be proportionate to the number of days during which he shall have been an occupier.

If he shall have paid the rate in advance, the amount paid in excess of the sum due under this section shall be refunded.

No such rate shall be chargeable to any person on account of any unoccupied holding for the time during which it may remain unoccupied:

Provided always that when any person ceases to be the occupier of any holding upon which the rate has been assessed, he shall give the Commissioners notice to that effect within seven days from the date of the cessation of his occupancy. If the occupier fail to give such notice within such period, he shall be liable to the rate assessed on such holding for the whole quarter, although he may have occupied for a part only of such quarter; and in cases to which the provisions of section three hundred and twelve apply, the rate assessed on such holding for the whole quarter shall be recoverable from the owner, if such owner has failed to give notice that such holding is unoccupied, within seven days from the date on which it ceased to be occupied.

316. When the name of the owner or occupier of any holding is not known, it shall be sufficient to designate him, in any notice served or proceeding held under this Part, as the owner or the occupier of the holding

on which the rate is assessed, and without further description.

317. If the Commissioners deem it necessary for the purposes of this Part to raise, sink or otherwise alter the situation of any gas-pipe or other gas-work laid in any portion of the said area, they may from time to time, by notice in writing, require the person to whom any such pipe or work belongs, or under whose control it may be, to cause forthwith, or as soon as conveniently may be, any such pipe or work to be raised, sunk or otherwise altered in position, in such manner as the Commissioners may direct:

Provided that such alteration be not such as permanently to injure such pipe or work, or to prevent the gas from flowing as freely and conveniently as before; and the expenses attending such raising, sinking, or altering, and full compensation for the damage done thereby, shall be paid by the Commissioners out of the Municipal Fund as well to the person to whom such pipe or work belongs as to all other persons.

318. If the person to whom any such pipe or work belongs, or under whose control it may be, do not proceed forthwith, or as soon as conveniently may be, after the receipt of such notice, to cause the same to be raised, sunk or altered in such manner as the Commissioners require, the Commissioners may themselves cause such pipe or work to be raised, sunk or altered as they may think fit:

Provided that such works be not permanently injured thereby, or the gas prevented from flowing as freely and conveniently as before.

319. The provisions of this Part shall apply, so far as may be possible, to any scheme which may be adopted by the Commissioners of any Municipality for lighting the Municipality under any system involving the laying of pipes or wires or other similar apparatus.

PART IX.

Of the Construction and Cleansing of Latrines.

320. In any Municipality to which the provisions of this Part shall have been extended in the manner prescribed by section two hundred and twenty-two, the Commissioners may issue a notice declaring that, from a date to be specified in such notice, they will maintain an establishment for the cleansing of public and private latrines within the limits of the Municipality, or any part thereof; and the Commissioners shall make suitable provision accordingly.

321. When such provision has been made, the Commissioners may levy fees, to be fixed on such scale, with reference to the annual value of holdings within the limits of the Municipality, or such part thereof as aforesaid, as the Commissioners at a meeting may from time to time direct;

but the fee shall not exceed three rupees per annum where the valuation of the holding amounts to, or is less than, twenty-five rupees;

and the fee on any one holding shall not exceed four hundred and eighty rupees :

Provided that if, on the commencement of this Act, the owners or occupiers of any holding are already under engagement to pay to the Commissioners an annual sum exceeding four hundred and eighty rupees for the cleansing of their premises, such sum, or such other sum as may from time to time be agreed upon between them and the Commissioners, may be levied from them in accordance with the provisions of this Part.

322. The said fee shall be payable by the occupier for the time being of the holding, or by the

owner thereof under the next succeeding section, in quarterly instalments, and shall be recoverable in the manner prescribed for the recovery of the rate on the value of holdings in this Act.

Every instalment of the said fee shall be deemed to be due on the first day of the quarter in respect of which such instalment is payable.

The proceeds of the said fees shall be applied to the maintenance of the said establishment, and to the providing of public latrines, and generally to carrying out the provisions of this Part.

A list of the said fees, and of the persons liable to pay the same, shall be published once in every year as prescribed in section three hundred and fifty-four.

323. If any holding is occupied in severalty

324. Every owner who, under the provisions

of the last preceding section, is entitled to recover any sum from the occupier of any part of a holding, shall have for the recovery of the said sum all such and the same remedies, powers, rights, and authorities as if such sum were rent payable to him by the occupier in respect of such portion of the holding as may be in his occupation.

Subject to the approval of the Local Government, the Commissioners may make rules to define the duties of such persons, and from time to time may alter, add to or repeal such rules; and any breach of such rules shall subject the offender to a forfeiture of license, and to a fine not exceeding twenty rupees.

In any Municipality to which this Part shall have been extended in the manner prescribed by section two hundred and twenty-two, the Commissioners at a meeting may provide land for the purpose of being used as a Municipal market; and may defray the cost of providing such land and of all expenses necessary for the establishment of such market from the Municipal Fund, and may take a lease of any market;

and may charge rent, tolls, and fees for the right to expose goods for sale in such market and for the use of shops, stalls, and standings therein.

All such rents, tolls and fees may be recovered as arrears of tax under the provisions of sections one hundred and twenty to one hundred and twenty-nine, both inclusive.

336. No place shall be deemed to be a "Municipal market" within the meaning of the last preceding section, and no place shall be deemed to be a market to which the following sections of this Part apply, unless at least thirty shops, stalls or standings are erected therein for the sale of goods.

337. The Commissioners at a meeting may order that, within such limits as they may fix, no land shall be used as a market for the sale of meat, fish, butter, ghee, fruits, vegetables, and similar provisions, otherwise than under a license to be granted by the Commissioners.

338. When the Commissioners at a meeting shall have issued an order under the last preceding section, they may at a meeting grant a license for the use of any land as a market for the sale of provisions as aforesaid within the Municipality.

339. Every license granted under this Part shall be liable to the payment of a fee not exceeding twenty-five rupees, and shall be in force until the end of the year, and the Commissioners may grant such license, year by year, on the certificate in writing under the hand of the Chairman, annually renewed, that the land is fit to be used as a market for the sale of provisions as aforesaid.

340. The Chairman, upon the application in writing of the owner of any land, shall grant such certificate unless the land be defective for the purposes of a market in drainage, ventilation, water-supply or proper width of paths and ways.

The owners or lessees of all land used as markets for the sale of provisions as aforesaid at the time of the extension of this Part to

the Municipality, shall be entitled to receive a license for the current year without the certificate required by section three hundred and thirty-nine, but in subsequent years the license shall not be renewed without such certificate.

341. Every license under this Part shall be registered in a book to be kept for that purpose by the Commissioners in their office, in which shall be stated—

344. Whoever, being the owner or occupier of any land wilfully or negligently permits the same to be used as a market for the sale of meat, fish, butter, ghee, fruits, vegetables or similar provisions without license under section three hundred and thirty-eight, shall be liable to a fine not exceeding two hundred rupees for every such offence, and to a further fine not exceeding forty rupees for each day during which the offence is continued, after conviction of such offence.

345. The Magistrate, on the application of the Commissioners, may order any land, in respect of which a conviction shall have been obtained under the last preceding section, to be closed as a market place, and thereupon may take order to prevent such land being so used; and every person who shall sell or expose for sale, meat, fish, butter, ghee, fruits, vegetables or similar provisions, on any land which shall have been so closed, shall be liable, for every such offence, to a fine not exceeding ten rupees.

PART XII.

Miscellaneous.

350. The Commissioners of any Municipality may, from time to time, at a meeting which shall have been convened expressly for the purpose, and of which due notice shall have been given, frame such bye-laws as they deem fit, not being inconsistent with this Act, or with any other general or special law, for giving effect to the objects of this Act, and may by such bye-laws impose on offenders against the same such reasonable penalties as they think fit, not exceeding the sum of fifty rupees for each offence, and in case of a continuing offence a further penalty not exceeding twenty rupees for each day after written notice of the offence from the Commissioners.

351. Bye-laws made under this Act shall not take effect unless and until they have been submitted to, and confirmed by, the Local Government; nor shall such bye-laws be confirmed—

The Commissioners shall, on the application of any inhabitant of the Municipality, furnish

him with a copy of such proposed bye-laws, on payment of four annas for every hundred words contained in the copy.

A bye-law requiring confirmation by the Local Government shall not require confirmation, allowance or approval by any other authority.

352. OF THE CREATION OF MUNICIPALITIES.

7. In every place which, in accordance with the provisions of section three, becomes a Municipality under this Act, every person who has been appointed or elected to be a Commissioner for such place under the Bengal Municipal Act, 1876, and who is holding office as such Commissioner at the commencement of this Act, shall be deemed to be a Commissioner duly appointed for such Municipality, until such time as the election or appointment of Commissioners in respect of such Municipality shall take effect under the provisions of this Act. And in every such place in which a rate on the annual value of holdings, or a tax upon persons, or a tax upon carriages and animals, or a fee upon the registration of carts, or tolls on roads or on ferries, or a fee under Bengal Act VI of 1878, may have been levied by the Municipal Commissioners before the commencement of this Act, it shall be deemed that the said rate, tax, fee or tolls have been duly imposed under this Act, and such rate, tax, fee or tolls shall continue to be levied accordingly until the Commissioners at a meeting, with the sanction of the Local Government, shall otherwise direct.

8. Except as is hereinafter otherwise expressly provided, this Act may be extended by the Local Government by notification published in the *Calcutta Gazette*, and in the manner prescribed by section three hundred and fifty-four, to any town or village not being within the limits of the ordinary original jurisdiction of the High Court at Fort William in Bengal, from such date as may be specified in such notification; and save as is hereinafter otherwise provided, this Act shall take effect in such town or village on the date so specified, and the said town or village, within the limits mentioned in such notification, shall be deemed to be created a Municipality for the purposes of this Act:

Provided that at least six weeks before publishing any notification as aforesaid, the Local Government shall cause to be published in the town or village concerned a notice of its intention to declare the said town or village to be a Municipality, unless good reason to the contrary be shewn within one month.

Any objections which may be made to the proposed measure shall be duly considered by the Local Government, before it causes to be issued the notification declaring the town or village to be a Municipality under this Act.

Every notification declaring a town or village to be a Municipality shall specify whether the name of such Municipality shall, or shall not, be inserted in the first or second Schedule of this Act, and shall further specify, subject to the provisions of section thirteen, the number of the Commissioners of such Municipality.

9. The Local Government may, on the Variation of limits and recommendation of the power to withdraw from Commissioners at a meeting, by a like notification, at any time vary the limits of any Municipality or sub-divide any Municipality into two or more Municipalities, or withdraw any town, village or land from the operation of this Act, or alter the number of the Commissioners of such Municipality.

10. This Act shall not be extended to any town or village, unless the Local Government shall have been satisfied that three-fourths of the adult male population of such town or village are chiefly employed in pursuits other than agricultural; and that such town or village contains a number of inhabitants not being less than three thousand, and an average number of not less than one thousand inhabitants to the square mile of the area of such town or village.

11. The Local Government may, from time to time, by notification in the *Calcutta Gazette*, declare that any place in which three-fourths of the adult male population are chiefly employed in pursuits other than agricultural, shall be united with any town or village as aforesaid for the purposes of forming a Municipality:

Provided that no such place shall be so united unless some part of such place be situated within the distance of one mile, from some part of such town or village.

Every such declaration shall specify the boundaries of every place so to be united.

Every town or village with which any such place is united, and all places so declared to be united with any such town or village, shall be deemed, for purposes of taxation, and for all other purposes, to form part of one and the same Municipality.

12. Notwithstanding anything hereinbefore contained, whenever the Local Government shall declare any place or places as aforesaid to be united with any town or village for the purpose of forming one Municipality, the Local Government may similarly declare that any land by which any such place is separated from the town or village with which it is united, and any land by which any such place is separated from any other such place which is united with the said town or village, shall be deemed to form part of the Municipality for all purposes other than those of taxation.

And such declaration shall specify the exterior boundaries of the entire Municipality as constituted under this and the last preceding section.

PART II.

13. The number of Commissioners of Municipality constituted before the passing of this

Act shall be such number as may be specified in a notification of the Local Government, to be issued immediately after this Act comes into force, and to be published in the *Calcutta Gazette*, or in any subsequent notification under section nine.

The number of Commissioners of each Municipality created under the provisions of section eight of this Act shall be such number as is specified in the notification of the creation of such Municipality, or in any subsequent notification under section nine:

Provided that the number of Commissioners of a Municipality shall in no case be more than thirty or less than nine:

Provided, further, that no act of the Commissioners, or of their officers, shall be deemed to be invalid by reason only that the number of the Commissioners did not, at the time of the performance of such act, amount to the number specified in the notifications aforesaid.

14. Two-thirds of the number of the Commissioners of each Municipality, fixed by such notification, shall be elected as hereinafter provided by male persons, resident within the limits of such Municipality, who shall have attained the age of twenty-one years.

The remaining one-third of such Commissioners shall be appointed by the Local Government immediately after the result of the election hereinafter mentioned shall have been notified to the Local Government, and such appointment shall be deemed to have been made on the date on which such election takes place:

Provided that the number of persons holding salaried offices under the Government, and appointed as Municipal Commissioners, shall not bear a larger proportion than one-fourth to the total number of Commissioners elected and appointed under the provisions of this Part:

Provided also that in cases where the whole number of Commissioners is not evenly divisible by three or by four, the one-third or one-fourth shall be ascertained by taking the number next below the whole number, which is evenly divisible by three or by four, as the number to be divided.

And the Local Government may at any time cancel any rule made by it under this section:

Provided that every male person who is at the time of such election, and has been for a period of not less than twelve months immediately preceding such election, resident within the limits of a Municipality, and who

No person who is not entitled to vote at the election of Commissioners of a Municipality shall be deemed qualified for election to be a Commissioner of such Municipality.

16. The first election of Commissioners under this Act may take place at such time, not being more than six months after this Act comes into force, as the Local Government shall direct.

If the persons entitled to elect Commissioners for any Municipality fail, on failure of election, Commissioners to be appointed by Government, within the time appointed for the first election under this Act, or for every subsequent election within the time prescribed by the rules mentioned in the last preceding section, to elect the whole number of Commissioners allotted for election to such Municipality, the Local Government may appoint one or more Commissioners to complete the number so allotted as aforesaid.

17. Every Municipality mentioned in the first Schedule of this Act shall be excluded from the operation of the three last preceding sections: and, in any Municipality so excluded, the whole number of the Commissioners shall be appointed by the Local Government; subject, however, to the proviso contained in the third clause of section fourteen.

It shall be lawful for the Local Government at any time to remove the name of any Municipality from the said Schedule.

18. The Local Government may from time to time accept the resignation of any Commissioner appointed or elected under this Act.

23. The Local Government shall appoint the Chairman of every Municipality mentioned in the second Schedule of this Act.

Every Municipality, the name of which is not included in the said Schedule, shall, at a meeting, elect one of its Commissioners to be Chairman; or may, at a meeting attended by not less than two-thirds of the Commissioners, request the Local Government to appoint a Chairman.

The Local Government may at any time remove a Chairman appointed by it.

27. If any Commissioner, Chairman or Vice-Chairman shall be unable to complete his full term of office, the vacancy caused by his resignation, or removal or death shall be filled by the appointment or election, as the case may be, of another person; and the person so appointed or elected shall fill such vacancy for the unexpired remainder of the term for which such Commissioner, Chairman or Vice-Chairman would otherwise have continued in office.

28. The Chairman and Vice-Chairman of any Municipality may, if the Commissioners think fit, receive such allowances out of the Municipal Fund as shall from time to time be fixed at a meeting by the Commissioners.

But the Local Government may, from time to time, by notification, exclude any road, bridge, or drain from the operation of this Act, and may cancel such notification wholly or in part:

35. The Local Government, on the application of the Commissioners at a meeting that any land be acquired for the purposes of this Act, may, on being satisfied that the Commissioners are in a position to pay for such land either once or in such instalments as the Local Government may think proper, notify under the provisions of the Land Acquisition Act, 1870, or any similar Act for the time being in force for the acquisition of land for public purposes, that such

And the Commissioners may at any time cancel any rule made by them under this section for such election.

If that duty is not performed within the period so fixed, the Local Government may appoint the Magistrate of the District to perform it, and may direct that the expense of performing it shall be paid, within such time as it may fix, to the Magistrate from the Municipal Fund.

The Commissioners may do all things, not being inconsistent with this Act, which may be necessary to carry out the purposes of this section.

70. With the consent of two-thirds of the Commissioners obtained in writing, and with the sanction of the Local Government, the Commissioners may contribute a portion of the Municipal Fund towards the expenses incurred in any other Municipality, or elsewhere, for any of the purposes mentioned in the last preceding section; or towards the salary of any officer under another authority whose services are employed by them; and also towards the expenses of making, maintaining, and repairing any work for the improvement of a river or harbour (by whomsoever such work may be done).

But no contribution shall be made under this section to any work unless the same is calculated to benefit the inhabitants of the contributing Municipality.

71. The account books of the Municipality shall be open to the inspection of any tax-payer at the office of the Commissioners on a day or days to be fixed in each month.

An account shewing the receipts and expenditure during the quarter, arranged under the proper heads and duly balanced, shall be prepared immediately after the close of each quarter, and shall, with the account books, be open to the inspection of any tax-payer.

A similar account shall be prepared for each year as soon as possible after its close, and shall be open to inspection as aforesaid.

72. The Commissioners at a meeting held at least two months before the close of the year, shall prepare in detail estimates shewing the probable receipts and expenditure during the ensuing year and the objects in respect of which it is proposed to incur such expenditure.

73. Copies of the estimates and translations thereof in the vernacular of the district shall be lodged in the office of the Commissioners.

During fourteen days after the estimates shall have been so lodged in the said office, of which due notice shall be locally published, the estimates and translations in the vernacular of the district shall be open to inspection at all reasonable times by any tax-payer of such Municipality who may desire to inspect the same.

Any written suggestion which may be deposited in the office of the Commissioners shall be recorded and laid before them for consideration at the next meeting.

74. After the expiration of the said fourteen days, and after such revision as may appear requisite, the estimates shall be transmitted to the Magistrate of the District.

75. The Magistrate may either forward the estimates to the Commissioner of the Division, or may return them to the Commissioners with such remarks and suggestions as he shall think fit to record. And the Commissioners at a meeting shall take into consideration the Magistrate's remarks, and shall either adopt his suggestions, or shall record in writing their reasons for refusing to do so: and the estimates shall thereupon be returned to the Magistrate for transmission to the Commissioner of the Division.

76. The Commissioner of the Division may either sanction the estimate as it stands, or sanction it after making such alterations therein as may seem to him fit, or may cause it to be returned to the Commissioners for such modifications as he may think necessary; and when such modifications have been made, the estimate shall be re-submitted for ratification to the Commissioner of the Division.

Provided that the Commissioner of the Division shall not raise the total of the proposed expenditure above the sum shewn by the estimate to be at the disposal of the Commissioners.

77. The Commissioners at a meeting may, from time to time, revise any estimate of expenditure with the view of providing for any modifications which they may deem it advisable to make in the appropriation of the amount at their disposal, and such revised estimate shall be published and forwarded in the manner hereinbefore prescribed; and the Magistrate and the Commissioner of the Division may deal with such revised estimate in the manner provided above.

78. After the estimates of the Municipality for the year shall have been sanctioned as above, the Commissioners at a meeting may, from time to time, by a general or a special resolution, authorize the expenditure of any sum provided in such estimates, or any part of such sum, for the purposes to which it has been assigned in such estimate.

Notwithstanding anything contained in this section, the Local Government may lay down such rules as it may think fit, limiting or regulating the powers of any Municipality in respect to the expenditure of money for purposes which are provided for in the budget estimates of the year.

79. If any work is estimated to cost above five thousand rupees, the Local Government may require the plans and estimates of such work to be submitted for its approval, or for the approval of any officer of Government, before such work is commenced.

And may require statements of the progress and completion of such work, with accounts of the expenditure on the same, to be submitted from time to time, in such form as it may prescribe, for its approval, or for the approval of such officer.

80. It shall not be lawful for the Commissioners to authorize the expenditure on any object during the year of a sum in excess of that which has been sanctioned in the estimate of the year, or in a revised estimate, for such object; but if it be found necessary in the course of the year, the Commissioners may recommend to the Commissioner of the Division that the allotments which have been made to the different heads of the estimate shall be modified by transfer of any amount from one head to another, and the Commissioner of the Division may sanction such transfers of allotment.

81. The Commissioners shall, at such time and in such form as the Local Government shall direct, furnish annually a report of their proceedings and statements of the works executed by them, and of all sums received and expended by them.

The report and any orders which may be passed thereon by Government shall be open to the inspection of the tax-payers at the office of the Commissioners, with the account books and the quarterly and the annual accounts.

82. The municipal accounts shall be kept in such form, and shall be audited each year in such manner as the Local Government shall direct.

83. Unless the Local Government shall otherwise direct, all sums received on account of the Municipal Fund shall be paid into a Government treasury, or into any bank or branch bank used as a Government treasury in or near to the Municipality, and shall be credited to an account to be called the account of the Municipality to which they belong:

Provided that the Commissioners may invest any moneys not required for immediate use either in Government securities, or in any other form of security which may be approved of by the Local Government.

84. Unless the Commissioner of the Division shall expressly extend (as he is hereby empowered to do, on the recommendation of the Commissioners at a meeting) the limit of the powers of the Chairman or Vice-Chairman in this behalf, all orders for the payment of money from the Municipal Fund, if for a sum not above five hundred rupees, shall be signed by the Chairman or Vice-Chairman; and all orders for larger sums by both of the said officers, or by one of the said officers and another Commissioner.

No such orders shall be issued otherwise than for the payment of money of which the expenditure has been authorized by the Commissioners at a meeting, as provided in section seventy-eight.

PART IV.

OF MUNICIPAL TAXATION.

85. The Commissioners may, from time to time, at a meeting convened expressly for the purpose, of which due notice shall have been given, and with the sanction of the Local Government, impose within the limits of the Municipality one or other, but not both, of the following taxes:—

(a) a tax upon persons occupying holdings within the Municipality according to their circumstances and property within the Municipality:

Provided that the amount assessed upon any person in respect of the occupation of any holding shall not be more than eighty-four rupees per annum; or

(b) a rate on the annual value of all holdings situated within the Municipality:

Provided that such rate shall not exceed seven and a half per centum on the annual value of such holdings, except within the Municipalities of Dacca and Darjeeling, in which it shall not exceed ten per centum on such annual value; and provided also that no rate shall be imposed on any holding of which the annual value is less than six rupees.

86. The Commissioners may, from time to time, at a meeting convened as aforesaid, and with the sanction of the Local Government, order that the following tax, fee, tolls and rates, or any of them, be levied within the limits of the Municipality in addition to either of the taxes mentioned in the last preceding section:—

(a) a tax on carriages, horses, and other animals named in the fifth Schedule;

(b) a fee on the registration of carts;

(c) tolls on ferries and (subject to the provisions of sections one hundred and fifty-eight and one hundred and fifty-nine) tolls upon bridges and metalled roads;

(d) a water-rate not exceeding six per centum on the annual value of holdings when the houses and lands are situated in streets supplied with water, and not exceeding five per centum when the houses and lands are situated in streets not so supplied;

(e) a lighting rate not exceeding three per centum on such annual value;

(f) a fee for the cleaning of latrines.

Provided that the taxes mentioned in clauses (d), (e), and (f) shall not be levied in any Municipality unless the provisions of Part VII in respect of clause (d), or of Part VIII in respect of clause (e), or of Part IX in respect of clause (f), shall have been extended wholly or partly to such Municipality in the manner hereinafter provided

Of the Tax on Persons.

87. When it has been determined that a tax shall be imposed on persons occupying holdings within the Municipality, according to their circumstances and property, the Commissioners, after making such enquiries as may be necessary, shall cause to be prepared an assessment list which shall contain the following particulars, and any others which the Commissioners may think proper to include:—

- (a) name of the street or road in which the holding is situated;
- (b) number of the holding on the register;
- (c) name of the person occupying the holding, whether such person be assessed or exempted from assessment;
- (d) description of the holding, and of the property within the Municipality, and the profession or business of the person assessed;
- (e) amount of annual assessment;
- (f) amount of quarterly instalment;
- (g) if the occupier of the holding is exempted from assessment, a note to that effect.

The tax upon persons shall be payable in quarterly instalments by persons occupying holdings.

Such tax shall not be assessed or levied on any person in respect of the occupation of arable lands or of any building which is used exclusively as a place of public worship.

88. Save as is herein otherwise provided, every assessment of the tax upon persons shall take effect from the beginning of the year next following that in which the notice required by section one hundred and twelve is published, and shall be valid for three years and until the beginning of the year next after the date on which a new assessment or valuation may be published, or until the assessment and valuation be revised and amended:

Provided that when this Act is extended to any place, the first assessment may take effect from the beginning of the quarter next following that in which the said notice shall be published.

89. In any Municipality in which the tax on persons is imposed, no tax shall be assessed on any person in respect of his occupation of any holding which is the property of Government and used for the purposes of a public building, but a rate not exceeding seven and a half per centum may be assessed on the annual value of every such holding, to be ascertained in the manner prescribed by section one hundred and one, and such rate shall be payable by Government.

90. Whenever any tax shall have been assessed on any person in respect of his occupation of two or more holdings, and the aggregate of the amount so assessed upon him shall exceed eighty-four rupees per annum, such person may, within fifteen days of the publication of the notice required by section one hundred and twelve, apply to the Commissioners to cancel such assessment, and to substitute for the

total amount of tax so assessed upon him, in respect of the said holdings, a rate to be calculated at seven and a half per centum on the annual value of such holdings; and the Commissioners shall thereupon substitute such rate; and, for the purpose of calculating the amount of such rate, shall determine the annual value of the said holdings in the manner prescribed by section one hundred and one.

Every rate imposed under this section shall be payable by the occupier of the holdings so rated.

91. The Commissioners may exempt from assessment any person who may by them be deemed too poor to pay the tax; but the name of the occupier of every holding shall be included in the assessment list, whether he be assessed or exempted from assessment.

92. If any person mentioned in the assessment list shall at any time after the publication thereof have ceased to occupy any holding in respect of the occupation of which he has been assessed, or if the means and property in respect of which he has been so assessed shall have been reduced, the Commissioners may on his application exempt him from his assessment, or may revise the same; and such exemption or revision shall take effect from such date as the Commissioners may direct.

93. The Commissioners may, at any time after the publication of the notice required by section one hundred and twelve, assess any person who was without authority omitted from the assessment list, or whose liability to assessment has accrued thereafter, and may enhance any assessment which appears to them to be inadequate, and to have been so made owing to mistake or fraud.

Any assessment or enhancement made under this section shall take effect from the beginning of the quarter next following that in which such assessment or enhancement is made.

94. The Commissioners may at any time substitute for any name mentioned in the assessment list the name of any new occupier of a holding, and may assess the tax on such person, and such person shall be liable to pay such assessment from the date on which his occupation of the holding commenced.

95. If any holding shall become vacant in the course of the year, the assessment on account of the occupation of such holding shall cease to have effect from the first day of the quarter next following that in which it became vacant.

Of the Rate on the value of Holdings.

96. When it has been determined that a rate shall be imposed on the annual value of holdings, the Commissioners, after making such enquiries as may be necessary, shall determine the valuation of all holdings within the Municipality as hereinafter provided.

97. Save as is herein otherwise provided, such valuation shall be valid for three years from the date on which it first takes effect in the Municipality, and until the beginning of the

year next after the date on which a new valuation may be made, or until the valuation be revised and amended.

98. The rate on the value of holdings shall not be assessed or levied on any holding which is used exclusively as a place of public worship, or which is duly registered as a public burial or burning ground under section two hundred and fifty-four.

99. The Commissioners, in order to prepare the valuation list, may, whenever they think fit, by notice, require the owners or occupiers of all holdings to furnish them with returns of the rent or annual value thereof; and the Commissioners, or any person authorized by them in that behalf, at any time between sunrise and sunset, may enter, inspect, and measure any such holding after having given forty-eight hours' previous notice of their intention to the occupier thereof.

100. Whoever refuses or fails to furnish any such return for the space of one week from the day on which he shall have been required to do so, or knowingly makes a false or incorrect return, shall be liable to a fine not exceeding twenty rupees, and to a further daily fine not exceeding five rupees for each day during which he shall omit to furnish a true and correct return; and whoever hinders, obstructs, or prevents any Commissioner or any person appointed by the Commissioners as aforesaid, from entering, or inspecting, or measuring any such holding, shall be liable to a fine not exceeding two hundred rupees.

101. The gross annual rent at which any holding may be reasonably expected to let, shall be deemed to be the annual value thereof, and such value shall accordingly be determined by the Commissioners, and entered in the valuation list:

Provided that, if there be on a holding any building or buildings, the actual cost of erection of which can be ascertained or estimated, the annual value of such holding shall in no case be deemed to exceed an amount which would be equal to seven and a half per centum on such cost, in addition to a reasonable ground rent for the land comprised in the holding:

Provided also that where the actual cost so ascertained shall exceed one lakh of rupees, the percentage on the annual value to be levied in respect of so much of the cost as is in excess of one lakh of rupees shall not exceed one-fourth of the percentage determined by the Commissioners under Section one hundred and two.

Provided further that, in estimating the annual value of a holding under this section, the value of any machinery that may be on such holding shall not be taken into consideration.

102. Subject to the provisions of section eighty-five, the Commissioners, at a meeting to be held before the close of the year next preceding the year to which the rate will apply, shall determine the percentage on the valuation of holdings at which the rate shall be levied, and the percentage so fixed shall remain in force until the order of the Commissioners determining such

percentage shall be rescinded, and until the Commissioners at a meeting shall determine some other percentage on the valuation of holdings at which the rate will be levied from the beginning of the next year:

Provided that when this Act is first extended to any place, the first rate may be levied from the beginning of the quarter next after that in which the percentage has been fixed by the Commissioners at a meeting.

103. As soon as possible after the percentage at which the rate is to be levied for the next year shall have been determined under the last preceding section, the Commissioners shall cause to be prepared a valuation and rating list, which shall contain the following particulars, and any others which the Commissioners may think proper to include:—

- (a) name of the street or road in which the holding is situated;
- (b) number of the holding on the register;
- (c) description of the holding;
- (d) annual value of the holding;
- (e) name of owner;
- (f) amount of rate payable for the year;
- (g) amount of quarterly instalment;
- (h) if the holding is exempted from assessment, a note to that effect.

The rate upon holdings shall be payable in quarterly instalments by the owner of the holding.

104. If any house belongs to one owner, and the land on which it stands and any adjacent land which is usually occupied therewith, belongs to another, the Commissioners may value such house and land together and may impose thereon one consolidated rate.

The total amount of the rates shall be payable by the owner of the house, who shall thereafter be entitled to deduct from the rent which he pays for the land such proportion of the rate so paid by him as is equal to the proportion which such rent bears to the annual value of the holding.

If the owner of the house and the owner of the land do not agree in respect of the proportion of the rate so deducted by the owner of the house, the Commissioners shall, on the application of either party, make an award declaring the amount payable by each, and such award shall be final.

105. If the sum due from the owner of any holding remains unpaid after the notice of demand has been duly served, and such owner be not resident within the Municipality, or the

place of abode of such owner be unknown, the same may be recovered from the occupier for the time being of such holding, who may deduct, from the next and following payments of his rent, the amount which may be so paid by or recovered from him:

Provided that no arrear of rate, which has remained due from the owner of any holding for more than one year, shall be so recovered from the occupier thereof.

106. Whenever, from the circumstances of the case, the levy of the rate on any holding in the Municipality would be productive of excessive hardship to the person liable to pay

Any rate imposed or enhancement made under this section shall take effect from the beginning of the quarter next following that in which the rate shall be imposed or enhancement made.

109. The Commissioners may, at any time substitute for any name mentioned in the valuation and rating list, the name of any person to whom any holding mentioned therein shall have been transferred.

Power to revise assessment list.

Such person shall be liable to pay the rate payable on such holding from the first day of the quarter next after the date of the transfer.

110. When any holding has been vacant for sixty or more consecutive days during any year, the Commissioners shall remit, and, if the rate has been

paid, shall refund, one-half of so much of the rate of that year as may be proportionate to the number of days the said holding has remained unoccupied:

Provided that the owner of such holding, or his agent, has given to the Commissioners notice in writing of the vacancy thereof, and that the application for refund is made within six months from the date on which such notice is delivered at the office of the Commissioners.

The amount of tax to be remitted or refunded shall be calculated from the date of the delivery of such notice.

111. Whoever, being the owner of any holding, for which a remission or refund of the rate has been made under the last preceding section, fails to give notice of the re-occupation of such holding within ten days of such re-occupation, shall be liable to a fine not exceeding three times the amount of rate payable quarterly on such holding.

or who disputes his occupation of any holding, or his liability to be assessed or rated, may apply to the Commissioners to review the amount of assessment, valuation, or rating, or to exempt him from the assessment or rate.

114. Every application presented under the last preceding section shall be heard and determined by not less than three Commissioners, who shall be appointed in that behalf by the Chairman. The Commissioners so appointed, after making such inquiries as they may deem necessary, may pass such order as they shall think fit in respect of such application.

Procedure upon review.

The decision of such Commissioners, or of a majority thereof, in such cases shall be final.

115. Unless good cause shall be shewn to the satisfaction of such Commissioners for extending the time allowed, and save as is

otherwise expressly provided in this Act, no such application shall be received after the expiration of one month from the date of publication of the notice required by section one hundred and twelve relating to the list containing the assessment, valuation, or rating in respect of which the application is made, or after the expiration of fifteen days from the date of service of the first notice of demand for payment at the rate in respect of which the application is made, whichever period shall last expire.

116. No objection shall be taken to any assessment or rating, nor shall the liability of any person to be assessed or rated be questioned, in any other manner or by any other authority than in this Act is provided.

Assessment to be questioned only under Act.

117. By notification to be posted up in their office, the Commissioners shall declare at what hours of each day (not being a Sunday or other recognized holiday) the office shall be open for the receipt of money and the transaction of business.

Office hours for payment of taxes.

118. The amount due by any person on account of the tax on persons, or the rate on holdings, shall be deemed to be the amount entered in the lists the notice relating to which is published under section one hundred and twelve, unless the amount entered in such lists is subsequently altered by the Commissioners as provided in this Act; in which case the amount to which the assessment or rating is so altered shall be deemed to be the amount due.

Every instalment of such tax or rate shall be deemed to be due on the first day of the quarter in respect of which such instalment is payable.

119. For all sums paid on account of any tax or rate under this Act a receipt stating the amount and the tax or rate on account of which it is paid shall be given, signed by the tax-collector, or by

some other officer authorized by the Commissioners to grant such receipts.

120. At any time within six months after any sum has become due on account of any tax or rate, the Commissioners shall cause to be presented to the person liable to the payment thereof a bill for the said sum, which shall contain a statement of the period and of the tax or rate on account of which the charge is made.

If the amount mentioned in such bill be not paid on presentation thereof, a notice of demand in the form marked (A) in the fourth Schedule, with copy of the bill appended thereto, shall be served on the person liable to pay the same, and such notice of demand may be served at any subsequent time :

Provided that no charge shall be made in respect of the service of such notice.

Such notice shall be signed by the Chairman or an officer authorized in that behalf, and shall be served by a person authorized to receive payment.

121. If any person, after service upon him of such bill and notice, shall not, within fifteen days of the service of such notice, or from the date of any order made on an application for review under section one hundred and fourteen, pay the sum due, either to the Commissioners at their office, or to some person authorized by them to receive the money, or shew to the Commissioners sufficient cause for not paying the same, the amount of the arrear due, with costs on the scale shown in the table of fees marked (B) in the fourth Schedule, may at any time within three months after the date of service of the said notice, or of the order made on an application for review as aforesaid, be levied by distress and sale of any moveable property belonging to the defaulter, except ploughs, plough-cattle, tools, or implements of agriculture or trade, wherever found, or of any moveable property belonging to any other person, subject to the same exceptions, which may be found within the holding in respect of which such defaulter is liable to such tax or rate.

If the said property or any part thereof belong to any person other than the defaulter, the defaulter shall be liable to indemnify the owner thereof for any damage he may sustain by reason of such distress, or by reason of any payment he may make to avoid such distress or any sale under the same.

122. Every warrant of distress and sale made under the last preceding section shall be issued by the Commissioners, and shall be in the form marked (C) in the fourth Schedule.

Distress shall be made by actual seizure of moveable property, and the officer charged with the execution of the warrant shall be responsible for the due custody thereof.

Such officer shall make an inventory of all moveable property seized under the warrant, and shall give not less than ten days' previous notice of the sale, and of the time and place thereof, by beat of drum, in the Municipality or Ward in which the property is situated, and by serving on the defaulter a notice in the form marked (D) in the fourth Schedule :

Provided that if the property is of a perishable nature, it may be sold at once with the consent

of the defaulter, or without such consent at any time after the expiry of six hours from the seizure.

123. The officer, charged with the execution of the warrant may, under the special order of the Commissioners, between sunrise and sunset, break open any outer or inner door or window of a house, in order to make the distress, if he has reasonable ground for believing that such house contains any moveable property belonging to the defaulter, and if, after notification of his authority and purpose and demand of admittance duly made, he cannot otherwise obtain admittance :

Provided that he shall not enter or break open the door of any room appropriated for the zānanā, or residence of women, which, by the usage of the country is considered private, except after three hours' notice and opportunity given for the retirement of the women.

124. If the sum due be not paid with costs before the time fixed for the sale, or the warrant be not discharged or suspended by the Commissioners, the moveable property seized shall be sold by auction, at the time and place specified, in the most public manner possible, and the proceeds shall be applied in discharge of the arrears and costs.

The surplus sale proceeds (if any) shall be credited to the Municipal Fund, and may be paid on demand to any person who establishes his right to the satisfaction of the Commissioners, or in a Court of competent jurisdiction.

The tax-collector or other officer authorized in that behalf shall make a return of all such sales to the Commissioners in the form marked (E) in the fourth Schedule.

125. All officers and servants of the Commissioners, and all chaukidars, constables, and other officers of Police, are prohibited from purchasing any property at any such sale.

126. The Commissioners shall cause a regular account to be kept of all distresses levied, and sales made, for the recovery of taxes under this Act.

127. If no sufficient goods or chattels belonging to a defaulter, or being upon the premises in respect of which he is assessed or rated, can be found within the Municipality, the Magistrate may, on the application of the Commissioners, issue his warrant to any officer of his Court for the distress and sale of any personal property or effects belonging to the defaulter within any other part of the jurisdiction of the Magistrate, or for the distress and sale of any personal property belonging to the defaulter within the jurisdiction of any other Magistrate whatsoever, and such other Magistrate shall endorse the warrant so issued, and cause it to be executed, and the amount, if levied, to be remitted to the Magistrate issuing the warrant, who shall remit the same to the Commissioners.

128. No distress or sale made under this Act shall be deemed unlawful, nor shall any party making the same be deemed a trespasser on account of any error, defect, or want

of form in the bill, notice, summons, warrant of distress, inventory, or other proceeding relating thereto.

129. Instead of proceeding by distress and sale, or in case of failure to realize thereby the whole or any part of any tax, the Commissioners may sue the person liable to pay the same in any Court of competent jurisdiction.

130. The Commissioners may order to be struck off the books the amount of any tax or rate which may appear to them to be irrecoverable.

Of the Tax on Carriages, Horses, and other Animals.

131. When it has been determined that a tax on carriages, horses, and other animals specified in the fifth Schedule shall be imposed, the Commissioners at a meeting shall make an order that every carriage, horse, and every other animal of the kind specified in the said Schedule, which is kept or habitually used within, or which is let for hire within or without the Municipality, and habitually used within it, shall pay the tax, and shall cause such order to be published in the manner prescribed by section three hundred and fifty-four.

Such order shall be published at least one month before the beginning of the half-year in which such tax shall first take effect; and shall specify at what rates, not exceeding the rates given in the said Schedule, such tax shall be levied.

But such tax shall not be imposed on—

- (a) horses or ponies belonging to officers doing regimental duty, at the rate of one animal for each officer;
- (b) animals exempt from any Municipal tax under section 25 of the Indian Volunteers' Act, 1869;
- (c) carriages or animals belonging to Government, or to the Commissioners, or for keeping which for the execution of their duty an allowance is made by the Government or by the Commissioners to any of their officers;
- (d) animals used by, or exclusively for the purposes of, any regiment;
- (e) horses or ponies used by police officers, at the rate of not more than one for each officer;
- (f) carriages the wheels of which do not exceed twenty-four inches in diameter;
- (g) carriages or animals kept for sale by any *bonâ fide* dealer in such carriages or animals, and not used for any other purpose.

132. Any order of the Commissioners imposing a tax under the last preceding section shall continue in force until rescinded, and the tax shall be levied at the rates specified in the order published as aforesaid; unless and until the Commissioners at a meeting, held not less than fifteen days before the end of the year, make and publish an order specifying any different rates at which the tax shall be payable for the ensuing year.

133. In any Municipality in which a tax has been imposed under section one hundred and thirty-one the owner of every carriage, horse, and other animal specified in the said Schedule shall, within the first month of each half-year, forward to the Commissioners a statement in writing, signed by him, containing a description of the carriages, horses, and other animals liable to the tax, for which he is bound to take out a license.

Such owner shall, at the same time, pay to the Commissioners such sum as shall be payable by him for the current half-year for the carriages, horses, and other animals specified in such statement, according to the rates specified in any order for the time being in force under the two last preceding sections.

134. If any person acquires possession, at any time after the commencement of any half-year, of any carriage, horse, or other animal specified in the Schedule, in respect of which no license has been given for such half-year, he shall forward a statement as above required within one month of the date on which he may have acquired possession thereof, and shall pay such amount of the tax as shall bear the same proportion to the whole tax for the half-year as the unexpired portion of the half-year bears to the half-year; and such amount shall be calculated from the date on which such person may have acquired possession as aforesaid.

135. On receiving the amount of the tax due as aforesaid, the Commissioners, or some person authorised by them in that behalf, shall give to the person paying the same a license for the several carriages, horses, and other animals for the period in respect of which the amount is received.

Such license shall be for the current half-year and no longer.

136. Whenever the owner of any carriage, horse, or other animal liable to pay the said tax is not resident within the limits of the Municipality to the Commissioners of which the tax is due, the person in whose immediate possession the carriage, horse, or other animal is for the time being kept shall take out a license for the same.

137. Whoever keeps, or is in possession of, any carriage, horse, or other animal, without the license required by any of the three last preceding sections, shall be liable to a fine not exceeding three times the amount payable by him in respect of such license, exclusive of the amount so payable.

138. The Commissioners, at their discretion, may compound, for any period not exceeding one year, with livery stable-keepers and other persons keeping carriages or animals for hire, for a certain sum to be paid for the carriages or animals so kept by such person, in lieu of the tax at the rates specified in any order made by the Commissioners under sections one hundred and thirty-one and one hundred and thirty-two.

139. The Commissioners shall, from time to time, cause to be prepared and entered in a book, to be kept by them, and to be open to the inspection of any person interested therein, a list of the persons to whom, during the then current half-year a license has been given, and of the carriages, horses, and other animals in respect of which they have paid the tax.

140. The Commissioners, or any person authorized by them in that behalf, may, at any time between sunrise and sunset, enter and inspect any stable or coach-house, or any place wherein they may have reason to believe that there is any carriage, horse, or other animal liable to the tax, for which a license has not been duly taken out.

And the Commissioners may summon any person whom they have reason to believe to be liable to the payment of any such tax, or any servant of such person, and may examine such person or servant, as to the number and description of the carriages, horses, and other animals in respect of which such person is liable to be taxed.

141. On proof being given to the satisfaction of the Commissioners that a carriage, horse, or other animal for which a license has been taken out for any half-year has ceased to be kept or to be used within the Municipality during the course of such half-year, the Commissioners shall order a refund of so much of the tax for the half-year as shall bear the same proportion to the whole tax for the half-year as the period during which such carriage, horse, or other animal has not been kept or used in the Municipality bears to the half-year; but no such refund shall be allowed unless notice be given to the Commissioners within one month of the time when such use of such carriage, horse, or other animal ceased, and, except for special cause shown, the Commissioners shall pass no order for refund until after the close of the half-year in respect of which the refund is claimed.

Of the Registration of Carts.

142. The Commissioners at a meeting may make and publish an order that every cart, which is kept or habitually used within, or which is let for hire within or without the Municipality and habitually used within it, shall be registered by the Commissioners with the name and residence of the owner; and shall bear the number of registration in such manner as the said Commissioners shall direct:

Provided always, that such order shall be published at least one month before the beginning of the half-year in which such order for registration shall be enforced.

This section shall not apply to—

- (a) carts which are the property of the Government or of the Commissioners;
- (b) carts which are kept without the limits of the Municipality, and are only temporarily and casually used within such limits;
- (c) Howrah or the Suburbs of Calcutta.

143. The registration of carts under the last preceding section shall be made, and the numbers assigned yearly or half-yearly, upon such days as the Commissioners shall notify; and, such fee as they shall from time to time fix and notify, not exceeding four rupees if the registration has effect for a year, and not exceeding two rupees if the registration has effect for half a year, shall be paid for each registration.

144. Any person becoming possessed of any cart which has not been registered for the then current period of registration, shall register the same within one month from the date on which he may have become possessed thereof, and the Commissioners shall grant registration in any such case on payment of such amount of the fee as shall bear the same proportion to the whole fee for the current period of registration as the unexpired portion of the current period of registration bears to the whole of such period; and such fee shall be calculated from the date on which such person may have become possessed as aforesaid.

145. When the ownership of any registered cart is transferred within any period of registration, it shall be registered anew within one month of the transfer in the name of the person to whom it has been transferred, and a fee not exceeding four annas shall be paid for every such last-mentioned registration.

146. Whoever keeps, or is in possession of, a cart not duly registered as required by any of the three last preceding sections, shall be liable to a fine not exceeding three times the amount payable by him in respect of such registration, exclusive of the amount so payable; and whoever, being the owner or driver of any cart, shall fail to affix thereto the registration number as required by section one hundred and forty-two, shall be liable to a fine not exceeding five rupees.

147. If any person owns or keeps any cart hereinbefore required to be registered without having caused the same to be registered, the Commissioners, or any person authorized by them in that behalf, may seize and detain such cart (provided the same be not employed at the time of seizure in the conveyance of any passengers or goods), together with the animals drawing the same; and all police officers are required, on the application of the Commissioners, or of any servant of the Commissioners duly authorized in that behalf, to assist in the said seizure.

After such seizure, the Commissioners shall forthwith issue a notice in writing that after the expiration of ten days they will sell such vehicle and animals by auction at such place as they may state in the notice; and if any registration fee, together with the cost arising from such seizure and custody, remains unpaid for ten days after the issue of such notice, the Commissioners may sell the property seized for payment of the said fee, and of all expenses occasioned by such non-payment, seizure, custody and sale.

The surplus sale proceeds (if any) shall be credited to the Municipal Fund, and may be paid on demand to any person who establishes his

right to the satisfaction of the Commissioners, or in a Court of competent jurisdiction.

Provided that if, at any time before the sale is concluded, the person whose cart has been seized shall tender to the Commissioners, or to the person authorized by them to sell the cart, the amount of all the expenses incurred, and the registration fee payable by him, the Commissioners shall forthwith release the cart so seized.

Notwithstanding anything contained in this section, the surplus of the sale proceeds of a cart seized under this section may be devoted to the payment of any fine imposed under the last preceding section; and any cart which has been seized under this section may be sold for the realization of any such fine.

Of Tolls on Ferries.

148. The Local Government may, with the consent of the Commissioners, make over to the Commissioners any existing public ferry within or adjacent to the limits of the Municipality, to be administered by them until the Local Government shall otherwise direct.

149. The Commissioners may also, with the sanction of the Local Government, declare that any other ferry within, or adjacent to, the limits of the Municipality is a Municipal ferry, and the profits derivable therefrom shall thenceforward be carried to the credit of the Municipal Fund:

Provided that due compensation shall be made by the Commissioners to any person for the loss which he may have sustained in consequence of such ferry being declared to be a Municipal ferry.

The amount of compensation due in such cases shall be ascertained and awarded by the Magistrate under the provisions of section four of Bengal Act I of 1866 (to amend certain provisions of Regulation VI of 1819), or any similar law for the time being in force.

150. Every Municipal ferry shall be maintained by the Commissioners, and they shall do all things necessary to provide for the safety and convenience of travellers, and the safety of property to be conveyed on such ferry.

151. When it has been determined to impose tolls on Municipal ferries, the Commissioners at a meeting shall make and publish an order specifying the ferries, and, with the sanction of the Commissioner of the Division, the rates at which such tolls shall be levied.

Such rates may from time to time be varied with the like sanction.

152. No person shall be liable to pay any toll for crossing any river or stream at or near a Municipal ferry, unless he avails himself of the means provided by the Commissioners for crossing such river or stream.

153. Every lease of a ferry given by the Commissioners as herein-after provided shall be liable to be cancelled at once, if it shall appear to the Commissioners at a meeting that the lessee has failed to make due provision for the convenience or safety of the public within fifteen days after being required to do so by a notice in writing from the Commissioners.

On the cancellation of a lease, the Commissioners may take possession of all boats and other appliances which have been used by the lessee in the working of the ferry; and may either retain the same permanently on payment of a fair price to the proprietor, or may retain them for such time as may be necessary, not exceeding three months, until they can make arrangements for such other boats and appliances as may be necessary, in which case the Commissioners shall pay a fair sum to the owners for the use of the said boats and appliances:

Provided that within a week of taking such possession, the Commissioners shall be bound to give notice to the said lessee of their intention to retain the said boats and appliances permanently, or for a period to be specified in the notice.

154. Any collector or lessee of tolls, or his agent, may refuse to convey any person or goods across a Municipal ferry until the proper toll has been paid, and may require any person who refuses to pay the toll to leave the boat and to remove his goods from it.

Any person who refuses to leave a Municipal ferry-boat or to remove his goods therefrom when required to do so under this section, shall be liable to a fine not exceeding ten rupees.

155. No person shall keep a ferry-boat for the purpose of plying for hire within a distance of two miles above or below any Municipal ferry without the previous sanction of the Commissioners, if he plies within the limits of the Municipality, of the Magistrate of the District, if without such limits, or of the Magistrate of the District and the Commissioners, if one of the two banks between which he plies is within, and the other bank is without, such limits.

This section shall not apply to any private ferry which may be in existence at the commencement of this Act.

156. shall otherwise direct; every toll-bar while so administered shall be deemed to be a Municipal toll-bar, and the profits derivable therefrom, or such part thereof as shall be agreed upon between the Local Government and the Commissioners, shall be carried to the credit of the Municipal Fund,

158. The Commissioners at a meeting, with the sanction of the Local Government, may establish a toll-bar and levy tolls on any bridge or metalled road which they may have constructed after the commencement of this Act, or at any place within the Municipality adjacent to such bridge or metalled road at which tolls may conveniently be levied on vehicles and animals passing over such bridge or road; and the profits derivable therefrom shall be carried to the credit of the Municipal Fund:

Provided that no such toll-bar shall be established, or tolls levied, otherwise than for the purpose of recovering the expenses incurred in constructing such bridge or road, and in maintaining such bridge or road in repair for the five years next after the construction thereof, together with interest on such expenses as hereinafter provided.

159. Whenever a toll-bar shall have been established, and tolls shall be levied, as provided in the last preceding section, the Commissioners shall at the end of each year publish, by causing it to be posted up at their office, an abstract account shewing—

(2) the amount of interest which has accrued thereon, at the annual rate of six per centum; and

And as soon as such expenses and interest shall have been recovered as aforesaid, such toll-bars shall be removed, and tolls shall no longer be levied on such bridge or road.

160. When it has been determined that tolls shall be levied on any such bridge or road, the Commissioners at a meeting shall make and publish an order, with the sanction of the Commissioner of the Division, specifying the rates at which such tolls shall be levied.

163. If the toll due on any vehicle or animal is not paid on demand, the person authorized to collect the same may seize such vehicle or animal, or any part of its burden of sufficient value to defray the toll, and shall give immediate notice of such seizure to the Commissioners.

After such seizure, the Commissioners shall forthwith issue a notice in writing that, after the expiration of ten days, they will sell the property seized by auction at such place as they may state in the notice; and if any toll, together with the cost arising from such seizure and custody, remain undischarged for ten days after the issue of such notice, the Commissioners may sell the property seized, for discharge of the toll, and of all expenses occasioned by such non-payment, seizure, custody and sale.

The surplus sale proceeds (if any) shall be credited to the Municipal Fund, and may be paid on demand to any person who established his right to the satisfaction of the Commissioners, or in a Court of competent jurisdiction.

Provided that if, at any time before the sale has been concluded, the person whose property has been seized shall tender to the Commissioners, or to the officer appointed by them to sell the property, the amount of all the expenses incurred and of the toll payable, the Commissioners shall forthwith release the property seized.

Notwithstanding anything contained in this section, the surplus of the sale proceeds of any property seized under this section may be devoted to the payment of any fine imposed under the last preceding section; and any property which has been seized under this section may be sold for the realization of any such fine.

167. The Commissioners, or the lessee of any Municipal ferry or toll-bar, may compound with any person for a certain sum to be paid by such person for himself, or for any vehicles or animals kept by him, in lieu of the ordinary toll payable.

168. No tolls shall be paid for the passage of troops on the march, or of animals or vehicles employed in the transport of such troops;

or of military or Government stores, or the persons in charge of them;

or of military or police officers, or of any public or Municipal officer on duty, or of any person in their custody, or of any property belonging to them or in their custody, or of any vehicle or animal employed by such persons for the transport of such property;

or of conservancy carts or other vehicles, or animals belonging to the Commissioners, or of the persons in charge of them;

or of any animals, whether belonging to Government or otherwise, which are attached to a regiment or a Military Department, and which pass through a toll-bar, provided that tolls shall be leviable for conveying such animals over a ferry.

And the Commissioners or their lessees shall not be bound to allow any person or thing not specified above, to cross a ferry or to pass a toll-gate without payment of the prescribed toll.

In such case, the Commissioners shall exercise all the powers vested by such Act in the Collector.

172. The Local Government may at any time order that the Commissioners, or any person authorized by them, shall

cease to levy any tolls under the last preceding section, and may at any time withdraw such order.

PART V.

173. The provisions of this Part shall be in force in every Municipality, unless and until the Local Government shall otherwise direct.

174. The Local Government may at any time cancel or modify any order made under this section.

175. Whenever it is provided in this Part or in Part VI that the Commissioners or the Commissioners at a meeting may require the owners or the

occupiers, or the owners and occupiers, of any land, to execute any work or to do anything within a specified time, such requisition shall be made, as far as possible, by a notice to be served as provided in sections three hundred and fifty-six and three hundred and fifty-seven, on every owner or occupier who is required to execute such work or to do such thing; but, if there be any doubt as to the persons who are owners or occupiers, such requisition may be made by a notification to be posted up on or near the spot at which the work is required to be executed or the thing done, requiring the owners or the occupiers, or the owners and occupiers, of any land, to execute such work or to do such thing within a specified time; and in such notification it shall not be necessary to name the owners or occupiers.

Every requisition as aforesaid shall give notice to the persons to whom it is addressed that, if they fail to comply with the requisition, or to prefer an objection against such requisition as provided in the next succeeding section, the Commissioners will enter upon the land and cause the required work to be executed, or the required thing to be done; and that in such case the expenses incurred thereby will be recovered from the persons who are required in such requisition to execute such work or do such thing.

176. Any person who is required by a requisition as aforesaid to execute any work or to do anything, may, instead of executing the work or doing

the thing required, prefer an objection in writing to the Commissioners against such requisition within five days of the service of the notice or posting up of the notification containing the requisition; or, if the time within which he is required to comply with the requisition be less than five days, then within such less time.

Except as provided in the next succeeding section, such objection shall be heard and disposed of by the Chairman or Vice-Chairman.

177. If the objection shall allege that the cost of executing the work or of doing the thing required will exceed three hundred rupees, such objection shall be heard and disposed of by the Commissioners at a meeting; unless the Chairman or Vice-Chairman shall certify that such cost will not exceed three hundred rupees, in which case the objection shall be heard and disposed of by the Chairman or Vice-Chairman.

Local Government may order provisions of this Part to be not in force in any Municipality.

Procedure, when owners or occupiers required to execute work by Commissioners.

Provided that in any case in which the Chairman or Vice-Chairman shall have certified his opinion as aforesaid, and the objection shall in consequence thereof have been heard and disposed of by the Chairman or Vice-Chairman, the person making the objection may, if the requisition made upon him is not withdrawn on the hearing of his objection, pay in the said sum of three hundred rupees to the Commissioners as the cost of executing the work or doing the thing required; whereupon such person shall be relieved of all further liability and obligation, in respect of executing the work or doing the thing required, and in respect of paying the expenses thereof; and the Commissioners themselves shall execute such work, or do such thing, and shall exercise all powers necessary therefor.

178. The Chairman or Vice-Chairman, or the Chairman, &c., may make order after hearing objection. Commissioners at a meeting, as the case may be, shall, after hearing the objection and making any inquiry which they may deem necessary, record an order withdrawing, modifying, or making absolute the requisition against which the objection is preferred; and if such order does not withdraw the requisition, it shall specify the time within which the requisition shall be carried out, which shall not be less than the shortest time which might have been mentioned under this Act in the original requisition.

179. If the person making such objection be Order to be explained orally. present at the office of the Commissioners, the said order shall be explained to him orally; and if such order cannot be so explained, notice of such order shall be served as provided in section three hundred and fifty-six on the person making the objection; and such explanation of, or service of, the notice of the said order shall be deemed a requisition duly made under this Act to execute the work or do the thing required.

180. If the person or persons required to execute the work or to do the thing fail, within the time specified in any requisition as aforesaid, to begin to execute such work or to do such thing, and thereafter diligently to continue the same to the satisfaction of the Commissioners until it is completed, the Commissioners or any person authorized by them in that behalf may, after giving forty-eight hours' notice of their intention by a notification to be posted up on or near the spot, enter upon the land and perform all necessary acts for the execution of the work or doing of the thing required; and the expenses thereby incurred shall be paid by the owners or by the occupiers, if such requisition was addressed to the owners or to the occupiers respectively, and by the owners and the occupiers, if such requisition was addressed to the owners and the occupiers.

181. Whenever any expenses incurred by the Commissioners are to be paid by the owners of any land, as provided in the last preceding section, the Commissioners may, if there be more than one owner, apportion the said expenses among such of the owners as are known in such manner as to the Commissioners may seem fit.

And whenever any such expenses are to be paid by the occupiers of any land, as provided in the last preceding section, the Commissioners may, if there be more than one occupier, apportion the said expenses among such of the occupiers as are known in such manner as to the Commissioners may seem fit.

182. Whenever any expenses incurred by the Commissioners are to be paid by the owners and occupiers of any land, as provided in section one hundred and eighty, the Commissioners may apportion the said expenses among the said owners and occupiers or such of them as are known in such manner as to the Commissioners may seem fit.

183. Whenever any works or any alterations and improvements of which the Commissioners are authorized by this Part or Part VI to require the execution, are executed by the occupier on the requisition of the Commissioners, or are executed by the Commissioners, and the cost thereof is recovered from the occupier, the cost thereof may, if the Commissioners shall certify that such cost ought to be borne by the owner, be deducted by such occupier from the next and following payments of his rent due or becoming due to such owner, or may be recovered by him in any Court of competent jurisdiction.

184. Any owner or occupier of land may contest his liability to pay any expenses or fees under this Part or Part VI, or may contest the amount which he has been called upon to pay, in a Civil Court of competent jurisdiction:

Provided that the fact of such action having been instituted shall be no bar to the recovery of the said amount, in the manner provided by section three hundred and sixty.

185. Where any damages or compensation, other than compensation payable under section thirty-five, are by this Act directed to be paid by the Commissioners, the amount, and if necessary, the apportionment of the same, shall in case of dispute be ascertained and determined by a Civil Court of competent jurisdiction.

Of Sewage, Offensive Matter, Rubbish, Prieves and Drains.

186. The Commissioners shall provide all establishments, cattle, carts, and implements required for the removal of sewage, offensive matter and rubbish.

187. The Commissioners at a meeting may, from time to time, by an order published as prescribed in section three hundred and fifty-four, appoint the hours within which it shall be lawful to remove offensive matter and the manner in which the same shall be removed, and may provide places convenient for the deposit thereof, and may require the occupiers of houses to cause the same to be deposited daily, or at other stated

intervals, in such places, and may remove the same at the expense of the occupier from any house if the occupier thereof fails to do so in accordance with this Act.

188. Whenever such order shall have been published, no mehter or other servant of the Commissioners employed to remove or deal with sewage, offensive matter or rubbish, shall withdraw from his duties without the permission of the Commissioners, unless he has given notice in writing not less than one month previously of his intention so to withdraw.

Any mehter or other such person who, after the said publication, withdraws from his duties without giving such notice as aforesaid, shall be liable to rigorous imprisonment for a term not exceeding one month, and shall forfeit all salary which may be due to him.

189. The Commissioners at a meeting may, from time to time, by an order published as prescribed in section three hundred and fifty-four, appoint the hours within which only every occupier of any house or land may place rubbish on the public road adjacent to his house or land in order that such rubbish may be removed by the Commissioners; and the Commissioners may charge such fees as they may think fit in respect of the removal of such rubbish, with the consent of the occupier of any house or land, from such house or land, or in respect of the removal from such public road of any rubbish which has accumulated in the exercise of a trade or business.

190. All drains, privies and cess-pools shall be subject to the inspection and control of the Commissioners.

191. The Commissioners, or any officer authorized by them in that behalf, may inspect all privies, drains and cess-pools at any time between sunrise and sunset, after six hours' notice in writing to the occupier of any premises in which such privies, drains or cess-pools are situated, and may, if necessary, cause the ground to be opened where they or he may think fit for the purpose of preventing or removing any nuisance arising from such privies, drains, or cess-pools; and the expenses thereby incurred shall be paid by the owner or occupier of such premises.

192. Whenever the Commissioners are satisfied that the existence of such privy, drain or cess-pool is attended with risk of disease to the inhabitants of the neighbourhood, they may direct the use of such disinfectants or deodorants as they shall specify in such privy, drain or cess-pool, in such quantities or for such time as they shall think fit. The Commissioners shall, if necessary, themselves supply such disinfectants or deodorants for such use at cost price, and the expense thereby incurred shall be considered an arrear of tax, and be recoverable as such from the owner of such privy, drain, or cess-pool; or the Commissioners may, if they think fit, order that such expense shall be paid from the Municipal Fund.

193. The Commissioners may provide and maintain, in sufficient numbers and in proper situations, common privies and urinals for the separate use of each sex, and shall cause the same to be kept in proper order and to be properly cleansed.

194. The Commissioners may license such necessities for public accommodation as they from time to time may think proper.

195. Whenever any land being private property, or within any private enclosure, appears to the Commissioners, by reason of thick or noxious vegetation or jungle, or inequalities of surface, to afford facilities for the commission of a nuisance, or by want of drainage to be in a state injurious to health, or offensive to the neighbourhood, the Commissioners may require the owners or occupiers, or the owners and occupiers of such land, within fifteen days, to clear and remove such vegetation, or level such surface or drain such land:

Provided that if, for the purpose of effecting any drainage under this section, it shall be necessary to acquire any land not being the property of the person who is required to drain his land, or to pay compensation to any other person, the Commissioners shall provide such land and pay such compensation.

196. All sewage, rubbish, and offensive matter collected by the Commissioners from roads, privies, sewers, cess-pools, and other places, shall be the property of the Commissioners, who shall have power to sell or otherwise dispose of the same; and the money arising from the sale thereof shall be carried to the credit of the Municipal Fund.

197. All existing public sewers, drains, and other conservancy works, shall be under the direction and control of the Commissioners, who shall have power to construct any further works of that nature which they may consider necessary.

Of Bathing and Washing Places and Tanks.

198. All streams, channels, water-courses, tanks, reservoirs, springs and wells, not being private property, shall, for the purposes of this Act, be under the direction and control of the Commissioners.

199. The Commissioners may, by order published at such places as they may think fit, set apart convenient tanks, or parts of rivers, streams, or channels, not being private property, for the supply of water for drinking and for culinary purposes: and may prohibit therein all bathing, washing of clothes and animals, or other acts calculated to pollute the water set apart for the purposes aforesaid;

and may similarly set apart a sufficient number of the same for the purpose of bathing, and a sufficient number for washing animals and clothes, or for any other purpose connected

with the health, cleanliness, or comfort of the inhabitants.

The Commissioners may similarly take such order as they think fit with the private portion of any stream or channel used as a part of the public water-supply.

200. The Commissioners may require the owners or occupiers, or the owners and occupiers, of any land, within eight days, or such longer period as the Commissioners may fix, to cleanse any water-course, private tank, or pool therein, and to drain off and remove any waste or stagnant water which may appear to be injurious to health or offensive to the neighbourhood:

Provided that if, for the purpose of effecting any drainage under this section, it shall be necessary to acquire any land not being the property of the person who is required to drain his land or to pay compensation to any other person, the Commissioners shall provide such land and pay such compensation.

Of Obstructions and Encroachments on Roads.

201. The Commissioners may close temporarily any road or part of a road for the purpose of repairing such road, or for the purpose of constructing any sewer, drain, culvert, or bridge, or for any other public purpose:

Provided that the Commissioners so closing any road shall be bound to provide reasonable means of access for persons occupying holdings adjacent to such road.

Whenever, owing to such repairs or constructions, or from any other cause, any road or part of a road, shall be in a state which is dangerous to passengers, the Commissioners shall cause sufficient barriers or fences to be erected for the security of life and property, and shall cause such barriers or fences to be sufficiently lighted from sunset to sunrise.

202. The Commissioners may issue a notice requiring any person to remove any wall which he may have built, or any fence, rail, post, or other obstruction or encroachment, which he may have erected in or on any road or open drain, sewer, or aqueduct, after the date on which the District Municipal Improvement Act, 1864, or the District Towns Act, 1868, or the Bengal Municipal Act, 1876, as the case may be, took effect in the Municipality; or in case neither of the said Acts was in force in the Municipality before the commencement of this Act, then after the date on which this Act may have been extended thereto; and if such person shall fail to comply with such requisition within eight days of the receipt of the same, the Magistrate may, on the application of the Commissioners, order that such obstruction or encroachment be removed; and thereupon the Commissioners may remove any such obstruction or encroachment; and the expenses thereby incurred shall be paid by the person who erected the same.

No person shall be entitled to compensation in respect of the removal of any wall, fence, rail, post, or other obstruction under this section.

203. The surplus sale proceeds (if any) shall be credited to the Municipal Fund, and may be paid on demand to any person who establishes his right to the satisfaction of the Commissioners, or in a Court of competent jurisdiction.

204. or obstructs, or projects, or encroaches into, or upon any aqueduct, drain, or sewer in such road.

And if such owner or occupier shall fail to comply with such requisition within eight days of the receipt of the same, the Magistrate may, on the application of the Commissioners, order that such projection, encroachment, or obstruction be removed or altered, and thereupon the Commissioners may remove or alter such projection, encroachment or obstruction, and the expenses thereby incurred shall be paid by the owner or occupier so making default.

PART VI.

Of Special Regulations.

220. No provision contained in this Part, or in Parts VII, VIII, IX or X, shall apply to any Municipality, unless and until it has been expressly extended thereto by the Local Government in the manner provided by the next succeeding section.

221. The Commissioners may apply, in pursuance of a resolution passed at a meeting specially convened to consider the question, to the Local Government, to extend to the Municipality all or any of the provisions of this Part, or of Parts VII, VIII, IX or X; or to exclude from the operation of the said provisions, or any of them, any place within the Municipality.

And the Local Government may thereupon make an order accordingly.

222. Every such order shall be published in the *Calcutta Gazette*, and the Commissioners shall, within fifteen days of such publication, cause a

copy of the same, with a translation thereof into the vernacular of the district, to be posted up at their office, with a notice of the date on which such order shall take effect, and shall cause the same to be published as prescribed in section three hundred and fifty-four.

And the said provisions shall come into force in the Municipality from the date so fixed:

Provided that the date so fixed shall not be less than fifteen days after the publication under the said section, or more than three months after the publication of the order of the Local Government as aforesaid in the *Calcutta Gazette*.

223. The Local Government, on a similar application made by the Commissioners, may at any time cancel or modify an order made under section two hundred and twenty-one, and such cancellation or modification shall be published, and shall take effect in the manner prescribed by the last preceding section.

Of Privies, Drains, and Excavations.

224. The Commissioners may require the owners or occupiers, or the owners and occupiers, of any land, within fifteen days, to repair and make efficient any drain, privy or cess-pool, or to remove any privy or close any cess-pool which is situated on such land.

225. Every person constructing a privy shall have such privy shut out by a sufficient roof and wall or fence from the view of persons passing by, or residing in, the neighbourhood; and the Commissioners may require any owner or occupier of land on which a privy stands to cause the same to be shut out from view as aforesaid within fifteen days.

226. If any person, without the written consent of the Commissioners first obtained, makes or causes to be made, or alters or causes to be altered, any drain leading into any of the sewers or drains vested in the Commissioners, the Commissioners may cause such branch drain to be demolished, altered, re-made, or otherwise dealt with as they shall think fit; and the expenses thereby incurred shall be paid by the person making or altering such branch drain.

227. If any land, being within one hundred feet of a sewer, drain or other outlet into which such land may, in the opinion of the Commissioners, be drained, is not drained to the satisfaction of the Commissioners, the Commissioners may require the owner, within one month, to drain the said land into such sewer, drain or outlet.

228. If it appear to the Commissioners that a group or block of houses may be drained, or improved more economically or advantageously in combination than separately, and a sewer, drain or other outlet already exists within one hundred feet of any part of such group or block of houses, the Commissioners may cause such group or block of houses to be so drained and improved; and the expenses thereby incurred shall be recovered from the owners of such houses in such proportions as shall to the Commissioners seem fit.

229. If any branch drain, privy or cess-pool be constructed contrary to the directions and regulations of the Commissioners, or contrary to the provisions of this Act; or if any person, without the consent of the Commissioners, constructs, re-builds or unstops any branch drain, privy or cess-pool which has been ordered by them to be demolished or stopped up, or not to be made, the Commissioners may cause such amendment or alteration to be made in any such drain, privy or cess-pool as they think fit, or may cause the same to be removed; and the expenses thereby incurred shall be paid by the person by whom such drain, privy or cess-pool was improperly constructed, re-built or unstopped.

230. No person shall, without the written permission of the Commissioners, construct or keep any latrine, urinal, cess-pool, house-drain or other receptacle for sewage or other offensive matter, within fifty feet of any public tank or watercourse, or a tank or watercourse which the inhabitants of any locality use.

The Commissioners may require any owner and occupier upon whose land any latrine, urinal, cess-pool, house-drain or other receptacle so situated exists, or may hereafter be constructed, to remove the same within eight days.

231. No person shall, without the written permission of the Commissioners, construct a privy with a door or trap-door opening on to any road or drain. The Commissioners may require any owner or occupier upon whose land any such privy exists to move the same within eight days.

232. The Commissioners at a meeting may, by a general order, prohibit the making of excavations for the purpose of taking earth or stone therefrom, or for the purpose of storing rubbish or offensive matter therein, and the digging of cess-pools, tanks or pits without special permission previously obtained from them.

If any such excavation, cess-pool, tank or pit is made after the issue and publication of such order without such special permission, the Commissioners may require the owners and occupiers of the land on which such excavation, cess-pool, tank or pit is made, within two weeks, to fill up such excavation.

Of Obstructions and Encroachments on Roads.

233. The Commissioners at a meeting may determine on the removal or alteration, as they shall think fit, of any projection, encroachment or obstruction which may have been erected or placed against, or in front of, any house on any road within the limits of the Municipality before the date on which the District Municipal Act, 1864, or the District Towns Act, 1868, or the Bengal Municipal Act, 1876, as the case may be, came into force in the Municipality, or in case neither of the said Acts was in force in the Municipality before the commencement of this Act, then before the date on which this Act may have been extended thereto.

Notice in writing shall be given to the owner or occupier of such house requiring him to remove or alter the said projection, encroachment or obstruction, or to shew cause before the Commissioners why he should not be required so to do; and if such owner or occupier shall fail to comply with such requisition within thirty days of the receipt of the same, or if after such owner or occupier shall have shewn cause against being required to remove or alter the said projection, encroachment or obstruction, the Commissioners shall make an absolute order directing such removal or alteration; and if such owner or occupier shall fail to comply with such order within fifteen days of the date of the same, the Magistrate may, on the application of the Commissioners, order such projection, encroachment or obstruction to be removed or altered; and thereupon the Commissioners may remove or alter such projection, encroachment or obstruction.

The Commissioners shall make reasonable compensation to every person who suffers damage by any removal or alteration under this section.

In determining the amount of compensation, the value of the land shall not be taken into consideration.

234. The Commissioners may grant permission to any person, for such period as they may think fit, to deposit any moveable property on any road, or to make an excavation in any road, or to enclose the whole or any part of any road, and may charge such fees as they may fix for such permission:

Provided that such person undertakes to make due provision for the passage of the public and to erect sufficient fences to protect the public from injury, danger or annoyance, and to light such fences from sunset to sunrise sufficiently for such purpose.

235. Every person intending to build or take down any house, or to alter or repair the outward part of any house, shall, if any public road will be obstructed or rendered inconvenient by means of such work, before beginning the same, cause sufficient hoards or fences to be put up in order to separate the house where such works are being carried on from the road, and shall keep such hoard or fence standing and in good condition, to the satisfaction of the Commissioners, during such time as the public safety or convenience requires, and shall cause the same to be sufficiently lighted during the night:

Provided that no person shall put up a hoard or fence without the written permission of the Commissioners, nor shall he keep up the said hoard or fence for a time longer than allowed in the said written permission.

Of Building Regulations.

236. The Commissioners at a meeting may direct that, within certain limits, to be fixed by them, the external roofs and walls of any building, or the roofs or walls of which may thereafter be erected, or the roofs or walls of which may thereafter be renewed or repaired, shall not be made of grass, leaves, mats or other inflammable materials.

If within fourteen days after receiving the plan as aforesaid, the Commissioners fail to signify their approval or disapproval of the levels and width of foundation walls shown in such plan, or to fix other levels and width of foundation walls, the person giving notice may, unless sanction has been refused under section two hundred and thirty-eight, proceed to build or rebuild the house in accordance with the levels and width of foundation walls shown in the plan:

the land on which such huts are built, to carry out and execute, within a reasonable time, to be fixed by the Commissioners for such purpose, all or any of the works specified in the aforesaid report or any portion thereof respectively, and if such owner, owners, or occupiers shall fail to comply with such requisition, the Commissioners themselves may execute all or any of such works.

247. The Commissioners at a meeting may order that any expenses payable in respect of any work done by them in consequence of the failure of the owners or occupiers to execute such work when required to do so under the last preceding section, shall be recovered by instalments from the person liable to pay the same; or if it should appear to them that the said person is unable by reason of poverty to pay the same, may order the same, or any portion thereof, to be paid out of the Municipal Fund.

248. If any of the said huts be pulled down, the Commissioners shall cause the materials of each hut to be sold separately, if such sale can be effected, and the proceeds shall be paid to the owner of the hut, or, if the owner be unknown, or the title disputed, shall be held in deposit by the Commissioners, until the person interested therein shall obtain the order of a Civil Court of competent jurisdiction for the payment of the same.

Of the Regulation of the Sale of Food, Drink, and Drugs.

249. Every owner, or occupier, or farmer, of any place for the sale of meat, poultry, fish, or vegetables, or of any slaughter-house, within the limits of a Municipality, shall cause such drains to be made therein as shall be considered sufficient by the Commissioners, and (if required so to do by the Commissioners) shall cause all the floors and drains to be paved with stone or burnt brick, and shall also cause a supply of water to be provided, sufficient for keeping such place or slaughter-house in a clean and wholesome state.

250. Any Magistrate, on the application of the Commissioners or any of their officers setting forth that there is just cause to believe that any article which has been rendered or has become noxious or unfit for use as food or drink for man, is in the possession of any person for the purpose of being sold, or offered or exposed for sale, within the limits of a Municipality, as food or drink for man, may grant a warrant to enter upon the premises of such person, and to search for and seize such article.

And if it appear to the said Magistrate that the same is noxious or unfit for such use, he shall order it to be forfeited and disposed of in such way as to him shall seem proper.

251. The Commissioners, or any person authorized by them in that behalf, may at all reasonable times enter into and inspect any market, buildings, shop, stall, or place used for the sale of meat, poultry, fish, vegetables, corn, bread, flour, wine, spirits, butter, ghee, or other food or drink, or as a slaughter-house, and

No person shall compound, mix, prepare, dispense, or sell any drug in any such registered shop or place unless he be duly certified as a fit person to be entrusted with such duties under rules made for that purpose by the Local Government.

Provided that the provisions contained in the second clause of this section shall not come into operation until after the expiration of a period of six months from the publication of a notification to that effect in the *Calcutta Gazette* by the Local Government.

Nothing in this section contained shall be construed to apply to the sale of drugs used by practitioners of indigenous medicines, whether recognized by the British Pharmacopœia or not, when such drugs are not sold in a shop or place where medicines recognized by such Pharmacopœia are dispensed upon prescription.

253. The Commissioners, or any person authorized by them in that behalf, may at all reasonable times enter into and inspect any place kept for the sale of drugs, or in which drugs are sold, and if they have reason to suspect that any drug in the said place is adulterated, or by reason of age or the effect of climate has become inert or unwholesome, or has otherwise become deteriorated in such a manner as to lessen its efficacy, to change its operation, or to render it noxious, may remove the same on giving a receipt therefor, specifying the nature and quantity of the drug removed, and its approximate value; and if it appear to a Magistrate that the said drug removed as aforesaid is adulterated or has become inert, unwholesome, or deteriorated as aforesaid, he may order the same to be destroyed, or to be so disposed of as to him may seem fit.

256. If it shall appear to the Commissioners at a meeting that any public or private burial or burning-ground is dangerous to health or offensive to the tax-payers, or to the inhabitants of the neighbourhood, and also that a suitable place for interment or burning, as the case may be, exists within a convenient distance, and is open and available to the inhabitants of the Municipality, the Commissioners shall give public notice of their intention to close such burial or burning-ground, and shall consider any objections which may be preferred within fifteen days of the publication of such notice; after considering such objections they may, by notification to be affixed on some conspicuous part of the ground, appoint a time, not being less than two months, for the closing of such burial or burning-ground.

If any building is attached to, and used in connection with, a burning-ground closed under this section, the Commissioners shall, if the owner of such building make an application to them in that behalf, take over the same on payment of a fair price therefor.

257. After the expiration of the three months, mentioned in section two hundred and fifty-four, no corpse shall be buried or burnt otherwise than in a place which is borne on the register of the Commissioners as an open burial or burning-ground; but the Commissioners may grant special permission for a corpse to be buried or burnt elsewhere.

258. After the expiration of not less than twenty-four hours from the death of any person, the Commissioners may cause the corpse of such person to be burnt or buried, and the expenses thereby incurred shall be recoverable as a debt due from the estate of such person. In every such case,

the corpse shall be disposed of, so far as may be possible, in a manner consistent with the religious tenets of the deceased.

259. The Commissioners at a meeting may, from time to time, out of the Municipal Fund, with the sanction of the Local Government, provide fitting places to be used as burial or burning-grounds, and may impose a fee not exceeding two rupees in respect of every corpse buried or burnt within such burial or burning-grounds.

260. The Commissioners at a meeting may, from time to time, out of the Municipal Fund, provide for the burial and burning of paupers free of charge, within the limits of the Municipality.

The Commissioners may levy a fee in respect of such license and the renewal thereof, and may impose such conditions upon the license as they may think necessary.

262. If it be shewn to the satisfaction of the Commissioners at a meeting that any place licensed under section two hundred and sixty-one, is a nuisance to the neighbourhood, they may, notwithstanding anything contained in the said section, give notice to the occupier to discontinue the use of such place within one month after the date of such notice.

The Commissioners may license places for such purpose, and may levy a fee not exceeding one rupee on the issue and renewal of any such license. Such license shall be renewed in the first and seventh months of each year.

It shall be in the discretion of the Commissioners at a meeting to grant any such license subject to such conditions as they may think fit.

264. The Commissioners may provide public stables for the accommodation of horses and cattle, and may direct that, within such limits as they shall at a meeting determine, no person shall keep horses or cattle exceeding ten in number, for the purpose of trade or business, except in such public stables, or in places licensed under the preceding section.

The said water-rate shall be paid by the occupiers of the holdings by quarterly instalments in advance.

Provided that notice shall have been given in writing to the Commissioners of such house or land being unoccupied, and that the application for refund be made within six months next after the date on which the house or land ceased to be occupied.

The date on which the said notice is delivered at the office of the Commissioners shall, for the purposes of this section, be deemed to be the date on which the house or land ceased to be occupied.

288. A supply of water for domestic purposes

290. If the Commissioners at a meeting

shall determine to supply water to houses within the Municipality, every person paying the water-rate hereinbefore mentioned shall be entitled to lay down communication-pipes from the service pipes of the Commissioners for bringing into his house or land a reasonable supply of water for domestic use:

Provided that the Commissioners shall be at liberty to cut off the supply of water to any house or land during the time the said house or land is unoccupied.

Such communication-pipes and the pipes and works within the house connected therewith, shall be of such character, dimensions, and materials as the Commissioners shall fix and approve; and shall be made and constructed at the expense of the person requiring the same.

291. The communication pipes and all

fittings thereon leading water from the service pipes of the Commissioners into any house or land, and the pipes, works, and fittings inside the house or land, must in all cases be executed subject to the inspection and satisfaction of the Commissioners.

Such communication pipes, works, and fittings may be made by the servants and workmen of the Commissioners upon such terms as may be agreed upon between the Commissioners and the person requiring the supply, or subject to such charges as may be fixed by the Commissioners; and the Commissioners may require the amount necessary

for the execution of such works to be paid or deposited before such works are executed:

And such charges and expenses shall be recoverable in the same manner as the water-rate.

292. Any officer authorized in that behalf by the Commissioners may, between the hours of seven in the forenoon and five in the afternoon, enter into or on any house or land supplied with water as aforesaid in order to examine all pipes, works, and fittings connected with the supply of water, and to ascertain whether there be any waste or misuse of such water:

And if such officer at any such time be refused admittance into such house or land for the purposes aforesaid, or be prevented from making such examination, the Commissioners may forthwith cut off the supply of water from such house or land:

Provided that nothing hereinbefore contained shall authorize an entry into any room appropriated for the zenana or residence of women, which, by the custom of the country, is considered private, unless a notice in writing of not less than four hours be given.

293. In the event of any pipes, works or fittings connected with the supply of water to any house or land being at any time found, on examination by any officer of the Commissioners authorized in that behalf, to be out of repair to such an extent as to cause waste of water, the Commissioners may cause the water to be turned off from such house or land, after giving notice in writing of not less than twenty-four hours, and may recover from the occupier of such house or land the expense incurred for turning off the water.

294. The Commissioners may supply water through a meter for purposes other than domestic purposes, and may, subject to such charges and rates as may have been fixed by the Commissioners at a meeting, lay down, or allow to be laid down, the necessary pipes and works of such dimensions and character as may be approved by them.

295. The Commissioners at a meeting may determine what quantity of water shall be supplied to the occupier of every house, free of further charge, for every rupee paid to the Commissioners as water-rate on account of such house.

If the Commissioners have reason to believe that the occupier of any house consumes more water than he is entitled to as aforesaid, it shall be lawful for them to provide a water meter at their own expense, and to attach the same to the water-pipes of the said house: and any water which may be used over and above the quantity to which the occupier is entitled as aforesaid, shall be paid for by him at such rate as the Commissioners at a meeting may determine.

296. It shall be at the option of the Commissioners to provide filtered or unfiltered water for all latrines and water-closets, and it shall be lawful for them to require that all latrines and water-closets supplied with water, filtered or unfiltered, shall be provided with a return of such size and description as the Com-

missioners shall direct, and all such cisterns shall be put up at the cost of the owner of the house or land so supplied with water.

297. If any person supplied with water shall neglect to pay the water-rate hereinbefore mentioned at the times of payment thereof, or the charge made for the said water when supplied for other than domestic purposes, the Commissioners may turn off the water from the house or land in respect of which such rate or charge is payable, and may recover the expense of turning off the water from such person:

Provided that the stopping or cutting off the supply of water shall not relieve any person from any penalties or liabilities which he may have incurred.

298. The occupier of any house or land in which water supplied by the Commissioners under this Part is, from negligence or other circumstances under the control of the said occupier, wasted; or in whose house or land the pipes, works or fittings for the supply of water shall be found to be out of repair to such an extent as to cause waste of water, shall be liable to a fine not exceeding twenty rupees.

299. Any person otherwise causing waste of water supplied by the Commissioners shall be liable to a fine not exceeding five rupees.

300. It shall be within the discretion of the Commissioners to allow any person not residing within the limits of the Municipality to take or be supplied with water for domestic use, on such terms as the Commissioners in meeting may from time to time prescribe.

And any person taking or causing to be taken for use, outside the limits of the Municipality, water supplied by the Commissioners, without the permission of the Commissioners, shall be liable to a fine not exceeding fifty rupees.

301. Before a connection for the supply of water from the service pipes of the Commissioners to any house or land is sanctioned, the Commissioners may cause all the works, pipes, and fittings within the said house or land to be inspected by an officer appointed by them in that behalf.

And the cost of such inspection shall be payable in advance by the person applying for such connection at such rates as the Commissioners in meeting shall from time to time direct.

And until such officer shall have certified to the Commissioners that the works, pipes, and fittings have been executed and put up in a satisfactory manner, a connection with the Commissioners' service pipes shall not be permitted.

302. The connection with the service pipes of the Commissioners, as also the laying of supply pipes under any public road or thoroughfare, shall be executed by an officer of the Commissioners authorized in that behalf and by no other person.

Commissioners may provide filtered or unfiltered water for latrines.

And the expense of making such connection shall be payable in advance by the person applying for the same, at such rates as the Commissioners in meeting shall from time to time direct.

303. Any person who shall unlawfully flush, draw-off, divert or take water from any water-works belonging to, or under the control of, the Commissioners, or from any water or streams by which such water-works are supplied, shall be liable to a fine not exceeding one hundred rupees.

304. No works for introducing a supply of water to any house shall be commenced by the owner without sending a specification and estimate of the cost thereof to the occupier, nor by the occupier without sending such specification and estimate to the owner.

305. Except in the case of a special agreement to the contrary, the owner of any house or land shall bear the expense of keeping all works connected with the supply of water to such house or land in substantial repair:

Provided that nothing in this section shall affect the liabilities of parties under leases executed previous to the extension of this Part to the Municipality in which the said house or land is situated.

306. All public tanks, reservoirs, cisterns, wells, aqueducts, conduits, tunnels, pipes, pumps, and other water-works, whether made, laid or erected at the cost of the Commissioners or otherwise, and all bridges, buildings, engines, works, materials, and things connected therewith, or appertaining thereto, and also any adjacent land (not being private property) appertaining to any public tank, shall become vested in the Commissioners.

307. The water-rate and all moneys collected, received or recovered for or in respect of the supply of water or the execution of works, and all fines connected therewith, or in any respect relating to the water-supply, shall be applied by the Commissioners in defraying the expense of making, extending or maintaining the water-works, in paying the interest of money borrowed for the water-works, and in the liquidation of debts incurred in connection therewith, or for some other purpose connected with the supply of water.

PART VIII.

Of Lighting with Gas.

308. In any Municipality in which this Part shall have been introduced in the manner provided in section two hundred and twenty-two it shall be lawful for the Commissioners from time to time to submit to the Local Government, for its sanction, a plan for lighting with gas any portion of any area situate within the municipal limits, whether so lighted already or not, such portion of the said area having been previously defined by the Commissioners at a meeting held for that purpose. The Local Government shall cause the

plan to be published for one month in the *Calcutta Gazette*, and the Commissioners shall publish it in the vernacular within the limits of the Municipality; and after such publication, and after consideration of any objections which may be raised to it, or alterations suggested in it, the Local Government may, if satisfied that the lighting proposed in the plan is proper and sufficient, sanction such plan, or may refuse its sanction thereto, or may return it to the Commissioners for alteration in certain particulars to be specified by it, and when altered may sanction it as altered. The Local Government shall cause its sanction to any plan to be notified in the *Calcutta Gazette*, and shall at the same time cause the plan sanctioned to be published in the said *Gazette*.

309. After notification by the Local Government in the last preceding section mentioned, it shall be lawful for the Commissioners to impose an annual rate not exceeding three per centum of their annual value upon all holdings situated within such portion of the said area for the purpose of defraying the whole expense of lighting:

Provided that, as regards any portion of the said area already lighted with gas, for the future lighting of which a plan shall have been sanctioned by the Local Government under the provision of the last preceding section, if it shall appear that the estimated proceeds of the said rate at three per centum will not be sufficient to defray the whole expense of such lighting, it shall be lawful for the Commissioners to impose a rate sufficient to defray the whole expense of lighting such portion.

310. The rate imposed under the last preceding section upon holdings shall be paid by the occupiers thereof by quarterly instalments in advance; but no rate shall be leviable until the lamps in the portion of the area to be lighted shall have been lighted; nor shall any rate be leviable for any quarter or portion of a quarter antecedent to such lighting.

311. The annual value of holdings shall be the value determined by the Commissioners for the imposition of the rate on holdings under the provisions of Part IV of this Act, or if no such rate on holdings be imposed, the annual value shall be ascertained and determined in the manner provided in that Part. And the provisions of sections ninety-six to one hundred and nine (both inclusive), and one hundred and twelve to one hundred and thirty (both inclusive), shall *mutatis mutandis*, and so far as they are not inconsistent with the provisions of this Part, be applicable to the assessment and collection of the lighting-rate.

312. If any holding shall be occupied by more than one tenant holding severally, or shall be of less annual value than one hundred rupees, it shall be lawful for the Commissioners to recover the rate from the owner of such holding.

313. Whenever any rate shall be recovered

from any owner of any holding under the provisions of the last preceding section, it shall be lawful for such owner, if there shall be but one occupying tenant of such entire holding, to recover from such tenant the entire amount of the rate which shall have been so paid by such owner; and if there shall be one occupying tenant of a part of such holding or more than one occupying tenant of such holding, then to recover from such tenant or each of such tenants, such sum as shall bear to the entire amount of rate which may have been so recovered from such owner, the same proportion as the value of the portion of such holding in the occupation of such tenant bears to the entire value of such holding, subject, however, to the provisions of the next succeeding section.

314. Every owner who, under the provisions

of the last preceding section, may be entitled to recover any sum from any occupying tenant of any holding or of any portion thereof, shall have for the recovery of such sum all such and the same remedies, powers, rights, and authorities as if such sum were rent payable to such owner by such tenant in respect of so much of such holding as may be in the occupation of such tenant.

315. Every occupier shall be liable to the

lighting-rate for the time of his occupation. When any person shall have been an occupier for a part only of any quarter, he shall be liable only for so much of the rate for that quarter as may be proportionate to the number of days during which he shall have been an occupier.

If he shall have paid the rate in advance, the

amount paid in excess of the sum due under this section shall be refunded.

No such rate shall be chargeable to any

person on account of any unoccupied holding for the time during which it may

remain unoccupied:

Provided always that when any person ceases

to be the occupier of any holding upon which the rate has been assessed, he shall

give the Commissioners notice to that effect within seven days from the date of the cessation of his occupancy. If the occupier fail to give such notice within such period, he shall be liable to the rate assessed on such holding for the whole quarter, although he may have occupied for a part only of such quarter; and in cases to which the provisions of section three hundred and twelve apply, the rate assessed on such holding for the whole quarter shall be recoverable from the owner, if such owner has failed to give notice that such holding is unoccupied, within seven days from the date on which it ceased to be occupied.

316. When the name of the owner or occu-

pier of any holding is not known, it shall be sufficient to designate him, in any notice served or proceeding held under this Part, as the owner or the occupier of the holding

on which the rate is assessed, and without further description.

317. If the Commissioners deem it neces-

sary for the purposes of this Part to raise, sink or otherwise alter the situation of any gas-pipe or other gas-work laid in any portion of the said area, they

may from time to time, by notice in writing, require the person to whom any such pipe or work belongs, or under whose control it may be, to cause forthwith, or as soon as conveniently may be, any such pipe or work to be raised, sunk or otherwise altered in position, in such manner as the Commissioners may direct:

Provided that such alteration be not such as permanently to injure such pipe or work, or to prevent the gas from flowing as freely and conveniently as before; and the expenses attending such raising, sinking, or altering, and full compensation for the damage done thereby, shall be paid by the Commissioners out of the Municipal Fund as well to the person to whom such pipe or work belongs as to all other persons.

318. If the person to whom any such pipe

or work belongs, or under whose control it may be, do not proceed forthwith, or as soon as conveniently may

be, after the receipt of such notice, to cause the same to be raised, sunk or altered in such manner as the Commissioners require, the Commissioners may themselves cause such pipe or work to be raised, sunk or altered as they may think fit:

Provided that such works be not permanently injured thereby, or the gas prevented from flowing as freely and conveniently as before.

319. The provisions of this Part shall apply,

so far as may be possible, to any scheme which may be adopted by the Commissioners of any Municipality for lighting the Municipality under any system involving the laying of pipes or wires or other similar apparatus.

PART IX.

Of the Construction and Cleansing of Latrines.

320. In any Municipality to which the pro-

visions of this Part shall have been extended in the manner prescribed by sec-

tion two hundred and twenty-two, the Commissioners may issue a notice declaring that, from a date to be specified in such notice, they will maintain an establishment for the cleansing of public and private latrines within the limits of the Municipality; or any part thereof; and the Commissioners shall make suitable provision accordingly.

321. When such provision has been made, the

Commissioners may levy fees, to be fixed on such scale, with reference to the

annual value of holdings within the limits of the Municipality, or such part thereof as aforesaid, as the Commissioners at a meeting may from time to time direct;

but the fee shall not exceed three rupees per annum where the valuation of the holding amounts to, or is less than, twenty-five rupees;

and the fee on any one holding shall not exceed four hundred and eighty rupees:

Provided that if, on the commencement of this Act, the owners or occupiers of any holding are already under engagement to pay to the Commissioners an annual sum exceeding four hundred and eighty rupees for the cleansing of their premises, such sum, or such other sum as may from time to time be agreed upon between them and the Commissioners, may be levied from them in accordance with the provisions of this Part.

322. The said fee shall be payable by the occupier for the time being of the holding, or by the owner thereof under the next succeeding section, in quarterly instalments, and shall be recoverable in the manner prescribed for the recovery of the rate on the value of holdings in this Act.

Every instalment of the said fee shall be deemed to be due on the first day of the quarter in respect of which such instalment is payable.

The proceeds of the said fees shall be applied to the maintenance of the said establishment, and to the providing of public latrines, and generally to carrying out the provisions of this Part.

A list of the said fees, and of the persons liable to pay the same, shall be published once in every year as prescribed in section three hundred and fifty-four.

323. If any holding is occupied in severalty by more than one person, the Commissioners may levy the said fee from the owner of such holding, who may recover from each occupier such sum as shall bear to the entire amount of the fee so levied the same proportion as the value of the part of the holding in the occupation of such person bears to the entire value of such holding.

324. Every owner who, under the provisions of the last preceding section, is entitled to recover any sum from the occupier of any part of a holding, shall have for the recovery of the said sum all such and the same remedies, powers, rights, and authorities as if such sum were rent payable to him by the occupier in respect of such portion of the holding as may be in his occupation.

325. The Commissioners, at their discretion, may compound, for any period not exceeding one year, with any occupier or owner as aforesaid of any railway premises or of any premises used as a factory, dockyard, workshop, cooly depot, school, hospital, market, court-house, or other similar place, for a certain sum to be paid by such occupier or owner in lieu of such fee.

326. The Commissioners may, in lieu of the aforesaid fee, levy a rate per head, to be fixed by the said Commissioners at a meeting, on the number of persons living within or habitually resorting to, any such railway premises, factory, dockyard, workshop, cooly depot, school, hospital, market, court-house or other similar place.

327. The Commissioners may reduce the amount of a fee payable under this Part, or may remit the fee if in their

opinion the levy of it would be productive of excessive hardship to the person liable to pay the same.

328. Whoever refuses to pay any fee or rate due under this Part, or having compounded for the payment of a certain sum under section three hundred and twenty-five refuses to pay such sum, shall be liable, on conviction, to a fine not exceeding three times the amount payable by him, exclusive of the amount so payable.

329. No person liable to pay a fee or rate under the provisions of this Part shall be punished with fine for neglecting or refusing to keep his privy in a proper state under section two hundred and seventeen, clause (8).

330. All servants of the Commissioners employed for the purposes of this Part may, within such hours as may be fixed by the Commissioners, enter on any premises of which the occupier or owner is liable to pay a fee or rate as aforesaid, and do all things necessary for the performance of their duties under this Part.

331. The Commissioners at a meeting may make an order requiring all persons employed in the removal of sewage within the limits of the Municipality, or any part thereof, to take out licenses, and to be servants of the Commissioners for the purpose of removing sewage from premises within the said limits.

The Commissioners at a meeting may grant such licenses subject to such conditions as they may think fit, and may impose fees in respect of the same.

Subject to the approval of the Local Government, the Commissioners may make rules to define the duties of such persons, and from time to time may alter, add to or repeal such rules; and any breach of such rules shall subject the offender to a forfeiture of license, and to a fine not exceeding twenty rupees.

332. If the Commissioners think that any latrine or additional or common latrine should be provided for any house or land within the limits of the Municipality, the owners of such house or land shall, within fourteen days after notice given by the Commissioners, or within such longer time as the Commissioners may for special reasons allow, cause such latrine to be constructed in accordance with the requisition of such notice; and if such latrine is not constructed to the satisfaction of the Commissioners within such period, the Commissioners may cause the same to be constructed, and the expenses thereby incurred shall be paid by the owners, and shall be recoverable as provided in section three hundred and twenty-two.

333. The Commissioners may, for the purposes of this Part, by a notice in writing, require the owner or occupier of any holding to furnish, within a time to be specified in the notice, a list of the number of persons residing in, or habitually resorting to, such holding.

334. Whoever, being the owner or occupier of any holding, fails to furnish such list within the time specified in such notice, after being required to furnish the same by the Commissioners, shall be liable to a fine not exceeding one hundred rupees.

Penalty.

PART X.

Regulation of Markets.

335. In any Municipality to which this Part shall have been extended in the manner prescribed by section two hundred and twenty-two, the Commissioners at a meeting may provide land for the purpose of being used as a Municipal Market; and may defray the cost of providing such land and of all expenses necessary for the establishment of such market from the Municipal Fund, and may take a lease of any market;

and may charge rent, tolls, and fees for the right to expose goods for sale in such market and for the use of shops, stalls, and standings therein.

All such rents, tolls and fees may be recovered as arrears of tax under the provisions of sections one hundred and twenty to one hundred and twenty-nine, both inclusive.

336. No place shall be deemed to be "a Municipal market" within the meaning of the last preceding section, and no place shall be deemed to be a market to which the following sections of this Part apply, unless at least thirty shops, stalls or standings are erected therein for the sale of goods.

337. The Commissioners at a meeting may ordain that, within such limits as they may fix, no land shall be used as a market for the sale of meat, fish, butter, ghee, fruits, vegetables, and similar provisions, otherwise than under a license to be granted by the Commissioners.

338. When the Commissioners at a meeting shall have issued an order under the last preceding section, they may at a meeting grant a license for the use of any land as a market for the sale of provisions as aforesaid within the Municipality.

339. Every license granted under this Part shall be liable to the payment of a fee not exceeding twenty-five rupees, and shall be in force until the end of the year, and the Commissioners may grant such license, year by year, on the certificate in writing under the hand of the Chairman, annually renewed, that the land is fit to be used as a market for the sale of provisions as aforesaid.

340. The Chairman, upon the application in writing of the owner of any land, shall grant such certificate unless the land be defective for the purposes of a market in drainage, ventilation, water-supply, or proper width of paths and ways.

The owners or lessees of all land used as markets for the sale of provisions as aforesaid at the time of the extension of this Part to

the Municipality, shall be entitled to receive a license for the current year without the certificate required by section three hundred and thirty-nine, but in subsequent years the license shall not be renewed without such certificate.

341. Every license under this Part shall be registered in a book to be kept for that purpose by the Commissioners in their office, in which shall be stated—

- (a) the name and address of the owner of the land and market;
- (b) the name and address of the lessee thereof, (if any);
- (c) the extent and boundary of the market;
- (d) the description of articles sold therein; and
- (e) the days on which the market will be held.

342. Every transfer of interest in any such market shall be registered within two months after the date of transfer.

343. Any market the license of which, or the transfer of interest in which, shall not have been duly registered under the two last preceding sections, shall be deemed to be land used as a market without a license.

344. Whoever, being the owner or occupier of any land wilfully or negligently permits the same to be used as a market for the sale of meat, fish, butter, ghee, fruits, vegetables or similar provisions without license under section three hundred and thirty-eight, shall be liable to a fine not exceeding two hundred rupees for every such offence, and to a further fine not exceeding forty rupees for each day during which the offence is continued, after conviction of such offence.

345. The Magistrate, on the application of the Commissioners, may order any land, in respect of which a conviction shall have been obtained under the last preceding section, to be closed as a market place, and thereupon may take order to prevent such land being so used; and every person who shall sell or expose for sale, meat, fish, butter, ghee, fruits, vegetables or similar provisions, on any land which shall have been so closed, shall be liable, for every such offence, to a fine not exceeding ten rupees.

PART XI.

Of the Registration of Births and Deaths.

346. The Commissioners of any Municipality, when required by the Local Government to do so, shall provide for the registration of births and deaths within the limits of the Municipality in accordance with the provisions of Bengal Act IV of 1873 (for registering births and deaths), or any other similar Act for the time being in force.

347. The Local Government may require the Commissioners of any Municipality to appoint and maintain at any burning ghat and burial-ground, a Sub-Registrar for the registration of all corpses brought to such burning-ghat or burial-ground for cremation or interment.

348. Whenever a Sub-Registrar shall have been appointed for any burning-ghat or burial-ground under the last preceding section, information of the particulars required by section eight of Bengal Act IV of 1873 to be known and registered may be given in respect of the death of any person whose body is brought to such burning-ghat or burial-ground for cremation or interment to such Sub-Registrar, and information so given shall be deemed to be information given to the Registrar of the District as required by the said section.

Section nine of Bengal Act IV of 1873 shall be applicable to all Sub-Registrars appointed under this Act.

349. Whenever a death shall occur in any hospital within the limits of any Municipality in respect of which the Local Government has directed that all deaths shall be registered under Bengal Act IV of 1873, it shall be the duty of the Medical Officer in charge of such hospital forthwith to send a notice in writing of the occurrence of such death to the Commissioners in such form as the Local Government may prescribe; and in such case no other person shall be required to give information of such death to a Registrar under Bengal Act IV of 1873, or to a Sub-Registrar under this Act.

PART XII.

Miscellaneous.

350. The Commissioners of any Municipality may, from time to time, at a meeting which shall have been convened expressly for the purpose, and of which due notice shall have been given, frame such bye-laws as they deem fit, not being inconsistent with this Act, or with any other general or special law, for giving effect to the objects of this Act, and may by such bye-laws impose on offenders against the same such reasonable penalties as they think fit, not exceeding the sum of fifty rupees for each offence, and in case of a continuing offence a further penalty not exceeding twenty rupees for each day after written notice of the offence from the Commissioners.

351. Bye-laws made under this Act shall not take effect unless and until they have been submitted to, and confirmed by, the Local Government; nor shall such bye-laws be confirmed—

unless one month at least before the making of the application, notice of the intention to apply for confirmation has been given in one or more of the local newspapers circulated within the Municipality to which such bye-laws relate, or if there be no such newspapers, then in such manner as the Commissioners may direct; and unless for one month at least before any such application a copy of the proposed bye-laws has been kept at the office of the Commissioners, and has been open during office hours thereat to the inspection of the inhabitants of the Municipality to which such bye-laws relate, without fee or reward.

The Commissioners shall, on the application of any inhabitant of the Municipality, furnish

him with a copy of such proposed bye-laws, on payment of four annas for every hundred words contained in the copy.

A bye-law requiring confirmation by the Local Government shall not require confirmation, allowance or approval by any other authority.

352. The Commissioners may direct any prosecution for any public nuisance, and may order proceedings to be taken for the recovery of any penalties under this Act, and for the punishment of any persons offending against the same, and may order the expenses of such prosecution or other proceedings to be paid out of the Municipal Fund.

353. No prosecution for an offence under this Act or any bye-law made in pursuance thereof shall be instituted without the order or consent of the Commissioners, and no such prosecution shall be instituted except within three months next after the commission of such offence, unless the offence is continuous in its nature, in which case a prosecution may be instituted within three months of the date on which the commission or existence of the offence was first brought to the notice of the Chairman of the Commissioners.

Provided that the failure to take out any license under this Act shall be deemed to be a continuing offence until the expiration of the period for which such license is required to be taken out.

354. Every bye-law, order, notice or other document directed to be published under this Act shall be written in, or translated into, the vernacular of the district, and deposited in the office of the Commissioners, and a copy shall be posted up in a conspicuous position at such office, and in such other public places as the Commissioners may direct.

And a public proclamation shall be made throughout such Municipality by beat of drum, notifying that such copy has been so posted up, and that the original is open to inspection in the office of the Commissioners.

355. Fines under this Act may be imposed by a Magistrate on any person who is convicted of the offence to which the fine attaches, and may be levied under the provisions of the Code of Criminal Procedure, 1882.

356. Every notice, bill, form, summons or notice of demand under this Act may be served personally on, or presented to the person to whom the same is addressed:

or be left at his usual place of abode, with some adult male member or servant of his family; or if it cannot be so served, presented or delivered, may be put on some conspicuous part of his place of abode, or of the land, building, or other thing in respect of which the notice, bill, form, summons or notice of demand is intended to be served.

357. When any notice is required to be given to the owner or to the occupier of any land, such notice addressed to the owner or occupier, as the case may require, may be served

on the occupier of such land, or otherwise in the manner in the last preceding section mentioned:

Provided that when the owner and his place of abode are known to the Commissioners or other authorities issuing the notice, they shall, if such place of abode be within the limits of their authority, cause every notice required to be given to the owner of any land to be served on such owner, or left with some adult male member or servant of his family;

and if the place of abode of the owner be not within such limits, they shall send every such notice by post in a registered cover addressed to his place of abode, and such service shall be deemed to be good service of the notice.

When the name of the owner or occupier is not known, it shall be sufficient to designate him as "the owner" or "the occupier" of the land in respect of which the notice is served.

358. No assessment or rating of tax on property shall be invalid for error or defect of form, and it shall be enough in any assessment, valuation or rating for the purpose of making such tax, if the property so assessed or valued is so described as to be generally known, and it shall not be necessary to name the owner or occupier thereof.

359. Every person to whom a license has been granted under this Act shall at all reasonable times, while such license shall remain in force, if thereunto required by the authorities which granted the license or by any person authorized by them in that behalf, produce such license to the said authorities or to the person so authorized.

Whoever fails to produce his license when required to produce the same by any person authorized under this section to demand the production thereof, shall be liable to a fine not exceeding one hundred rupees.

360. All costs, expenses, fees, tolls, or other moneys due under this Act to the Commissioners of any Municipality, may be recovered in the manner provided in sections one hundred and twenty to one hundred and twenty-nine, both inclusive.

361. If money be due under this Act in respect of any holding from the owner thereof, on account of any tax, expenses or charges, recoverable under this Act, and if the owner of such holding is unknown or the ownership thereof is disputed, the Commissioners may publish twice, at an interval of three months, a notification of sale of such holding, and after the expiry of not less than three months from the date of the last publication, unless the amount recoverable be paid, may sell such holding to the highest bidder, who shall, at the time of sale, deposit the full amount of the purchase money.

After deducting the amount due to the Commissioners as aforesaid, the surplus sale proceeds (if any) shall be credited to the Municipal Fund and may be paid on demand to any person who establishes his right to the possession of such Commissioners or in a court of competent jurisdiction.

Any person may pay the amount due at any time before the completion of the sale, and may recover such amount by a suit in a court of competent jurisdiction from any person beneficially interested in such property.

362. The Commissioners may make compensation out of the Municipal Fund to any person sustaining any damage by reason of the exercise of any of the powers conferred by this Act.

363. No suit shall be brought against the Commissioners of any Municipality, or any of their Officers, or any person acting under their direction, for anything done under this Act, until the expiration of one month next after notice in writing has been delivered or left at the office of such Commissioners, and also (if the suit is intended to be brought against any Officer of the said Commissioners or any person acting under their direction) at the place of abode of the person against whom such suit is threatened to be brought, stating the cause of suit and the name and place of abode of the person who intends to bring the suit; and unless such notice be proved, the Court shall find for the defendant.

365. All Police Officers shall give immediate information to the Commissioners of the Municipality of any offence committed against this Act.

When any person, in the presence of a Police Officer, commits, or is accused of committing, any such offence, and refuses, on demand of a Police Officer, to give his name and residence, or gives a name or residence which such officer has reason to believe to be false, he may be arrested by such officer in order that his name or residence may be ascertained; and he shall, within twenty-four hours from the arrest, be forwarded to the nearest

Magistrate, unless before the expiration of that time his true name and residence are ascertained, in which case he shall be released on his executing a bond for his appearance before a Magistrate, if so required.

367. Nothing in this Act contained shall be construed to (a) render lawful any act or omission on the part of any person, which, but for this Act, would by law be deemed to be a nuisance:

BENGAL MUNICIPALITIES BILL.

THE following report of the Select Committee, together with the Bill as re-amended by them, is by order of the President published for general information :—

We, the members of the Select Committee on the Bill to amend and consolidate the law relating to Municipalities in Bengal, have the honour to report as follows :—

When our preliminary report on the Bill was presented on the 21st of March last, the

Council was pleased to direct, in accordance with our recommendation, that the Bill should be republished, and should be referred back to us for further consideration and report. We have accordingly further considered the Bill, and the papers noted in the margin, which have been communicated to the Legislative Department in connection with the Bill as provisionally amended. In submitting our preliminary report, we had occasion to observe that there had not at that time been a sufficient expression of public opinion on the Bill to justify our putting forward any final proposals. But ample time has since been given for the consideration of the subject, and the papers which we have received show that the questions arising out of the Bill have been fully ventilated and discussed. It therefore appears to us that the time has come when we may invite the final decision of the Legislature upon the scheme which we desire to submit.

 Extract from Administration Report, Suburban Municipality, for 1882-83.

The orders of the Secretary of State, disallowing the proposals of the Bengal Government regarding the establishment of a Central Board, have made it necessary that we should revise the wording of those sections of the previous draft which referred to the powers and duties of the Central Board. In modifying these sections, we have generally reverted to the provisions of the existing law, and have substituted, in some places, the Local Government, and in other places the Commissioner of the Division, for the Central Board. In lieu of the sections which directed that the Municipal Commissioners should act under the general guidance of the Central Board, and that disputes between the Central Board and the Commissioners should be referred for the orders of Government, we have inserted two sections adopted from Act XV of 1883, giving certain powers to the local officers, and the Government, in the event of the Municipal Commis-

sioners acting in contravention of the public interests, or making default in the performance of their duties.

The scheme of the municipal constitution, as proposed in the Bill now submitted, does not materially differ from that put forward in the former draft. The principal change we have introduced is a clause which provides that if the Commissioners are unable to agree upon the election of one of their own body as Chairman, they may apply to the Government to appoint a Chairman. We think that a system of election should be the rule, and that of nomination should be the exception; and we were formerly inclined to the opinion that when the right of election had once been conceded, it should not afterwards be withdrawn. But it has been strongly urged upon our consideration, in several of the communicated papers, that the Local Government ought to reserve the power, at least in the last resort, of excluding from the privilege of election those municipalities which might show themselves unfit to exercise it. We have accordingly provided that, in the extreme cases in which it may be found necessary to supersede a municipality, the Government may direct that, on the expiry of the period of supersession, the municipality shall be placed in the first or second schedule of the Bill.

In determining what municipalities shall be allowed to exercise the privilege of election, we have considered the opinions, but have not in every case been guided by the recommendations of the local district and divisional officers. We imagine that the principle will generally be accepted, that it is desirable to leave to municipalities the greatest possible freedom of action, so long as precautions are taken to ensure that the liberty accorded to them will be rightly used. It is in the application of the principle that differences of opinion will be found. In our view, the necessary precautions do not lie in the direction of restricting the power of the rate-payers to elect their own representatives, or of the Commissioners to elect their own Chairman. We should prefer to attain our object by providing, *first*, that the Magistrate shall have full opportunities of knowing what the municipality is doing, or resolving to do; *secondly*, that power shall be reserved to restrain a municipality from doing any specific act which may be dangerous to the public peace, or injurious to the common interest; *thirdly*, that measures shall be possible by which a municipality may be compelled to perform any specific duty which it may have neglected to fulfil; and *fourthly*, that a municipality which may show persistent neglect or incapacity shall be liable to be superseded for such time as the Government may direct. To these safeguards we are disposed to attach much importance; and we have not only included them in the Bill, but have emphasized them by classing them together under a sub-head of "Control" in that part of the Bill which describes the constitution of the municipality. But when these precautions have been taken, we are of opinion that the privilege of election may be allowed to the great majority of municipalities. There may be some towns in which the burden of municipal work is such as to make it unlikely that a non-official Chairman would consent to undertake it; there may be some in which the existence of party-spirit makes it desirable that the Government should retain the appointment of Chairman in its own hands; and there may be others in which exceptional circumstances justify a departure from the ordinary rule. But, generally speaking, it appears to us that a complete elective system may safely be given to municipalities situated at the head-quarters of districts, and of the more advanced sub-divisions; and we have framed the schedules accordingly. We propose that the Vice-Chairman should in every case be an elected officer. But we think it advisable to guard against the repeated re-election of the same person; and we therefore propose to enact that a Vice-Chairman, who has served for two terms of office, shall not be eligible for re-election on the next recurrence of a vacancy.

The Bill leaves it to the Local Government to lay down rules for the conduct of municipal elections, and for the qualifications of voters. As our proposals in this respect have in some quarters been misunderstood, we wish to explain that our object has been, on the one hand, to allow a large freedom in the framing of rules to meet the varying circumstances of different localities; and, on the other hand, to guard against the possibility of rules being made which would practically nullify the principle of representation. At present there is no property qualification in Burdwan, and candidates need not reside within municipal limits, if they reside within three miles of such limits. Section 15 of the Bill does not lay any obligation on the Government to impose a property qualification, or to confine the franchise to actual residents. It only says that if a property qualification is imposed, it shall not exceed a limit of Rs. 1-8 a year. The proviso which declares that every qualified voter shall also be deemed qualified for election has been subjected to much adverse criticism. But, on full consideration, we desire to adhere to this clause in its present form. The objection raised to it is, that citizens of the better classes will decline to sit with men of a lower social grade. But we do not think that this objection would be met by requiring candidates for election to be rate-payers to the amount of Rs. 5 or Rs. 6, and hardly any one has proposed a higher amount than this. In Serampore the qualification for a candidate is Rs. 10, and the scheme has worked badly, though Serampore is a place better adapted than most other towns for the introduction of the principle. "In Serampore," says the Commissioner, "the property qualification has operated injuriously."

We have modified section 46, and have introduced after it a new section to provide for the employment of Government servants by the Municipal Commissioners. This new section is taken from Act XV of 1883.

In the sections relating to taxation we have made little change. Our proposed definition of a "holding" has not met with general approval; but those who have criticised it have failed to suggest any definition which would, in our opinion, be preferable. The Deputy Commissioner of Darjeeling has represented that the section which makes the letting value of the holding the basis of taxation is inconvenient in its application to Darjeeling, where it is the usual practice to let houses furnished. We have not thought it advisable to enact that the value of a holding shall be deemed to include the value of furniture let with it, but we have inserted words, at the Deputy Commissioner's request to assimilate Darjeeling to Dacca as regards the maximum limit of assessment.

It has been suggested to us that the procedure laid down in sections 120 and 121 of the re-amended Bill for the recovery of rates and taxes should be shortened and simplified, and that a fee might properly be levied for the service of the notice of demand. We have considered the point, and we desire to adhere to the procedure prescribed by the Bill, which is in accordance with the existing law. Considering the class of officers to whom the collection of municipal taxes is ordinarily entrusted, we think there would be danger of abuse if they were vested with more summary powers, and it appears to us to be reasonable that the first notice of demand should be served free of charge to the tax-payer.

We mentioned in our preliminary report, that we desired to invite an expression of opinion upon the point whether the sections regarding conservancy and sanitation, which are embodied in Part V and Part VI of the Bill, should be retained as portions of the substantive law, or should be struck out of the Bill, and be reproduced in bye-laws suited to the circumstances of each municipality. We find a marked preponderance of opinion in favour of retaining these sections in the Bill; and as the reasons assigned for this conclusion appear to us to be valid, we recommend that the sections in question should remain part of the Bill. We have introduced in Part VI two new sections giving special power to the Commissioners to refuse sanction to the erection of new houses, or to the occupation of new houses which are not certified to be properly drained. It has been represented to us that such regulations are urgently required in Darjeeling. It will be observed that these sections will not come into force except on the special application of the municipality for their extension.

In Part VII we have made some changes which are calculated, in our opinion, to render this part of the Bill more generally suited to the conditions under which municipalities in the mofussil are likely to avail themselves of these provisions of the law. The sections, as originally drafted, were taken from the Calcutta Municipal Act, 1876, which contemplates a supply of filtered water, and a general connection with dwelling-houses in the town. It has been represented to us that the water need not in all cases be filtered, and that some municipalities may desire to lay down water in the streets, but may not be able to give a house-supply. We have modified the sections accordingly. A doubt has been expressed whether the provisions of Part VII would be applicable to towns (such as Darjeeling), which have already supplied water at the cost of the municipality, and we have been urged to insert words expressly including such towns within the operation of Part VII of the Bill. But we feel no doubt that the wording of the Bill as it stands is sufficient to provide for these cases. It will only be necessary for the Municipal Commissioners of Darjeeling (or of any other town similarly circumstanced) to apply in the prescribed manner for the extension of Part VII (either wholly or partially) to their municipality, and they will then be entitled to levy the water-rate authorized by section 85 of the re-amended Bill.

We have made some verbal alterations, which are not of sufficient importance to call for particular mention. We are not of opinion that the changes which we have introduced, at this second revision of the Bill, are such as to make re-publication necessary, and we desire to recommend that the Bill be passed as now amended.

H. J. REYNOLDS.

MAHOMED YUSUF.

The 7th January 1884.

THE determination of the question whether a Municipality can properly be endowed at once with a "complete elective system," or whether it is better for the people that such a system should be gradually developed, should depend on considerations involving intimate local knowledge and a just appreciation of the existing circumstances in each case, such as cannot be expected from this Council.

I would therefore leave it to the Lieutenant-Governor, as the more qualified authority, to judge in the case of each Municipality whether the Commissioners and the Chairman (respectively) should from the first be elected.

In introducing a scheme which must be attended by such important effects, but which is founded on no acquired experience, and on no analogy of success under similar circumstances, I would give to it elasticity, by leaving the widest discretion to the Executive Government to adapt its course to the varying circumstances which may hereafter arise in each Municipality, by limiting, as may be necessary from time to time, the full elective system, even though it has once been introduced, without first creating the friction which must attend the suspension of the body of the Commissioners under section 64 of the Bill.

The 11th January 1884.

H. L. DAMPIER.

I sign this report with a reservation in regard to schedule II. Having made such large provision for control from the outside by the officers of Government, we may, in my judgment, allow all Municipal Boards to elect their own Chairmen,—subject to the approval of Government,—except in cases where

(1) the interests involved in the efficient administration of the Municipality are so important, or the circumstances are so special, that it is necessary that Government should appoint the chief executive authority of the Municipality.

(2) the existence of party spirit renders it desirable that Government should retain the appointment in its own hands.

The Suburbs of Calcutta and Darjeeling come under the first category: Barripore and Santipore come under the second. Where neither of these conditions exists, it appears to me that, if men can be found to serve as Municipal Commissioners at all, they may be trusted to exercise ordinary discretion in electing their own Chairman. If they make an improper choice, it can be disallowed by Government: if they wish to have the services of an officer of Government, who is not on the Board, they can ask Government to appoint one. But, just as an official, if appointed Chairman from the outside, should be the nominee of Government and not of the Commissioners, so a member of the Board, if appointed to be its Chairman, should be nominated by the Commissioners themselves and should not even appear to be forced upon them as the nominee of Government. I can see no object in withholding from the Commissioners the chance of making a proper choice, or in depriving them of a discretion which we have ample means of checking should it be abused. In places where no official is available, and where no one of the Municipal Commissioners is capable of directing its deliberations and conducting its executive functions,—which in such a case would be necessarily small,—there should be no Municipality.

COLMAN MACAULAY.

I sign this with reservations.

Any objections which may be made to the proposed measure shall be duly considered by the Local Government, before it causes to be issued the notification declaring the town or village to be a Municipality under this Act.

Every notification declaring a town or village to be a Municipality shall specify whether the name of such Municipality shall, or shall not, be inserted in the first or second schedule of this Act, and shall further specify, subject to the provisions of section thirteen, the number of the Commissioners of such Municipality.

Any written suggestion which may be deposited in the office of the Commissioners shall be recorded and laid before them for consideration at the next meeting.

73. After the expiration of the said fourteen days, and after such revision as may appear requisite, the estimates shall be transmitted to the Magistrate of the district.

Estimate to be transmitted to Magistrate.

74. The Magistrate may either forward the estimates to the Commissioner of the Division, or may return them to the Commissioners with such remarks and suggestions as he shall think fit to record. And the Commissioners at a meeting shall take into consideration the Magistrate's remarks, and shall either adopt his suggestions, or shall record in writing their reasons for refusing to do so: and the estimates shall thereupon be returned to the Magistrate for transmission to the Commissioner of the Division.

Magistrate may record remarks.

75. The Commissioner of the Division may either sanction the estimate as it stands, or sanction it after making such alterations therein as may seem to him fit, or may cause it to be returned to the Commissioners for such modifications as he may think necessary; and when such modifications have been made, the estimate shall be re-submitted for ratification to the Commissioner of the Division:

Provided that the Commissioner of the Division shall not raise the total of the proposed expenditure above the sum shewn by the estimate to be at the disposal of the Commissioners.

76. The Commissioners at a meeting may, from time to time, revise any estimate of expenditure with the view of providing for any modifications which they may deem it advisable to make in the appropriation of the amount at their disposal, and such revised estimate shall be published and forwarded in the manner hereinbefore prescribed; and the Magistrate and the Commissioner of the Division may deal with such revised estimate in the manner provided above.

Estimate of expenditure may be revised.

77. After the estimates of the Municipality for the year shall have been sanctioned as above, the Commissioners at a meeting may, from time to time, by a general or a special resolution, authorize the expenditure of any sum provided in such estimates, or any part of such sum, for the purpose to which it has been assigned in such estimate.

Disbursement of expenditure sanctioned in estimate.

Notwithstanding anything contained in this section, the Local Government may lay down such rules as it may think fit, limiting or regulating the powers of any Municipality in respect to the expenditure of money, for purposes which are provided for in the budget estimates of the year.

79. It shall not be lawful for the Commissioners to authorize the expenditure on any object during the year of a sum in excess of that which has been sanctioned in the estimate of the year, or in a revised estimate, for such object; but if it be found necessary in the course of the year, the Commissioners may recommend to the Commissioner of the Division that the allotments which have been made to the different heads of the estimate shall be modified by transfer of any amount from one head to another, and the Commissioner of the Division may sanction such transfers of allotment.

80. The Commissioners shall, at such time and in such form as the Local Government shall direct,

Provided that the Commissioners may invest any moneys not required for immediate use either in Government securities, or in any other form of security which may be approved of by the Local Government.

83. Unless the Commissioner of the Division shall expressly extend (as he is hereby empowered to do, on the recommendation of the Commissioners) the limit of the powers of the Chairman or Vice-Chairman in this behalf, all orders for the payment of money from the Municipal Fund, if for a sum not above five hundred rupees, shall be signed by the Chairman or Vice-Chairman; and all orders for larger sums by both of the said officers, or by one of the said officers and another Commissioner.

No such orders shall be issued otherwise than for the payment of money of which the expenditure has been authorized by the Commissioners at a meeting, as provided in section seventy-seven.

PART IV.

OF MUNICIPAL TAXATION.

84. The Commissioners may, from time to time, at a meeting convened expressly for the purpose, of which due notice shall have been given, and with the sanction of the Local Government, impose within the limits of the Municipality one or other, but not both, of the following taxes:—

Alternative tax upon persons or holdings.

- (a) a tax upon persons occupying holdings within the Municipality according to their circumstances and property within the Municipality;

Provided that the total sum to be raised by such tax in any year shall not exceed the sum which would be produced by an average rate of two rupees and four annas per annum for each holding, and that the amount assessed in respect of the occupation of any one holding shall not be more than eighty-four rupees per annum; or

- (b) a rate on the annual value of all holdings situated within the Municipality:

Provided that such rate shall not exceed seven and a half per centum on the annual value of such holdings, except within the Municipalities of Dacca and Darjeeling, in which it shall not exceed ten per centum on such annual value; and provided also that no rate shall be imposed on any holding of which the annual value is less than six rupees.

85. The Commissioners may, from time to time, at a meeting convened as aforesaid, and with the sanction of the Local Government, order that the following tax, fee, tolls and rates, or any of them, be levied within the limits of the Municipality in addition to either of the taxes mentioned in the last preceding section:—

Additional taxes.

- (a) a tax on carriages, horses, and other animals named in the fifth schedule;
- (b) a fee on the registration of carts;
- (c) tolls on ferries and (subject to the provisions of sections one hundred and fifty-seven and one hundred and fifty-eight) tolls upon bridges and metalled roads;
- (d) a water-rate not exceeding six per centum on the annual value of holdings when the houses and lands are situated in streets supplied with water, and not exceeding five per centum when the houses and lands are situated in streets not so supplied;
- (e) a lighting rate not exceeding three per centum on such annual value;
- (f) a fee for the cleansing of latrines:

Provided that the taxes mentioned in clauses (d), (e), and (f) shall not be levied in any Municipality unless the provisions of Part VII in respect of clause (d), or of Part VIII in respect of clause (e), or of Part IX in respect

of clause (f), shall have been extended wholly or partly to such Municipality in the manner hereinafter provided.

Of the Tax on Persons.

86. When it has been determined that a tax shall be imposed on persons occupying holdings within the Municipality, according to their circumstances and property, the Commissioners, after making such enquiries as may be necessary, shall cause to be prepared an assessment list which shall contain the following particulars, and any others which the Commissioners may think proper to include:—

- (a) name of the street or road in which the holding is situated;
- (b) number of the holding on the register;
- (c) name of the person occupying the holding, whether such person be assessed or exempted from assessment;
- (d) description of the holding, and of the property within the Municipality, with profession or business of the person assessed;
- (e) amount of annual assessment;
- (f) amount of quarterly instalment;
- (g) if the occupier of the holding is exempted from assessment, a note to that effect.

The tax upon persons shall be payable in quarterly instalments by persons occupying holdings. Such tax shall not be assessed or levied on any person in respect of the occupation of arable lands or of any building which is used exclusively as a place of public worship.

87. Save as is herein otherwise provided, every assessment of the tax upon persons shall take effect from the beginning of the year next following that in which the notice required by section one hundred and eleven is published, and shall be valid for three years and until the beginning of the year next after the date on which a new assessment or valuation may be published, or until the assessment and valuation be revised and amended:

Provided that when this Act is extended to any place, the first assessment may take effect from the beginning of the quarter next following that in which the said notice shall be published.

88. In any Municipality in which the tax on persons is imposed, no tax shall be assessed on any person in respect of his occupation of any holding which is the property of Government and used for the purposes of a public building, but a rate of seven and a half per centum shall be assessed on the annual value of every such holding, to be ascertained in the manner prescribed by section one hundred, and such rate shall be payable by Government.

89. Whenever any tax shall have been assessed on any person, in respect of his occupation of two or more holdings, and the aggregate of the amount so assessed upon him shall exceed eighty-four rupees per annum, such person may, within fifteen days of the publication of the notice required by section one hundred and eleven, apply to the Commissioners to cancel such assessment, and to substitute for the

total amount of tax so assessed upon him, in respect of the said holdings, a rate to be calculated at seven and a half per centum on the annual value of such holdings; and the Commissioners shall thereupon substitute such rate; and for the purpose of calculating the amount of such rate, shall determine the annual value of the said holdings in the manner prescribed by section one hundred.

Every rate imposed under this section shall be payable by the occupier of the holdings so rated.

90. The Commissioners may exempt from assessment any person who may by them be deemed too poor to pay the tax; but

the name of the occupier of every holding shall be included in the assessment list, whether he be assessed or exempted from assessment.

91. If any person mentioned in the assessment list shall at any time after the publication thereof have ceased to occupy any holding, in respect of the occupation of which he has been assessed, or if the means and property in respect of which he has been so assessed shall have been reduced, the Commissioners may on his application exempt him from his assessment, or may revise the same; and such exemption or revision shall take effect from such date as the Commissioners may direct.

92. The Commissioners may, at any time after the publication of the notice required by section one hundred and eleven, assess any person who was without authority omitted from the assessment list, or whose liability to assessment has accrued thereafter, and may enhance any assessment which appears to them to be inadequate, and to have been so made owing to mistake or fraud.

Any assessment or enhancement made under this section shall take effect from the beginning of the quarter next following that in which such assessment or enhancement is made.

93. The Commissioners may at any time substitute for any name mentioned in the assessment list the name of any new occupier of a holding, and may assess the tax on such person, and such person shall be liable to pay such assessment from the date on which his occupation of the holding commenced.

94. If any holding shall become vacant in the course of the year, the assessment on account of the occupation of such holding shall cease to have effect from the first day of the quarter next following that in which it became vacant.

Of the Rate on the value of Holdings.

95. When it has been determined that a rate shall be imposed on the annual value of holdings, the Commissioners, after making such enquiries as may be necessary, shall determine the valuation of all holdings within the Municipality as hereinafter provided.

96. Save as is herein otherwise provided, such valuation shall be valid for three years from the date on which it first takes effect in the Municipality, and until the beginning of the

year next after the date on which a new valuation may be made, or until the valuation be revised and amended.

97. The rate on the value of holdings shall not be assessed or levied on any holding which is used exclusively as a place of public worship, or which is duly registered as a public burial or burning ground under section two hundred and sixty.

98. The Commissioners, in order to prepare the valuation list, may, whenever they think fit, by notice, require the owners or occupiers of all holdings to furnish them with returns of the rent or annual value thereof; and the Commissioners, or any person authorized by them in that behalf, at any time between sunrise and sunset, may enter, inspect, and measure any such holding after having given forty-eight hours' previous notice of their intention to the occupier thereof.

99. Whoever refuses or fails to furnish any such return for the space of one week from the day on which he shall have been required to do so, or knowingly makes a false or incorrect return, shall be liable to a fine not exceeding twenty rupees, and to a further daily fine not exceeding five rupees for each day during which he shall omit to furnish a true and correct return; and whoever hinders, obstructs, or prevents any Commissioner or any person appointed by the Commissioners as aforesaid, from entering, or inspecting, or measuring any such holding, shall be liable to a fine not exceeding two hundred rupees.

100. The gross annual rent at which any holding may be reasonably expected to let, shall be deemed to be the annual value thereof, and such value shall accordingly be determined by the Commissioners, and entered in the valuation list:

Provided that, if there be on a holding any building or buildings, the actual cost of erection of which can be ascertained or estimated, the annual value of such holding shall in no case be deemed to exceed an amount which would be equal to seven and a half per centum on such cost, in addition to a reasonable ground rent for the land comprised in the holding:

Provided further that, in estimating the annual value of a holding under this section, the value of any machinery that may be on such holding shall not be taken into consideration.

101. Subject to the provisions of section eighty-four, the Commissioners, at a meeting to be held before the close of the year next preceding the year to which the rate will apply, shall determine the percentage on the valuation of holdings at which the rate shall be levied, and the percentage so fixed shall remain in force until the order of the Commissioners determining such percentage shall be rescinded, and until the Commissioners at a meeting shall determine some other percentage on the valuation of holdings at which the rate will be levied from the beginning of the next year:

Provided that when this Act is first extended to any place, the first rate may be levied from the beginning of the quarter next after that

in which the percentage has been fixed by the Commissioners at a meeting.

102. As soon as possible after the percentage at which the rate is to be levied on the next year shall have been determined under the last preceding section, the Commissioners shall cause to be prepared a valuation and rating list, which shall contain the following particulars, and any others which the Commissioners may think proper to include:—

- (a) name of the street or road in which the holding is situated;
- (b) number of the holding on the register;
- (c) description of the holding;
- (d) annual value of the holding;
- (e) name of owner;
- (f) amount of rate payable for the year;
- (g) amount of quarterly instalment;
- (h) if the holding is exempted from assessment, a note to that effect.

The rate upon holdings shall be payable in quarterly instalments by the owner of the holding.

103. If any house belongs to one owner, and the land on which it stands and the adjacent land which is usually occupied therewith, belongs to another, the Commissioners may value such house and land together and may impose thereon one consolidated rate.

The total amount of the rates shall be payable by the owner of the house, who shall thereafter be entitled to deduct from the rent which he pays for the land such proportion of the rate so paid by him as is equal to the proportion which such rent bears to the annual value of the holding.

If the owner of the house and the owner of the land do not agree in respect of the proportion of the rate so deducted by the owner of the house, the Commissioners shall, on the application of either party, make an award declaring the amount payable by each, and such award shall be final.

104. If the sum due from the owner of any holding remains unpaid after the notice of demand has been duly served, and such owner be not resident within the Municipality, or the place of abode of such owner be unknown, the same may be recovered from the occupier for the time being of such holding, who may deduct from the next and following payments of his rent, the amount which may be so paid by or recovered from him:

Provided that no arrear of rate, which has remained due from the owner of any holding for more than one year, shall be so recovered from the occupier thereof.

105. Whenever, from the circumstances of the case, the levy of the rate on any holding in the Municipality would be productive of excessive hardship to the person liable to pay the same, the Commissioners at a meeting may reduce the amount payable on account of such holding, or may remit the same.

106. If the value of any holding shall be diminished from any cause beyond the control of the owner thereof, the owner

thereof may apply for reduction of the valuation of the same.

107. The Commissioners may, at any time after the publication of the notice required by section one hundred and eleven, value and rate any holding which was without authority omitted from the valuation and rating list, or which has become liable to valuation and rating after the publication thereof; and may enhance the valuation and rating of any holding which may appear to have been insufficiently valued or rated through mistake, oversight or fraud; and may re-value and re-assess any holding the value of which has been increased by additions or alterations to any building thereon.

Any rate imposed or enhancement made under this section shall take effect from the beginning of the quarter next following that in which the rate shall be imposed or enhancement made.

108. The Commissioners may, at any time substitute for any name mentioned in the valuation and rating list, the name of any person to whom any holding mentioned therein shall have been transferred.

Such person shall be liable to pay the rate payable on such holding from the first day of the quarter next after the date of the transfer.

109. When any holding has been vacant for sixty or more consecutive days during any year, the Commissioners shall remit, and, if the rate has been paid, shall refund, one-half of so much of the rate of that year as may be proportionate to the number of days the said holding has remained unoccupied:

Provided that the owner of such holding, or his agent, has given to the Commissioners notice in writing of the vacancy thereof.

The amount of tax to be remitted or refunded shall be calculated from the date of the delivery of such notice.

110. Whoever, being the owner of any holding for which a remission or refund of the rate has been made under the last preceding section, fails to give notice of the re-occupation of such holding within ten days of such re-occupation, shall be liable to a fine not exceeding three times the amount of rate payable quarterly on such holding.

Of general provisions relating to the tax on persons and the rate on holdings and to the recovery of the same.

111. When the assessment list of the tax upon persons, or the valuation and rating list of the rate on the annual value of holdings, shall have been prepared or revised, the Chairman shall sign the same, and shall cause it to be deposited in the office of the Commissioners, and shall cause the notice in form (A) or the notice in form (B) of the third schedule (as the case may be) to be published in the manner prescribed by section three hundred and fifty-eight.

112. Any person who is dissatisfied with the amount assessed upon him, or with the valuation or rating of any holding, or who disputes his occupation of any holding,

or his liability to be assessed, or rated, may apply to the Commissioners to review the amount of assessment, valuation, or rating, or to exempt him from the assessment or rate.

113. Every application presented under the last preceding section shall be heard and determined by not less than three Commissioners, who shall be appointed in that behalf by the Chairman. The Commissioners so appointed, after making such inquiries as they may deem necessary, may pass such order as they shall think fit in respect of such application.

The decision of such Commissioners, or of a majority thereof, in such cases shall be final.

114. Unless good cause shall be shewn to the satisfaction of such Commissioners for extending the time allowed, and save as is otherwise expressly provided in this Act, no such application shall be received after the expiration of one month from the date of publication of the notice required by section one hundred and eleven relating to the list containing the assessment, valuation, or rating in respect of which the application is made, or after the expiration of fifteen days from the date of service of the first notice of demand for payment at the rate in respect of which the application is made, whichever period shall last expire.

115. No objection shall be taken to any assessment or rating, nor shall the liability of any person to be assessed or rated be questioned in any other manner or by any other authority than in this Act is provided.

116. By notification to be posted up in their office, the Commissioners shall declare at what hours of each day (not being a Sunday or other recognized holiday) the office shall be open for the receipt of money and the transaction of business.

117. The amount due by any person on account of the tax on persons, or the rate on holdings, shall be deemed to be the amount entered in the lists, the notice relating to which is published under section one hundred and eleven, unless the amount entered in such lists is subsequently altered by the Commissioners as provided in this Act; in which case the amount to which the assessment or rating is so altered shall be deemed to be the amount due.

Every instalment of such tax or rate shall be deemed to be due on the first day of the quarter in respect of which such instalment is payable.

118. For all sums paid on account of any tax or rate under this Act a receipt stating the amount and the tax or rate on account of which it is paid shall be given, signed by the tax-collector, or by some other officer authorized by the Commissioners to grant such receipts.

119. At any time within six months after any sum has become due on account of any tax or rate, the Commissioners shall cause to be presented to the person liable to the

payment thereof a bill for the said sum, which shall contain a statement of the period and of the tax or rate on account of which the charge is made.

If the amount mentioned in such bill be not paid on presentation thereof, a notice of demand in the form marked (A) in the fourth schedule, with copy of the bill appended thereto, shall be served on the person liable to pay the same, and such notice of demand may be served at any subsequent time:

Provided that no charge shall be made in respect of the service of such notice.

Such notice shall be signed by the Chairman or an officer authorized in that behalf, and shall be served by a person authorized to receive payment.

120. If any person, after service upon him of such bill and notice, shall not, within fifteen days of the service of such notice, or from the date of any order

made on an application for review under section one hundred and thirteen, pay the sum due, either to the Commissioners at their office, or to some person authorized by them to receive the money, or shew to the Commissioners sufficient cause for not paying the same, the amount of the arrear due, with costs on the scale shewn in the table of fees marked (B) in the fourth schedule, may at any time within three months after the date of service of the said notice, or of the order made on an application for review as aforesaid, be levied by distress and sale of any moveable property belonging to the defaulter, except ploughs, plough-cattle, tools, or implements of agriculture or trade, wherever found, or of any such moveable property, subject to the same exceptions, which may be found within the holding in respect of which such defaulter is liable to such tax or rate.

If the said property or any part thereof belong to any person other than the defaulter, the defaulter shall be liable to indemnify the owner thereof for any damage he may sustain by reason of such distress, or by reason of any payment he may make to avoid such distress or any sale under the same.

121. Every warrant of distress and sale made by the Commissioners, and shall be in the form marked (C) in the fourth schedule.

Distress shall be made by actual seizure of moveable property, and the officer charged with the execution of the warrant shall be responsible for the due custody thereof.

Such officer shall make an inventory of all moveable property seized under the warrant, and shall give not less than ten days' previous notice of the sale, and of the time and place thereof, by beat of drum, in the Municipality or Ward in which the property is situated, and by serving on the defaulter a notice in the form marked (D) in the fourth schedule:

Provided that if the property is of a perishable nature, it may be sold at once with the consent of the defaulter, or without such consent at any time after the expiry of six hours from the seizure.

122. The officer charged with the execution of the warrant may, under the special order of the Commissioners, between sunrise and sunset, break open any outer or inner door or window of a house, in order to make the distress, if he has reasonable ground for believing that such house contains any moveable property belonging to the defaulter, and if, after notification of his authority and purpose and demand of admittance duly made, he cannot otherwise obtain admittance:

Provided that he shall not enter or break open the door of any room appropriated for the zānanā, or residence of women, which, by the usage of the country is considered private, except after three hours' notice and opportunity given for the retirement of the women.

123. If the sum due be not paid with costs before the time fixed for the sale, or the warrant be not discharged or suspended by the Commissioners, the moveable property seized shall be sold by auction, at the time and place specified, in the most public manner possible, and the proceeds shall be applied in discharge of the arrears and costs; and the surplus, if any, shall be returned on demand to the person in possession of the moveable property at the time of the seizure; or if unclaimed for a period of twelve months, shall be transferred to the Municipal Fund.

The tax-collector or other officer authorized in that behalf shall make a return of all such sales to the Commissioners in the form marked (E) in the fourth schedule.

124. All officers and servants of the Commissioners, and all chankidars, constables, and other officers of Police, are prohibited from purchasing any property at any such sale.

The Commissioners shall cause a regular account to be kept of all distresses levied, and sales made, for the recovery of taxes under this Act.

126. If no sufficient goods or chattels belonging to a defaulter, or being upon the premises in respect of which he is assessed or rated, can be found within the Municipality, the Magistrate may, on the application of the Commissioners, issue his warrant to any officer of his Court for the distress and sale of any personal property or effects belonging to the defaulter within any other part of the jurisdiction of the Magistrate, or for the distress and sale of any personal property belonging to the defaulter within the jurisdiction of any other Magistrate whatsoever, and such other Magistrate shall endorse the warrant so issued, and cause it to be executed, and the amount, if levied, to be remitted to the Magistrate issuing the warrant, who shall remit the same to the Commissioners.

127. No distress or sale made under this Act shall be deemed unlawful, nor shall any party making the same be deemed a trespasser on account of any error, defect, or want of form in the bill, notice, summons, warrant of distress, inventory, or other proceeding relating thereto.

128. Instead of proceeding by distress and sale, or in case of failure to realize thereby the whole or any part of any tax, the Commissioners may sue the person liable to pay the same in any Court of competent jurisdiction.

129. The Commissioners may order to be struck off the books the amount of any tax or rate which may appear to them to be irrecoverable.

Of the Tax on Carriages, Horses, and other Animals.

130. When it has been determined that a tax on carriages, horses, and other animals specified in the fifth schedule shall be imposed, the Commissioners at a meeting shall make an order that every carriage, horse, and every other animal of the kind specified in the said schedule which is kept or habitually used within, or which is let for hire within or without the Municipality, and habitually used within it, shall pay the tax, and shall cause such orders to be published in the manner prescribed by section three hundred and fifty-eight.

Such order shall be published at least one month before the beginning of the half-year in which such tax shall first take effect; and shall specify at what rates, not exceeding the rates given in the said schedule, such tax shall be levied.

But such tax shall not be imposed on—

- (a) horses or ponies belonging to officers doing regimental duty, at the rate of one animal for each officer;
- (b) animals exempt from any Municipal tax under section 25 of the Indian Volunteers' Act, 1869;
- (c) carriages or animals belonging to Government, or to the Municipality or for keeping which for the execution of their duty an allowance is made by the Government or by the Commissioners to any of their officers;
- (d) animals used by, or exclusively for the purposes of, any regiment;
- (e) horses or ponies used by police officers, at the rate of not more than one for each officer;
- (f) carriages, the wheels of which do not exceed twenty-four inches in diameter;
- (g) carriages or animals kept for sale by any bona fide dealer in such carriages or animals, and not used for any other purpose.

131. Any order of the Commissioners imposing a tax under the last preceding section shall continue in force until rescinded, and the tax shall be levied at the rates specified in the order published as aforesaid; unless and until the Commissioners at a meeting, held not less than fifteen days before the end of the year, make and publish an order specifying any different rates at which the tax shall be payable for the ensuing year.

132. In any Municipality in which a tax has been imposed under the last preceding section, the owner of every carriage, horse, and other animal specified in the said schedule shall, within the first month of each half-year, forward to the Commissioners a statement in writing, signed by him, containing a description of the carriages, horses, and other animals liable to the tax, for which he is bound to take out a license.

Such owner shall, at the same time, pay to the Commissioners such sum as shall be payable by him for the current half-year for the carriages, horses, and other animals specified in such statement, according to the rates specified in any order for the time being in force under the two last preceding sections.

133. If any person acquires possession, at any time after the commencement of any half-year, of any carriage, horse, or other animal specified in the schedule, in respect of which no license has been given for such half-year, he shall forward a statement as above required within one month of the date on which he may have acquired possession thereof, and shall pay such amount of the tax as shall bear the same proportion to the whole tax for the half-year as the unexpired portion of the half-year bears to the half-year; and such amount shall be calculated from the date on which such person may have acquired possession as aforesaid.

134. On receiving the amount of the tax due as aforesaid, the Commissioners, or some person authorised by them in that behalf, shall give to the person paying the same a license for the several carriages, horses, and other animals for the period in respect of which the amount is received.

Such license shall be for the current half-year and no longer.

135. Whenever the owner of any carriage, horse, or other animal liable to pay the said tax is not resident within the limits of the Municipality to the Commissioners of which the tax is due, the person in whose immediate possession the carriage, horse, or other animal is for the time being kept shall take out a license for the same.

136. Whoever keeps, or is in possession of, any carriage, horse, or other animal, without the license required by the three last preceding sections, shall be liable to a fine not exceeding three times the amount payable by him in respect of such license, exclusive of the amount so payable.

137. The Commissioners, at their discretion, may compound, for any period not exceeding one year, with livery stable-keepers and other persons keeping carriages or animals for hire, for a certain sum to be paid for the carriages or animals so kept by such person, in lieu of the tax at the rates specified in any order made by the Commissioners under sections one hundred and thirty and one hundred and thirty-one.

138. The Commissioners shall, from time to time, cause to be prepared and entered in a book, to be kept by them, and to be open to the inspection of any person interested, therein, a list of the persons to whom, during the then current half-year, a license has been given, and of the carriages, horses, and other animals in respect of which they have paid the tax.

139. The Commissioners, or any person authorized by them in that behalf, may, at any time between sunrise and sunset, enter and inspect any stable or coach-house, or any place wherein they may have reason to believe that there is any carriage, horse, or other animal liable to the tax, for which a license has not been duly taken out.

And the Commissioners may summon any person whom they have reason to believe to be liable to the payment of any such tax, or any servant of such person, and may examine such person or servant as to the number and description of the carriages, horses, and other animals in respect of which such person is liable to be taxed.

140. On proof being given to the satisfaction of the Commissioners that a carriage, horse, or other animal for which a license has been taken out for any half-year has ceased to be kept or to be used within the Municipality during the course of such half-year, the Commissioners shall order a refund of so much of the tax for the half-year as shall bear the same proportion to the whole tax for the half-year as the period during which such carriage, horse, or other animal has not been kept or used in the Municipality bears to the half-year; but no such refund shall be allowed unless notice be given to the Commissioners within one month of the time when such use of such carriage, horse, or other animal ceased, and the Commissioners shall pass no order for refund until after the close of the half-year in respect of which the refund is claimed.

Of the Registration of Carts.

141. The Commissioners at a meeting may make and publish an order that every cart, which is kept or habitually used within, or which is let for hire within or without the Municipality and habitually used within it, shall be registered by the Commissioners with the name and residence of the owner; and shall bear the number of registration in such manner as the said Commissioners shall direct.

Provided always, that such order shall be published at least one month before the beginning of the half-year in which such order for registration shall be enforced.

This section shall not apply to carts—

- which are the property of the Government or of the Municipality;
- which are kept without the limits of the Municipality, and are only temporarily and casually used within such limits;
- which are kept in Howrah or within the Suburbs of Calcutta.

142. The registration of carts under the last preceding section shall be made, and the numbers assigned yearly or half-yearly, upon such days as the Commissioners shall notify, and such fee as they shall from time to time fix and notify, not exceeding four rupees if the registration has effect for a year, and not exceeding two rupees if the registration has effect for half a year, shall be paid for each registration.

143. Any person becoming possessed of any cart which has not been registered for the then current period of registration, shall register the same within one month of the date on which he may have become possessed thereof, and the Commissioners shall grant registration in any such case on payment of such amount of the fee as shall bear the same proportion to the whole fee for the current period of registration as the unexpired portion of the current period of registration bears to the whole of such period; and such fee shall be calculated from the date on which such person may have become possessed as aforesaid.

144. When the ownership of any registered cart is transferred within any period of registration, it shall be registered anew within one month of the transfer in the name of the person to whom it has been transferred, and a fee not exceeding four annas shall be paid for every such last-mentioned registration.

145. Whoever keeps, or is in possession of, a cart not duly registered as required by the three last preceding sections, shall be liable to a fine not exceeding three times the amount payable by him in respect of such registration, exclusive of the amount so payable; and whoever, being the owner or driver of any cart, shall fail to affix thereto the registration number as required by section one hundred and forty-one, shall be liable to a fine not exceeding five rupees.

146. If any person owns or keeps any cart hereinbefore required to be registered without having caused the same to be registered, the Commissioners, or any person authorized by them in that behalf, may seize and detain such cart (provided the same be not employed at the time of seizure in the conveyance of any passengers or goods); together with the animals drawing the same, and all police officers are required, on the application of the Commissioners, or of any servant of the Commissioners duly authorized in that behalf, to assist in the said seizure.

After such seizure, the Commissioners shall forthwith issue a notice in writing that after the expiration of ten days they will sell such vehicle and animals by auction at such place as they may state in the notice; and if any registration fee, together with the cost arising from such seizure and custody, remains unpaid for ten days after the issue of such notice, the Commissioners may sell the property seized for payment of the said fee, and of all expenses occasioned by such non-payment, seizure, custody and sale.

Any balance that may remain out of the proceeds of the sale shall be returned, on demand, if made within twelve months, to the owner of the property; and if unclaimed after such period, shall be credited to the Municipal Fund:

Provided that if, at any time before the sale is concluded, the person whose cart has been seized shall tender to the Commissioners, or to the person authorized by them to sell the cart, the amount of all the expenses incurred, and the registration fee payable by him, the Commissioners shall forthwith release the cart so seized.

Notwithstanding anything contained in this section, the surplus of the sale proceeds of a cart seized under this section may be devoted to the payment of any fine imposed under the last preceding section; and any cart which has been seized under this section may be sold for the realization of any such fine.

Of Tolls on Ferries.

147. The Local Government may, with the consent of the Commissioners, make over to the Commissioners any existing public ferry within or adjacent to the limits of the Municipality, to be administered by such Municipality until the Local Government shall otherwise direct.

Every ferry, while so administered, shall be deemed to be a Municipal ferry, and the profits derivable therefrom, or such part of the profits as shall be agreed upon between the Local Government and the Commissioners, shall be carried to the credit of the Municipal Fund.

148. The Commissioners may also, with the sanction of the Local Government, declare that any other ferry within, or adjacent to, the limits of the Municipality is a Municipal ferry, and the profits derivable therefrom shall thenceforward be carried to the credit of the Municipal Fund:

Provided that due compensation shall be made by the Municipality to any person for the loss which he may have sustained in consequence of such ferry being declared to be a Municipal ferry.

The amount of compensation due in such cases shall be ascertained and awarded by the Magistrate under the provisions of section four of Bengal Act I of 1866 (to amend certain provisions of Regulation VI of 1819), or any similar law for the time being in force.

149. Every Municipal ferry shall be maintained by the Commissioners, and they shall do all things necessary to provide for the safety and convenience of travellers, and the safety of property to be conveyed on such ferry.

150. When it has been determined to impose tolls on Municipal ferries, the Commissioners at a meeting shall make and publish an order specifying the rates, and with the sanction of the Commissioner of the Division, the rates at which such tolls shall be levied.

Such rates may from time to time be varied with the like sanction.

151. No person shall be liable to pay any toll for crossing any river or stream at or near a Municipal ferry, unless he avails himself of the means provided by the Commissioners for crossing such river or stream.

152. Every lease of a ferry given by the Commissioners as herein-after provided shall be liable to be cancelled at once, if it shall appear to the Commissioners at a meeting that the lessee has failed to make due provision for the convenience or safety of the public within fifteen days after being required to do so by a notice in writing from the Commissioners.

On the cancellation of a lease, the Commissioners may take possession of all boats and other appliances which have been used by the lessee in the working of the ferry; and may either retain the same permanently on payment of a fair price to the proprietor, or may retain them for such time as may be necessary, not exceeding three months, until they can make arrangements for such other boats and appliances as may be necessary, in which case the Commissioners shall pay a fair price to the owners for the use of the said boats and appliances:

Provided that within a week of taking such possession, the Commissioners shall be bound to give notice to the said lessee of their intention to retain the said boats and appliances permanently, or for a period to be specified in the notice.

153. Any collector or lessee of tolls, or his agent, may refuse to convey any person or goods across a Municipal ferry until the proper toll has been paid, and may require any person who refuses to pay the toll to leave the boat and to remove his goods from it.

Any person who refuses to leave a Municipal ferry-boat or to remove his goods therefrom when required to do so under this section, shall be liable to a fine not exceeding ten rupees.

154. No person shall keep a ferry-boat for the purpose of plying for hire within a distance of two miles above or below any Municipal ferry without the previous sanction, of the Commissioners, if he plies within the limits of the Municipality, of the Magistrate of the District, if without such limits, or of the Magistrate of the District and the Commissioners, if one of the two banks between which he plies is within, and the other bank is without, such limits.

This section shall not apply to any private ferry which may be in existence at the commencement of this Act.

155. Whoever keeps a ferry-boat contrary to the provisions of the last preceding section, shall be liable to a fine not exceeding fifty rupees, and to a further fine, not exceeding ten rupees, for each day during which the offence is continued after he has been required by a notice in writing to desist from such offence.

Of Tolls on Bridges and Roads.

156. The Local Government may, with the consent of the Commissioners, make over to the Commissioners any existing toll-bar within the limits of the Municipality, to be administered by the Municipality until the Local Government

shall otherwise direct; every toll-bar while so administered shall be deemed to be a Municipal toll-bar, and the profits derivable therefrom, or such part thereof as shall be agreed upon between the Local Government and the Commissioners, shall be carried to the credit of the Municipal Fund.

157. The Commissioners at a meeting, with the sanction of the Local Government, may establish a toll-bar and levy tolls on any bridge or metalled road which they may have constructed after the commencement of this Act, or at any place within the Municipality adjacent to such bridge or metalled road at which tolls may conveniently be levied on vehicles and animals passing over such bridge or road; and the profits derivable therefrom shall be carried to the credit of the Municipal Fund:

Provided that no such toll-bar shall be established, or tolls levied, otherwise than for the purpose of recovering the expenses incurred in constructing such bridge or road, and in maintaining such bridge or road in repair for the five years next after the construction thereof, together with interest on such expenses as herein-after provided.

158. Whenever a toll-bar shall have been established, and tolls shall be levied, as provided in the last preceding section, the Commissioners shall at the end of each year publish, by causing it to be posted up at their office, an abstract account shewing--

(1) the amount of expenses incurred in the construction of such bridge or road, and in the maintenance of the same;

(2) the amount of interest which has accrued due thereon, at the annual rate of six per centum; and

(3) the amount which has been received from the profits of the said toll-bars since its establishment;

and as soon as such expenses and interest shall have been recovered as aforesaid, such toll-bars shall be removed, and tolls shall no longer be levied on such bridge or road.

159. When it has been determined that tolls shall be levied on any such bridge or road, the Commissioners at a meeting shall make and publish an order, with the sanction of the Commissioner of the Division, specifying the rates at which such tolls shall be levied.

Such rates may from time to time be varied with the like sanction.

160. Any collector or lessee of tolls may refuse to allow any person to pass through any Municipal toll-bar, until the proper toll has been paid.

161. Whoever, having driven any vehicle or animal (not exempted from toll) through a toll-gate, refuses to pay the toll, or, with intent to evade payment of the toll, fraudulently avoids passing through such toll-gate, shall be liable to a fine, not exceeding fifty rupees.

162. If the toll due on any vehicle or animal is not paid on demand, the person authorized to collect the same may seize such vehicle or animal, or any part of its burden, of sufficient value to defray the toll, and shall give immediate notice of such seizure to the Commissioners.

In case of non-payment of toll, vehicle, &c., may be seized and sold.

After such seizure, the Commissioners shall forthwith issue a notice in writing that, after the expiration of ten days, they will sell the property seized by auction at such place as they may state in the notice; and if any toll, together with the cost arising from such seizure and custody, remain undischarged for ten days after the issue of such notice, the Commissioners may sell the property seized, for discharge of the toll, and of all expenses occasioned by such non-payment, seizure, custody and sale.

Any balance that may remain out of the proceeds of the sale shall be returned, on demand, if made within twelve months, to the owner of the property; and, if unclaimed after such period, shall be credited to the Municipal Fund.

Provided that if, at any time before the sale has been concluded, the person whose property has been seized shall tender to the Commissioners, or to the officer appointed by them to sell the property, the amount of all the expenses incurred and of the toll payable by him, the Commissioners shall forthwith release the property seized.

Notwithstanding anything contained in this section, the surplus of the sale proceeds of any property seized under this section may be devoted to the payment of any fine imposed under the last preceding section; and any property which has been seized under this section may be sold for the realization of any such fine.

170. If the Local Government has declared that the provisions of the 'Canals' Act, 1864, or any other similar law for the time being in force, are applicable to any navigable channel which passes through the limits of a Municipality, it may, with the consent of the Commissioners, appoint the Commissioners to collect tolls, as provided in section eight of the said Act, until the Local Government shall otherwise direct; and the profits derivable therefrom, or such part thereof as shall be agreed upon between the Local Government and the Commissioners, shall be carried to the credit of the Municipal Fund.

Commissioners may be appointed to collect tolls in a navigable channel.

In such case, the Commissioners shall exercise all the powers vested by such Act in the Collector.

in Part VI that the Commissioners or the Commissioners at a meeting may require the owners or the occupiers, or the owners and occupiers of any land, to execute any work or to do anything within a specified time, such requisition shall be made, as far as possible, by a notice to be served as provided in sections three hundred and fifty-six and three hundred and fifty-seven, on every owner or occupier who is required to execute such work or to do such thing; but, if there be any doubt as to the persons who are owners or occupiers, such requisition may be made by a notification to be posted up, on, or near, the spot at which the work is required to be executed or the thing done, requiring the owners or the occupiers, to execute such work or to do such thing within a specified time; and in such notification it shall not be necessary to name the owners or occupiers.

Every requisition as aforesaid shall give notice to the persons to whom it is addressed that, if they fail to comply with the requisition, or to prefer an objection against such requisition as provided in the next succeeding section, the Commissioners will enter upon the land and cause the required work to be executed, or the required thing to be done; and that in such case the expenses incurred thereby will be recovered from the persons who are required in such requisition to execute such work or do such thing.

Provided that in any case in which the Chairman or Vice-Chairman shall have certified his opinion as aforesaid, and the objection shall in consequence thereof have been heard and disposed of by the Chairman or Vice-Chairman, the person making the objection may, if the requisition made upon him is not withdrawn on the hearing of his objection, pay in the said sum of three hundred rupees to the Commissioners as the cost of executing the work or the thing required; whereupon such person shall be relieved of all further liability and obligation, in respect of executing the work or doing the thing required, and in respect of paying the expenses thereof; and the Commissioners themselves shall execute such work, or do such thing, and shall exercise all powers necessary therefor.

177. The Chairman or Vice-Chairman, or the

Chairman, &c., may make order after hearing objection.

Commissioners at a meeting, as the case may be, shall, after hearing the objection and making any inquiry which they may deem necessary, record an order withdrawing, modifying, or making absolute the requisition against which the objection is preferred; and if such order does not withdraw the requisition, it shall specify the time within which the requisition shall be carried out, which shall not be less than the shortest time which might have been mentioned under this Act in the original requisition.

178. If the person making such objection be

179. If the person or persons required to exe-

Power of Commissioners on failure of person to execute work.

cute the work or to do the thing fail, within the time specified in any requisition as aforesaid, to begin to execute such work or to do such thing, and thereafter diligently to continue the same to the satisfaction of the Commissioners until it is completed, the Commissioners or any person authorized by them in that behalf may, after giving forty-eight hours' notice of their intention by a notification to be posted up on or near the spot, enter upon the land and perform all necessary acts for the execution of the work or doing of the thing required; and the expenses thereby incurred shall be paid by the owners or by the occupiers, if such requisition was addressed to the owners or to the occupiers respectively, and by the owners and the occupiers, if such requisition was addressed to the owners and the occupiers.

180. Whenever any expenses incurred by the

Commissioners may apportion expenses among owners.

Commissioners are to be paid by the owners of any land as provided in the last preceding section, the Commissioners may, if there be more than one owner, apportion the said expenses among such owners in such manner as to the Commissioners may seem fit.

And whenever any such expenses are to be paid by the occupiers of any land, as provided in the last preceding section, the Commissioners may, if there be more than one occupier, apportion the said expenses among such occupiers in such manner as to the Commissioners may seem fit.

182. Any expenses incurred, or fee chargeable, by the Commissioners under this Part or Part VI, may be recovered from the person liable to pay the same as an arrear of tax under sections one hundred and nineteen to one hundred and twenty-eight (both inclusive).

The demand for such expenses or fee shall be made by notice at any time within three months from the date on which the amount thereof shall have been ascertained.

are executed by the occupier on the requisition of the Commissioners, or are executed by the Commissioners, and the cost thereof is recovered from the occupier, the cost thereof may, if the Commissioners shall certify that such cost ought to be borne by the owner, be deducted by such occupier from the next and following payments of his rent due or becoming due to such owner, or may be recovered by him in any Court of competent jurisdiction.

184. Any owner or occupier of land may contest his liability to pay any expenses or fees under this Part or Part VI, or may contest the amount which he has been called upon to pay, in a Civil Court of competent jurisdiction:

Provided that the fact of such action having been instituted shall be no bar to the recovery of the said amount, in the manner provided by section one hundred and eighty-two.

185. Where any damages or compensation are by this Act directed to be paid by the Commissioners, the amount, and if necessary, the apportionment of the same, in case of dispute, shall be ascertained and determined by a Civil Court of competent jurisdiction.

186. In any such case which is to be determined by such Court, such Court may, on the application of either party, summon the other party to appear at a time and place to be named in such summons.

Upon the appearance of the parties, or, in the absence of any of them, upon proof of due service of the summons, such Court may hear and determine such question, and for that purpose may examine such parties or any of them, and their witnesses, on oath or affirmation; and the cost of every such inquiry shall be in the discre-

Of Sewage, Offensive Matter, Rubbish, Privies, and Drains.

188. The Commissioners shall provide all establishments, cattle, carts, and implements required for the removal of sewage, offensive matter and rubbish.

189. The Commissioners at a meeting may, from time to time, by an order published as prescribed in section three hundred and fifty-four, appoint the

hours within which it shall be lawful to remove offensive matter and the manner in which the same shall be removed, and may provide places convenient for the deposit thereof, and may require the occupiers of houses to cause the same to be deposited daily, or at other stated intervals, in such places, and may remove the same at the expense of the occupier from any house if the occupier thereof fails to do so in accordance with this Act.

190. Whenever such order shall have been published, no melter, or other servant of the Commissioners employed to remove or deal with sewage, offensive matter or rubbish, shall withdraw from his duties without the permission of the Commissioners, unless he has given notice in writing not less than one month previously of his intention so to withdraw.

Any melter, or other such person who, after the said publication, withdraws from his duties without giving such notice as aforesaid, shall be liable to rigorous imprisonment for a term not exceeding one month, and shall forfeit all salary which may be due to him.

191. The Commissioners at a meeting may, from time to time, by an order published as prescribed in section three hundred and fifty-four, appoint the hours

within which only every occupier of any house or land may place rubbish on the public road adjacent to his house or land in order that such rubbish may be removed by the Commissioners; and the Commissioners may charge such fees as they may think fit in respect of the removal of such rubbish, with the consent of the occupier of any house or land, from such house or land, or in respect of the removal from such public road of any rubbish which has accumulated in the exercise of a trade or business.

192. All drains, privies and cess-pools shall be subject to the inspection and control of the Commissioners.

Drains, privies, &c., under control of Commissioners.

193. The Commissioners, or any officer authorized by them in that behalf, may inspect all privies, drains and cess-pools at any time between sunrise and sunset, after six hours' notice in writing to the occupier of any premises in which such privies, drains or cess-pools are situated, and may, if necessary, cause the ground to be opened where they or he may think fit for the purpose of preventing or removing any nuisance arising from such privies, drains, or cesspools; and the expenses thereby incurred shall be paid by the owner or occupier of such premises.

194. Whenever the Commissioners are satisfied that the existence of such privy, drain or cess-pool is attended with risk of disease to the inhabitants of the neighbourhood, they may direct the use of such disinfectants or deodorants as they shall specify in such privy, drain or cess-pool in such quantities, or for such time as they shall think fit. The Commissioners shall, if necessary, themselves supply such disinfectants or deodorants for such use at cost price, and the expense thereby incurred shall be considered as an arrear of tax, and be recoverable as such from the owner of such privy, drain, or cess-pool; or the Commissioners may, if they think fit, order that such expense shall be paid from the Municipal Fund.

195. The Commissioners may provide and maintain, in sufficient numbers and in proper situations, common privies and urinals for the separate use of each sex, and shall cause the same to be kept in proper order and to be properly cleansed.

196. The Commissioners may license such necessities for public accommodation as they from time to time may think proper.

197. Whenever any land being private property, or within any private enclosure, appears to the Commissioners, by reason of thick or noxious vegetation or jungle, or inequalities of surface, to afford facilities for the commission of a nuisance, or by want of drainage to be in a state injurious to health, or offensive to the neighbourhood, the Commissioners may require the owners or occupiers, or the owners and occupiers of such land, within fifteen days, to clear and remove such vegetation, or level such surface or drain such land:

Provided that if, for the purpose of effecting any drainage under this section, it shall be necessary to acquire any land not being the property of the person who is required to drain his land, or to pay compensation to any other person, the Commissioners shall provide such land and pay such compensation.

198. All sewage, rubbish, and offensive matter collected by the Commissioners from roads, privies, sewers, cess-pools, and other places, shall be the property of the Commissioners, who shall have power to sell or otherwise dispose of the same; and the

money arising from the sale thereof shall be carried to the credit of the Municipal Fund.

199. All existing public sewers, drains, and other conservancy works, shall be under the direction and control of the Commissioners, who shall have power to construct any further works of that nature which they may consider necessary.

Of Bathing and Washing Places and Tanks.

200. All streams, channels, water-courses, tanks, reservoirs, springs and wells, not being private property, shall, for the purposes of this Act, be under the direction and control of the Commissioners.

201. The Commissioners may, by order published at such places as they may think fit, set apart convenient tanks, or parts of rivers, streams, or channels, not being private property, for the supply of water for drinking and for culinary purposes: and may prohibit therein all bathing, washing of clothes and animals, or other acts calculated to pollute the water set apart for the purposes aforesaid;

and may similarly set apart a sufficient number of the same for the purposes of bathing;

and a sufficient number for washing animals and clothes, or for any other purpose connected with the health, cleanliness, or comfort of the inhabitants.

The Commissioners may similarly take such order as they think fit with the private portion of any stream or channel used as a part of the public water-supply.

202. The Commissioners may require the owners or occupiers, or the owners and occupiers of any land, within eight days, or such longer period as the Commissioners may fix, to cleanse any water-course, private tank, or pool therein, and to drain off and remove any waste or stagnant water which may appear to be injurious to health or offensive to the neighbourhood:

Provided that if, for the purpose of effecting any drainage under this section, it shall be necessary to acquire any land not being the property of the person who is required to drain his land or to pay compensation to any other person, the Commissioners shall provide such land and pay such compensation.

Of Obstructions and Encroachments of Roads.

203. The Commissioners may close temporarily any road or part of a road for the purpose of repairing such road, or for the purpose of constructing any sewer, drain, culvert, or bridge, or for any other public purpose:

Provided that the Commissioners so closing any road shall be bound to provide reasonable means of access for persons occupying holdings adjacent to such road.

Whenever, owing to such repairs or constructions, or from any other cause, any road or part of a road, shall be in a state which is dangerous to passengers, the Commissioners shall cause sufficient barriers or fences to be erected for the

security of life and property, and shall cause such barriers or fences to be sufficiently lighted from sunset to sunrise.

204. The Commissioners may issue a notice requiring any person to remove any wall which he may have built, or any fence, rail, post, or other obstruction or encroachment, which he may have erected in, or on any road or open drain, sewer, or aqueduct, after the date on which the District Municipal Improvement Act, 1864, or the District Towns Act, 1868, or the Bengal Municipal Act, 1876, as the case may be, took effect in the Municipality; or in case neither of the said Acts was in force in the Municipality before the commencement of this Act, then after the date on which this Act may have been extended thereto; and if such person shall fail to comply with such requisition within eight days of the receipt of the same, the Magistrate may, on the application of the Commissioners, order that such obstruction or encroachment be removed; and thereupon the Commissioners may remove any such obstruction or encroachment; and the expenses thereby incurred shall be paid by the person who erected the same.

No person shall be entitled to compensation in respect of the removal of any wall, fence, rail, post, or other obstruction under this section.

205. If the person who built or erected the said wall, fence, rail, post, or other obstruction or encroachment is not known, or cannot be found, the Commissioners may cause a notice to be posted up in the neighbourhood of the said wall, fence, rail, post, or other obstruction or encroachment, requiring any person interested in the same to remove it, and it shall not be necessary to name any person in such requisition; and if the said wall, fence, rail, post, or other obstruction or encroachment, be not removed in compliance with the requisition contained in such notice within eight days of the posting up of the same, the Magistrate may, on the application of the Commissioners, order that such obstruction or encroachment be removed; and thereupon the Commissioners may remove any such obstruction or encroachment, and may recover the cost of such removal by sale of the materials so removed.

Any surplus of such sale proceeds shall, on demand, be restored to the owners of such materials, and, if unclaimed, shall, after the lapse of one year, be carried to the credit of the Municipal Fund.

206. The Commissioners may give notice in writing to the owner or occupier of any house requiring him to remove or alter any projection, encroachment, or obstruction erected or placed against or in front of such house which may have been so erected or placed after the date on which the District Municipal Improvement Act, 1864, or the District Towns Act, 1868, or the Bengal Municipal Act, 1876, as the case may be, took effect in the Municipality; or in case neither of the said Acts was in force in the Municipality before the commencement of this Act, then after the date on which this Act may have been extended thereto, if the same overhangs the road, or juts into, or in any way projects

or encroaches upon, or is an obstruction to the safe and convenient passage along any road;

or obstructs or projects or encroaches into or upon any aqueduct, drain, or sewer in such road; and if such owner or occupier shall fail to comply with such requisition within eight days of the receipt of the same, the Magistrate may, on the application of the Commissioners, order that such projection, encroachment, or obstruction be removed or altered, and thereupon the Commissioners may remove or alter such projection, encroachment or obstruction, and the expenses thereby incurred shall be paid by the owner or occupier so making default.

No person shall be entitled to compensation in respect of the removal of any projection, obstruction, or encroachment under this section.

207. Every order made by the Magistrate under sections two hundred and four, two hundred and five, or two hundred and six shall be deemed to be an order made by him in the discharge of his judicial duty; and the Commissioners shall be deemed to be persons bound to execute such orders of a Magistrate within the meaning of Act XVIII of 1850 (*for the protection of Judicial Officers*).

208. Whenever any house, part of which projects beyond the regular line of a road, or drain, or beyond the front of the house on either side thereof, shall be burnt down or otherwise destroyed, or shall be taken down in order to be rebuilt or repaired, the Commissioners may require the same to be set back to, or beyond, the line of the road, or drain, or the line of the adjoining house, and may pay reasonable compensation to the owner of such house if any damage shall be thereby sustained.

209. Whenever any private house, wall, or other erection, or any tree, shall fall down and obstruct any public drain or encumber any public highway, the Commissioners may remove such obstruction or encumbrance at the expense of the owner of the same, or may require him to remove the same within such time as to the Commissioners shall seem fit.

210. The Commissioners may require the owner or occupier of any land within three days to trim or prune the hedges bordering on any road, and to cut and trim any trees overhanging any road and obstructing the same or causing damage thereto.

Of General Conservancy and Improvement.

211. If any well, tank, or other excavation, whether on public or private ground, be, for want of sufficient repairs or protection, dangerous to passengers, the Commissioners shall forthwith, if it appears to them to be necessary, cause a temporary hoard or fence to be put up for the protection of passengers, and may require the owners or occupiers, or the owners and occupiers of the land on which such tank, well or other excavation is situated, forthwith properly to secure or protect such well, tank or other excavation.

212. If any house, wall, structure, or any thing affixed thereto, be deemed by the Commissioners to be in a ruinous state, or in any way dangerous, they shall forthwith, if it appears to them to be necessary, cause a proper board or fence to be put up for the protection of passengers, and may require the owners or occupiers, or the owners and occupiers of the land to which such house, wall or structure is affixed, forthwith to cause such repairs to be made to such house, wall or structure as they may consider necessary for the public safety, or to remove such house, wall, structure or thing affixed thereto.

213. If the Commissioners shall have caused any repairs to be made to any house or other structure, and if such house or other structure be unoccupied, the Commissioners may enter upon possession of the same, and may retain possession thereof until the sum expended by them on the repairs be paid to them.

214. The materials of anything which shall have been pulled down or removed under the provisions of section two hundred and twelve may be sold by the Commissioners, and the proceeds of such sale may be applied, so far as the same will extend, to the payment of the expenses incurred.

Any surplus of such sale proceeds shall, on demand, be restored to the owner of such materials, and, if unclaimed, shall, after the lapse of three years, be carried to the credit of the Municipal Fund.

215. The Commissioners may, by published order, appoint from time to time certain periods within which any dogs without collars, or other marks distinguishing them as private property, found straying in the roads or beyond the enclosures of the houses of the owners of such dogs, may be destroyed; and such dogs may be destroyed in accordance with such order.

216. The Commissioners at a meeting may offer rewards for the destruction of noxious animals within the limits of a Municipality.

217. The Commissioners at a meeting may cause a name to be given to any road and to be affixed in such place as they may think fit, and may also cause a number to be affixed to every house; and in like manner may from time to time cause such names and numbers to be altered.

PART VI.

Of Spécial Regulations.

222. No provision contained in this Part, or in Parts VII, VIII, IX or X, shall apply to any Municipality, unless and until it has been expressly extended thereto by the Local Government in the manner provided by the next succeeding section.

223. The Commissioners may apply, in pursuance of a resolution passed at a meeting specially convened to consider the question, to the Local Government, to extend to the Municipality all or any of the provisions of this Part, or of Parts VII, VIII, IX or X; or to exclude from the operation of the said provisions, or any of them, any place within the Municipality.

And the Local Government may thereupon order that such provisions shall be in force in the said Municipality.

224. Every such order shall be published in the *Calcutta Gazette*, and the Commissioners shall, within fifteen days of such publication, cause a copy of the same, with a translation thereof into the vernacular of the district, to be posted up at their office, with a notice of the date on which such order shall take effect, and shall cause the same to be published as prescribed in section three hundred and fifty-four.

And the said provisions shall come into force in the Municipality from the date so fixed:

Provided that the date so fixed shall not be less than fifteen days after the publication under the said section, or more than three months after the publication of the order of the Local Government as aforesaid in the *Calcutta Gazette*.

225. The Local Government, on a similar application made by the Commissioners, may at any time cancel or modify an order made under section two hundred and twenty-three and such cancellation or modification shall be published, and shall take effect in the manner prescribed by the last preceding section.

Of Privies, Drains, and Excavations.

226. The Commissioners may require the owners or occupiers, or the owners and occupiers of any land, within fifteen days, to repair and make efficient any drain, privy or cess-pool, or to remove any privy or close any cess-pool which is situated on such land.

227. Every person constructing a privy shall have such privy shut out by a sufficient roof and wall or fence from the view of persons passing by, or residing in, the neighbourhood: and the Commissioners may require any owner or occupier of land on which a privy stands to cause the same to be shut out from view as aforesaid within fifteen days.

228. If any person, without the written consent of the Commissioners first obtained, makes or causes to be made, or alters or causes to be altered, any drain leading into any of the sewers or drains vested in the Commissioners, the Commissioners may cause such branch drain to be demolished, altered, re-made, or otherwise dealt with as they shall think fit; and the expenses thereby incurred shall be paid by the person making or altering such branch drain.

229. If any land, being within one hundred feet of a sewer, drain or other outlet into which such land may, in the opinion of the Commissioners, be drained, is not drained to the satisfaction of the Commissioners, the Commissioners may require the owner, within one month, to drain the said land into such sewer, drain or outlet.

230. If it appear to the Commissioners that a group or block of houses may be drained or improved more economically or advantageously in combination than separately, and a sewer, drain or other outlet already exists within one hundred feet of any part of such group or block of houses, the Commissioners may cause such group or block of houses to be drained and improved by a combined operation; and the expenses thereby incurred shall be recovered from the owners of such houses in such proportions as shall to the Commissioners seem fit.

231. If any branch drain, privy or cess-pool be constructed contrary to the directions and regulations of the Commissioners, or contrary to the provisions of this Act; or if any person, without the consent of the Commissioners, constructs, re-builds or unstops any branch drain, privy or cess-pool which has been ordered by them to be demolished or stopped up, or not to be made, the Commissioners may cause such amendment or alteration to be made in any such drain, privy or cess-pool as they think fit, or may cause the same to be removed; and the expenses thereby incurred shall be paid by the person by whom such drain, privy or cess-pool was improperly constructed, re-built or unstopped.

232. No person shall, without the written permission of the Commissioners, construct or keep any latrine, urinal, cess-pool, house-drain or other receptacle for sewage, or other offensive matter, within fifty feet of any public tank or watercourse, or a tank or watercourse which the inhabitants of any locality use.

The Commissioners may require any owner and occupier upon whose land any latrine, urinal, cess-pool, house-drain or other receptacle so situated exists, or may hereafter be constructed, to remove the same within eight days.

233. No person shall, without the written permission of the Commissioners, construct a privy with a door or trap-door opening on to any road or drain. The Commissioners may require any owner or occupier upon whose land any such privy exists to remove the same within eight days.

234. The Commissioners at a meeting may, by a general order, prohibit the making of excavations for the purpose of taking earth or stone therefrom, or for the purpose of storing rubbish or offensive matter therein, and the digging of cess-pools, tanks or pits without special permission previously obtained from them.

If any such excavation, cess-pool, tank or pit is made after the issue and publication of such order without such special permission, the Commissioners may require the owners and occupiers of the land on which such excavation, cess-pool, tank or pit is made, within eight days, to fill up such excavation.

Of Obstructions and Encroachments on Roads.

235. The Commissioners at a meeting may determine on the removal of existing projection from houses, or alteration, as they shall think fit, of any projection, encroachment or obstruction which may have been erected or placed against, or in front of, any house or any road within the limits of the Municipality before the date on which the District Municipal Act, 1864, or the District Towns Act, 1868, or the Bengal Municipal Act, 1876, as the case may be, came into force in the Municipality, or in case neither of the said Acts was in force in the Municipality before the commencement of this Act, then before the date on which this Act may have been extended thereto.

Notice in writing shall be given to the owner or occupier of such house requiring him to remove or alter the said projection, encroachment or obstruction, or to shew cause before the Commissioners why he should not be required so to do; and if such owner or occupier shall fail to comply with such requisition within thirty days of the receipt of the same, or if after such owner or occupier shall have shewn cause against being required to remove or alter the said projection, encroachment or obstruction the Commissioners shall make an absolute order directing such removal or alteration; and if such owner or occupier shall fail to comply with such order within fifteen days of the date of the same, the Magistrate may, on the application of the Commissioners, order such projection, encroachment or obstruction to be removed or altered; and thereupon the Commissioners may remove or alter such projection, encroachment or obstruction.

The Commissioners shall make reasonable compensation to every person who suffers damage by any removal or alteration under this section.

In determining the amount of compensation, the value of the land shall not be taken into consideration.

236. Every order made by the Magistrate under the last preceding section shall be deemed to be an order made by him in the discharge of his judicial duty, and the Commissioners shall be deemed to be persons bound to execute such orders of a Magistrate within the meaning of Act XVIII of 1850 (for the protection of Judicial Officers).

237. The Commissioners may grant permission to any person to deposit any moveable property on any road, or to make an excavation in any road, or to enclose the whole

or any part of any road, and may charge such fees as they may fix for such permission:

Provided that such person undertakes to make due provision for the passage of the public and to erect sufficient fences to protect the public from injury, danger or annoyance, and to light such fences from sunset to sunrise sufficiently for such purpose.

238. Every person intending to build or take down any house, or to alter or repair the outward part of any house, shall, if any public road will be obstructed or rendered inconvenient by means of such work, before beginning the same, cause sufficient hoards or fences to be put up in order to separate the house where such works are being carried on from the road, and shall keep such board or fence standing and in good condition, to the satisfaction of the Commissioners, during such time as the public safety or convenience requires, and shall cause the same to be sufficiently lighted during the night:

Provided that no person shall put up a board or fence without the written permission of the Commissioners, and shall not keep up the said board or fence for a time longer than allowed in the said written permission.

Of Building Regulations.

239. The Commissioners at a meeting may direct that, within certain limits, to be fixed by them, the external roofs and walls of huts or other buildings which are about to be erected, or the roofs or walls of which are about to be renewed or repaired, shall not be made of grass, leaves, mats, or other inflammable materials.

240. Before beginning, within the limits of any Municipality, to build or re-build any house, the person intending to build or re-build such house shall give to the Commissioners notice thereof in writing, with a general description of the building proposed to be erected. The Commissioners may, if they think fit, require the person giving such notice to submit to them a plan, shewing the levels and width at which the foundation and lowest floor of such house are proposed to be laid, by reference to some level ascertained under the direction of the Commissioners, and the Commissioners may direct that such house shall not be commenced without their sanction.

241. Within fourteen days after receiving such plan as is mentioned in the last preceding section, the Commissioners shall signify their approval of the proposed levels and width of foundation; or if they disapprove thereof, they shall fix other levels and width of foundation in lieu thereof within the same time.

242. If such building as is mentioned in section two hundred and forty be begun or made without sending such notice, and, (if a plan is required) such plan, as are mentioned in the said section, or at any levels different from

243. If the Commissioners fail to signify in writing their approval or disapproval of the levels and width of foundation shown on such plan as is mentioned in the last preceding section, and to fix other levels and width of foundation within fourteen days after receiving such plan as aforesaid, the person giving such notice may, notwithstanding anything hereinbefore contained, proceed to build or re-build the house therein referred to, according to the levels and width of foundation shown on such plan:

Provided that such building or re-building be otherwise in accordance with this Act.

The word "house" in this and the three last preceding sections does not include a hut.

244. On notice being given to the Commissioners under section two hundred and forty, the Commissioners may refuse

to sanction the building of the house, unless it be shown to their satisfaction that proper provision can be made for drainage and latrine accommodation in the holding, or in the neighbourhood thereof; and if, after such refusal, the house shall be built or begun to be built without the sanction of the Commissioners, they may require the owner or occupier to cause such house to be demolished.

245. The Commissioners may prohibit the owner of any new house to let the same for occupation, until the drainage and latrine accommodation of such house shall have been inspected and approved by the municipal officers appointed for the purpose.

246. It shall not be lawful for any person to erect a hut, or any range or block of huts or sheds, or to add any hut or shed to any range or block already existing, or to enlarge any existing hut, without previous notice to the Commissioners; and the Commissioners may require such huts or sheds to be built so that they may stand in regular lines, with a free passage or way in front of and between each line, of such width as they may think proper for ventilation and to facilitate scavengering, and with such number of privies, and with such means of drainage, as to them may seem necessary, and at such a level as will admit of such drainage, and with a plinth at least two feet above the level of the nearest street.

247. If any such huts or sheds be built without giving such notice to the Commissioners, or otherwise than as required by the Commissioners, the Commissioners may require the owners of the land on which such huts and sheds are built, and the occupiers of such huts and sheds, to take down and remove the same within one month, or to effect such alterations as they may deem necessary.

248. Whenever the Commissioners at a meeting are satisfied, from inspection, or by report of competent persons, that any

Of Sanitary Measures with regard to Blocks of Huts.

249. Whenever the Commissioners at a meeting are satisfied, from inspection, or by report of competent persons, that any

existing block of huts within the Municipality is, by reason of the manner in which the huts are constructed or crowded together, or of the want of drainage and the impracticability of scavengering, attended with risk of disease to the inhabitants or the neighbourhood, they may cause the locality to be inspected by two Medical Officers, who shall make a report in writing on the sanitary condition of the said block of huts; and shall specify, if necessary, in the said report, the huts which should be removed, the roads, drains, and sewers which should be constructed, and the low lands which should be filled up, with a view to the removal of the said risk of disease:

249. On receipt of the said report, the Commissioners at a meeting may require the owners or occupiers of the huts, or at the option of the Commissioners, the owner of the land on which such huts are built, to carry out and execute, within a reasonable time, to be fixed by the Commissioners for such purpose, all or any of the works specified in the aforesaid report or any portion thereof respectively, and if such owner, owners, or occupiers shall fail to comply with such requisition, the Commissioners themselves may execute all or any of such works.

250. The Commissioners at a meeting may order that any expenses payable in respect of any work done by them in consequence of the failure of the owners or occupiers to execute such work when required, to do so under the last preceding section, shall be recovered by instalments from the person liable to pay the same; or if it should appear to them that the said person is unable by reason of poverty to pay the same, may order the same, or any portion thereof, to be paid out of the Municipal Fund.

251. If any of the said huts be pulled down, the Commissioner shall cause the materials of each hut to be sold separately, if such sale can be effected, and the proceeds shall be paid to the owner of the hut, or, if the owner be unknown, or the title disputed, shall be held in deposit by the Commissioners, until the person interested therein shall obtain the order of a Civil Court of competent jurisdiction for the payment of the same.

252. In case the Commissioners should omit to take any action under sections two hundred and forty-eight and two hundred and forty-nine, or, in the opinion of the Local Government, should fail to give proper effect to the provisions thereof, the Local Government may cause any block of huts to be inspected by the Sanitary Commissioner of Bengal, who shall make a report in writing to the Local Government on the sanitary condition of the locality; and in the event of his reporting that the sanitary condition of the locality is such as to be attended with risk of disease to the inhabitants or the neighbourhood, shall specify the huts which should be removed, the roads, drains, and sewers which should be constructed, and the low lands which should be filled up, with a view to the removal of the said risk of disease.

253. On receipt of the said report, the Local Government may order the Commissioners to require the owners or occupiers of the huts, or the owner of the land on which such huts are built,

to carry out and execute, within a reasonable time, to be fixed by the Local Government for such purpose, all or any of the works specified in the said report, or any portion thereof respectively; and a requisition made by the Commissioners in accordance with such order shall be deemed to be a requisition made under section two hundred and forty-nine.

254. If the Commissioners make default in carrying out the order of the Local Government, the Local Government may appoint some officer to perform the same, and such officer may exercise such powers as the Commissioners or the Commissioners at a meeting might have exercised in respect of the execution of the required works, and in respect of the recovery of the expenses incurred thereby, and shall be liable to all or any of the obligations imposed upon the Commissioners by section two hundred and fifty-one and the expenses incurred by such officer in the execution of the said works shall, subject to the provisions of section two hundred and fifty, be paid by the owners or occupiers of the butts, or the owner of the land, as the Local Government may direct.

Of the Regulation of the Sale of Food, Drink, and Drugs.

255. Every owner, or occupier, or farmer, of any place for the sale of meat, poultry, fish, or vegetables, or of any slaughter-house, within the limits of a Municipality, shall cause such drains to be made therein as shall be considered sufficient by the Commissioners, and (if required so to do by the Commissioners) shall cause all the floors and drains to be paved with stone or burnt brick, and shall also cause a supply of water to be provided, sufficient for keeping such place or slaughter-house in a clean and wholesome state.

256. Any Magistrate, on the application of the Commissioners or any of their officers, setting forth that there is just cause to believe that any article which has been rendered, or has become noxious or unfit for use as food or drink for man, is in the possession of any person for the purpose of being sold or offered, or exposed for sale, within the limits of a Municipality, as food or drink for man, may grant a warrant to enter upon the premises of such person, and to search for and seize such article; and if it appear to the said Magistrate that the same is noxious or unfit for such use, he shall order it to be forfeited and disposed of in such way as to him shall seem proper.

257. The Commissioners, or any person authorized by them in that behalf, may at all reasonable times, enter into and inspect any market, buildings, shop, stall, or place used for the sale of meat, poultry, fish, vegetables, corn, bread, flour, wine, spirits, butter, ghee, or other food or drink, or as a slaughter-house, and may examine any of the aforesaid articles of food or drink which may be therein; and in case any of the aforesaid articles of food or drink appear to be intended for the food or drink of man, and to be unfit for such food or drink, may seize the same;

and if it appear to a Magistrate that any of the aforesaid articles of food or drink is unfit for the

food or drink of man, he shall order the same to be destroyed, or to be so disposed of as to prevent its being exposed for sale or used for such food.

258. No shop or place shall be kept for the retail sale of drugs recognized by the British Pharmacopæia, not being also articles of ordinary domestic consumption, unless the same shall have been registered in the Office of the Commissioners. Any keeper of such shop or place failing to register the same within two months after this section shall come into force, or within two months from the date of the establishment of such place, shall be liable to a fine not exceeding one hundred rupees. The Commissioners shall, upon registration, grant the keeper of such shop or place a license which he shall be bound to display in some conspicuous part of his premises.

(2). No person shall compound, mix, prepare, dispense, or sell any drug in any such registered shop or place unless he be duly certified as a fit person to be entrusted with such duties under rules to be hereafter made for that purpose by the Local Government:

Provided that the provisions contained in clause (2) of this section shall not come into operation until after the expiration of a period of six months from the publication of a notification to that effect in the *Calcutta Gazette* by the Local Government.

Nothing in this section contained shall be construed to apply to the sale of drugs used by practitioners of indigenous medicines, whether these are recognized by the British Pharmacopæia or not, when such drugs are not sold in a shop or place where medicines recognized by such Pharmacopæia are dispensed upon prescription.

259. The Commissioners, or any person authorized by them in that behalf, may, at all reasonable times, enter into and inspect any place kept for the sale of drugs, or in which drugs are sold, and if they have reason to suspect that any drug in the said place is adulterated, or by reason of age or the effect of climate has become inert or unwholesome, or has otherwise become deteriorated in such a manner as to lessen its efficacy, to change its operation, or to render it noxious, may remove the same on giving a receipt therefor, specifying the nature and quantity of the drug removed, and its approximate value; and if it appear to a Magistrate that the said drug removed as aforesaid is adulterated or has become inert, unwholesome, or deteriorated as aforesaid, he may order the same to be destroyed, or to be so disposed of as to him may seem fit.

If it shall appear to the said Magistrate that the drug so removed is not adulterated or has not become inert, unwholesome, or deteriorated as aforesaid, the person from whose shop or place it has been taken shall be entitled to have it restored to him, and it shall be in the discretion of the said Magistrate to award him such compensation as he may think proper, not exceeding the actual loss which has been sustained.

If the drug removed as aforesaid is not brought before a Magistrate, it shall be restored to the person from whose shop or place it was taken, and such person shall be entitled to compensation for any actual loss which he may have sustained by the removal of the said drug.

Of Burial and Burning-Grounds.

260. Within three months from the date on which this and the six next succeeding sections may come into force as provided in section two hundred and twenty-four every place which is used as a burial or burning-ground for corpses shall be registered as such by the owner thereof in the office of the Commissioners, but no fee shall be charged for such registry.

Registration of existing burial and burning-grounds.

261. No burial or burning-ground, whether public or private, shall be made or formed, or, having lapsed into disuse, shall be again used as such, otherwise than with the permission of the Commissioners, or under the authority of the Local Government.

No burial or burning-place henceforth to be formed without leave of Government or of Commissioners.

262. If it shall appear to the Commissioners at a meeting that any public or private burial or burning-ground is dangerous to health or offensive to the tax-payers, or to the inhabitants of the neighbourhood, and also that a suitable place for interment or burning, as the case may be, exists within a convenient distance, and is open and available to the inhabitants of the Municipality, the Commissioners shall give public notice of their intention to close such burial or burning-ground, and shall consider any objections which may be preferred within fifteen days of the publication of such notice; after considering such objections they may, by notification to be affixed on some conspicuous part of the ground, appoint a time, not being less than two months, for the closing of such burial or burning-ground.

Commissioners may order certain burial or burning-grounds to be closed.

If any building is attached to, and used in connection with, a burning-ground closed under this section, the Commissioners shall, if the owner of such building make an application to them in that behalf, take over the same on payment of a fair price therefor.

263. 287. A supply of water for domestic purposes shall not include a supply of water for animals or for washing carriages, where such animals or carriages are kept for sale or hire, or a supply for any trade, manufacture, or business, or for watering gardens or roads, or for any ornamental or mechanical purpose.

Provided that the Commissioners shall be at liberty to cut off the supply of water to any house or land during the time the said house or land is unoccupied.

Such communication-pipes and the pipes and works within the house connected therewith, shall be of such character, dimensions, and materials as the Commissioners shall fix and approve; and shall be made and constructed at the expense of the person requiring the same.

290. The communication pipes and all fittings thereon leading water from the service pipes of the Commissioners into any house or land, and the pipes, works, and fittings inside the house or land, must in all cases be executed subject to the inspection and satisfaction of the Commissioners.

297. The occupier of any house or land in which water supplied by the Commissioners under this Part is, from negligence or

other circumstances under the control of the said occupier, wasted; or in whose house or land the pipes, works or fittings for the supply of water shall be found to be out of repair to such an extent as to cause waste of water, shall be liable to a fine not exceeding twenty rupees.

PART IV.

Bill of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

The following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations on the 19th January 1884, and was referred to a Select Committee with instructions to report thereon within three weeks:—

A Bill further to amend Bengal Act IV of 1871.

WHEREAS it is expedient further to amend the "Pooree Lodging-house Act, 1871," as amended and extended by Bengal Act II of 1879: It is enacted as follows:—

Preamble.

1. This Act shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General.

2. In section 3 of Bengal Act II of 1879, the following clause shall be inserted after the second paragraph thereof:—

In section 7, after the word "each," the words "day or" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

Act IV of 1871 was framed to provide for the inspection and regulation of lodging-houses in the town of Pooree. It was afterwards found desirable to extend this measure to other places to which pilgrims resort or through which they pass, and the necessary powers were taken by Act II of 1879. It has been found, however, that the wording of section 7 of the original Act is not suited to the circumstances of places on the pilgrim routes, as it does not provide for the punishment of persons who receive lodgers by day into unlicensed houses. The object of this Bill is to supply the omission.

Bill of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

THE following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations on the 16th February 1884, and was referred to a Select Committee with instructions to report thereon in two weeks:—

A Bill to regulate the Police in the Municipalities of Howrah and the Suburbs of Calcutta.

Preamble. WHEREAS it is expedient to make provision for the payment from the Municipal Fund of a portion of the cost of the Police employed within the limits of the Municipalities of Howrah and the Suburbs of Calcutta: It is enacted as follows:—

Short title. 1. This Act may be cited as "The Howrah and Suburban Municipal Police Act, 1884."

Extent. It extends to Howrah and the Suburbs of Calcutta, as defined under any order issued under Act V of 1861 passed by the Lieutenant-Governor of Bengal in Council, or under the Bengal Municipal Act, 1884.

Commencement. And it shall come into force from such date as the Lieutenant-Governor may direct by an order published in the Calcutta Gazette.

Police chargeable to Municipal Fund. 2. Subject to the provisions of this Act, it shall be lawful to apply the Municipal Fund in Howrah and the Suburbs of Calcutta, to the payment of the Police employed in the said Municipalities.

3. All Police Officers appointed or employed in the said Municipalities shall be appointed under the provisions of Act V of 1861, or of any similar Act for the time being in force, and shall be deemed to be a portion of the police establishments under the Government of Bengal, and shall be subject to the provisions of any such Act, except as hereinafter provided.

Municipal police not to be employed beyond Municipality. 4. Except as provided in the next succeeding section, no Police Officer who forms part of the strength of the Municipal Police, for which the estimate mentioned in section 8 may have been calculated, shall be liable to serve beyond the limits of the Municipality, save in execution of duties imposed on him by his employment as a Police Officer of such Municipality.

Deputation of Police beyond municipal limits. 5. Whenever it shall appear to the Magistrate or to the District Superintendent of Police that it is necessary that one or more members of the Municipal Police force shall be specially deputed to any duty beyond the limits of the Municipality, not being a duty imposed on him or them by their employment as Police Officers of such Municipality, the Magistrate or District Superintendent may depute such member or members to such duty, which they shall be bound to perform:

Provided that during such deputation the District Superintendent of Police shall make due provision for the efficient performance of police duties within the Municipality.

In case of, and during such deputation, the pay of the members of the Police Force so deputed, and all other expenses attending their deputation, shall be defrayed by the Local Government and not by the Municipal Commissioners.

6. An estimate shall be prepared, in such form as the Local Government shall prescribe, of the income and expenditure of

the Police Force in each of the aforesaid Municipalities for the year next following the preparation of such estimate, and shall be presented to the Municipal Commissioners at least three months before the beginning of the year to which the estimate relates.

7. The estimate for Howrah shall be prepared by the District Superintendent of Police, and that for the Suburbs of Calcutta by the Deputy Commissioner of Police for the Suburbs of Calcutta, and shall show the number, constitution and salaries of the Police Force to be maintained in each of the said Municipalities.

8. After the receipt of the police estimate, the Municipal Commissioners shall cause it to be translated into the vernacular language, and such translation shall be made available for inspection by any tax-payer.

The estimate shall also be laid before the Commissioners at their next meeting for consideration.

9. After such meeting, the Commissioners shall forward the estimate, with any remarks or objections which the Commissioners at the meeting may record, to the Magistrate of the District for

transmission to the Commissioner of the Division, and by him to the Local Government.

10. The Local Government shall consider the estimate so transmitted, and may approve or modify the same or any part thereof.

Local Government to decide on estimate.

The Local Government shall also determine what part of the expense of the Police provided for in such estimate shall be borne by the Municipality to which the same refers:

Provided that the expense so to be borne by the Municipality shall not exceed 5 per centum on the total value of holdings within the Municipality, and shall not exceed one-fourth of the total amount of the estimate as approved by the Local Government.

11. The amount which the Local Government may determine as aforesaid to be borne by the Municipality shall be entered in the municipal estimate of expenditure to be prepared under section 71 of the Bengal Municipal Act, 1884, and shall be paid by the Commissioners from the Municipal Fund, in such instalments as the Local Government may direct.

12. Nothing in this Act shall deprive the Commissioner of Police of the Town of Calcutta of any power or authority over the Police in the Suburbs of Calcutta vested in him by Bengal Act II of 1866 (for the better regulation of the Police within the Suburbs of the Town of Calcutta).

And the Inspector-General of Police is hereby precluded from exercising over the Police within the said Suburbs any of the powers and authorities vested in him by the said Act V of 1861.

Saving of authority of Commissioner of Calcutta Police in Suburbs.

STATEMENT OF OBJECTS AND REASONS.

THE Bengal Municipal Bill, now before the Council, does not authorize the expenditure of any part of the Municipal Fund on the payment of the Municipal Police. The existing law on the subject is contained in Part V of the Bengal Act, V of 1876, and, by section 171, it rests with the Lieutenant-Governor to determine, subject to certain limitations, what part (if any) of the expense of the Police employed within any Municipality shall be borne by the Municipal Commissioners. In the exercise of this discretion, the Government of Bengal has already relieved all Mofussil Municipalities, with the exception of Howrah and the Suburbs of Calcutta, from the obligation of making any contribution towards the cost of their Police, and this exemption will now be assured by the provisions of the new Municipal Act. It is not, however, in the power of the Government to dispense, at present, with the necessity of requiring some contribution towards the cost of the Police from the two Municipalities of Howrah and the Suburbs of Calcutta. The present Bill accordingly legalizes the payment in those Municipalities, of a portion of the police charges from the Municipal Fund. At the same time, the Government does not desire or intend to burden the Municipalities in question with any onerous charge upon their funds for the payment of the Municipal Police. The Bill therefore not only re-enacts the existing proviso, which limits the expense to 5 per cent. on the total annual value of the holdings within the Municipality, but further provides that the entire cost debitable to the Municipal Fund shall not exceed one-fourth of the total amount of the police estimate. At present the Suburban Municipality pays one-half, and the Howrah Municipality pays three-fourths, of the cost of its Police: so that the Bill will have the effect of affording substantial relief to the finances of the Municipalities to which it applies.

PART IV.

Bill of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

THE following report of the Select Committee, together with the Bill as amended by them, is, by order of the President, published for general information :—

WE, the Members of the Select Committee to whom the Bill to regulate the Police in the Municipalities of Howrah and the Suburbs of Calcutta was referred, have the honour to report that we have considered the Bill.

We have modified the wording of the title, as the main object of the Bill is not the regulation, but the payment, of the Municipal Police.

In section 1, we have provided that the Act shall come into force on the same day as the Bengal Municipal Act, 1881.

The Bill is in fact only a Chapter of the Bengal Municipal Bill, which it is more convenient to enact as a separate measure.

We have omitted sections 4 and 5 of the Bill.

These provisions were proper and necessary for the protection of municipal interests under the scheme laid down in Act V of 1876, but we think it needless to reproduce them in a measure so limited in its extent as the present Bill.

Under the present law, the share of the expense to be defrayed by the Municipality cannot exceed five per cent. on the annual value of holdings within the Municipality.

We have reduced this to two per cent.

We have provided that the municipal contribution shall be paid in quarterly instalments on such dates as the Local Government may direct.

We have made a few other alterations of a verbal character.

We recommend that the Bill be passed as now amended.

9. Nothing in this Act shall deprive the Commissioner of Police of the Town of Calcutta of any power or authority over the Police in the Suburbs of Calcutta vested in him by Bengal Act II of 1866 (for the better regulation of the Police within the Suburbs of the Town of Calcutta).

PART IV.

Bills of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

THE following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations on the 1st March 1884, and was referred to a Select Committee with instructions to report thereon in one week :—

A Bill to amend the Calcutta Tramways Act, 1880.

Preamble. WHEREAS it is expedient to facilitate the construction and regulate the working of Tramways with-

in such portions of Calcutta as are not situate within the local limits of the town as defined in the Calcutta Municipal Consolidation Act, 1876, and to make due provision for their general management, supervision, and control; and whereas it is necessary to amend the Calcutta Tramways Act, 1880, for the purposes aforesaid: It is hereby enacted as follows :—

1. This Act shall be read with, and taken as part of, "The Calcutta Tramways Act, 1880." And it shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General.

2. "Calcutta" includes all places within the local limits of the Ordinary Original Civil Jurisdiction of the High Court of Judicature at Fort William in Bengal.

3. All tramways constructed in Calcutta, but

Tramways constructed beyond local limits of the town to be subject to Local Government.

situate beyond the local limits of the town as defined in the Calcutta Municipal Consolidation Act,

1876, shall be subject to the general management, regulation and control of the Local Government; and the Local Government shall in this behalf exercise all the rights, powers, functions and authorities which would, under the provisions of the Calcutta Tramways Act, 1880, have been exercised by the Corporation, if such tramways had been constructed wholly within the local limits of the town as defined by the Calcutta Municipal Consolidation Act, 1876.

4. Nothing in this Act shall be construed

Corporation not to have control in respect of tramway outside limits of the town.

so as to give the Corporation any control, power, or authority in respect of any tramway or part

of a tramway constructed outside the limits of the town as defined by the Calcutta Municipal Consolidation Act, 1876.

5. The provisions of this Act and of the Calcutta Tramways Act,

Retrospective effect of Act as to tramways already constructed.

1880, shall apply to any tramway that may have

been constructed before this Act comes into force, notwithstanding any omission or irregularity in publishing any notice required to be published under section four of the said Calcutta Tramways Act, 1880.

STATEMENT OF OBJECTS AND REASONS.

THE intention of the Calcutta Tramways Act, (B.C.) 1880, as expressed in the Preamble, was to provide for the construction—(1) of certain tramways which were specified in it, and (2) of "such other tramways between such other places in Calcutta and the Suburbs of Calcutta, and by such other routes as may hereafter be approved." This wording is in itself wide enough to cover the case of a tramway between some place in Calcutta and another place in the Suburbs of Calcutta, even though its route might not lie wholly within the limits of the jurisdiction of the Corporation of Calcutta or of the Municipal Commissioners for the Suburbs. The tenor of the Act itself, however, apart from the Preamble, contemplates only those tramways, the routes of which lie wholly within the jurisdiction of one or other of these Municipalities. The Act, therefore, does not, strictly speaking, apply to a tramway any portion of whose route, lies over the *maidan* which is not under the control of either body of Municipal Commissioners, but under that of Government direct. Instances have occurred in which it has been expedient to construct portions of the tramways authorized under the Act by routes lying upon the *maidan*, and the object of this Bill is to extend, with retrospective effect, the Calcutta Tramways Act, 1880, so as to include the *maidan*.

22. The connection with the service pipes of the Commissioners, as also the laying of supply pipes under any public road or thoroughfare, shall be executed by an officer of the Commissioners authorized in that behalf and by no other person; and the expense of making such connection shall be payable in advance by the person applying for the same at such rates as the Commissioners in meeting, other than an ordinary meeting, shall from time to time direct.

23. 24. Any person who shall unlawfully flush, draw off, divert, or take water from any water-works belonging to, or under the management or control of, the said Commissioners, shall be liable to a fine not exceeding rupees.

25. Any occupier holding direct from the owner of any house may, by notice in writing signed by him, require the owner of such house to perform all such necessary works as may be required for bringing into such house a supply of water for domestic use.

Every such notice shall contain an agreement on the part of such occupier to pay interest at the rate of one per centum per mensem, calculated from the date of the completion of the works, on the cost of such works during the residue of his term of occupation:

Provided that, if the house and the premises belonging thereto shall not abut upon some street in which there is a supply-main, such occupier shall, in the agreement, undertake to pay the cost of connecting the house with the nearest supply-main.

26. If any owner shall not, within the space of three months from the service of such notice as is mentioned in the last preceding section, cause such necessary works as aforesaid to be completed, the occupier, who shall have given such notice, may cause the same to be completed, and may deduct from the rent payable by him the cost of such works, save so much of such cost as may be incurred in connecting with a supply-main any house and premises belonging thereto which may not abut upon a street in which there may be a supply-main; and such deduction shall be made by six equal monthly instalments.

Interest on each such instalment shall be payable to the owner by the occupier at the rate of one per centum per mensem, from the time when it shall have been so deducted.

27. The supply of water to a house shall not be deemed sufficient for domestic use unless it provides two taps in each floor of such house, one other such tap in the cook-room of or attached to such house, and one other such tap in the premises, or in or near the stables belonging to such house, and the necessary works for such taps.

But if the annual rent of such house, with the land attached thereto, shall be less than three hundred rupees, it shall be sufficient to provide one tap only within the said premises, and the necessary works for the same.

28. No works for introducing a supply of water to any house shall be commenced by the owner without sending a specification and estimate of the cost thereof to the occupier, nor by the occupier without sending such specification and estimate to the owner.

29. In case there shall be any difference between the owner and the occupier respecting the cost or the sufficiency of the proposed works, either the owner or the occupier may refer such difference to the Commissioners, and the written award of the Engineer of the Commissioners, or of any officer authorized by them in that behalf, shall be binding on the owner and the occupier.

30. There shall be payable to the Commissioners in respect of every such reference a fee at the rate of two rupees for every hundred rupees of the monthly rent of the house or land in respect of the water-supply to which the difference may have arisen:

Provided that such fee shall in no case exceed ten rupees, and shall be paid by the person making the reference.

31. Except in the case of a special agreement to the contrary, the owner of any house or land shall bear the expense of keeping all works connected with the supply of water to such house or land in substantial repair:

Provided that nothing in this section shall affect the liabilities of parties under leases executed or made previous to the commencement of this Act.

32. Any owner to whom any sum is payable under sections twenty-five and twenty-six may recover such sum from the person liable to pay the same, as if the same were rent payable by such person for the house in respect of which the expenses have been incurred.

33. All public tanks, reservoirs, cisterns, wells, aqueducts, conduits, tunnels, pipes, pumps, and other water-works, whether made, laid or erected at the cost of the Commissioners or otherwise, and all bridges, buildings, engines, works, materials

and things connected therewith, or appertaining thereto, and also any adjacent land (not being private property) appertaining to any public tank, shall become vested in the Commissioners.

34. If any person, being the proprietor of any gas-works,

or being engaged or employed in the manufacture or supply of gas,

or being the occupier or owner of any place where an offensive trade or manufacture is carried on,

wilfully does any act connected with the said business whereby the water in any stream, tank, reservoir, well, cistern, conduit, aqueduct or other water-works belonging to the Commissioners is fouled or corrupted, the Commissioners may, after twenty-four hours' notice in writing, lay open and examine any pipes, conduits, and works belonging to such person;

and if, upon such examination, it appears that the water has been fouled or corrupted by anything proceeding from, or contained in, the pipes, conduits or works examined, the expenses of such examination shall be paid by the person to whom such pipes, conduits or works belong, or under whose management or control they may be;

but if it appear that the water has not been so fouled or corrupted, then such expenses, and all damages occasioned by the examination, shall be paid by the Commissioners.

The water-rate.

35. The Commissioners shall, from time to time, at a meeting convened expressly for the purpose, of which due notice shall have been given, and with the sanction of the Local Government, impose upon all houses and land within the Municipality a water-rate, calculated on the annual value of the said houses and land, and not exceeding six per centum when the houses or land are situated in streets or roads supplied with filtered water in the manner provided by section five, or five per centum when the houses and land are situated in streets or roads not so supplied.

36. The annual value of houses and land shall be assessed for the purposes of the last preceding section, in the manner provided in Bengal Act V of 1876 or other Act for the regulation of Municipalities in Bengal for the time being in force.

37. The water-rate shall (save as is provided in sections forty and forty-one) be payable by the occupiers of the houses and land, and shall become due quarterly in advance on the 1st of January, 1st of April, 1st of July, and 1st of October in each year.

38. Whenever any quarterly instalment of water-rate shall have been paid in respect of any house or land, and such house or land shall, during the quarter for which such instalment shall have been paid, cease to be occupied, the person who shall have paid such water-rate shall be entitled to be repaid by the Commissioners three-fourths of such sum as

shall bear to the amount paid by him the same proportion which the residue of the quarter bears to an entire quarter, if notice shall have been given in writing to the Commissioners of such house or land being vacant; and the date of vacancy shall be calculated from the date of the delivery of such notice at the office of the Commissioners.

39. Whenever the person from, or by whom, the water-rate shall have been recovered or paid shall not be the owner of the house or land in respect of which the water-rate shall have been assessed, such person may recover from the owner of such house or land one-fourth of the water-rate so paid by deducting the same from the rent payable by him to such owner.

40. Whenever any house or land has been unoccupied during an entire quarter, the owner of the said house or land shall pay to the Commissioners one fourth of the sum which would have been payable as water-rate by the occupier if such house or land had been occupied.

The sum payable by the owner under this section shall be payable on the 1st of April, 1st of July, 1st of October, and 1st of January, for the quarters immediately preceding those dates.

41. If any house is occupied by more than one person holding in severally, or is of less assessed annual value than two hundred rupees, the Commissioners may impose the water-rate upon the owner of such house, or upon the owner of the land on which such house is situated.

42. If the water-rate is paid by the owner of any house or land under the last preceding section, such owner may, if there be but one occupier of the house, recover from such occupier three-fourths of the rate so paid by such owner;

and if there be more than one occupier, he may recover from each occupier three-fourths of such sum as shall bear to the entire amount of rate so paid by him the same proportion as the value of the portion of the house in the occupation of such person bears to the entire value of such house.

43. Every owner who, under the provisions of the last preceding section, may be entitled to recover any sum from the occupier of any house or of any portion thereof, shall have for the recovery of such sum all such and the same remedies, powers, rights, and authorities as if such sum were rent payable to him by the occupier in respect of such portion of the house as may be in his occupation.

44. The water-rate and all monies collected, received, or recovered for, or in respect of, the supply of water or the execution of works, and all fines connected therewith, or in any respect relating to the water-supply, shall be applied to the following purposes and in the following order:—

Firstly.—To pay the cost of collection of the water-rate.

Secondly.—To pay to the Corporation of the Town of Calcutta the cost of the water supplied to the Municipality by the said Corporation at such rate as may be agreed upon, or as may be decided upon by the arbitrators appointed as hereinafter provided.

Thirdly.—To defray the expense of making, extending or maintaining the water-works.

To pay the interest of money borrowed for the water-works:

And to liquidate debts incurred in connection therewith, or for some other purpose connected with the supply of water.

Arbitration.

45. When any dispute shall have arisen between the Corporation of the Town of Calcutta and the Commissioners in respect of the cost of the filtered water supplied to the Commissioners by the said Corporation, or in respect of any other matter connected with the water-supply, such dispute shall be referred to three arbitrators, who shall be appointed in the manner following, that is to say:—

One by the Local Government by writing under the hand of one of the Secretaries of the Government of Bengal.

One by the Corporation of the Town of Calcutta by writing under the common seal of such Corporation: and

One by the Commissioners by writing under their common seal.

46. Such appointments shall be delivered to the arbitrators, and shall be deemed a submission to arbitration of the question or questions in dispute, and neither the Corporation of the Town of Calcutta, nor the Commissioners shall have power to revoke the same without the consent of the other, and of the Local Government.

47. If, before the matters so referred shall be determined, any arbitrator shall die or become incapable, the party by whom such arbitrator was appointed may nominate and appoint in writing some other person to act in his place; and if, for the space of seven days after notice in writing from either of the other parties, such party fail to do so, the remaining arbitrators may proceed with the reference.

Every arbitrator to be substituted as aforesaid shall have the same powers and authorities as were vested in the former arbitrator at the time of his death or disability as aforesaid.

48. The arbitrators may call for the production of any books or documents in the possession, or power of either party which they may think necessary for determining the question in dispute, and may examine witnesses on oath or solemn affirmation, and administer the oaths or solemn affirmations necessary for the purpose.

49. The arbitrators, or the majority of them, shall deliver their award in writing to the parties within twenty-one days after the day on which the last of such arbitrators shall have been appointed, or, within such extended time (if any) as shall have been appointed for

that purpose by the arbitrators under their hands.

Such award shall be final, and shall not be set aside for irregularity or any error in matter of form.

50. All costs of any such arbitration, and incident thereto, shall be settled by the arbitrators and be stated in the award, and such costs (together with the fees of the arbitrators) shall be borne by such party, or by both parties in such proportions as the arbitrators shall direct.

SCHEDULE.

(See Section 2.)

Number and year.	Subject.	Extent of Appeal.
Bengal Act VI of 1881.	Act to amend the Calcutta Municipal Consolidation Act, 1876.	Sections 15 and 30.

STATEMENT OF OBJECTS AND REASONS.

PART VII of the Municipal Bill now before the Council deals with the questions of the water-supply and the water-rate in those Municipalities to which the Part may be extended in the manner prescribed in the Bill. But the special arrangements under which it is intended to give a supply of filtered water to the Suburbs of Calcutta cannot conveniently be provided for in the general Municipal Act, and the present Bill has therefore been prepared to meet the requirements of this particular case. The Bill is for the most part based upon Chapter VII of the Calcutta Municipal Act, 1876, and the special provisions are those contained in section 4 and sections 44 to 50 of the Bill. Section 4 declares that the water-supply shall be provided by the Corporation of the Town of Calcutta, but it is intended that the distribution of the water within the Municipality shall be undertaken by the Commissioners of the Suburbs. Section 44 specifies the purposes to which the water-rate shall be applied, and declares that after the cost of collection is defrayed, the next charge on the rate shall be the repayment to the Calcutta Corporation of the cost of the water supplied in accordance within section 4. The subsequent sections provide for the settlement by arbitration of any disputes which may arise. The Bill repeals sections 15 and 30 of Bengal Act VI of 1881, as these sections will be unnecessary when the Bill becomes law.

Bills of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

The following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations on the 15th March 1884, and was referred to a Select Committee for consideration and report:—

A Bill further to amend "the Calcutta Municipal Consolidation Act, 1876."

WHEREAS it is expedient to amend Bengal Act IV of 1876, it is hereby enacted as follows:—

1. This Act shall be read with, and taken as part of, Bengal Act IV of 1876, and it shall come into

force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General.

2. To section 334, the following words shall be added:—

"Provided that unless the Lieutenant-Governor of Bengal, with the previous sanction of the Governor-General in Council, shall, by an order published in the *Calcutta Gazette*, otherwise direct, all such sums of money shall be borrowed in India and in the Indian currency."

3. In the seventh Schedule, line six, omit the word "rupees."

STATEMENT OF OBJECTS AND REASONS.

The Commissioners of the Town of Calcutta have applied to Government for permission to raise a loan in England to provide for the extension of the water-supply. The Calcutta Municipal Consolidation Act, 1876, however, only contemplates the raising of rupee loans. The object of this Bill is to give power to the Supreme Government to authorize the Commissioners at any time to contract loans out of India and in other than Indian currency.

PART IV.

Bill of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

THE following Preliminary Report of the Select Committee, together with the Bill as preliminarily amended by them, is, by order of the President, published for general information :—

We, the Members of the Select Committee on the Bill to extend the system of Local Self-Government in Bengal, having considered the amended Bill which has been laid before us, have the honour to submit the following preliminary report.

As the orders of the Secretary of State, communicated in Government of India letter No. 1009, dated 30th July 1883, take exception to no part of the general scheme of the original Bill apart from the system of control, and as the whole measure still awaits the expression of the views of public officers and public bodies, the amended Bill makes no very great change, beyond re-arrangement and appropriate verbal alterations, in those sections which relate to the duties and powers of local authorities, and to the local funds. In regard, however, to the constitution and control of local authorities other than Union Committees, the scheme has been entirely recast.

The orders of the Secretary of State, to which reference has just been made, contemplate the establishment of District Committees, which should be controlling and not administrative bodies. It has not, however, been considered possible to devise a scheme upon these lines which should be applicable to all parts of this province. In some districts only one Board could be established, and it is obviously undesirable that there should be two Boards for a single area—one of administration and one of control. The principle that has been adopted in framing the amended Bill, therefore, has been to take the District Board as the first unit—to be an administrative body where there are no Local Boards, and to be, either wholly or partly, a controlling body where there are such Boards. Of that principle we desire to express our approval. The scheme of the Bill is that a District Board shall be established in every district; that a Local Board—as far as possible upon a representative basis—may be constituted in any sub-division or sub-divisions, and must be constituted in any sub-division in which the subordinate system of Union Committees has been introduced; and that the District Board or the Lieutenant-Governor may transfer to the administration and control of a Local Board all or any of the matters entrusted under the Bill to the District Board, subject to the general control and responsibility of the latter authority. The Union Committees remain, as in the original Bill, the agents of the Local Board for the discharge of the duties laid upon them.

The Bill provides that the District Board shall consist wholly of nominated members where there is no Local Board, that, where Local Boards exist, each Local Board shall be entitled to send a delegate or delegates to the District Board, and that where the whole area

of a district is under Local Boards one-half at least of the members of the District Board shall be delegates from the Local Boards. It is also provided that in no case shall more than half of the nominated members be persons holding salaried offices under Government. These provisions appear to us to be appropriate and sound. We are of opinion that where the people are considered capable of exercising electoral rights there a Local Board should be established, and that no attempt should be made to form District Boards on a basis of election where it has not been found possible to form Local Boards even on a basis of nomination. We are also of opinion that in districts where it has been possible to establish Local Boards throughout the whole area it may safely be provided that one-half of the District Board shall consist of delegates from the Local Boards. Even in the not very probable event of the representative members ranging themselves against the nominated members there would still be the vote of the Chairman to turn the scale, and it will be observed that, in accordance with the orders of the Secretary of State, power has been reserved to Government to appoint the Chairman in all cases in which it deems it necessary to exercise this discretion. The Bill has been in our judgment rightly framed so as, while providing Government with powers, direct and indirect, of safeguarding the public interests, to admit of full expansion of the representative system. Under section 5 the whole of the District Board might, should the Lieutenant-Governor so direct, consist of elected members, and under section 14 the Chairman might, under a similar direction, be elected by the members of the Board from among their own number.

It is provided that when Union Committees have been established the Local Board shall be constituted on an elective basis, not less than two persons being elected from each thana in which such Committees exist. It has not been considered desirable, however, to restrict the application of the elective system to such areas, but power has been given to the Lieutenant-Governor to frame rules for the election of the members of all Local Boards. A proviso has been introduced that once the elective system has been put in force in regard to any Local Board it shall not be replaced by the system of nomination, unless a majority of the electors declare that they so desire, or the Governor-General in Council sanctions the proceeding. Following the lines of the original Bill, the amended Bill restricts the proportion of appointed salaried officers of Government as members of a Local Board to one-third, except in special cases where the departure from the rule is to be sanctioned by the Governor-General in Council. The members of the Local Board, as in the original Bill, will be allowed to elect their Chairman subject to the approval of the Lieutenant-Governor, and their Vice-Chairman absolutely.

No change has been made in the provisions for the constitution of Union Committees, except that the qualifications of the electors are to be fixed by rule, and not by specific provision of law.

It has been considered desirable to replace the miscellaneous sections relating to the conduct of business by a single section giving the Lieutenant-Governor, and, subject to his direction, the different Boards power to make rules to regulate the various matters connected with this subject. Two important points have been specified,—the manner in which notices of meetings shall be given, and the means of securing due record of dissents and discussions. The latter is indicated in the orders of the Secretary of State as deserving of special attention.

Two points relating to finance require notice. The first is the fixing of the rate of road cess. Under the existing law the District Road Committees have the nominal power of fixing the rate, but the Lieutenant-Governor has the power of altering it. Under the original Bill the power was absolutely given to the Local Boards in conference. We are of opinion that this power should not be exercised by a bare majority. There is probably no district in the province in which it is desirable that a smaller sum should be expended upon communications than the rate now levied provides. Indeed, we understand that Government is constantly asked to contribute to the Road Funds, though the cess is in every district, except Backergunge, where the circumstances are special, levied at the maximum rate. While, however, we consider that the present rate should be maintained as a rule, we are not prepared to recommend that it should be fixed otherwise than in accordance with the views of the District Board. At the same time, no change should be permitted unless a large majority of the Board is of opinion that it is required. We consider that the interests of the district will be sufficiently safeguarded by a provision that the rate now in force shall not be reduced unless a resolution in favour of a lower rate shall have been carried by the votes of not less than two-thirds of the whole Board.

The second point is practically one of control. Under the original Bill estimates of expenditure were to be submitted to the Central Board direct. It is now proposed that the estimates of the District Board should be submitted to the Commissioner through the Magistrate of the district, and that, when the last-named officer is not Chairman of the Board, he should have power to return the estimates for re-consideration, if he considers them faulty in any respect. The estimates of the Local Board will be disposed of by the District Board as it thinks fit, subject to the orders of the Commissioner on the district estimates.

We do not consider it necessary to make any remarks upon Part III of the Bill, which treats of the duties and powers of local authorities. This part of the Bill, with the exception of a proposal by our colleague, Colonel Trevor, to appoint an Inspector of Works, is practically a reproduction of the corresponding provisions of the original Bill. In regard to the payment of this officer we are not agreed. Some of us consider that he should be paid by the Boards, as the Divisional Supervisor of Works is now paid. Some of us consider that his services should be supplied at the cost of Government. We have decided to admit the section for public discussion.

The provisions under the head of control are based upon the principle that when the Magistrate of the district is Chairman of the District Board, he will, as such, have sufficient controlling authority to render it unnecessary to vest him with special power of this nature. When he is not Chairman of the District Board, he will have special power to inspect works, to suspend work, and to provide in cases of emergency for the execution of work. When he is Chairman of the District Board, these powers will be exercised by the Commissioner. The Commissioner will further have power to provide for the performance of duty in case of default. All orders, however, issued by Magistrates and Commissioners under the sections conferring these powers will be submitted to the Lieutenant-Governor with a statement of the reasons for making the order, and with any explanation which the local authority concerned may wish to offer, and the Lieutenant-Governor will have power to modify or rescind the order. The District Boards will have similar coercive powers over Local Boards. Copies of the orders issued will go to the Commissioner, and the Commissioner, if he is dissatisfied with them, may move the Lieutenant-Governor to modify or rescind them. It appears to us that these provisions will supply an efficient system of control, while guarding against undue interference with the proceedings of local authorities.

We desire to recommend that the amended Bill be published, and that the opinions of the officers of Government and of public bodies be invited upon it.

And no appointment to an office made under the Bengal Act IX of 1880, shall continue to be valid in any district, or part of a district, after this Act shall have come into force in such district, or part of a district.

Chairman and Vice-Chairman.

14. Every District Board shall be presided over by a Chairman who may be appointed by the Lieutenant-Governor, or, if on any occasion the Lieutenant-Governor so directs, elected from among their own number by the members of the District Board. The election of a Chairman shall not be deemed valid until it is approved by the Lieutenant-Governor.

15. Every District Board shall elect one of its members to be Vice-Chairman.

16. An appointed Chairman shall hold office for one year, but may be re-appointed on the expiration of his term of office. Every appointed Chairman shall be deemed to be a member of the Board so long as he continues to hold office as Chairman.

The term of office of a Chairman shall be the residue of his term of office as a member of the Board.

18. Every Local Board shall from time to time elect one of its members to be Vice-Chairman, who shall hold office for the residue of his term as a member of the Board.

19. A Chairman of a District Board or Local Board may resign by notifying in writing his intention to do so to the Lieutenant-Governor, and on such resignation being accepted by the Lieutenant-Governor, he shall be deemed to have vacated his office. A Vice-Chairman of a District Board or Local Board may resign by notifying in writing his intention to do so to the Board, and on such resignation being accepted, he shall be deemed to have vacated his office.

20.
